

SHORT LINE'S NEW QUARTERS

Three Floors of the Deseret News Building.

TAKES A TEN YEARS' LEASE

RENTAL IS TEN THOUSAND PER YEAR.

The Oregon Short Line has agreed to take a ten years' lease on the fourth, fifth and sixth floors of the new Deseret News building, now in process of construction.

Negotiations have been in progress some time between the Short Line officials and President Snow. A proposition was finally agreed upon and the terms wired President E. H. Harriman of the railroad for his approval.

It has been agreed that the three floors are to be finished according to the plans of the railroad officials. Special vaults will be constructed and everything arranged for the conven-

ience of the railroad men. It is planned to furnish the new offices handsomely and make them in every respect as nearly as possible model railroad headquarters.

The principal reason for selecting the Deseret News building is that it will be a fireproof structure and the railroad officials wish to take every possible precaution against losing their valuable records again.

John E. Dooly was asked yesterday if the decision of the Short Line to lease the News building would put a stop to his plans for rebuilding the Oregon Short Line building.

"Not at all," he replied. "The building will be put up again on the original plans."

The Short Line has a six months' lease on the High school building. These quarters will be occupied until the lease expires. The walls and Deseret News building are nearly up on the main street front, with the south temple and other walls close behind. It is expected that the interior finishing, however, will take up a large part of the allotted six months.

NEW RAILROAD ATTORNEY.

E. Bierer, Jr., Appointed by the San Pedro Road.

A new official has taken up his desk at the San Pedro headquarters in the McCormick building. He is E. Bierer, Jr., who recently formed a partnership with C. O. Whittemore and who has also become assistant general attorney of the San Pedro.

Mr. Bierer came direct from Washington, where he has been for five years as assistant attorney general in the interior department. In that capacity he has passed on innumerable bills and mining cases. Bierer has given him his own peculiarly valuable railroad work.

Mr. Bierer's former home was in Milwaukie, O.

P. & I. N. Work Stopped.

Boiler work Oct. 3.—Work on the Pacific & Idaho Northern extension to the Sevea Devils has been stopped for the winter. Construction will be resumed in the spring.

Railway Notes.

The annual meeting of the Central Pacific was again postponed two weeks yesterday. It is now set for Oct. 17.

The Union Pacific's interlocking switch and signal station at Apex, Mont. was inaugurated there within two weeks.

Assistant Chief Engineer H. M. McCartney of the Salt Lake has returned from a trip over the grade below Callentes.

A proposition has been submitted to the Rio Grande road and the Short Line to raise the rates on home-seekers' business. It is proposed for the year 1902 to make the one and one-third fares for the round trip, instead of one fare plus \$2.

Western roads are again wrestling with the passenger question. It is understood that the issuance of passes will be restricted greatly, beginning with the first of next year. It is proposed to move to abolish free transportation entirely, except to employees, will not succeed.

Department of Motive Power J. F. Dunn of the Short Line has returned from Pocatello. He says the report of an engine exploding at Apex, Mont. was exaggerated. There was no explosion, he stated, but the crown sheet dropped, doing no serious damage.

The elevation of an American railroad man—Thomas G. Shaughnessy—to the knighthood by the Duke of Cornwall, has interested a number of local railroad men who have watched the career of the Canadian Pacific president who has been thus honored. Mr. Shaughnessy is a native of Milwaukee and entered railroad service in the employ of the Chicago, Milwaukee & St. Paul road.

No traffic director has as yet been

appointed for the Great Northern, Northern Pacific and Burlington combination. The reason is said to be that J. J. Hill wants Darius Miller, second vice president of the Great Northern, to have the position while E. H. Harriman is holding out for J. M. Hanna, third vice president of the Northern Pacific.

HAY'S ACKNOWLEDGMENT.

Senator Kearns Receives Letter From Secretary of State.

Senator Kearns has received a formal acknowledgment from Secretary of State Hay of his telegram of condolence on the death of President McKinley. The acknowledgment is handsomely engraved on broad letter paper, heavily edged with mourning. The long official envelope is also edged with black and contains the great seal of the United States.

The message was worded as follows: Washington, D. C., Sept. 25, 1901. Hon. Thomas Kearns, Salt Lake City. Sir—Among the many messages of grief and sympathy with Mr. McKinley and the other members of the late president's family in their overwhelming trouble, received by the government and acknowledged by me on their account, and among the multiplying expressions of profound respect for President McKinley's unselfish devotion and great services to his country, together with his family, increasing testimony to his exalted character and noble personality and increasing part of the United States—indeed, from all parts of the world—I have the honor to acknowledge with sentiments of sincere appreciation your telegram of the 17th inst. I am, sir, your obedient servant. JOHN HAY.

BUSINESS NOTES.

The bank clearings yesterday were \$545,321.64, compared with \$359,818.46 for the corresponding day of last year.

A certificate of incorporation was issued yesterday by the secretary of state to the K. & S. Trading company, which was recently organized at Richfield with a capital stock of \$5,000, in 100 shares, to conduct a general merchandise and trading business. Charles Skougard is president; Saul Krovit, vice president; Gideon Snyder, secretary and treasurer, and Max Krovit, chief clerk. Guy Lewis are the other directors.

The William A. Stickney Cigar company of Los Angeles yesterday legally entered this state for business by filing with the county clerk a certificate designating W. B. Lanus of Salt Lake the company's resident agent for Utah.

IN THE COURTS.

PETTY CASES ON TRIAL.

Judge Morse's Time Occupied in Trying Minor Law Actions.

The case of John McNally vs. R. D. McDonald for recovery of \$100 on a loan was tried yesterday before Judge Morse, resulting in a judgment for the full amount, together with interest and costs. The case was on appeal from Judge Morse's court, where the plaintiff was the winner. The action was the outgrowth of the sale of the Antelope mine, at Bingham, which has been the subject of no little litigation.

Late yesterday afternoon the case of E. E. Rich against P. A. Droubay was taken up for trial. The action is on appeal from Justice Kroeger's court and defendant, against whom a judgment was entered for the amount sued for, \$13.35, for merchandise sold.

The case of H. E. Bronschewitz & Co. vs. Otto Kappel and Henry Kiesel, which was tried some time ago by Judge Morse, was yesterday decided in plaintiff's favor by giving a judgment against Kappel for \$466.85 and costs. Recently Kappel was adjudged a bankrupt and his judgment was taken against him.

The trial of the party wall case of the Co-op. Wagon & Machine company vs. the Brigham Young Trust company was concluded yesterday before Judge Morse and submitted.

On account of illness, Judge Hall held no court yesterday and no business came up in the equity court before Judge Stewart for consideration, aside from the postponement of a case for trial. Judge Stewart will sit in the equity court today and tomorrow in place of Judge Hall.

Suit Against Irrigation Company.

A. F. Doremus is suing the Grantsville South Willow Irrigation company in the district court for \$35,955, alleged to be the balance due on a contract for constructing a concrete pipe line and accessories and for the further sum of \$288.56 for professional services rendered.

FAILURES IN COUNTRY FOR PAST NINE MONTHS

New York, Oct. 3.—Failures in the United States reported by R. G. Dun & Co. for the nine months of 1901 number 8,144, with an aggregate indebtedness of \$97,856,416. In the same months of 1900 the number was slightly smaller, 7,895, but the amount of liabilities was much heavier, \$138,254,988.

Subtracting the six hundred and thirty failures of banking and other fiduciary institutions, with liabilities of \$18,235,544, the defaults in strictly commercial channels were 8,082 in number and \$80,560,862 in amount, against 7,851 in number and \$101,867,488 in amount last year.

CHARGES AGAINST MISSIONARIES.

London, Oct. 3.—A cablegram from the Times from Wellington, N. Z., says the charge against the missionaries of the London mission in Samoa of interfering with the freedom of the natives to attend the king's birthday celebration, has been absolutely disproved, after the fullest investigation in Berlin and Samoa.

CITY HEALTH REPORT.

Sixty-two Deaths Reported During September.

During September there were sixty-two deaths in this city, which is the largest of any month since January, when there were seventy deaths. Eighteen of the dead were under the age of 15 years and eleven over the age of 65. Typhoid fever caused five deaths; diphtheria, cholera infantum, marasmus, pneumonia, appendicitis and old age caused three deaths each, and alcoholism and Bright's disease each claimed two victims.

In September fifty-three cases of scarlet fever, forty-five of typhoid fever, fourteen of diphtheria and eight cases of smallpox were reported for quarantine. The totals for the month numbered eighty-six.

ACTIVITY AT FORT DOUGLAS

Guns and Equipment Ordered For the Two Batteries.

CAPTAIN STURGIS ARRIVES

OFFICERS' STAFF IS NOW NEARLY COMPLETE.

When the sunset gun at Fort Douglas boomed forth last evening the cracking of whips and the creak of heavy mule teams winding over the post road announced to all that a new era of social as well as military activity is afoot. The teams were hauling in the personal effects and furniture of Captain Adelbert Cronkhet, the first of the newly arrived officers to prepare for the occupation which will begin.

Workmen and scrub women were busy preparing the pretty row of officers' cottages for the new tenants and soon the arrival of Mrs. Howell from Honolulu, Mrs. Cronkhet, Mrs. Sturgis and her two children, and others, will give a new aspect to the pretty reservation.

Captain S. G. Sturgis, commandant of the Twelfth battery, fulfilled his expectations yesterday by arriving to assume his new command. His coming will relieve Captain Willard D. Newell of the command, and at the same time of the unique distinction of being probably the youngest man in the government service in charge of a field battery. The men at the post hope to see Captain Newell remain as post adjutant, although he is practically under orders to proceed to Jackson barracks, near New Orleans.

Activity is apparent at the post after a long season of quietude. In anticipation of the reorganization of two batteries out of the Twelfth before the first of November, requisitions were forwarded by Adjutant Newell last night for equipment. For each battery, six guns, nine caissons, 128 horses and a complete equipment has been asked. Three of the guns in each case will be of the new aspect to the pretty reservation.

At present there are no service guns at the post, the equipment of the battery having been left at the arsenal. Two salute guns are on hand, but no horses and the accompanying paraphernalia. The requisitions sent in will be filled from the Rock Island arsenal and little delay is anticipated in having the military supplies on the ground.

STATE NEWS

ARGUMENTS COMPLETED IN MAJORS CASE.

Logan, Oct. 3.—Attorney Allison consumed the entire session of the district court last evening in making the opening argument to the jury in the Majors case. He made a strong statement of the facts of the case, and the main points of the defense made by the attorney for the state, Clyde Shropshire. Attorney McGurkin for the defense made a brief but very vigorous argument, after which Attorney Shropshire rose to the floor. He made a most eloquent plea for the defendant, moving several of the jurors and many spectators to tears. He ridiculed the claims of the state and labored on the points made by the defense.

WILLIAM LAWORN'S ESCAPE FROM DEATH.

Eureka, Oct. 3.—William Laworn was struck in the back by a rock that fell a distance of seventy feet to the bottom of a well in which he was working at the Raymond mine this morning. Laworn was bending over loading a bucket when the rock was hurled down and struck him in the spine in place at once and says if the kidney is not severely bruised the victim will get along all right.

EDDY GARTY'S BURIAL.

Eureka, Oct. 2.—Funeral services for Eddy Garty, who died early yesterday morning, were conducted at the family residence at 2 o'clock this afternoon by Rev. P. O'Donohoe, of the Catholic church. Deceased was almost 13 years old and was the son of Mr. and Mrs. M. L. Garty. He was a bright and lovable child, and a frail constitution, and battled bravely with the dread disease, typhoid pneumonia, to which he succumbed. The body will be taken to Salt Lake City tomorrow for burial. Funeral will be held from the undertaking chapel of Joseph William Taylor at 1 o'clock Friday.

PROVO WOMAN DIES NEARLY 100 YEARS OLD.

Provo, Oct. 3.—At the ripe old age of 98 years and 4 months, Mrs. Sarah Gray this morning passed peacefully away at the home of her daughter, Mrs. Gray Scott. She had enjoyed splendid health late in her life, and was doing little things around the house, but she died very peacefully, no one scarcely noticing when she breathed her last. Mrs. Gray was born in Ireland in 1804. She emigrated to America in 1822, came to Utah in 1854, and joined the Mormon church 1855. She

COALVILLE HAPPENINGS.

Coalville, Oct. 3.—The board of county commissioners adjourned today after a session lasting two days. Bills aggregating \$800 were allowed and the application of the treasurer for assistance to receive taxes in Coalville was granted. The board of health was appointed for that purpose.

Frank James, who has been in the jail here for the last four or five weeks awaiting trial on a charge of murder in the second degree, was released yesterday on giving a bond of \$5,000.

PROVOCATION FOR LEWIS.

At the next meeting of the county commissioners Sheriff Naylor will submit for confirmation the name of Former Sheriff Thomas P. Lewis for one of the jailers at the county jail. Since the commissioners assented to the proposition to have a three eight-hour shifts, instead of two of twelve hours each for guard duty at the jail, Sheriff Naylor has been detailing his deputies alternately to help out, but the civil and criminal business of the sheriff's office is increasing a such a rapid rate that it is necessary to engage the services of another man. The question of Lewis' salary will be adjusted with the commissioners, but it is expected that Lewis will accept a reduction in his pay.

JEALOUS LOVER'S CRIME.

Marshall, Mo., Oct. 2.—Al Thomas, jealous over the attentions paid his sweetheart, Miss Minnie Hayes, by Arthur Cox, shot and fatally wounded the girl in her home here and then committed suicide.

Stand by the Standard!

Price's Cream Baking Powder is everywhere the acknowledged standard, the powder of the highest reputation, greatest strength, and absolutely pure. It renders the food more healthful and palatable, and using it exclusively you are assured against alum and other dangerous chemicals from which the low-grade powders are made.

Dr. Price's Baking Powder is sold on its merits only—never by the aid of lotteries, gifts, commissions or other schemes. The entire value of your money comes back to you in baking powder—the purest, most economical made.

NOTE.—Alum baking powders are low priced, as they cost but three cents a pound to make. But alum leaves in the bread or cake glaucous salts, sulphuric acid and hydrate of alumina—all injurious, the last two poisonous.

STOLEN BULLION IDENTIFIED

The two bars of lost bullion which were found by police Wednesday night were identified yesterday by T. R. Jones as coming from the Germania bank. The bars, which are valued at about \$5 each, are supposed to have been stolen from the smelter about Aug. 28 last. The officers have not yet secured any clue to the whereabouts of the thief.

GOT A NEW LICENSE.

Arizona Wedding Permit Rejected at the Temple.

Julius D. Cropos of St. John, Ariz., and Miss Mary Nelson of Springville, Ariz., struck a bit of hard luck in the temple in this city on Wednesday. The young couple came all the way to Salt Lake to be married according to the rites of the church with which they affiliate, and so that there would be no hitch when they arrived here, they secured a wedding permit before leaving their Arizona home. At the temple they were told that their license would not permit the ceremony, although on the face of it it appeared regular. The only alternative was to postpone the marriage until yesterday, and in the meantime Mr. Cropos and Miss Nelson were in the office of the county clerk's office in this city. The groom could not understand how it was that marriage licenses issued in Arizona are not deemed valid in Utah, although the law is to the effect that marriage forms which are valid in any other state are valid in this state. The marrying couple felt much relieved when they received from Deputy Clerk Emrey a license which would be accepted without question.

POSITION FOR LEWIS.

Former Sheriff Appointed Jailer at the County Jail.

At the next meeting of the county commissioners Sheriff Naylor will submit for confirmation the name of Former Sheriff Thomas P. Lewis for one of the jailers at the county jail. Since the commissioners assented to the proposition to have a three eight-hour shifts, instead of two of twelve hours each for guard duty at the jail, Sheriff Naylor has been detailing his deputies alternately to help out, but the civil and criminal business of the sheriff's office is increasing a such a rapid rate that it is necessary to engage the services of another man. The question of Lewis' salary will be adjusted with the commissioners, but it is expected that Lewis will accept a reduction in his pay.

FABULOUS SUMS ARE OFFERED FOR WYOMING OIL LANDS

Howard L. Bair of Pocatello, who has been employed for the last four years by the Diamondville Coal & Coke company, is a guest of the Walker. Mr. Bair's family is still at Pocatello and he returned from Wyoming because of the illness of his children. "The Diamondville country, or more particularly the Pocatello country, has gone mad over oil," he said last night. "John Byers, who has a cow ranch near Kemmerer, discovered oil on his lands and eastern oil people have been after him for it. Starting at \$25,000 they have raised their price to \$70,000 in addition to giving him the use of the surface. He holds that it must be worth more and won't close a deal, although Mrs. Byers is all broken up in her desire to close it. It is apparently the Standard Oil company that is the effort to gobble up that field. Of course if they want it they will get it. I don't think the aim is to close up the field, as there is a fine illuminating oil to be had there."

REPORT FAVORING THE EXPULSION OF THE ACCUSED ODD FELLOWS

The committee of Odd Fellows from Utah lodge No. 1, which has been hearing the evidence in the charge against seven members of Ridgley lodge No. 3, last night reported unanimously in favor of expelling the accused men from the order. Under the rules the report lies on the table for two weeks in order to give the defendants time in which to prepare their cases for trial by the lodge.

The men whose interest in Odd Fellowship is at stake are Simond, John Maggini, W. S. Ewing, H. Brilbacher, F. G. Carthy, J. C. Tretaway and H. S. Scott. They were charged with T. J. Williams, with misappropriating funds belonging to Ridgley lodge, of which they were members, and the case against Mr. Williams was dismissed by Grand Master Darke because he paid over the amount which he was alleged to have unlawfully taken.

No evidence was heard by the committee last night, all of it having been presented at a prior meeting. It consisted merely of the records of Ridgley lodge, which showed that an amount of money aggregating \$1,140 had been divided among the eight defendants. No evidence was submitted for the accused, their representatives holding that their expulsion from the grand lodge, which was done last summer, constituted an expulsion from the order and that subsequent proceedings were unnecessary.

It is stated that some lively proceedings will be had at the lodge meeting a week from next Thursday night. A large attendance of lodge members is promised and some warm talk on both sides will be indulged in. Members of the order say that if the lodge votes to expel the defendants, civil proceedings will be instituted against them to recover the money which they received. If the matter gets an airing in court it is promised that the trial will be sensational.

MONEY FOR MISSIONS.

Episcopal Church Offerings Amount to No Less Than \$104,295.

San Francisco, Oct. 3.—In conjunction with the opening of the triennial convention of the Episcopal church of America today was a thanksgiving service in Grace church at which the missionary offering of the women's auxiliary, amounting to no less than \$104,295, was presented. It was received with heartfelt expressions of thanks.

The sessions of the convention were devoted strictly to business. After the announcement of the standing committee, discussion on the proposed amendments to the constitution was begun and continued with much earnestness until evening. The result of the day's work was the adoption of the first seven articles, which were proposed in the general convention of 1898. One of the changes made in the old constitution pertains to matters of church government. Largely attended meetings of the women's auxiliary and the Periodical club completed the day's programme.

A Dark and Muddy Complexion Does not become a neat woman. Lane's Tea will cure constipation, clear up the skin, sharpen the appetite and assist in the digestion of food. It acts gently upon the stomach, liver and bowels. For sale by Goodie-Pitts Drug company.

Cure for Asthma and Hay Fever

The statement published below confirms the claim of Dr. Schiffmann that he has now discovered an absolute remedy for asthma and hay fever. Mrs. Mary Zachery, Pleasant Hill, La., says: "I have found your Asthma Cure a permanent cure for asthma, for whom I used it seven years ago. I have never had the slightest return of the trouble since. I have also found your remedy excellent in Bronchitis and Hay Fever. I shall ever have a feeling of gratitude for the benefits derived from your Cure."

A Hay Fever sufferer writes: "I have had Hay Fever for fourteen years. I bought a package of your remedy (Schiffmann's Asthma Cure), our druggist and due to its use this is the first summer that I have not been troubled." Mrs. Frank Guisgole, 627 Ridge avenue, Roxboro, Philadelphia.

BEATEN WITH STRAPS.

Mormon Elders Are Driven From Bowersville, Georgia.

Bowersville, Ga., Sept. 28.—In Hart, Franklin and Madison counties Mormon elders have been active in making converts. Finally the leading citizens of these counties notified the persons at whose homes the elders were being entertained that they must send the missionaries away.

The warning had no effect, and news was received from an authentic source that two of the elders were caught, severely beaten with straps and warned never to set foot in the part of the state again. They lost no time in making their departure. No names have yet been obtained.

The members of the vigilance committee refuse to accept the statement of the converts that the Mormon faith has been entirely revised and they are excluded, and express a determination to resort to even more drastic measures should those adopted fail of the purpose.
