PASSENGER RATES REDUCED.

Short Line Rate From Butte to Portland Now \$30.25.

The Oregon Short Line has announced a reduced passenger rate from Butte to Portland in order to compete with the reduction made by the Great Northern and Northern Pacific.

Some time ago these two systems made a voluntary reduction from 3 to 4 cents per mile on its line in Montana. This reduced the fare from Butte to Portland from \$32.50 to \$30.25, and the Oregon Short Line had to make a similar reduction in order to be competitive with the coast.

Some time ago these two systems made a voluntary reduction from 3 to 4 cents per mile on its line in Montana. This reduced the fare from Butte to Portland from \$32.50 to \$30.25, and the Oregon Short Line had to make a similar reduction in order to be competitive with the coast.

THE SUPREME COURT

Handed Down Two Opinions Yesterday Afternoon

REGARDING TAX SALES

REVERSAL IN HEYWOOD VS. WEBER COMMISSIONERS.

Board Has the Right to Fix a Minimum Sale Price—Campbell Brown's Widow Will Get the \$2,000 Accident Insurance Carried by Her Husband—Notes.

Supervisor Calvin returned from Wyoming yesterday.

C. Ira Tuttle, the Oregon Short Line live stock buyer, is back in town.

Superintendent Welby made a trip over the Park City branch yesterday.

The Missouri & Ohio has ordered 2,000 freight cars from the Missouri Car & Foundry company of St. Louis, making a total of over 25,000 that have been ordered by this company in the past two years.

Local freight agents are hustling to secure the contract for transporting about 20 carloads of machinery for the main central mine. A meeting was held at Provo yesterday, when nearly every line from the east was represented, but the contract was not let.

The new time-card on the Sapperton and Scott branch of the Oregon Short Line goes into effect tomorrow. There is no change in the departure from Salt Lake, the train leaving at 8 a. m., but it will arrive at Provo at 11:30 a. m., arriving there at 11:30. The regular passenger will leave Manti at 1 o'clock, and arrive in Salt Lake at 2:35 p. m.

The Chesapeake & Ohio is to be investigated by the Interstate Commerce commission on the following charges: Transporting coal from mines in West Virginia to Cincinnati at less than the published tariff rates; exacting greater charges from private parties than it has from the C. & O. Fuel company for transporting coal; discriminating in favor of the fuel companies in favor of the fuel company; and neglecting to furnish cars within a reasonable time to mine operators.

The many friends of D. S. Taggart, chief clerk in the freight office of the Oregon Short Line, will be glad to learn that he had to suffer another amputation yesterday. It will be remembered that Taggart lost a leg through an accident a few months ago, and some months ago. He secured a wooden leg, and for a time all went well. But another complication set in. The leg did not work well, so yesterday the doctor came in and sawed off an inch of the stump—wooden stump—and now Taggart is all right. Taggart stood the operation bravely, and is expected to make anything in the shape of an amputation.

Colored Men of the Twenty-fourth Promoted to Lieutenants.

Washington, Nov. 3.—The following named officers, recently appointed, have been ordered to Santiago de Cuba, and to report to the commanding officer of the Ninth regiment, United States volunteer infantry, for assignment to duty.

First Lieutenants Alexander Richardson, Edward Williams, and William Williams; Second Lieutenants Robert G. Woods, Jacob C. Smith and John W. Brown.

They are all colored and were formerly with the Twenty-fourth infantry or Ninth and Tenth cavalry. They were promoted on account of distinguished personal gallantry in the field at El Caney and San Juan.

Post Notes.

Lieutenant Laws has succeeded Lieutenant Dashiell as post quartermaster. The latter remains on duty as post commissary, commanding company M.

It is more than likely company K will not leave Fort Douglas, orders having been received suspending the order of transfer. This is in reply to the communication of Thompson that company K was not crowded at the post. As additional sleeping apartments are now under course of preparation, it is generally believed there will be no change at present.

Lieutenant Cabaniss is organizing company K. Lieutenant Jenks company L, and Lieutenant Dashiell company M. Since the companies were enlarged from 61 to 126 men there is a scarcity of rifles. The necessary number have been ordered and are expected here in the near future.

Commissary Bond will not leave the post before Saturday morning.

Treasurer Morris Will Disburse Over Ten Thousand Dollars.

City Treasurer Morris will disburse the municipal department payrolls today.

The department payrolls today will amount to \$10,236.95. The waterworks department \$1,500.00. Streets and irrigation \$1,450.00. Engineering department \$1,200.00. Health department \$1,100.00. City maintenance \$1,100.00. Jail \$1,100.00. Joint building expense \$1,100.00. Crematory maintenance \$1,100.00. Police department \$1,100.00. Special water department \$1,100.00.

Acker's English Remedy will stop a cough at any time, and will cure the worst cold, cough, croup, or whooping cough in 24 hours, or money refunded. 25 cts. and 50 cts. For sale by Z. C. M. Drug Dept.

Bamberger Coal Co., 161 Main.

Some time ago these two systems made a voluntary reduction from 3 to 4 cents per mile on its line in Montana. This reduced the fare from Butte to Portland from \$32.50 to \$30.25, and the Oregon Short Line had to make a similar reduction in order to be competitive with the coast.
