

Manager Holdredge Speaks of the Extension. The extension of the road by the Hill-Morgan syndicate was practically completed.

SURVEY IS COMPLETED. NO CHANGE IN OPERATION OF THE ROAD. (Special to The Herald.)

Omaha, April 16.—G. W. Holdredge, general manager of the Burlington & Missouri, has returned from Chicago, where the absorption of the road by the Hill-Morgan syndicate was practically completed.

After talking of the effect which the transfer will have upon the general position of the Burlington, Mr. Holdredge spoke of the immediate interests of the west, especially as regards extension and improvement of the system.

There are no changes in our relations with the St. Paul Chicago line. We were in the Burlington for a St. Louis and Kansas City feeder.

Mr. Hill, however, reports that the Burlington deal meant the establishment of a trans-continental system with the Erie as an eastern feeder. He said he had concluded negotiations for the purchase of the Burlington system, and added:

A CASE OF EXTRAVAGANCE. YOU never cut off three-quarters of a new cake of soap and throw it away!

YOU never cut off three-quarters of a new cake of soap and throw it away! Yet you pay twice the price of Ivory Soap for a cake of "tinted" toilet soap less than half as large.

Your little cake of toilet soap costs you four times the price of Ivory, for it lasts only half as long and costs twice as much.

No money can buy purer or better soap than Ivory. If it came in dainty paper, all scented and colored, you would pay fifteen cents for a very small cake of it.

Believed That Richfield Boy Was Murdered. The body of Ray Murray, the Richfield boy who strangled Marysville five weeks ago for a mine on Gold Mountain, was discovered nearly buried in the snow Monday by Marvin Dalton.

The discovery of the corpse deepens, rather than clears, the mystery that has hung over Murray's disappearance since he dropped out of sight.

The account of Charles W. Jones, the Salt Lake attorney who returned from Marysville yesterday, indicates that Murray was murdered. Mr. Jones says that Murray's body was found within 200 yards of a mine on Gold Mountain.

Mr. Jones states that a bullet hole with powder marks about it was in Murray's temple, the indications being that he was shot from a distance.

Mr. Jones believes it is possible that Murray was killed by some person who was exhibiting an interest in closing facts he may have known about a mining proposition.

Discovered by a Dog. Dalton's dog aided in the finding of the corpse. The miner was passing the mine when he saw a dog which had begun sniffing and whining over some object that protruded through the snow.

Attracted by the odors of the snow, Dalton's dog ran to the object and found the toe of a man's boot sticking up. He cleared away the snow and soon uncovered the body of Murray.

For more than a week a searching party braved all kinds of hardships in the mountains, but without success.

Mr. Jones believes it is possible that Murray was killed by some person who was exhibiting an interest in closing facts he may have known about a mining proposition.
