

NEW RESIDENCE OF M. H. WALKER.

THE above is a picture of the handsome and spacious new home of M. H. Walker, to be erected on the southeast corner of South Temple and Sixth East streets. The building, as designed by W. E. Ware, the architect...

Meeting of the city principals was held Thursday at the superintendent's office to perfect plans for the entrance of the visiting teachers...

The Engineering society members are planning to issue a mining magazine which shall represent the interests, needs and work of the various departments of the State School of Mines...

A test with the chemical fire extinguisher at the high school last week proved eminently successful. The only thing extinguished was a large bonfire in the yard...

The heating apparatus at the Wasatch school is now yet completed. The basement rooms are particularly cold and patrons are hesitating about permitting little ones to attend.

The library at the Emerson school is still growing and the new books which have been ordered will form a fine addition to those already on hand.

Miss Elizabeth Bain, of the High School, who did the history work in the Iowa summer schools last summer, will address the grammar grade teachers on the subject of teaching history at the department meetings next Friday.

Miss Estelle Engelman is back at her work after a brief absence from the school room.

Mrs. Mabel Y. Held has secured a year's leave of absence from the work of the school.

Miss Vera Tempest spent Monday at the Longfellow school doing substitute work.

The Wasatch teachers visited schools during the last three days of the week in a busy, selecting those where they might see the work of all grades. They spent the time of their enforced absence very profitably.

Miss Miriam Prosser, the sister of Principal Prosser of the Bonneville school, left yesterday for her home in Burlington, Ia., after a month's visit with Mr. and Mrs. Prosser.

Miss Fannie Buckner has been added to the regular corps at the Ogden school and will have charge of the overflow work in the fourth and seventh grades.

Mr. Newman was a visitor at the Lincoln school Wednesday.

Mrs. Hinton, Mrs. Ledyard M. Bailey and Mrs. McCune were among the visitors at the Webster school last week.

Mrs. Porter of the Riverside corps is taking charge of the music on the upper floor of that school.

Mr. Foslon, principal of the Washington school, was a visitor at the Fremont last week.

Miss Houghton of the Sumner will have charge of the music in that school.

Miss Hobart of the American Fork schools was a visitor at the Twelfth school during the week.

Mrs. Howard, Miss Murphy and Mrs. Partridge were among the visitors at the Hamilton last week.

Mrs. Tomlinson visited the west side schools and some of the smaller schools on the east side during the past week.

Mrs. Murphy and Moley of the Wasatch school spent the week at the Longfellow visiting with Miss Stanchfield.

The Franklin school had the whole of the teaching force of the Wasatch for visitors last Thursday.

University Notes. Chapel exercises last Wednesday morning were conducted by the Rev. Dr. W. M. Paden, who gave a good talk upon "The Chance of Our Life."

The Normal society met last Monday and after an enjoyable programme consisting of the following officers for the ensuing term: J. Owen Carter, president; Blanche W. Musser, vice president; May Holbrook, secretary; Louis Van Dam, assistant secretary; and Florence Lloyd, additional members of the standing committee.

The Sophomores, still known as the "Reds," have decided to give a dance in the assembly room of the museum building on Friday night, Oct. 17, under the management of their newly elected officers. These officers are: Mrs. Meyer, president; Lydia Knudsen, vice president; Margaret Young, secretary; and A. H. Chambers, treasurer.

The University Athletic council, consisting of President Kingsbury, Professor Byron Cummings, Instructor Harvey Holmes, Mr. G. C. Riser of the student body and Mr. P. P. Christensen, president of the University Alumni association, held a meeting at the university on Friday to discuss means for encouraging athletics. Nothing definite was done except the authorizing local football games, in which the university team will take part, for the first of the season.

Miss Moech presented eight volumes on physical education and the new recruits are making good progress in the drill. The students who have taken the military training for one or more years speak most highly of the benefits which they have derived from this discipline.

Saturday morning the football team, accompanied by a number of the students, left for Logan, where they played with the Agricultural college in the afternoon. The line-up, which was somewhat different from the previous game, was as follows: Center, Fred Richmond; right guard, Earl Bradbury; right tackle, Paul Nelson; right end, Will Davis; left guard, Lawrence Anderson; left tackle, Harry Bore; left end, Frank Dyer; right halfback, Harold Bird; fullback, Ralph Bowditch; left halfback, Dale Pitt; quarterback, Ellis Black; substitutes, Curtis Brown and Edward Pierce.

The boys have been practicing a number of new plays during the week and secured in excellent form for the game. They will return from Logan tonight. The next game is with the University of Utah, Oct. 11.

The second football team has been organized with Harold Heffron as captain and Will Block as manager. The line-up is as follows: Center, Will Bushwell; right guard, Fred Richmond; right tackle, Will Castleton; left tackle, Howard Lee; right end, Ray Needham; left end, Fred Bird; right halfback, Harold Bird; left halfback, Will Block; fullback, Curtis Brown; substitutes, Curtis Brown and Edward Pierce.

On Tuesday evening the girls interested in basket ball held a meeting to discuss plans of organization. Mr. Eaton talked to the girls in regard to the benefits of the exercise and promised them if possible to secure a suitable room for their use. Two teams were selected, with Louise Bascom as manager. The line-up of the two teams is as follows: Center, Mary Millerton; forwards, Christy Patten and Edith Chapman; guards, Edith Thomas and Hazel Stevens; second team: Center, Alyda Anderson; forwards, Mary Hodgson and Sybil Fortz; guards,

add much to the attractiveness of the room, and also form the basis of water color studies. One of the best of these studies of the geranium was that done by Ada Whittlesey.

On the east wall against a background of green burlap, Miss Treadwell has hung a number of photographs of masterpieces, representing artists of different periods, from Giotto and the early Italian down to the present time.

Next week the art classes will begin to study painting from life. An oil painting by Mr. Targart has occupied the place of honor in the shadow box of the high school, which is at Brighton, showing a grove of quaking aspens in the foreground, behind which the Wasatch mountains rise in a coloring and cloud effects the painting is especially beautiful.

The physical education classes have completed the study of the skeleton, and have handed in some well-prepared notes with notes and drawings of the bones. Among those who had particularly commendable books were Harry Lee, James Alvey, Gertrude Patterson, Homer Edwards, Joseph Barlow, Edith Chapman and Ona Pickens. During the week many of the excellent standing on their first month's work in chemistry.

The commercial geography classes have been reviewing, and on Wednesday took a test on their first month's work. "The Commercial Industries of the United States" is the next subject to be considered.

Mr. Peck has organized a speed class for the benefit of the advanced pupils who wish to do extra work. The class is held in the room from rapid dictation, and has already made some good records.

A new text book in grammar and business correspondence, published by the American Book company, has been adopted for the commercial English class. The Evans and Stratton's grammar formerly used is now out of print.

The notebooks which have just been handed in by Miss Bond's class will be given to the students who have completed the study of the Oriental nations and are now at work on Greece. A large number of the girls have completed the study of the Oriental nations and are now at work on Greece.

The books containing these historical materials have been adopted for use in the various history classes. The first is the outline map, which is to be filled in by the students. The second is a blank page, leaving room for an explanation of the historical details.

Mr. Reese's German classes spent the past week in taking reviews and tests, in addition to some interesting work in vocabulary.

The English division of the freshman class under Mr. Hedge has been studying the history of the world for one day a week, while the other four are given to grammar and composition.

Maie Alder and Louise Ur. The teams held their first practice Thursday afternoon.

Last week Lieutenant Webb announced the appointments of company commanders for the coming year.

On Monday the senior class held a meeting at which the constitution of the organization was adopted.

On Friday the second year students elected their executive committee: Roy Hatch, Edna McMaster and Mauden Nelson.

Professor Stewart has required all students of pedagogy and educational psychology to attend the coming lectures of Dr. Hughes before the State Teachers' convention, and to report to him in writing.

The college women have been assisting in the library building and have elected officers as follows: President, Alice Paul; vice president, Ivy Dick; secretary, Claudia Schmiere; and treasurer, Emma Douglar.

W. N. Hutt, the new horticulturist, arrived last Monday. Mr. Hutt is a graduate of the Agricultural college of Ontario, Canada, and has been teaching horticulture in one of the agricultural colleges of New England.

The Colorado Agricultural college football team will play the local eleven on Thursday, Oct. 10.

Dr. Widtsoe of the experimental station is spending the week at the state fair. While in Salt Lake City he will attend the annual conference.

John Bankhead has been employed as an assistant in commerce. Mr. Bankhead is eminently qualified for the position. He is a graduate of this college, being a member of the class of 1897.

Miss Carrie McAllister has been engaged as an assistant in the secretary's office.

Professors Linfield and Dryden of department of animal industry were down to the state fair.

The football boys are practicing daily. The first practice game of the season was played last night between the first and second teams. The honors were about evenly divided.

Miss Moech presented eight volumes on physical education and the new recruits are making good progress in the drill.

Our genial janitor, Joe Benson, departed on a mission to Germany last Wednesday. He has been succeeded by R. O. Larsen, an employee of the college farm for a number of years.

Next Saturday evening the faculty of the college will tender a reception to the students. A fine programme has been arranged by the committee. A number of students regret that dancing will not form part of the reception.

Professor Burcell reports that there are seventeen candidates for graduation from the commercial department this year.

High School Notes. Thursday marked the close of the first month's work, and on next Friday the students will be called upon to give an account of their progress.

The students of the fourth year normal department held a meeting at the university on Friday to discuss means for encouraging athletics.

The Sophomores, still known as the "Reds," have decided to give a dance in the assembly room of the museum building on Friday night, Oct. 17, under the management of their newly elected officers.

each of which has been especially designed with reference to room and comfort. In the basement, which will be especially fitted for that purpose, there will be a bowling alley and billiard room. A conservatory will connect with the dining room, hall and parlor.

Orson Pratt of Fredonia enrolled in the sophomore class this week.

Walter Koyling has returned from the east and entered the sophomore class.

Ellis Folsom of the class of 1902 is to teach in Garden City this year.

Mr. Eaton visited the East Side High school on Wednesday.

Mr. Hoff, a former teacher in the High school, and his brother, H. S. Hoff of Lake City, Colo., visited the High school on Tuesday.

ASKS FOR DIVORCE. Mary Morton Rives Brings Suit Against Judge Rives.

Mary Morton Rives, wife of Judge Henry Rives, one of Salt Lake's lawyers, filed suit for divorce from her husband in the district court yesterday.

The grounds upon which she asks the dissolution of their marriage bond is that of habitual drunkenness on the part of her husband.

In her complaint she avers that her husband is practicing law and is capable of earning about \$500 per month.

Judge Rives is also the cousin of Amelle Rives, the authoress, who is now the Princess Troubadour.

WITH ALL ON BOARD. Victoria, B. C., Oct. 4. -Advices by mail from China tell of the loss of the steamer Sand Lion off the China coast.

The vessel, which was bound from Rangoon to America and employed 200 Chinese crew members, is believed to have been lost in a typhoon with all on board.

AN OLD SORE

Will sour the sweetest disposition and transform the most even tempered, lovable nature into a cross-grained and irritable individual.

If impatience or fault-finding are ever excusable it is when the body is tortured by an eating and painful sore.

It is truly discouraging to find after months of diligent and faithful use of external remedies that the place remains as defiant, angry and offensive as ever.

The blood must be purified before the sore will fill up with healthy flesh and the skin regain its natural color.

It is through the circulation that the acid, corroding fluids are carried to the sore or ulcer and keep it irritated and inflamed.

S. S. S. will purify and invigorate the stagnant blood when all sediment or hurtful materials are washed out, fresh rich blood is carried to the diseased parts, new tissues form, and the decaying flesh begins to have a healthy and natural look; the discharge ceases and the sore heals.

S. S. S. is the only blood purifier that is guaranteed entirely vegetable. It builds up the blood and tones up the general system as no other medicine does.

If you have a sore of any kind, write us and get the advice of experienced and skilled physicians for which no charge is made. Book on Blood and Skin Diseases free.

CURED IN ONE MONTH RELIEF THE FIRST MONTH RELIEF IN TWO WEEKS

An Example of What Can Be Done When Experts Handle a Case.

MRS. C. J. PENNINGTON. 29 South 4th East St., Salt Lake City.

Mrs. Pennington says: "I have been a great sufferer from Catarrhal troubles for about twelve years. Among other symptoms, I noticed I was gradually losing my strength and health. My head and nose stopped up continually. I had to hawk and spit to clear my throat, and had incessant headache. "I have been under Drs. Shores' treatment now just one month and it has been a month of pleasure to me. Already I feel much better, my head and nose are quite clear, the nose does not bleed now like it used to, and I am very much pleased with the results so far, and am glad to endorse Dr. Shores' treatment."

"MRS. C. J. PENNINGTON."
