

GAUER IS BACK FROM MANILA

Returns After Over Three Years Spent in the Islands.

TELLS OF SALT LAKERS THERE

ANDY BURT TO BE PROMOTED TO CHIEF OF POLICE.

After an absence of three and a half years in Manila Julius Gauer, the former Salt Lake cigar dealer, returned home yesterday afternoon.

Mr. Gauer landed in Manila at the same time as the original members of the Utah batteries.

Living High in Manila. Speaking of commercial conditions in the islands with the army scattered, Mr. Gauer states that they are not all that satisfactory.

There are several Utah boys scattered through the islands and such of these as Mr. Gauer saw before he left on the return journey he brings from them their regards to old friends.

Mr. Gauer brought the good news that Captain Andy Burt is very likely to be made chief of the Manila police force.

Salt Lakers in Islands. Harold Pitt is in business for himself and making big money, Mr. Gauer reports.

Just before leaving Mr. Gauer saw Captain F. A. Grant, who is in charge of the army transportation service to and from the islands.

On the return voyage Mr. Gauer stopped over at Tokio, Japan, and there saw Apostle Heber J. Grant and the leaders who accompanied him on the Mormon mission to the land of the mikado.

Royal Arcanum.

The regular meeting of Salt Lake council 1817 of the Royal Arcanum occurred last Saturday evening, and those members who attended were treated to a very pleasant surprise in the shape of refreshments. During the session the resignation of Mr. W. R. Raiff, chaplain, being accepted, he was elected to the position of "guide," was read and accepted with keen regret. GIVES NAMES OF MILLIONAIRES

World's Almanac Has List of Rich Men and Women.

NINETEEN CREDITED TO UTAH

OTHER INTERMOUNTAIN STATES ARE WELL REPRESENTED.

Publishing a detailed list of reputed millionaires in the United States is an innovation which the World of New York has undertaken through its almanac and encyclopaedia for 1902. The list comprises some 3,500 names, but with apologies the publishers state that while due diligence has been exercised to make the list complete, it is not certain that the 2,600 or more names Utah has a rather conspicuous position as a place where millionaires live and make their money.

The nineteen Utah millionaires are named in the World almanac as follows: Salt Lake City, S. H. Auerbach, A. G. Campbell, R. C. Chambers' estate, B. C. Holden (probably intended for Albert F. Holden), Mrs. Emery Holmes, Senator Thomas Kearns, David Keith, W. S. McCormick, A. W. McCune, Henry Newell, Samuel Newhouse, John Q. Packard, Joseph R. Walker estate, Matthew H. Walker, Thomas Weir, Brigham Young estate. There are probably a dozen more millionaires, mostly mining men and women, living in Salt Lake, whose names could be added to the list.

Credited to Ogden are the names of Fred J. Kiesel, David Eccles and D. H. Peery estate.

Nevada is credited with four millionaires—Senators Jones and Stewart and T. B. Riecky of Carson and John Sparks, the stockman, of Reno. Wyoming is credited with two wealthy residents of the prescribed class—Senator F. E. Warren and Mrs. A. R. Colver of Cheyenne.

Seven millionaires are allotted to Idaho—J. B. Broadbent, C. W. Moore and Peter Sanna of Boise, Howard S. Soree of Caldwell, Robert Noble, a cattleman, of Reynolds, and Mason Campbell and Charles Sweeney, mine owners, of Wallace.

Among the fifty-four millionaires in Colorado who have a reputation extending to Utah are J. J. Hagerman, General W. J. Palmer and W. S. Stratton of Colorado Springs, Alva Adams, Fred G. Bonfils, Colonel D. C. Dodge, J. B. Grant, Judge Moses Hallett, David May, D. H. Moffat, Thomas M. Patterson, Dennis Shesdy, Eben Smith, Dennis Sullivan, Thomas F. Walsh, E. O. Wolcott, Henry R. Wolcott and Philip Zaig of Denver, Charles Boettcher, John F. Champion, A. T. Hunt and George W. Trimble of Leadville.

Montana's twenty-eight millionaires include the names of the Marcus Daly estate, Senator W. A. Clark, W. A. Clark, Jr., Charles W. Clark, J. Ross Clark, Andrew J. Davis, H. L. Frank, F. A. Helms, A. F. Helms, Mrs. Lulu F. Largey, James A. Murray, E. L. Bonner, Thomas Cruse, James A. Talbot, Mrs. C. A. Broadwater, Thomas C. Power, Peter Larson, John T. Murray and P. M. McNamara.

In the list are the names of several who have investments in Salt Lake City and Utah. These are not only millionaires of the mountain states adjacent to Utah, but many in the eastern states and in California.

Nearly two-thirds of the millionaires are residents of the eight largest cities. New York has over 300, Boston, about 250, Chicago, 220, Philadelphia, 200, St. Louis, 150; Pittsburgh, 110; San Francisco, 110; Baltimore, 100.

Of course, many of the millionaires are possessed of wealth amounting to several millions of dollars in each individual case.

CANAL BILL IN SENATE

Measure Will Probably Be Reported Intact, But Mutilated Afterward.

Washington, Jan. 12.—The senate is still without any definite plan of action for the future, and the indications are that the present week will witness a general display of activity in the senate committee rooms than in the senate chamber.

There are very few matters of importance on the calendar, but enough to engage attention for a few hours each day until Thursday, when the senate probably will adjourn for the week.

Among the measures which there will be an effort to get out of committee during the week are: The Nicaraguan canal bill, the Philippine tariff bill and the ship subsidy bill. The indications are that the Nicaraguan bill will be reported practically as it passed the house and that the shipping bill will not be materially amended, but the Republican leaders have practically decided to make a material reduction of the tariff on Philippine imports.

It is not probable that the discussion of either of these questions will be held for some time. The utmost that is to be expected in that direction is a preliminary arrangement for consideration. Which of the measures shall receive first attention is not determined, and considerable rivalry is likely to develop for precedence. All of the three measures will be debated at some length when taken up in the senate.

The really important work of the house of representatives, aside from the Nicaraguan canal bill, is still in the committee stage, so that there is little of importance to be considered during the coming week. Monday will be given to bills affecting the District of Columbia.

After that the pension appropriation bill will be passed. Although this measure carries about \$135,000,000 it follows the department estimates and does not involve any serious issues, so that after a brief explanation its passage usually follows promptly. For sale by all druggists. Little book, "Piles, Cause and Cure," mailed free. Pyramid Drug Co., Marshall, Mich.

With the disposal of these bills there will be little to engage the attention of the house, and there promises to be several periods of adjournment, during which time the committees will perfect the largest measures to be brought before the house. The chief interest of the week will center in hearings on Cuban reciprocity to begin at 10 o'clock Wednesday morning before the ways and means committee. The hearings will continue for several days and it is expected that General Wood, prominent Cuban affairs, as well as the interest opposed to reciprocity, will address the committee.

Well Feathered. (Detroit Free Press.) "How do you like your new elderdown jacket?" "Fine. It makes me feel like a bird."

STAY NEWS

COURT AT RICHFIELD.

Richfield, Jan. 11.—Judge McCarthy is now busily occupied with hearing cases in his opening term of court for this county. Thursday he heard the case of A. M. Magnuson of Orangeville vs. J. W. Fairbanks of Annabella. Mr. Magnuson left his horse with Mr. Fairbanks over two years ago to be pastured. Not hearing from his owner, Mr. Fairbanks sold the animal a few weeks ago for \$40. Mr. Magnuson learned of this and demanded the \$0. Mr. Fairbanks refused to pay it over, hence the suit. The court rendered judgment in favor of the plaintiff but awarded defendant \$20 for keeping the animal.

The Annie Laurie Mining company vs. the Ross Mining company, occupied the court all day yesterday, and probably will consume today. The plaintiff sues for damages on account of breakage of flume by rocks rolling from the dump of the Ross mine. The defendant claims the Annie Laurie company built its flume across the Ross company's ground without the latter's consent, and without securing a right of way. The plaintiff crosses by alleging that the Ross company has no title to the ground crossed by the flume and it liable for the damage it causes.

MT. PLEASANT'S MAYOR NAMES APPOINTIVE OFFICERS.

Mt. Pleasant, Jan. 12.—The new city council held its first business meeting last evening. Perhaps the most important business was the appointing of the new officers. Mayor Christensen made the appointments and they were all ratified by the council. The members of the council, who are all Republicans, had caused the evening before and had prepared a list of the men whom they wished appointed and just before the meeting last night submitted it to Mayor Christensen, who is a Democrat. The mayor complied with it as far as possible, so that the desired harmony between the two ends of the council above all else, but could not comply owing to the fact that other arrangements had been previously effected. The appointments were as follows: City attorney, Ferdinand Erickson; city physician, William P. Winters; city sexton, M. F. Rosenberg; city water master, John L. Larsen; city supervisor of streets, Peter Sorenson; foreman fire department, Andrew Rosenlund; city poundkeeper, Niels Larsen; city board of health, W. P. Winters; A. H. Malben, Ferdinand Erickson; city inspector, Hans J. Brown.

All appointees excepting the poundkeeper and city inspector are hold-overs, and all are Republicans except three, the city attorney, physician and water-master.

Preparations are being made here for a gala day among the sporting members of the community tomorrow, and all hands are very much interested. The occasion is a rabbit hunting contest between the crack shots of this city and those of Payson. The hunt will take place in the fields south of town in the afternoon. There will be fifteen men on each side, and the hunters will all go on foot. The prize for which the contest will take place is a free dance and supper for the winners at the expense of the losers.

The Mt. Pleasant boys are quite confident of success, as they have been doing so very much interested. In a contest of three hours' length last week with a team from Fairview the local boys made an average of 22 rabbits, defeating their opponents by over 150.

The Blackhawk Indian war veterans' organization of this city will give its first public function next Tuesday. A programme and luncheon by about 60 old folks will be enjoyed in the afternoon and in the evening the same crowd will be amused by a dancing party.
