Governor Nash Defines a Prize Fight.

Springfield, O., Feb. 21.—Replying to a question from the editor of the Springfield Democrat as to what he considers a prize fight to be in the meaning of the Ohio statute, Governor Nash says:

"In my opinion the only sort of a contest which is made legal by the permit of the mayor is one consisting of exercises or any exhibition by the members of a regularly organized athletic association in its club house. It does not authorize the bringing in of people who are not bona fide members of the club, and whether the exhibition is by members of the club or outsiders, the moment that a prize is offered to the winner becomes a prize fight."

Rio Grande Western Invites McKinley to Utah.

The Rio Grande Western will follow the lead of the Denver & Rio Grande and invite President McKinley to visit Utah on his spring tour of the west, according to General Passenger Agent Heinz.

The president having accepted an invitation to address the students of the University of California May 25, will travel west by way of New Orleans, going as far as Portland, Ore., over the Southern Pacific system.

President McKinley travels in the finest train that can be put together, furnished by eastern railroads, and he usually is accompanied by a large party of notables.

The impression prevails that the president will visit Yellowstone park, in which case he may go east over the Union Pacific, missing both Utah and Colorado.
