

THIS IS DIVIDEND WEEK

Three Mines Order the Sum of \$117,500.

THE TOTAL IS \$3,759,000

DALY-WEST, SILVER KING AND SWANSEA CONTRIBUTORS.

The Daly-West Mining company posted its August dividend (No. 13) of 25 cents a share, aggregating \$37,500, yesterday morning.

The Silver King company, also of Park City, and at the present time the greatest dividend-payer in the state, will on Friday next, send out checks to its stockholders for their August dividend.

But these are not all. To round the week out and at the same time follow its regular custom, the Swansea company, with a most excellent and steady producing mine at Silver City, Tintic, will contribute to its shareholders on Friday the sum of \$4,000, or 5 cents a share, an amount which sends its total up to \$251,500.

The shares in these different properties were quoted yesterday as follows: The Silver King, with 150,000 shares, at \$12 1/2; the Daly-West, with 150,000, sold at \$13 1/2; the Swansea, with 100,000, at \$4 1/2, an indication of the esteem in which all three securities are held.

RICH TESORA ORE

Samples Showing 48 Per Cent Copper Brought In

When Manager Heffron went out to Tintic after visiting Bingham Saturday it was to see how the vein which has just been struck in the Shoshone Bonanza looked, but as sufficient headway had not been made in the cross-cut to see anything but mud and water, he concluded to go over to the Tesora.

At that point about one foot of ore resembling a composite of copper glaze and horn silver had come in and looked as though it was there to stay. Assay returns on the rock, a sample of which the colonel was exhibiting in his office yesterday afternoon, had not been received, but a test for copper made by the colonel himself showed the rock carried 48 per cent of the red metal, while it gave every evidence of running very high in silver as well.

LEAD ADVANCES TO \$4.

That is the Settling Price Established for This Week.

As forecasted in The Herald last Friday, the local settling price of lead was yesterday advanced by the American Smelting & Refining company to \$4 flat.

HEAVY CYANIDE SHIPMENTS.

Six Shippers Have Reported Since the First.

For the first six days of August the record on gold and silver cyanide shipments has been a most gratifying one, six different companies contributing to the total of 1,200 pounds, of an estimated value of \$20 a pound, or \$24,000.

PREPARING TO START WORK.

Another Property in the Mercur Gold Camp to Be Opened.

Mr. A. Anderson of Columbus, Neb., president of the Anderson Gold Mining company, with property lying between the Overland and Mercur and adjoining the Hillside group, is now, in company with C. W. Pearsall, making an examination of the ground with a view to starting up development work.

Carisa Files Articles.

A certified copy of the articles of incorporation of the Carisa Mining company, a Colorado corporation organized to develop mines in that state, Utah and elsewhere, was filed with the secretary of state yesterday, together with a certificate designating Harry E. Carey of Salt Lake City the company's resident agent for Utah.

Ore and Bullion.

Ore and bullion shipments in this city yesterday amounted to \$13,367, as follows: B. Jones & Co., ores, \$11,500; Bullion, \$11,600; Bamberger & McMillan, ores, \$23,267; McCormick & Co., Mingo bullion, \$3,600; ores, \$23,269; Commercial National bank, ores, \$3,800.

Metal Market.

Silver, 60 1/2 cents per ounce. Copper, 15 1/2 cents per pound. Lead, A. S. & R. Co.'s price, \$4; New York exchange, \$4.25; New York brokers', \$4.

Mining Notes.

The Swansea company marketed seven cars of ore yesterday. The Conklin sampler received nineteen cars of ore from Tintic yesterday. Superintendent R. C. Chambers went out to Park City yesterday morning. H. L. J. Warren went to Park City yesterday and will return to Salt Lake today. The Grand Central will pull down the

price of ten carloads of first-class ore today. Ten cars of ore from the Mammoth mine were sidetracked at the sampler yesterday.

The Taylor & Brunton sampler report of the receipt of seventeen cars of Tintic ore yesterday.

Gold receipts from the Klondike so far this year amount to \$3,500,000, against \$7,500,000 for the same time last year.

The Clark company at Park City levied a 1/2-cent assessment on Friday last, which becomes delinquent Oct. 1.

L. Nunn, president of the Telluride Powder company, came from Colorado yesterday and registered at the Kenyon.

Hubbard W. Reed of Ouray, Colo., general manager of the Virginia, the Revenue tunnel and other propositions, after a short visit here returns home today.

President Thomas Kearns of the Valeo company, stated yesterday that an assessment of probably 5 cents a share would shortly be levied on the company's capital stock.

Wells (New) Herald: The Glasgow and Western company has advanced the price of its miners working in the Star shaft, Cherry Creek, and work is being pushed with all speed.

At the meeting of the Colorado Point company at Silver City, W. H. Browne was made president; Gill S. Peyton, vice president; A. A. Duncan, general manager; Harold Duncan, secretary, and F. H. Mills, treasurer.

Superintendent E. J. Radatz of the Bonanza came from Stockton this evening and registered at the Cullen. He says sinking is steadily but slowly progressing in the shaft from the tunnel level, while enough water to irrigate a big farm is being lifted by the pumps.

Word reached the city yesterday that a strike has just been made in the South Conger, at Sumpter. Ore Manager Eessenty had just left Baker City for the mine and particulars, as well as samples of the ore were promised in a few days. Several Salt Lake men are heavily interested in the property.

The Utah mine of Fish Springs, which is now marketing from two to three cars a week, is doing very well. It returns on the carload brought in yesterday afternoon it assayed 9 per cent lead, 10 per cent zinc, or a total silver in lead and a few ounces more in silver than the previous shipment.

The local quotation on copper was advanced an eighth of a cent yesterday to 15 1/2. The Boston News Bureau's New York correspondent commented on the market Friday as follows: "The market for copper is assuming an upward tendency, and although still quoted at 15 1/2, it is inclined to advance. Some holders already refuse to sell at this price, but so long as one or two producers are willing to give their customers copper at 15 1/2 cents that naturally must be taken as the market price. The undertone is admittedly strong."

Judge Talbot of Nevada is in the city on his way back from Pioche, where he presided over the trial of the late mining business of the state leveler than for many years and he looks for steady investments from now on. "The market, for example, not only is the Ely company making great strides, but two new companies are about to start, and the eastern crowd are preparing to put down 500-foot shafts on their holdings. Other companies, although almost all are showing signs of new life, and money is being invested quite freely."

Georgetown, Ky., Aug. 6.—The fifth week of the trial of ex-Secretary of State Caleb Powers for complicity in the murder of Governor Goebel was begun today. The testimony threw no light on the tragedy.

This afternoon R. C. O'Benjamin, the colored attorney who represents "Tallow Dick" Combs, the negro defendant, asked to be allowed to make a motion for an investigation of the confessions of the defendant in which he was said to be betraying secrets of the prosecution. Judge Cantrill informed him that an investigation would not be necessary.

O'Benjamin then gave out an interview in which he says that the Combs confession was made in the presence of himself, Commonwealth Attorney Franklin and Victor H. Bradley of the Boston bar, and that Combs made all of the statements attributed to him except as to the amount Youtsey is alleged to have offered Mason Hockersmith to kill Goebel. He says Combs did not say \$1,200. O'Benjamin also produced a letter from his client, Combs, in which the latter expressed the utmost confidence in him. "Combs' nephew is here tonight, and says he has made a vain search for hid Hockersmith. He thinks Hockersmith is in either New Orleans or San Francisco."

Captain Golden and other representatives of the prosecution conferred with Green Golden, one of the alleged accessories in jail at Frankfort yesterday, and there is a possibility that the latter may be introduced as a witness in rebuttal to contradict the testimony of the defendant himself.

Captain Walcott, who had charge of the Frankfort militia, said on the stand today that the company was on duty at the state capital the day the legislature met and throughout the session, but denied the soldiers were lined up for marching orders when the assassination took place.

Boston, Aug. 6.—An investigation of the defendant himself. Captain Walcott, who had charge of the Frankfort militia, said on the stand today that the company was on duty at the state capital the day the legislature met and throughout the session, but denied the soldiers were lined up for marching orders when the assassination took place.

Disgrace Causes His Death. Young Steamship Officer Puts Bullet in His Brain. Falls Asleep at His Post, Is Discovered and Sent Below—Then Takes His Life.

New York, Aug. 6.—E. Thiele, fourth officer of the Hamburg-American liner Deutschland, blew out his brains during the voyage of the big ocean greyhound that was finished when the steamer reached her pier in Hoboken today.

The second day out it was Thiele's turn to watch on the bridge. The air made him drowsy and he fell asleep at his post.

Captain Abers came upon him, ordered him to take off his coat, the ship's badge of office, and sent him to his cabin. The young sailor went down in disgrace, and the captain was followed five minutes after the door closed behind him a shot was heard, and when it was forced open, Thiele lay on the floor with a bullet in his brain.

SAVED 1,000 LIVES. Captain Frederick Jerome Reaches End of Honored Career.

San Francisco, Aug. 6.—Captain Frederick Jerome, an old-time sailor, who had the credit of saving over 1,000 lives during his career, is dead in this city.

MINING STOCK MARKET

Week Opens to Average Volume of Business.

DALY-WEST SELLS \$18.25

JOE DOWERS SLIDES DOWN RAPIDLY.

The week opened with an average amount of business on the Salt Lake exchange yesterday, 13,750 shares selling for \$4,808.87. The general weakness manifested last week was still noticeable, and it is doubtful whether much of rally will occur during the warm weather now prevailing.

Ajax continues weak, but buyer and seller are far apart. Centennial-Eureka remains steady at last week's closing quotations, while a lot of sparring for Star Consolidated was yesterday indulged in, with no sales. It closed at 20c bid and 26c asked.

Daly-West, with the dividend, went up and sold, 100 shares at \$18.25 and fifty at \$18.24.

Joe Dowers, which has been steadily on the decline for some time, was traded in to the extent of 5,000 shares, the first 1,000 going at 2 1/2c and the last 1,000 at 1 1/2c.

Valeo, in consequence of the management's leasing the property and the general understanding that a 5c assessment will be levied, went down to 9 1/2c on one sale, with 10c as the highest.

The call closed on the following quotations:

Table with columns: Bid, Asked, and stock names including Ajax, Grand Central, Bunker Hill, Bullion-Eureka, Boston & De Lamar, Buckeye, Extension, Ben Butler, Centennial-Eureka, Star Consolidated, Conger, Diamond Consolidated, North Beach, Dalton & Lark, Grand Central, Daly-West, Dexter, Dalton, Grand Central, Emerald, Eagle & Blue Bell, Four Aces, Golden Gate Extension, Golden Eagle, Grand Central, Galena, Galena King, Grand Central, Horn Silver, Hercules, Ingot, International, Joe Dowers, Lumber, Mammoth, Manhattan, Martha Washington, May Day, Nevada Light, Nevada, Ontario, R. G. W., Sacramento, Sacramento, Sunshine, Star Consolidated, South Swansea, Showers Consolidated, Silver Cloud, Tesora, Tintic, West Mountain Pacer, Yankee Consolidated.

Yesterday's Stock Sales. Daly-West, 100@18.25; 50@18.24. Four Aces, 100@10.00. May Day, 100@10.00; 100@10.00; 100@10.00; 100@10.00. Northern Light, 100@10.00. South Swansea, 100@11.00; 100@11.00; 100@11.00; 100@11.00. Shares sold, 13,750. Selling value, \$4,808.87.

San Francisco Mining Stocks. Alta, 2 1/2; Kintuck, 2; Andra, 3; Mexican, 11; Andra, 10; Parrot, 42 1/2; Boston, 24.00; Quincy, 125.00; Butte & B., 64.00; Tamarack, 200.00; Central, 17.50; Wyo., 29.75; Franklin, 13.50; Wolverine, 35.50. (Special to The Herald.) Boston, Aug. 6.—Amalgamated, \$8 to \$9.50; 46 Utah, \$23.75 to \$30.75.

WISHES CANAL BUILT.

President Zelaya Will Deal Directly With United States. New York, Aug. 6.—The Herald's correspondent at Managua, Nicaragua, telegraphs that President Zelaya desires to deal directly with the United States over the construction of the interoceanic canal.

Negotiations looking to an agreement between the two countries would be undertaken by the president, provided there was an abrogation of all the present concessions relating to the canal by a mutual agreement between the parties in interest.

EIGHT HOURS DENIED.

California Planning Mills Refuse Demand of Men. San Francisco, Aug. 6.—In all the planning mills of San Francisco, Oakland, Berkeley, Hayward, San Jose and Santa Clara there will be posted today a notice by forty-seven planning mill owners to the effect that the demand of mill hands for a labor day of eight hours will be denied. The resolution of the mill hands to work only eight hours a day is to go into effect on Aug. 23.

Woodworkers are now putting in nine hours a day in many of the mills, and in others ten hours a day.

ANXIOUS FOR MONEY.

Three Loan Association Shareholders Surround Offices. Pittsburg, Pa., Aug. 6.—Hundreds of shareholders surrounded the offices of the Cast, the Globe and Mutual and the Industrial Building and Loan associations today, anxious to learn the extent of the shortage discovered on Saturday. The doors were locked, however, and after waiting around for several hours the crowd quietly dispersed.

The three concerns have suspended business pending the result of the investigation now being made by Bank Examiner Cochran. The total assets are \$325,000 and if the shortage does not exceed \$60,000, as claimed, the shareholders will lose about 30 per cent.

The charges of embezzlement and falsification of accounts entered against Secretary Robinson were withdrawn after his confession of judgment for \$6,900.

ENGLAND IN BAFF SHAPE

Gold Standard Country Short of Yellow Metal.

FINANCES DISTURBED

BIG PREMIUM PAID TO FLOAT WAR LOANS.

New York, Aug. 6.—The Times London financial correspondent cables: The English money market is getting into an interesting condition. The chancellor of the exchequer's demand for another £13,000,000 to be added to his already excessive borrowings—£10,000,000 of it now in three year 3 per cent bonds offered at 98—has caused it to become nervous and anxious. And no wonder.

Sir Michael Hicks-Beach let out that he already owes £18,000,000 on treasury bills alone, £3,000,000 of it to the Bank of England, which has thus directly advanced the treasury £15,000,000, in the week-end of £5,000,000, shown in the weekly exchange returns. Add that £5,000,000 to £18,000,000-odd and we get a floating debt of nearly £24,000,000, exclusive of the newest £10,000,000, the most up-to-date amount, which, thanks to the Bank of England's participation has thrown on the market a mass of diseased credit by which the discount and money rates have been kept low.

Rush Has False Basis. To add to the trouble, it is estimated that half of the "Khaki" loan is paved. A fancy premium was created upon it before the issue, which led a thousand people to rush in with applications. Even although the allotments were severely cut down in consequence of the mass of applications, numbers of these premium scalpers were wanted none at all, only the chance of pocketing the market premium. Thus, in spite of the apparent furore, the loan has not been taken up and the holders of scrip had to pay from 4 1/2 to 5 per cent generally 4 1/2 last week for money to September.

Discount Going Higher. The banks, having advanced the discount, the outflow of gold has been stopped, our market being now the dearest in western and save St. Petersburg, in northern Europe—dearer even than Berlin and Hamburg; four per cent, however, has not attracted gold in any quantity, although it is said considerable amounts are on the water from Australia and even from the far east; therefore it is probable that we shall see a 5 per cent bank rate established, perhaps before this month is out, because at all costs gold must be attracted.

Our stock is still £2,000,000 less than it was a year ago, having run down during the past two months, and we want at least £10,000,000 to make us safe.

This will explain why the credit institutions are perturbed and disposed to work with extreme caution when they work at all. Also it explains why the price of all our first-class securities in Australia and even from the far east are from 10 to 25 per cent lower than they were twelve months ago. The shrinkage must go on, paralyzing all disposition to speculate.

REPRESENT NEGRO PRESS.

Fifth Annual Session of the Association in This City. Yesterday was the first day of the fifth annual session of the Western Negro Press association, and so far as attendance from outside of the city was concerned, it was not a brilliant success, there being but three members of the press present from other cities.

The session was presided over by W. Taylor, the president of the association, and in the absence of the regular secretary J. G. McPherson of Salt Lake filled that position. The meeting was held in St. Mark's school house.

The morning session was taken up largely with routine work. The following committees were appointed: On resolutions, J. G. McPherson, Mrs. J. W. Irvine and Mrs. Mary Howell. On condition of the Afro-Americans, Rev. A. Wagner, Miss E. Smith and Mrs. B. Howell. On the race news paper, J. Voss and A. Howell. On address to the book, Mrs. C. Calloway, Matthew Edwards, H. H. Voss and G. C. Carr.

The principal event of the afternoon session was the address of welcome by Governor Wells. The governor was introduced by the president Taylor as one who had never failed the colored people of the United States. Governor Wells' manuscript. He said that there were 266 colored officers in the regular army and about 15,000 soldiers. He could not remember how many negroes were holding political offices under the present administration, but they were drawing about \$600,000 each year.

The Woman's Republican club sent through Governor Wells a lot of tickets to the Salt Lake rally, and in fact nothing was left undone to work the association in the interest of the G. O. P.

The Health Problem is much simpler than is sometimes supposed. Health depends chiefly upon perfect digestion and pure blood, and the problem is solved very readily by Hood's Sarsaparilla. You may keep well by taking it promptly for any stomach or blood disorder. Its cures of scrofula, salt rheum, catarrh, dyspepsia, rheumatism and other diseases are numbered by the thousands.

The favorite family cathartic is Hood's Pills. Do not fail to see our Elks window at Walker's store. HUDDART FLORAL CO., 214 East Second South.

Order Railway Conductors' Big picnic, Salt Palace, August 12.

NO MORE JAPANESE CAN COME

THEIR OWN GOVERNMENT PUTS A STOP TO EMIGRATION.

Dispatch to Legation at Washington Says Flow Has Been Stopped at Fountain Head.

Postal Union Meets.

Washington, Aug. 6.—A dispatch has been received at the Japanese legation here from the Japanese foreign office announcing that the government of Japan had prohibited for the present the emigration of all Japanese labor to the United States and Canada.

Monument Is to Be Erected by Nations Concerned. Washington, Aug. 6.—Assistant Postmaster General Shallenberger returned today from Bern, Switzerland, where he represented this government at the meeting last month to commemorate the creation of the Universal Postal union twenty-five years ago. Captain Brooks, superintendent of foreign mails, also was a delegate and will return next week.

Mr. Shallenberger said today the meeting was attended by about seven-and-a-half delegates representing all the leading governments, and that it was decided to erect at Bern a monument commemorating the organization of the union, which will cost not to exceed \$40,000. The cost is to be defrayed proportionately by the governments constituting the union. The responsibility for the monument will be left to the Swiss federal council.

Arrested by Militia. Duluth, Minn., Aug. 6.—One hundred militiamen left here last night for Cloquet, Minn., to effect the capture of the circus crowd who had been terrorizing the small towns in northern Minnesota. The militiamen arrived there during the night, and when the circus train pulled in the military surrounded it.

The circus people knew nothing of their presence until today. Twelve of the circus men wanted for assault by the sheriffs of Cass and Hubbard counties were arrested and taken to Cass Lake, where they will be tried. They made no resistance, although most of them were armed.

"Doc" Baker of Texas, who is believed to be the leader of the gang, was not found so far as known here. The militiamen returned to Duluth today.

In India, the land of famine, thousands die because they cannot obtain food. In America, the land of plenty, many suffer and die because they cannot digest the food they eat. Kodol Dyspepsia Cure digests what you eat. It instantly relieves and radically cures all stomach troubles. F. C. Schramm, McCormick building.
