

SHOPS TO BE READY IN FALL

Manager Herbert Announces Intentions of Rio Grande.

BIGGER THAN FIRST PLANNED PLANT WILL HAVE AN ENLARGED SCOPE.

Manager J. M. is 'bert' of the Rio Grande system spent most of the day yesterday going over the plans for the new shops at Salt Lake. He stated last evening that a decision had been reached to build the shops much according to the original plans of the Rio Grande Western management, but on a much larger scale.

It is the intention to have two big shops on the Rio Grande system—one at Denver and the other at Salt Lake, centralizing the work at these two points as much as possible. These two shops will be equipped for all kinds of repair and construction work, except that they will not be able to build locomotives. They will be equipped to rebuild locomotives, however, whenever necessary. The Salt Lake shops will employ 100 more men than at present.

Additions to Be Made.

"It is our intention to start work on the additions and improvements to the shops in the spring, and have them ready for business by Sept. 1," said Mr. Herbert. "Speaking literally, new shops will not be built, but extensive additions will be made to the present shops. The additions will be to the south and west of the present buildings. The machinery will be modern and everything will be first-class. Facilities will be provided for all kinds of repair work, and for construction of new cars. It is expected that the new shops will be ready for business by Sept. 1, and will be able to handle 30,000 tons capacity, and when the additions to the Salt Lake shops are completed, cars like that can be built here. The shops will be able to take care of the small repair work necessary for cars running in there, but the principal work for the entire west end of the system will be done in Salt Lake. We have plans to complete so as to get the work started as early this spring as possible, and the intention is to have the shops ready Sept. 1 to give the cars a thorough overhauling here before next winter."

Working on Plans.

General Superintendent Welby, Chief Engineer, Yard and Master Mechanic Hickey have been working on the plans with Mr. Herbert. The new depot project will be taken up next, and it is hoped that some definite announcement will be made as to starting the work on that on a new passenger station for the Rio Grande along within a short time. The work of improving the main line, already under way, is being given some attention by the manager, as are the other undertakings now in progress at this end of the line.

Mr. Herbert stated that no material changes in the personnel of the officials at this end of the line are contemplated, and that previous statements that headquarters would be maintained here for the Rio Grande Western traffic and operating departments still hold good, although the general policy will be toward unifying the systems.

Holds "Haul Clause" Valid.

Supreme Court Decides Important Railroad Case.

Washington, Jan. 6.—The United States supreme court today rendered an opinion, holding as valid the state constitution of Kentucky concerning long and short hauls by railroad companies, and stating that the provision of the constitution of the state on which the decision was rendered was a proceeding against the Louisville & Nashville Railroad company, which company was under the system laid upon the charge of making a greater charge for a short haul than for a long haul, and a fine assessed. The verdict of the lower Kentucky state courts was favorable to the state law and constitution, and this finding was affirmed by the state court of appeals. Today's opinion was delivered by Justice Shiras and affirmed the opinion of the Kentucky court.

Justice Shiras, in his decision, said:

"When citizens of Kentucky voluntarily seek and obtain a grant from the state of a charter to build and maintain a public highway in the form of a railroad, it would seem to be evident that they take, hold and operate their road subject to the restrictions and inhibition we are considering, and are without power to challenge its validity."

Southern Pacific Wins.

Ind Case Is Decided Against the Government.

Washington, Jan. 6.—In an opinion handed down by Justice Brewer of the United States supreme court today, the court appeals of the Southern Pacific Railroad company against the United States and the United States against the Southern Pacific company, involving the validity of certain portions of the land grants to the railroad company were decided. The cases involved a portion of the Southern Pacific grant which conflicted with the Atlantic & Pacific grant. The judgment of the court of appeals for the Ninth circuit was reversed in both cases and the case remanded with the following instructions:

To enter a decree quieting the title

of the United States to an equal, undivided moiety in all alternate sections within the place or granted limits of the Atlantic & Pacific in California, so far as those limits conflict with the like limits of the Southern Pacific, excepting therefrom those lands in respect to which there has been some prior adjudication, and to dismiss the bill as to other lands without prejudice to any future suit or action."

Talk of Formal Protest.

Short Line Employees Aroused Over Watch Inspection Methods.

Employees of the Oregon Short Line are considering making a formal protest against the methods of watch inspection, as explained in Sunday's Herald. It is understood that they will ask that one or two other inspectors be named in Salt Lake, so that one man will not have the railroad completely in his power.

Members of six different railroad organizations

are affected by the practices. These are the Order of Railway Conductors, Brotherhood of Locomotive Engineers, Brotherhood of Locomotive Firemen, Brotherhood of Railway Trainmen, Switchmen's union of North America, and the Brotherhood of Railway Employees. Members of each of these organizations declared yesterday that the subject would be brought up for formal action by the brotherhoods.

GOVERNOR WILL CALL MEETING

Object is the Formation of a Commercial Club.

BUSINESS MEN INVITED PROCLAMATION WILL PROBABLY BE ISSUED TODAY.

Blow to Kansas City.

Kansas City, Mo., Jan. 6.—Plans for a new bridge across the Missouri river at St. Joseph, for the construction of which the Rock Island railroad is endeavoring to secure congressional consent, have been sent to Washington. It is the intention of the Rock Island, it is said, to route most of its Kansas, Oklahoma, Indian Territory and other southwestern business through St. Joseph, the plan calling for the construction of one of the finest railway bridges that cross the Missouri river. The building of the new bridge at St. Joseph will practically mean that St. Joseph and not Kansas City will be on the main line of the Rock Island.

Laborers Flock to Ogden.

Ogden, Jan. 6.—Since the positive and definite assurance of an extensive improvement to be made by the Southern Pacific and the letting of contracts in the neighborhood of Wadsworth, Ogden is filling up with laboring men willing to be among the first to go out to the new work. It is estimated that 200 have arrived within the last three days.

Railroad Notes.

General Manager W. H. Bancroft of the Oregon Short Line was called east yesterday. The Herald has received a handsome New Year's souvenir of the traffic manager of the Union Pacific. Traffic Manager T. M. Schumacher of the Short Line was expected home yesterday, but word was received that he will probably remain in Chicago another week.

SMOKE PIPE OF PEACE.

Red Men and Pale Faces Pass a Pleasant Evening.

Palefaces and red men mingled together in rollicksome good humor at the smoker given last night at the A. O. U. W. hall by the Washakie tribe No. 1 of the Improved Order of Red Men.

About 125 members of the order,

with their guests, met at the hall to witness the installation of the new chiefs who were elected for the ensuing year. An entertaining programme was rendered and refreshments were served. Among other noticeable features of the programme were a violin solo by Robert Penick, song by Bert Margetts and a lecture on "The Good of the Order" by F. W. Lewis.

Mr. Lewis told of the good the Order

of Red Men had been able to accomplish, and the possibilities for good for the future.

After the rendition of the programme

the following chiefs were installed: Sachem, J. E. Bosch; prophet, James Kelly; senior sagamore, E. B. Harrison; junior sagamore, E. B. Wisdon; chief of records, F. W. Lewis; keeper of wampum, J. H. Buckley; trustees, D. E. Killingsworth, Dr. A. Lewis and A. C. Spears.

H. J. COYLE IS DEAD

Bookkeeper of Bingham Copper and Gold Company Succumbs.

H. J. Coyle, bookkeeper for the Bingham Copper and Gold company, died suddenly at the Wey hotel Sunday night of internal hemorrhage. Mr. Coyle, it is said, had been suffering from lung trouble for several months, and for the past few weeks had been failing very rapidly. For several days he has been remaining close in his room, but it was thought that he was in a dangerous condition. Sunday evening he retired to his room as usual, but about 10:30 o'clock he was seized with an internal hemorrhage and within a few minutes death claimed him.

Mr. Coyle came here about six months

ago from Montreal, Canada. He was in his thirty-third year and was a single man. He was cousin of Jackson and John McChrystal, the well-known mining men.

The funeral services will be held

from St. Mary's cathedral today at 2:30 p. m.

SOCIALISTS IN SESSION.

Read Papers and Elect Officers For Ensuing Year.

The Socialist party held a well-attended meeting in the Federation of Labor hall last night, at which officers were elected for the ensuing year. After the meeting had been called to order A. B. Edler, the publisher of the Utah Labor Journal, read a paper in which he advocated government ownership of railroads. He was followed by J. F. Whittemore and Douglas C. Zenger, who made short talks along the lines of socialism. A motion was then made and carried to extend an invitation to Thomas Mills to deliver an address before the Socialist party on "The Science of Economics." The lecture is to be given Jan. 11 and will probably be given in the First Congregational church.

The election of officers was then

taken up and the following were selected for the next year: Recording secretary, J. F. Whittemore; financial secretary, M. A. Desmond; treasurer, Mrs. J. Zenger; literature agent, John Hansen. The following were appointed as a committee on programme for the next meeting: L. S. Larson, Mason Turner and James Hansen.

STOMACH BOTTLES

GOVERNOR WILL CALL MEETING

Object is the Formation of a Commercial Club.

BUSINESS MEN INVITED PROCLAMATION WILL PROBABLY BE ISSUED TODAY.

A call to business men to meet

and discuss the organization of a commercial club in Salt Lake will be issued, probably today, by Governor Wells. The governor last evening reiterated his former statements in favor of the organization of a club, and said that he intended to call a meeting to crystallize the sentiment which has developed in favor of such an organization. He expected to issue the call today. A large number of prominent men have been anxious to see the matter brought to a focus, but they have hesitated to take the initiative. They have preferred to see the call come from some public official, believing that it will thus better represent the entire community.

The governor will probably call some

of the leading business men into conference as to the best time and place for holding a meeting, and will then issue the call.

The subject of organizing a commercial

club was generally discussed in business circles yesterday. All classes of business men declared in favor of it. The mining men showed increased interest in the project.

Pull For Salt Lake.

T. L. Oddie, general manager of the Topopah Mining company, called attention to one direction in which a commercial club or similar organization could be made valuable to Salt Lake. "Take the Topopah business as an instance," said Mr. Oddie yesterday. "We have shipped about 400 tons of ore and have something like 30,000 tons more on the dump. We would like to ship to the Salt Lake smelters and do all our business here, but the freights are \$10 a ton, and the freight to San Francisco and from there by water to Everett, Wash., at the same rate. The smelters here would give us a better price for our ore, but the freight prevents us from shipping to them."

"A commercial club could take up

such questions with the railroads and do a great deal toward securing for Salt Lake the business that should naturally come here if the situation were presented properly to the railroad people. A great deal of business is diverted from here to Chicago and would be brought to Salt Lake if an organized effort were made to get it, and a wide-awake commercial club is the sort of an organization that would do the work. I hope the movement for such an organization will be successful."

Real Estate Transfers.

Henry H. Eager to Clara All Young, 6 acres in the southeast quarter of the southwest quarter of section 24, township 36 N., range 12 W., 2,600.

Royal Gambler to Divorce American.

New York, Jan. 6.—The Prince of Monaco has sent a special messenger to Rome with a request for a special dispensation with the pope on the subject of obtaining a divorce from the princess, the daughter of Michael Heine, the New Orleans banker, cables the London correspondent of the Journal and American.

The Portuguese composer, Isador de

Lara, is the cause of the breach—said to be past mending—between the two princes, which was decided to honor De Lara and not banish him from the principality.

N. Jackson, Danville, Ill., writes:

"My daughter had a severe attack of la grippe and a terrible cough settled on her lungs. We tried a great many remedies without giving relief. I tried Foley's Honey and Tar, which cured her. She has never been troubled with a cough since." Johnson-Pratt Drug Co.

MUTINY ON A FRENCH BARK

Mate Compelled to Enforce His Orders With a Pistol.

Oakland, Cal., Jan. 6.—With their captain dead, two men in prison for rebellious conduct, a crew bordering on mutiny, the subordinate officers of the French bark Connelable de Richemont, discharging coal at Howard's dock, have appealed to the French consulate, the commander of the French cruiser Plotelet, lying in San Francisco harbor, and the Oakland police for protection.

Mate Thelutin, who is in temporary

charge of the vessel, is maintaining his authority with a loaded pistol. The trouble on board the bark began during her 137 days' voyage from Swansea to San Francisco, thirty days of which were spent in beating around Cape Horn. The delay enraged the crew, one of whom knocked the chief mate dead. Another fatally refused to obey orders. Captain Thelutin died last Friday and since then the mates have been unable to control the men. Two of the mutinous officers have been arrested and if the local authorities cannot deal with them they will be turned over to the officer of the cruiser Protet.

The United States Government Report shows

Royal Baking Powder to be stronger, purer and better than any other.

ROY KAIGHN IS ARRAIGNED

Slayer of Haynes in the Criminal Court.

ENTERS PLEA OF NOT GUILTY

COUNSEL MAY MAKE DEMURRER TO THE INDICTMENT.

Roy Kaighn, charged with murder in the first degree for the killing of Willard S. Haynes, who was shot by Kaighn on Nov. 26 and died on Dec. 16, was arraigned in the criminal division of the Third district court yesterday. He was brought in by Deputy Sheriff Raleigh, and was also accompanied by his father, Colonel M. M. Kaighn, and his attorney, Judge W. H. King. He appears to be in good health and gave no evidence of nervousness.

During the reading of the information,

Kaighn stood directly in front of the clerk's desk, and was apparently unmoved. At the conclusion of the reading, Judge King said to the court that his client desired to enter a plea, with the understanding that he might withdraw it later and demur to the information, if such action should be deemed advisable.

This was satisfactory to Judge Stewart,

who said to the boy: "Do you desire to waive time and plead now?" "What is your plea?" the court then asked. "Not guilty," Kaighn answered, in a distinct and emphatic tone, after which he resumed his seat.

Will Plead Thursday.

Miss Rosalind E. Hewett, the stenographer, and Irwin F. Perry and William Lindstrom, her male friends, were arraigned before Judge Stewart yesterday. The charge is conspiracy to extort \$10,000 from Francis P. Flanagan, and the defendants took until Thursday morning next to plead.

First Suit Filed.

Attorney Edward A. Silberstein filed the first action in the civil division of the new city court at 3:30 yesterday afternoon. The suit is brought by E. Kahn against Frederick G. Heath to collect \$75, alleged to be due from the plaintiff and others, the entire account having been assigned to Kahn.

Divorce Cases Referred.

The following divorce cases were yesterday referred by Judge Hall to Deputy Clerk Eldridge, who will take the testimony and report to the court: E. E. Smith vs. Lottie M. Smith, Marie K. A. Eilers vs. Henry Eilers, W. E. Lawver vs. Clara E. Lawver, Nettie J. Mouton vs. J. H. Mouton, Rosina J. Barker vs. Ollie A. Barker, Deseret Grow vs. Otto Grow, Emma J. Green vs. W. H. Green, Eve Cummings vs. Charles M. Cummings. The case of Annie Mills vs. Stephen A. Mills was referred to D. H. Twomey.

Court Notes.

Judge Morse will call his law and motion calendar on Thursday, beginning with motions for new trials. A setting of jury cases will be made Saturday for hearing beginning on Jan. 27.

City Judge H. S. Tanner took

the oath of office before City Recorder H. S. Tanner yesterday, and will convene his court for the first time this morning. Judge Tanner has two handsome appointed rooms in the basement of the joint city building.

Judge Hall made a setting of equity

cases yesterday, trials to begin tomorrow. A. B. Ballard is suing W. B. Andrew et al. to renew a judgment for \$318.25. William Rees has applied for letters of administration to Hugh L. Eyler upon the estate of Amanda E. Rees, deceased. The suit is brought by L. E. Smith. The petition will be heard on Jan. 17.

Rose Engelman filed a \$1,000 damage

suit against Carl Ormsult for alleged trespass upon premises at 84 East Fourth South street, leased from the defendant by the plaintiff.

The condition of Mrs. Caroline Akert

of Murray was such yesterday that she could not be examined as to her sanity, and the inquiry was postponed. It will probably be held today or tomorrow.

Judge Hall called the law and motion

calendar of the equity division of the Third district court and disposed of a number of minor matters. Cases were dismissed during the call as follows: T. E. Starbuck vs. Thomas Snarr, State Bank of Utah vs. J. J. Corum, David Gammon vs. Thomas Snarr et al. The call will be resumed this morning.

You should know that Foley's Honey

and Tar is absolutely the best for all diseases of the throat and lungs. Dealers are authorized to guarantee it, and give satisfaction. Johnson-Pratt Drug Company.

CORRIGAN PICKS FLAWS IN SOCIALISM'S CREEDS

New York, Jan. 6.—Archbishop Corrigan has just preached a sermon on socialism at St. Patrick's cathedral, which is attracting general attention. He said that the theories of the socialists would be found faulty in their practical application. He did not agree with them that religion had nothing to do with morals or morality and that socialism alone is able to do away with wrongdoing and crime.

One of the chief arguments to prove

the divinity of Christianity, he said, was that of the amelioration and life of the adherents. Today socialism appeared before the world with more seductive promises of an early paradise. "Modern democratic socialism may be found to be impracticable to practical usefulness under certain conditions," he added. "If all men become angels, under some strictly absolute government, such as that of the angels, for a short season under the

CATARRH A Constitutional Affection.

Sprays, washes, powders, salves, medicated tobacco and cigarettes, however long and persistently used, do not cure Catarrh. They relieve temporarily the inflammation in the throat and nose, and enable you to breathe more easily and freely, but the continual rush of impure blood to these parts keeps up the irritation and ultimately produces ulceration of the glands, when the breath becomes exceedingly offensive and the soft tissues of the nose are frequently destroyed. The catarrhal inflammation extends over the entire surface of the mucous membrane, or inner skin, the stomach, kidneys and lungs are often involved; the whole system soon becomes affected by the rapid absorption of poisonous matter into the blood, and the disease that you had hoped to cure with simple local remedies, assumes a dangerous form.

I had Catarrh so bad I was entirely

deaf in one ear, and all the inside of my nose and part of the bone sloughed off. The physicians gave me up as incurable. I determined to try S. S. S., and began to improve at once. It seemed to get at the seat of the disease, and after a few weeks' treatment I was entirely cured, and for more than seven years have had no sign of the disease.—MRS. JOSEPHSON, Lapeer, Mich.

Catarrh is a constitutional disease—a

blood disease, which is frequently inherited, and only a blood medicine, such as S. S. S., can remove the hereditary taint, destroy the poisons that have been accumulating in the system for years perhaps, and restore the blood to a healthy and pure condition. The inflamed membranes and diseased glands are healed by the rich, pure blood which is carried to them, and the offensive discharges from the nose, and the terrible headache and neuralgic pains cease. Chronic cases of the most desperate character and apparently hopeless, have been cured completely and permanently by the use of S. S. S.

Write our physicians fully about your case

and they will cheerfully assist you by their advice. We charge nothing whatever for this service. Book free on application. THE SWIFT SPECIFIC CO., ATLANTA, GA.

PROVO COUNCILMEN WALKIE.

Fight Over Presidency Results in Deadlock.

Provo, Jan. 6.—Today at noon the old city council stepped out and the new in. The new council was immediately organized, with George Taylor as temporary president. When the question of a permanent organization came up a stubborn contest immediately arose between the east and west end members. The westerners favored George Taylor, the easterners George Taylor. A number of ballots on the proposition resulted in a tie, and after several ballots had been cast, the council adjourned until next Monday. Both the new treasurer and the new mayor took their respective places. The mayor has made no appointments, however, but inasmuch as Police Commissioner and Market Master resigned their positions, George Ross and J. N. Strong were put on the force temporarily. The new council will meet on Wednesday at 7 o'clock. Mayor Taylor filed his new bond, and continues his duties. The council have a majority of four in the council and the mayor is a Democrat.

LOGAN'S NEW OFFICERS.

Transfer Marked by Congratulatory Speeches.

Logan, Jan. 6.—The reins of government were placed in the hands of Logan's new city administration at noon today. The outgoing council stepped out and the new council stepped in at 11 o'clock, and after the transaction of some minor routine business, the old administration and the new one took charge. Felicitous addresses were made by ex-Mayor Anderson, Mayor Logan, and several members of the council.

The new administration is Republican

throughout, with the exception of Mayor Logan, who is a Democrat. The new council met this afternoon, and after the reading of the resolutions of the outgoing council, the new council met on Wednesday evening, when the mayor will submit his appointments.

Dr. Pearson Held.

Huntington, Jan. 4.—Today one of the most sensational examinations ever held in Emery county resulted in the binding over in the sum of \$1,000 of Dr. C. E. Pearson, for assault with intent to commit rape on the person of Miss Mae Lovell.

Castle Warner of Price and John Murn-

ington were arrested on charges of kidnapping this morning, charged with fast and reckless riding in the streets of Huntington, which brought to the attention of the police, and the new one took charge. Felicitous addresses were made by ex-Mayor Anderson, Mayor Logan, and several members of the council.

The new administration is Republican

throughout, with the exception of Mayor Logan, who is a Democrat. The new council met this afternoon, and after the reading of the resolutions of the outgoing council, the new council met on Wednesday evening, when the mayor will submit his appointments.
