SELLING CITY PROPERTY.

THE CITY ADMINISTRATION is planning an amicable sale of the city's property, ostensibly to make public improvements, but more probably to pull the administration out of the financial slough into which it has fallen.

The city auditor has issued no statement of the municipal finances for months that shows the exact condition of affairs, though he has from time to time, given the council such light as he possessed on the subject.

CLARK AND THE U. P.

LOS ANGELES PAPER with a vivid imagination has discovered what has caused the prodigious advance in Union Pacific stock, it is neither Vanderbilt nor George Gould, but Senator Clark.

It's a wonder somebody didn't think of this before. There are now laid between Salt Lake and California by Senator Clark's road some ten miles of track, constructed of rails of the pattern used when Stevenson invented the first steam engine.

While all this seems highly probable, we are inclined to believe that the Los Angeles paper is on the wrong track. There is, of course, no question that Senator Clark is buying up Union Pacific stock, but the paper is astray as to his motive.

TELEPHONE EXPANSION.

FROM CHICAGO COMES THE REPORT that plans are on foot to place under one management the telephone systems of some of the largest cities in the country.

Though a comparatively recent invention, the telephone has become one of the most indispensable necessities of the modern business world.

Some telephone statistics that have been compiled by the American Telephone Journal of New York show the rapid development in this department of commerce.

Considering the short period covered by these statistics, they show a tremendous growth in the popularity of the "phone."

DEBUT OF ANOTHER TRUST.

COMMERCIAL SOCIETY IS ALL AGOG over the announcement of another interesting debut. The fair debutante is a daughter of the Good Trust family.

This will be particularly interesting to the mining men of the west, because it will be their special privilege to keep this beautiful debutante's dance program going and see that she never lacks for roses and bouquets.

WHERE SICKNESS IS A LUXURY.

PERHAPS PHILADELPHIA is not so slow after all. It at least has one physician who is no small in the matter of making up a bill for medical services.

One thing is certain. If Dr. Browning's fee is a sample of doctor bills in Philadelphia, none but the rich and the healthy have any business there.

San Diego, April 30.—Miss Hattie Rose Laube, who is reported to be engaged to Senator W. A. Clark, is advertising a lecture to be given in the city next Monday evening on the subject of "Magnetism, Love and Matrimony."

White holds first rank this summer. White waists are being trimmed with dainty daisies and other flowers, and the waists being tucked and beamed, with embroidered and beaded necks.

White and colored, wash silk shirt waists make the ordinary cotton ones by far the most popular.

Wide masses of soft ribbon used as belt and ending with long ends coming to the level of the skirt, are to be worn with summer gowns.

Russell Sage is predicting another Black Friday. The old man must have lost a nickel.

SOCIETY NOTES.

Miss Anna Shearman will return home after a three months' visit to Helena, next week.

Mrs. Butler of San Francisco is the guest of Mrs. Victor M. Clement.

Captain Jennings has returned from Wyoming.

Mr. and Mrs. William Peck of New York are visiting in the city.

Judge and Mrs. Le Grand Young and Miss Young left last evening for New York.

Mr. X. E. Burns was the host at a delightful dinner at the Knutsford last evening.

Mrs. Harry David Gue (nee Shearman) will spend the summer in Salt Lake Valley.

Harry R. Freeman has become a household name here. He has been about it until he has become a household name here.

The "marriage" took place at a breakfast at the Knutsford, on April 18, and the young woman's family knew nothing of it until after the ceremony.

While in the east Mr. Freeman buried his aged father. He was away just two months.

The Latter-day Saints' college will give the last ball of the season Friday evening, May 3, at the Knutsford.

Many of the parasites this season are outwitted in white colors and many others of pink and red.

The specks are long and as a rule less ornate than they were a year ago.

He Meant What He Said.

After the big truck driver had jumped from his wagon and reached the little girl, he said to her, "I'll be right back."
