MEN AND WOMEN KILLED BY COSSACKS. Brutal Attack Was Premeditated by Russian Officials. SITUATION IS GRAVE. INTIMATED ATTEMPT WAS MADE TO KILL THE CZAR. St. Petersburg, March 21.—It is significant that though the police report on the recent riots, published as expressly stated in order to correct false rumors concerning the riots, does not deny the most serious of the rumors circulated, which are to the effect that men and women were killed here and elsewhere, the report does not mention the subject of the students. It gives, however, the names of four who died here, including one woman. The report is not generally credited with being an impartial statement. It is claimed that the passage relating to the disturbance in the church is particularly distorted, manifestly, it is said, to prejudice the devout masses against the students, the intellectual element and the literary workers.
