BANDITS COME TOWARD UTAH

Train Robbers Are Making For "Robbers' Roost."

HAVE AGAIN ELUDED THE PURSUING POSSE

Big Job Ahead For The Officers of This State.

When the Posse Closed In On the Spot Where the Outlaws Were Supposed to Be Hidden in the Mountains, They Found the Birds Had Flown and the Trail Was Two Days Old—Bridges Guarded—Supplies Furnished Outlaws.

(Special to The Herald.)

Cheyenne, Wyo., June 18.—George Currie and George and Tom Roberts, three of the men who dynamited the Union Pacific train at Wilcox in June, are proving very hard game to handle. Twice the pursuing posse believed they had the robbers surrounded, but each time Currie and his men eluded the officers.

The last place at which the posse thought they had the robbers was on the headwaters of Snake river, west of the "Hole-in-the-Wall." When they closed in they found no robbers and the trail was two days old.

A courier came in from the chase today, and reported that the bandits are headed south, evidently with the intention of reaching "Robbers' Roost" in Utah. The posse is following them, but the robbers are traveling in the mountains, and the posse is unable to reach the British possessions. In either case the robbers will surely be captured or killed, as every exit from the Horn mountains is carefully guarded by posse and Indian police from the Shoshone reservation.

The courier states that a rustler near "Hole-in-the-Wall" furnished the posse with fine horses, plenty of food and ammunition, and if they choose to remain in the mountains, where it is difficult to follow them, they may be able to study the habits of many weeks. It seems to be the intention of the robbers, however, to get away from the Big Horn country, and in so doing they need their doom.

GUARDS ARE POSTED.

On the Lookout For Bandits at All River Crossings.

Casper, Wyo., June 18.—Eight of the posse hunting the Union Pacific train robbers in the "Hole-in-the-Wall" country returned to Casper today. The posse have not yet started for the "Hole-in-the-Wall" mountains and are traveling back south. The last heard of them was at Powder river, coming south. They seemed to be heading toward Wolcott. A large posse is following them now.

Today guards were placed at all the bridges across the Platte river, and new ones with fresh horses started for the Wolcott country. The pursuing party at Sullivan's sheep camp, where the robbers ate breakfast and took a pack horse and bed, were twelve hours being. The robbers were traveling in a very broken country, with numerous washouts and a model place to hide. At Sullivan's camp only two robbers put in an appearance.

MURDER IN HAVANA.

City Stirred Up Over Killing of Notorious Woman.

Havana, June 18.—The local papers today devote considerable space to the murder of the notorious Minnie Ross, who was killed with the blunt end of a hatchet, after being choked by Fred Krause, now in custody on the charge of being the murderer, is undoubtedly one formerly worn by him. He is said to be a member of a wealthy Tampa family.

Thus far there is but little evidence against him. Many believe, from the nature of the crime, that it was committed by a woman. The blow with the hatchet was not immediately fatal and that the victim was then choked to death. Robbery could scarcely have been the motive, for the police found \$2,000 in the murdered woman's room, and a quantity of valuable jewelry on her dressing table.

Another theory is that the authorities have received definite information that the woman had been receiving money from some one connected with the police department for the privilege of conducting her house, which was one of the best in the city. The man who was arrested, Krause, had sent an agent to ascertain the name of the guilty official. This agent it is thought had threatened her that unless she disclosed the man's name her house would be closed.

She, at the very first, refused to give it, despite the protection of the blackmailer. The government agent left the house after midnight, according to the explanation of the crime, and it is supposed that she afterward had an interview with the blackmailer, with the result that he killed her.

The friends of Krause bitterly complain of the "communicado" system, which is rigorously enforced in his case. Thus far neither his friends nor legal counsel have been allowed to see him.

TRAIN ROBBER CONVICTED.

Ten Years For Holding Up a Missouri Pacific Train.

Sedalia, Mo., June 18.—The jury in the case of Eli J. Stubbliedoff, connected with the attempted robbery of a Missouri Pacific train near here in November last, returned a verdict today, finding Stubbliedoff guilty and fixing his punishment at ten years' imprisonment in the state penitentiary.

The trial of James L. West, Stubbliedoff's alleged accomplice, will begin tomorrow. Stubbliedoff had been in the employ of the Missouri Pacific as a conductor and West as an engineer. The plan to rob the train had been revealed in advance to the railroad officials, and when the train was brought to a standstill detectives who were on board opened fire upon the robbers. Stubbliedoff had one arm shot away, but managed to escape. He and West were arrested a few hours later, when they returned to the home.

The accusation of the trial was the testimony of E. H. Adams, a real estate agent, who was formerly in the employ of the Missouri Pacific as an employee. He testified that the robbery had been planned in his office, but that he at no time had any intention of participating in the robbery.

MURDER OF THE MISSIONARIES.

Englishman, Two Women and Three Natives Slain in China.

Hongkong, June 18.—It has developed that the Rev. H. Phillips, Mrs. Phillips and Miss Sears, missionaries of the Church Missionary society, who, with three converts, were recently killed by robbers at the residence of N. H. Havel, sought for protection of the yamen at Kien-Yang. The yamen not being strong enough to protect them, sent the missionaries to Kien-King Fu, but the missionaries were murdered on the way there.

It is reported the natives destroyed also the church parsonage and hospital at Kien-King Fu. The British consul is active in the matter, but the floods interfere with communication.

London, June 18.—The missionary societies here have received messages leaving only the faintest hope of the escape of Mr. and Mrs. Phillips and Miss Sears. The messages announce, however, that the bodies of the Englishman and nurse, who were sent to the seaside for the health of the child, are safe. Miss Sears had only recently arrived at the mission station from Australia. Mr. and Mrs. Phillips were born in England.

KILLED BY HIS COMPANION.

Brutal Murder of a Printer in Dawson City.

Seattle, Wash., June 18.—Details of the killing of James Prater with a razor by Arthur Goddard in the outskirts of Dawson on June 1, state that Prater was employed on the Dawson Nugget as a compositor, although he was a printer by trade. After finishing his work early in the morning, he was around with some of the boys, jumping and running. He went home about 2 o'clock.

At 10:30 o'clock in the morning George Hill, a friend of Prater, went to the cabin and was met at the door by Arthur Goddard of Seattle, who said: "Prater is in my bunk, I want you to take care of the case."

Prater lay in his bunk, still breathing, but covered with blood, and his head almost cut off. There was also a terrible wound on the left side of the head, as from a heavy instrument. Before the police arrived Prater had breathed his last. The police suspected Goddard from his attitude. When pressed he confessed, and said he killed him because he was a traitor. Some think Goddard is insane. Prater acted as his guard.

BLOODSHED IS LOOKED FOR.

Better Feeling Increases Among Kentucky Feudists.

London, Ky., June 18.—A messenger just from Manchester says all is quiet there. Judge Everett will not go to England, but he is willing to find his way to the danger in passing through Clay county.

Sid and Lee Baker, friends of the Whites and Howards, passed through here on their way to the mountains. It is believed to be that which precedes a storm. More bloodshed is the opinion of the best informed men.

LET LAW TAKE ITS COURSE.

Middlesboro, Ky., June 18.—The authorities at Harlan court house have received word from the leaders of each faction in the Lee-Taylor feud, stating that they are willing to let the law take its course. Most of the feudists have gone back to work.

FATAL BREAK FOR KENTUCKY.

Leavenworth, Kan., June 18.—A military prisoner named Wraynor, who was being taken to the state penitentiary for federal prison for desertion from the Sixteenth infantry, made a break for liberty today and was shot and killed by Private Olsen, troop F, Sixth cavalry, who was on guard duty. A negro prisoner who joined Wraynor in the dash for liberty made his escape, but was recaptured this evening.

DEFENDED BY HILL.

Says Standard Oil Money Did Not Elect Judge Haight.

Albany, N. Y., June 18.—Ex-Governor David B. Hill, who was at the head of the defeated Democratic state ticket, the former judge and presidential elector, has taken issue with the Standard Oil money ticket, electing Judge Haight. A recollection at the time there was some criticism, principally by a coterie of Republicans, of a judge who had been elected by the people, but it attracted no particular attention in the campaign. Judge Haight being elected by a popular vote, while Governor Morton received only a few more, to-wit, 62,835.

It is abundantly known that, at this day, who can naturally have no knowledge of the matter of which he is accused, and that Judge Haight was either nominated or elected in New York state through the combined efforts of the Standard Oil company. It verifies the old saying that "One must go away from home to get the truth." It is abundantly known that that year in New York, as well as everywhere else, was with his party, and he was nominated and elected on his personal character, his efficient judicial ability and unquestioned integrity, considered by a fair political opponent, it gives me pleasure to say this much.

EDITORS ON A JAUNT.

Canadian Newspaper Men Visit On Pacific Coast.

Tacoma, Wash., June 18.—A party of eight-five members the Western Canadian Press association, many accompanied by their wives, was entertained in Tacoma today and left at midnight tonight for Portland in charge of E. L. E. White and Frank Lee, president and secretary respectively of the Portland Press association. While here the party made a short sight-seeing trip. They were entertained at dinner and given a reception at the Perry Museum tonight. The excursionists are publishing a small daily paper on their trip, but have missed the last two publications.

UNION AFTER THE BARRAM

Demand Made For Court-martial of the General.

HIS ACTS AT WARDNER DENOUNCE HIS POLICY TOWARD STRIKING MINERS.

Claims That He Exceeded His Authority, According to Written Instructions Issued From the War Department—Had No Right to Interfere With Union.

New York, June 18.—The Central Federated Labor Union today presented a resolution instructing its secretary to write to President McKinley and the war department, demanding the recall and trial by court-martial of General Merriam, because of his policy regarding the striking miners at Coeur d'Alene. A committee was also appointed to draft resolutions denouncing General Merriam.

This action by the central body was inspired by a circular reply from the war department to a letter asking if General Merriam orders to the miners to employ his own troops, and if so, to employ the federal troops, and if so, to employ the federal troops, and if so, to employ the federal troops.

ADMIRE THE AMERICANS.

Their Good Faith In Keeping Promises to Cubans.

Havana, June 18.—The work of dispersing the American gratuity to the Cuban troops continues at Cardenas, Remedios, Pinar del Rio, and Puerto Principe. The Cubans are looking to the distributing centers, asserting that it was only by accident they heard they were to receive American money. The palpable evidence of fraud in making up the lists is exciting general indignation throughout the island and the evident desire of the Americans to carry out their pledges excites general admiration. The Cubans say that the first time in their history when a government promise has been kept and that they have never before experienced such considerate treatment from government representatives.

MUSIC TEACHERS TO MEET.

Preparing For National Association's Convention at Cincinnati.

Cincinnati, June 18.—The twenty-first annual convention of the Music Teachers National association, which is to be held June 21 to 23, inclusive, has a programme indicating much more than the usual at a meeting of this kind. It is partly to the recognition of the benefits of the work of Mr. Grantworth, now a resident of Cincinnati, of the musical forces here to contribute to the entertainment of the body, and concerts by the Cincinnati Symphony orchestra in the Music Hall. An interesting feature will be the presentation of a piano, by the inventor, Dr. S. A. Haccam, of Cincinnati. In the three days a large number of papers will be read, members from all parts of the country, followed by discussion.

NOT THE ACT OF GOD.

Preacher Says Cyclone Was Unknown Power's Devilish Work.

Milwaukee, June 18.—A Sentinel special from Eau Claire says: In nine pulpits here today the New Richmond cyclone was the subject of the sermons. The general sentiment expressed was that it was a mysterious dispensation of providence, but the Rev. Joseph Moran, of the Episcopal church, said it was the devilish work of an unknown power and not the act of God.

SAMPSON WILL NOT RETIRE.

Is In Good Health and Will Keep His Command.

London, June 18.—The statements published to the effect that Admiral Sampson had retired from the command of the North Atlantic squadron have been authoritatively denied by the admiralty, and it is wholly unfounded.

TAMMANY AGAINST TRUSTS

PREPARING TO TAKE UP THE POPULAR WARE.

Movement Will Be Inaugurated at Big Celebration to Be Held in New York July 4.

New York, June 18.—The World tomorrow will say: Tammany is going to array itself against the trusts. Its Fourth of July celebration this year will be mainly devoted to sounding the anti-trust war cry for the campaign of next year. The principal speakers of the celebration will devote their addresses to marking the lines of battle in the national fight. They are J. J. Willard, ex-chairman of the Democratic state committee of Alabama, and Congressman Caruth of Kentucky. Both men who are famed in their respective states as orators will talk about the evils of trusts.

W. J. Bryan has been invited to attend the celebration and make a speech. He is not expected to come. Neither is ex-President Cleveland, or David B. Hill, both of whom have been asked. Admiral Schley says he will come if he can, but he will not make a speech. Arthur P. Gorman and ex-Senator Edward Murphy, Jr., have also been invited. The celebration will be held at the Metropolitan Hotel, and will be presided over by Herbert E. Bissell of Buffalo, Congressman Fitzgerald of Massachusetts, Congressman Daley of New Jersey, J. W. Edinger of Brooklyn, and perhaps Congressman DeArmond of Missouri.

FAVOR ANTI-TRUST LAWS.

Governors and Attorney Generals Will Attend.

Austin, Tex., June 18.—Governor Sayers is much encouraged with the prospect of large attendance of governors and attorney generals at the anti-trust conference to be held in St. Louis, Sept. 20. Up to this time, seventeen governors have responded to his invitation to attend the proposed conference. Of that number, thirteen are outspoken in favor of anti-trust legislation. Governor Sayers received a letter yesterday from Governor Robert Smith of Montana, as follows: "I heartily endorse your action in calling a meeting of the governors and attorney generals of the several states and territories to meet in St. Louis, September, and I will try to persuade our attorney general to attend."

Now He Threatens Trouble For the Mexican Government.

Chicago, June 18.—A special to the Record from Austin, Tex., says: The Baron Lebusan, a Russian millionaire, who has been sailing the Gulf of Mexico in his private yacht, has just been released from a term of imprisonment in jail at the port of Tampico, Mexico. The charge against him was that he violated the quarantine laws of the port, by stealing in and out without official permission. In addition to the baron's release, the Mexican government has ordered the release of the Russian minister at the City of Mexico at the earliest possible moment and the release of the Russian President Diaz who immediately ordered the baron's release.

STRIKERS WIN A POINT.

Put Stop to Importation of Negroes Into Kansas.

Pittsburg, Kan., June 18.—The striking union coal miners appear to have succeeded in stopping the importation of negroes from other states into Kansas. The hearing of injunction cases brought by the strikers in the state courts has been postponed by Judge Skidmore until the 28th of the month. The effect will probably arrive in Denver next Wednesday, when a mutually satisfactory scale of wages may be agreed upon between the miners and the coal operators. The mounting of the committee will offer its services to help bring about so desirable results.

FIRST REAL CONTEST TODAY.

Trial of County Commissioners at Wallace to Come Up.

LOOK IS HOPEFUL

Colorado Smelters Will Probably Soon Resume Work.

MATTER OF A FEW DAYS

CITIZENS' COMMITTEE TRYING TO ARRANGE DIFFERENCES.

The President of the Big Concern Is Expected In Denver Next Wednesday, When a Mutually Satisfactory Scale of Wages Will Be Agreed Upon.

Denver, Colo., June 18.—If the unanimous opinion of the citizens' committee, which includes ex-Governor Adams and President Jeffrey of the Rio Grande railway, appointed by Mayor Johnson and Governor Thomas, in behalf of the city of Denver and state of Colorado to endeavor to effect a settlement of the trouble between the smelter managers and their employees, will be in operation, it is only a matter of a few days until the large smelters in this city and Pueblo at least, now closed on account of wage differences, will be in operation. The committee was in session the greater part of this afternoon, and went over the situation in conjunction with four of the employees from each of the smelting and grant smelters of this city.

It is said that it developed in the meeting that the matter of wages and hours to be accorded to employees in the smelters concerned in the lockout had become secondary to that of recognition of the smelter employees' union. The union is affiliated with the Western Federation of Miners, and it is said the board of operators of the American Smelting & Refining company are averse to recognizing the federation having no rights in dispute between the managers and employees of a particular smelter. The members of the citizens' committee, however, are of the opinion that the smelters had in no meeting this afternoon have issued the following statement to the public:

The committee have, according to their best judgment, furthered the opening of negotiations between the smelter managers and their men, with a view to an early resumption of work, and are confident that progress has been made, which, in a few days, may culminate in the reopening of the smelters in Denver and Pueblo. It is learned that the president of the American Smelting & Refining company will probably arrive in Denver next Wednesday, when a mutually satisfactory scale of wages may be agreed upon between the managers and the employees. The mounting of the committee will offer its services to help bring about so desirable results.
