

REORGANIZATION OF SOUTHERN PACIFIC

Annual Election at New York Next Week.

GOULD TO GO ON BOARD BURLINGTON DEAL IS NEARLY CONSUMMATED.

New York, March 29.—The Evening Post has the following: President Paul of the Union Pacific and President Hays of the Southern Pacific, together with Secretary Millar of the Union Pacific, who have been traveling together from the far west, were at their offices in this city today. Both officers have been inspecting the Central Pacific and other divisions of the Southern Pacific and will submit their recommendations for improvements and means of operation. Both officers will remain here at least until after the annual meeting of the Southern Pacific, which will be held on April 3. Union Pacific officials will be elected into the Southern Pacific board at this meeting. The present board consists of eleven members, with one vacancy, and it is probable that the new directors to be elected will constitute a majority of the board. Since the last annual meeting of the Southern Pacific shareholders the board has been entirely reconstituted. The new board consists of D. O. Mills, John W. Mackay and J. B. Haggin going into the board last summer at the request of E. F. Huntington, and C. H. Tweed, E. Hawley and J. D. Probst. President Hays and James Speyer were elected in the fall. Besides Chairman Hartman of the Union Pacific, it is probable that Otto H. Kuhn of the firm of Kuhn, Loeb & Co., George Gould of the Missouri Pacific and James Stillman will go into the Southern Pacific board.

BURLINGTON DEAL Plan Ready for Submission to the Stockholders.

Boston, March 29.—The Post says: The proposed consolidation of the Chicago, Burlington & Quincy Railroad company with the Great Northern and Northern Pacific has reached a final stage. The long delayed plan, it is said, is ready for submission to the Chicago, Burlington & Quincy stockholders.

The secret conference of President James J. Hill of the Great Northern, Charles E. Perkins, chairman of the Burlington board of directors, and ex-Senator Wolcott of Colorado, at the Victoria hotel, in this city, on Wednesday is believed to have settled the question.

The plan provides, it is said, for the purchase of Burlington bonds at \$137.50, in 2 1/2 per cent guaranteed bonds, or \$130 in cash. It is not known whether the Burlington stockholders are to be given a vote in the election of the new board.

The large Burlington stockholders do not manifest any opposition to the work of a deal. The plans were laid some time ago. Wednesday's conference was preliminary and at its close President Hill and Senator Wolcott hurriedly departed for the west. Mr. Wolcott had been in Boston since March 17 talking matters pertaining to the consolidation.

The officials of the Chicago, Burlington & Quincy here today stated that they could give no new light on the report that the Northern Pacific and Great Northern interests had gained control of the Burlington. The directors here were also in the dark as to the facts. In financial circles it is believed that President Hill of the Great Northern is in such a position that large holdings of Burlington and strong backing in his purpose to lease the Burlington to the Burlington directors will be forced to give more serious consideration to the offer of a guarantee of the stock than they have heretofore been disposed to give.

From my investigation of the reports as to prospective changes in the control of the Burlington, I feel confident that the Northern Pacific-Great Northern people are after the property, and I do not believe they would attempt to secure control unless there were good prospects of success.

CUT-OFF TO UTAH. Wyoming & Western to Be Extended to Union Pacific.

Evansville, Wyo., March 28.—It is reported here that the Wyoming & Western railroad, which was built from Kemmerer to the coal fields sixteen miles south of that place last fall, will be extended on to a connection with the Union Pacific at a point near the eastern end of the Aspen tunnel. Work on the project is to be commenced in the spring.

The entire line will then be about thirty-two miles long and will form a cut-off between Ogden and the coal fields of western Wyoming. At present coal is shipped from Ogden, and then west again through Evansville to Utah points. The cut-off will save a haul of from sixty to eighty miles.

RELAYING THE RAILS. Construction Work on the Los Angeles Terminal.

San Pedro, Cal., March 29.—The Los Angeles & Salt Lake railroad has begun the work of construction by preparing to lay seventy-five-pound rails along the present right-of-way of what is known as the Los Angeles Terminal railway. When the work is completed the company expects to continue the line to and through the mountains.

Railroad Notes. Arthur McArthur of Omaha, a member of the firm of McArthur Bros., railroad contractors, passed through Salt Lake yesterday en route to Idaho to begin work on Short Line contract.

Attorney Whittemore of the San Pedro, Los Angeles & Salt Lake, is looking every day for the check for \$3,750 from Los Angeles to cover the additional cost of incorporating his company.

It is also settled that there will be no liquor sold at Saltair during the coming summer. President Snow said to a man who applied for the concession that he had about arrived at this conclusion. It is possible, though, that beer may be sold at the resort, but even this is in doubt.

It was stated at the Short Line offices yesterday afternoon that no manager for Corfield would be selected until General Manager Baneroff returns from his trip to New York. It is believed that one of the purposes of Mr. Baneroff's visit to the metropolis is to consult with his superiors regarding the appointment of a traffic manager to succeed E. W. Eccles.

General Passenger Heinz of the Western is going to do a lot of magazine advertising this spring. For this purpose Mr. Heinz has had a very handsome hat made. It contains a picture of sunset on the Great Salt

Lake, the temple and tabernacle and a view of Castle Gate. Then there is a picture of a very fetching Japanese girl in a kimono, a handsome young American cousin, who responds with a handkerchief. The advertising matter shows the benefits to be gained by a trip to and through Utah.

FINE RESIDENCE SOLD. George P. Holman Purchases the Jennings Property.

A deal was closed yesterday by which George P. Holman purchased from Mrs. Priscilla F. Jennings, the widow of William Jennings, her home place on Brigham street, just opposite the Alta club house, for \$23,150. The lot has a frontage of four rods on Brigham street and is twelve rods deep, with eight feet of way out to State street in the rear. The house is a substantial brick residence and the view to the south and east is one of great beauty. Mr. Holman will gain possession of the property June 1, and will make it his permanent home.

Real Estate Transactions. Christian Stettensen to ux, to Botilda Neason, 7 rods by 40 rods, northeast from 2 rods south and 7 rods east of the northwest corner of lot 5, block 29, Five-acre plat, A. S. 4225.

Charles D. Harding et ux, to Ernest Wright, right of way through part of lot 5, block 29, Franklin subdivision, 10 rods by 10 rods, Wood lot 23, block 2, Health subdivision, 40 rods by 10 rods, to Bessie M. Larsen, 23 1/2 rods northwest from lot 5, block 29, plat B. Christian Hyland, 1/2 acre, plat B. Howard church of Latter-day Saints, 7 rods by 25 feet southeast from 2 rods south and 4 feet east of northwest corner of lot 5, block 29, Five-acre plat A. William G. Williams, 175 acres, Grouse Park, to William G. Williams, fraction of Folsom addition to Rio Grande depot.

Pistol Shots Cause Excitement. A succession of pistol shots caused considerable excitement in the vicinity of Fourth West and Second South streets last night.

The sound seemed to come from the interior of a building near the corner of the block and a number of persons rushed in the direction of the building and searched for signs of trouble, but all was still and no signs of guns could be found. Some of the men were confident that there had been trouble in one of the houses and notified Officer Fitzmaurice at the Rio Grande depot.

The officer made an investigation and learned that two men had been seen to do the shooting and then run into a dark alley. The men stopped near the corner and, firing four or five times in the air, dashed down the street.

Bankrupt Cases. Judge Marshall yesterday adjudicated James A. Lowe of Beaver City a bankrupt and set the case to a referee.

Watkin L. Roe of Salt Lake City, formerly of Nephi, filed a petition in bankruptcy yesterday. He scheduled his assets at \$3,766, exempt under the statute and liabilities at \$627.79, principally the claims of creditors. He has experience in running a newspaper in Nephi.

MEETING OF CABINET. Indian Reservation Lands in Oklahoma to Be Thrown Open.

Washington, March 29.—At the meeting of the cabinet today Secretary Hitchcock reported that his department is at work trying to perfect plans for the opening of the Kiowa and Comanche Indian reservation in Oklahoma to settlement in August next. He is trying to avoid, if possible, the trouble which attended prior openings, especially the opening of Oklahoma territory which is being reserved for the purpose of leasing quarter-section lands, lands, county seats and school lands. There must be allowed to each of 3,000 Indians 160 acres, and grazing lands also must be set aside. The reservation includes 14,000 quarter-sections.

This was the last cabinet meeting to be attended by Attorney General Griggs and the leading members of the cabinet. Mr. Griggs will leave Washington at 10 o'clock for New Jersey and will at once begin the practice of his profession.

PRESIDENT'S TRIP WEST. His Itinerary Through the State of Washington Announced.

Washington, March 29.—The itinerary of the presidential party through the state of Washington is practically complete, according to Representative Jones of that state. It is as follows: The president will leave Portland, Ore., at 10 a. m., Thursday, May 23 and enter Washington by way of Olympia, where he will stop half an hour. He will reach Tacoma in the afternoon and spend the night there. On Friday he will traverse Puget sound by boat to Seattle, stopping at Everett and several other places en route. On Saturday the party will cross the mountain, with brief stops at Ellensburg, North Yakima and Walla Walla. Sunday the party will spend at Spokane and Monday the party will leave for Montana. The president's trip through Kansas will include stops at Topeka and Lawrence.

Crocker in Good Health. New York, March 29.—John P. Andrews of London, who has been recuperating with Richard Crocker in business enterprises abroad, was a passenger on the Teutonic, just arrived. Mr. Andrews says Mr. Crocker is in the Hotel Cecil in London last week. He says that the Tammany chief is in excellent health and fact, he was never better. In London Mr. Crocker was joined by his son, Herbert, who has fully recovered from the effects of the injuries he sustained on shipboard.

Mrs. Bryan is Cured. Read Her Letter to Mrs. Pinkham.

"DEAR MRS. PINKHAM.—I was sick for two years with falling of the womb and inflammation of the ovaries and bladder. I was bloated very badly. My left limb would swell so I could not step on my foot. I had such bearing-down pains I could not straighten up or walk across the room, and such shooting pains would go through me that I thought I could not stand it. My mother got me a bottle of Lydia E. Pinkham's Vegetable Compound and told me to try it. I took six bottles and now, thanks to your wonderful medicine alone, I am a well woman.

I wish every woman suffering with female weakness would begin its use at once."—Mrs. ELISIE BRYAN, Otisville, Mich.

How many women there are who suffer just like Mrs. Bryan did! If you ask such sufferers what treatment they have you will find they are depending upon some professional theorist who has never cured a case of ovarian trouble, or you will find that they went to their druggist to get Lydia E. Pinkham's Vegetable Compound and were advised by the dealer to take something else. You may be sure that such suffering from female derangement will not exist when Lydia E. Pinkham's vegetable compound is used. This statement finds overwhelming verification in the grateful letters from women.

When you ask for Mrs. Pinkham's medicine at your dealer's, you may safely distrust the motives of any one who asks you to take something else in place of

Lydia E. Pinkham's Vegetable Compound.

\$5000 REWARD. We have deposited with the State of Utah, March 29, 1901, a list of names of persons who can find the above mentioned person who is not genuine or who was published before obtaining special permission. LYDIA E. PINKHAM, MEDICINE CO.

GOVERNOR DOLE SUBS LAWMAKERS Refuses to Give Hawaiians Information Asked For. THEY WANTED TOO MUCH ISLANDS THREATENED WITH A SCARCITY OF LABOR.

Honolulu, March 28, (via San Francisco, March 29).—The sessions of the house this week were enlivened by the receipt of two communications from the governor and one from the secretary of the territory, and in answer to resolutions which the house had sent to the officials of the administrative department.

The first communication from Governor Dole related to the demand of the house that he ascertain the reason for the absence of Land Commissioner J. E. Brown in Washington. D. C., and to communicate the information to the house. Governor Dole stated that the resolution of the house was in such shape that it could not be answered.

His second communication was in regard to another demand from the house for all documents of the administrative department from annexation to the United States to the present date. Governor Dole stated that in view of the relations of the executive to the superior authority of the United States since annexation, he could not comply with the demand of the resolution in its present shape.

The secretary of the territory replied to a resolution which directed him to forthwith furnish the house with all data concerning the claims against the territory arising out of the political troubles of 1893. He said that the demand was discouraged, and without precedent. The legislature adjourned yesterday out of respect to the memory of ex-President Harrison.

After being thirty-three days out from San Francisco, the bark Olympic, Captain Gibbs, arrived in port the morning of the 29th. The crew of nearly gone and one member of the crew missing. A sudden hurricane at night which lasted only about five minutes, was responsible for the rigging to the vessel and the subsequent delay. Two of the sailors, Frank Behlander and Frank Anderson, were carried overboard with the mast of wreckage. Behlander is thought to have been struck by a falling piece of timber and rendered unconscious, for nothing was seen or heard of him after the wreckage was carried away. Anderson was finally rescued by the crew. He was badly injured by the fall.

Livestock Create Trouble. The Austrian training ship, Donau left the 28th for Nagasaki. The day before the departure of the vessel a number of live bullocks were taken on board for the purpose of providing fresh meat during the voyage. Another detachment numbering about 850 people is expected.

R. A. Macfie of San Juan de Porto Rico, who has been in charge of recruiting this help for service in the Hawaiian islands, is not very sanguine over the future possibilities of getting more of this character of labor to come here. He says that the demand for labor in Porto Rico is becoming greater every day and in addition to the demand of the Hawaiian sugar interests for help, Cuba and Ecuador are offering inducements to the Porto Ricans to go to those countries. The great distance of Hawaii renders those other countries far more acceptable.

Fifteen of the men who arrived here last week from Boston under agreement to work on the sugar plantations refused to fulfill their contracts when asked by the agents of the plantations to go to the places assigned them. The strikers said that they had intended to come here simply for the trip as the sugar plantations would not pay. None of the crowd have thus far succeeded in finding employment. The visiting Shriners will sail for home April 2.

CHARGED WITH FORGERY. Arrests Made in Connection With Patrick Murder Case.

New York, March 29.—David L. Short, commissioner of deeds for Texas, and Morris Meyers, lawyer, the two persons whose names appear as witnesses to the alleged bogus "Rice will," were arrested today charged with forgery in the first degree. Both are friends of Lawyer Albert T. Patrick, who is charged with having murdered the Texas millionaire.

Short and Meyers appeared before Justice Jerome as witnesses in the examination of Patrick, Assistant District Attorney Osborne declared his belief that the will was a forgery, having consulted handwriting experts. Mr. Osborne appeared before Justice Jerome today and swore out warrants for the arrest of Short and Meyers.

Meyers was formerly employed by Patrick. On his examination he acknowledged that Patrick had dictated the Rice will to him. By this will the Rice millions were left to Patrick. Short today declared before Justice Jerome, swore that he had never used his seal except when transacting business for Mr. Rice.

The forgery charge against the two witnesses grows out of the fact that they signed their names to the will. The attorneys declare that the signature to the will is forged.

When Patrick heard of the arrests he declared that Short and Meyers were innocent of any wrongdoing. Short and Meyers will be arraigned tomorrow morning.

Law is Invalid. CARSON, Nev., March 29.—Secretary of State Howell, in examining the vetoed bill which was passed over the governor's veto at the last session of the legislature, discovered that the bill does not bear the signature of the president of the senate or the speaker of the house, as required by the constitution. Attorney General Woodhurr sustains the secretary of state in the opinion that this defect kills the bill.

Empty Carse Found. The purse which was taken from the hand of Mrs. W. L. Hodgins at the door of the L. D. S. college Thursday night by a hoodlum, was found by her near the yard of Mrs. J. H. Allen, 110 North State street, where it, with the overcoat belonging to the thief, had been dropped. The purse was empty.

Yesterday morning when Mrs. Allen went into the yard her attention was attracted to a coat and, on investigating, she found the purse lying near by. She immediately called the police, and Officer Hilton took the articles. The purse had Mrs. Hodgins' name on it and it was easily identified by the lady.

A Letter of Thanks. PORTLAND, Ore., Sept. 7, 1900. Mr. O. F. Woodward—Dear Sir:—For the past two years I have been troubled greatly by the redness of my skin and a great number of pimples on my face. I tried almost everything under the sun to rid myself of these disorders, but nothing did me any good until I got a package of Lane's Tea. I have used it for two weeks steady, and my complexion is as clear as a mirror and my skin as white as snow.
