

NEVADA CASES SETTLED

Attachments Against Philo T. Farnsworth Dissolved.

\$80,000 MORTGAGE FILED

THE BASIS OF COMPROMISE WAS NOT GIVEN OUT.

As a step in the proceedings in the federal court dissolving the attachments of the Nevada company upon the property of Philo T. Farnsworth, to secure a judgment lien aggregating \$78,648.61, a number of documents were filed for record yesterday with the county recorder affecting the title to the released property.

Concurrently with the record filing of these deeds the grantor and the grantees executed to the Utah Savings & Trust company a mortgage of these properties, together with ten acres south of the city and numerous tracts of land in Beaver county to secure the payment on demand of three promissory notes, aggregating \$80,000, with interest at the rate of 8 per cent per annum.

In Federal Court. An order was also entered in the clerk's office of the federal court dismissing the suit for foreclosure brought against Mr. Farnsworth by J. G. Phelps Stokes and John Sherman Hoyt. The Nevada mining cases were now entirely dismissed against Mr. Farnsworth, ending a long siege of costly litigation.

The suit instituted by the Nevada company was brought a couple of years ago when the company sought to recover over \$111,250, which sum it was charged, was retained by Farnsworth out of money given him as agent with which to purchase certain mining property.

MAY SURPRISE BOND BUYERS

ROBERTSON WORKED THE TELEGRAPH WIRES YESTERDAY.

Hopes to Be Able to Float the New Issue at a Less Interest Rate Than Four Per Cent.

The half dozen agents of eastern bond-buying houses who came here to bid on the city's issue of \$250,000 worth of water improvement bonds, put in yesterday at the pleasure resorts waiting for replies to telegrams sent to their principals for advice as to the next move to be made if the city council rejects all of the proposals.

While the shrewd bond men were thus engaged, Chairman Robertson of the council committee on finance was doing a little reconnoitering on his own hook, with the aid of the telegraph system, and by nightfall he had things in shape to present at the meeting of the committee on finance and municipal laws, and the mayor and the city attorney associated with the latest developments in the bond deal.

So sure is the councilman of success in outwitting the bond men on their pooled terms that he declared last evening he had an offer that would surprise the visiting buyers' agents. It may be that the bonds can be floated on an interest basis of less than 4 per cent, but it is certain that the manager premium can be obtained that the buyers offered at the council meeting Tuesday evening.

Instead of going east yesterday, as he had expected, Harry Barroll of N. W. Harris & Co., Chicago, remained over at the direction of his house, and will be here till the bonds are sold. To Herald representative last evening he gave a number of apparently very forcible reasons why the city officials could not expect in consistency to float an issue of bonds at this time bearing less than 4 per cent annual interest.

His most "feting" argument in support of the declaration that only the kind of bond the buyers are willing to take can be sold, is that the city cannot afford to stand the odium of having failed to sell its bonds on a basis of a less rate of interest.

PRISONER WANTS RELEASE.

Application For Habeas Corpus Writ For H. J. Roberts.

Attorney Dan Harrington is preparing a petition for a writ of habeas corpus in behalf of his client, Harry J. Roberts, who is serving a sentence in the county jail. Roberts was charged with the crime of having assaulted Nick Schmirdor in Little Cottonwood canyon last March with intent to kill his victim, but a month ago the accused was allowed to plead guilty to a charge of battery. On this plea Judge Norrell sentenced him to pay a fine of \$100 and to serve thirty days in jail.

Besides seeking up all those facts the petition alleges that Roberts has served the time part of this sentence, but has not paid and cannot pay the fine. The petition then draws the conclusion that the prisoner is unlawfully restrained of his liberty for the alleged reason that there is no authority of law for the proceeding requiring the sheriff to hold the prisoner one day for each dollar of the fine unpaid.

FALSE PRETENSES CASE.

W. F. Aldrich Arrested on Morris Levy's Complaint.

A complaint was filed before Judge Kroeger yesterday morning charging W. F. Aldrich with obtaining money under false pretenses. The complaint was sworn to by Morris Levy of the firm of S. L. Levy & Co.

The plaintiff alleged that Levy of the firm of S. L. Levy & Co. passed a worthless check for \$40 on the Levy company, in return for which he received \$40 in good money. The check was on the Denver National bank, but when presented there it was found to be worthless. The defendant was arraigned before Judge Kroeger yesterday afternoon, but the case was dismissed as a satisfactory settlement was made between the plaintiff and defendant outside of court.

The Majors consisted of the following: number present, was successful financially, and from an artistic standpoint was a credit to the promoters and to the local musical talent. Every performer was well received and every number well rendered.

GAVE HIMSELF UP.—C. S. Martin, for whom a warrant was sworn out by Sergeant P. C. Brown a few days ago, charging him with posting bills without the required colored poster at the police station and gave himself up. Mr. Martin was out of town when the complaint was filed, and immediately surrendered himself. He was allowed to go on his own recognizance, and the time for his hearing has not been set.

OPAL CLUB OUTING.—The Opal club will go in full force last night for a trip to the canyon. The party will be led by the club's secretary, Mrs. J. P. At the close of the ride the club will direct to the Salt Palace, and finished the evening dancing to the mellow strains of Professor Coleman's orchestra.

RAN OVER SMALL BOY.—A complaint was filed before Judge Timmony yesterday charging Tom Smith, driver of the Salt Lake Ice company, with assault and battery. The complainant was Jack Steele, a colored porter at the Adams Hotel, who alleged that three weeks ago Smith was driving an empty ice wagon along the canyon, and ran over a small boy.

HORSE AND BUGGY STOLEN.—J. C. Parson, who lives at 300 South Second West street, reported to the police yesterday afternoon that his horse and buggy had been stolen from the city and county building. His daughter hitched the rig in front of the grounds early in the afternoon, and the horse and buggy were gone. When she returned a half hour later the horse and buggy were missing, and she discovered evidence that the rig had broken away. The officers were given a description of the rig and are searching for it or any thief.

TWELVE YEARS' FILINGS.—With reference to the statement in yesterday's Herald that the county recorder had completed the filing of public documents commencing with No. 140,001, the total number of documents filed for record since the recorder assumed duty in 1918, before Dr. Jensen explains that the number stated dates from only July 1, 1928, before the recorder began his present term of office. Rogers announces that he and Major Scofield, for whom he is acting as executor, expect to start from Manila for home on Oct. 1, stopping at one of the stations in China en route to the United States. PIKE CANYON BLAZE

Caused Much Smoke and Considerable Alarm.

FEARS FOR BINGHAMITES

FIRE, HOWEVER, WAS NOT IN THEIR CAMP.

Dense clouds of smoke were discovered pouring from the hills in the vicinity of Bingham late yesterday afternoon and as evening approached it looked more and more as though some of the mine works and possibly the town itself were either burning or in imminent danger of being consumed. But just where the fire was located was sized up differently by nearly all those who attention had been drawn to it. Some had it located in Carr Fork, others were sure it must be in the main canyon, while others were quite sure it was in Keystone gulch. One report had it looking more and more as though some of the mine works and possibly the town itself were either burning or in imminent danger of being consumed.

Was in Pine Canyon. Investigation showed that the fire was burning in Pine canyon two or three miles west of the Highland Boy and that the fire was in a small gulch which the canyon is filled as being destroyed.

At Bingham last night it was thought that the only mine in danger was the Star, which is equipped with a small combination mill, and while no definite news had been brought over the impression prevailed that the fire was about to break toward Tooele to reach that property.

Pine canyon is a great hunting ground and Binghamites had no doubt but that the fire was started, intentionally or otherwise, by campers. No concern was felt for the properties lying between Bingham and the canyon as no timber is growing on the hills above, but it is thought the loss in the timber reserves on the south side of Pine canyon will be quite heavy.
