VERY LARGE TURNOUTS

Democratic Meetings Are Successful Everywhere.

ENTHUSIASM PREVAILED

GOOD SPEAKERS DISCUSS THE ISSUES OF THE DAY.

Big Rally at the Theatre Saturday Night—The Eldredge Combination Booked For Tomorrow Night—Judge Zane Casting Anchors to Windward—Other Politics.

There was a magnificent turnout at the rally in the Fifteenth ward hall last evening, at which the speakers were Judge Morris Sommers, D. C. Dunbar, J. W. McDuff, C. M. Jackson and O. F. Whitney. The hall was profusely decorated with bunting and flags, and placards and caricatures of the campaign were much in evidence on the side walls.

Judge Sommers interested the assembly with a number of his humorous sayings and stated clearly why he was a Democrat.

Mr. Dunbar, who was next introduced by Chairman Morris, exposed the Gauge national bank bill, which sought to create a money trust in this nation and which was introduced and supported by the Republicans in congress. He further stated that if the bill were passed it would be bound to support this as well as the many other infamous propositions of the party.

Mr. Dunbar then spoke of the conspiracy of the party to bring about the election of a silver man to congress. He stated that the party was doing this to bring about the election of a silver man to congress. He stated that the party was doing this to bring about the election of a silver man to congress.

Mr. McDuff spoke of the conspiracy of the party to bring about the election of a silver man to congress. He stated that the party was doing this to bring about the election of a silver man to congress.

Mr. Jackson was the third speaker. His remarks were for the greater part directed at the congressional fight.

Mr. Whitney, who was the last speaker, declared that Mr. Roberts is a law-breaker. If this is so it is the duty of Whitney to bring about the election of a silver man to congress.

Mr. Whitney then spoke of the conspiracy of the party to bring about the election of a silver man to congress. He stated that the party was doing this to bring about the election of a silver man to congress.

slon of the Silver Question," written by Professor Wesley Ewart, Walter, F. R. S., Ltd. Oct. 15, which is in itself enough attraction to draw a crowded house. Mr. Eldredge has forsaken his business in Coalville especially for the benefit of the people of this city, and will positively appear.

John Henry Smith, in his farewell appearance, will present to the people the theory of reciprocity, as contrasted with free trade and protection, and will also discuss the question, "Which is better for the country, the millionaire or the tramp, or both?" During his recent trip to the south Mr. Smith has had ample time to study this question, as dilated upon by Mark Hanna, an eminent author, and he will give the audience the benefit of his study.

Don't forget the date. For further particulars see small bills. If no small bills are in circulation, ask the assistant secretary, state headquarters. Take down the bars on entering.

SOME ADDITIONAL FIGURES.

How the Street Railway Valuation Was Fixed. Under the auspices of the Republican county committee, a great deal has been said, and is being said, concerning the lowering of the valuation of the property owned by the Salt Lake City Street Railway Company.

The valuation of the same was lowered from \$75,110 to \$105,000, and because of this a great hue and cry has been raised.

Now, as a matter of fact, at the time the valuation of the street railway company was before the board of county commissioners, Mr. Armstrong was not sitting. He retired and permitted the other commissioners to make the valuation. But presuming he had been there, there are other things which should be taken into consideration. It will be remembered that prior to the construction of the works of the Utah Power company, in Big Cottonwood canyon, the electric plant in the canyon became operative in this city.

What it would mean for Mr. Armstrong's business and the city treasury, which is worth \$100,000. There is a difference in the value of the plant of the company of \$20,000. At the same time this is the amount of the property which was reduced, valuation on other properties in this city were also reduced. The Tribune, for instance, which was cut from \$200,000 to \$100,000, a further reduction being asked.

According to statements made by members of the committee the tales told by the company are that the value of the plant is \$100,000. In addition to this property the company is paying taxes on its power plant in the canyon, something the men who make the "biggers" do not take into consideration.
