

REAL TROUBLE ABOUT TO BEGIN

Great Britain and Germany Have Bones to Pick With Venezuela.

POLICY OF UNITED STATES

NO TERRITORY CAN BE TAKEN BY EUROPEAN POWERS.

CLOGNE, Nov. 24.—In an evidently inspired note the Cologne Gazette of today says: "England should certainly teach Venezuela a sharp lesson since President Castro refuses to recognize the demands of justice and equity. Germany and other states have also serious grounds for complaint, and it is time the relations of Venezuela toward foreign powers should be defined."

Washington, Nov. 24.—The state department is thoroughly well informed of the length to which Great Britain, Germany and other European powers propose to go in their dealings with Venezuela. Great Britain and Germany have, in fact, sounded the department to learn whether any objections would be made to active measures on the part of the government to the internal dissensions which have raged in Venezuela for several years past. The department has been extremely cautious in dealing with these inquiries but the substance of its replies in all cases has been set out in the declaration of President Roosevelt that the United States adheres to the Monroe doctrine to mean that it should shelter any of the American republics against the results of international amity.

A FEW MORE REBELS.

They Were Easily Whipped and Peace Belongs. Willemstad, Nov. 24.—A new invasion of Venezuela from Colombia occurred recently when 2,200 revolutionists, Venezuelan by birth, invaded the territory as the result of the surrender of General Uribe-Urbe, and commanded by Generals Hangel Garbais and Espirado Santo Morales and I. Comandante territory. On Saturday last, after a severe encounter at Las Danetas with Venezuelan troops commanded by President Castro's brother, the revolutionists were checked. Colombia is generally regarded as being innocent of the movement, though the government at Caracas insists that Colombia is responsible.

Caracas, Nov. 24.—General Velutini, the representative of President Castro in the eastern provinces, will leave tomorrow for Barcelona and Ciudad Bolivar with 2,000 men to inaugurate a campaign against the revolutionists. In an interview today General Velutini said: "The revolutionists have 1,600 men at Barcelona today, but I do not believe any hard fighting will be necessary to capture those forward positions of the Andinos, who will enter the combat with the prestige of victory. With the fall of Barcelona and Ciudad Bolivar the revolution will be crushed. Venezuela will enter on a long period of peace. A new revolution is not feared. There can never be another Matos, supported by foreign troops, leading military chiefs, warships, 10,000 men and plenty of ammunition."

Washington, Nov. 24.—United States Minister Bowen at Caracas has informed the state department that an official bulletin announces that forces from Colombia invaded Venezuela on the 16th instant and were defeated on the 19th. The forces referred to by Mr. Bowen are supposed to be Venezuelan insurgents who entered the Guajira peninsula from Colombia and approached Maracibo recently. It was announced last week that the government was dispatching a force by water to meet the invaders.

Real Estate Transfers.

Carl E. Hall to Erick Gillen, 27 acres in the southwest quarter of the northwest quarter of township 2 south, range 1 east. \$1,250. Eliza Fairbourn et al. to Carl E. Hall, 27 acres in the southwest quarter of the northwest quarter of section 34, township 2 south, range 1 east. \$1,250. John Charles to Edward Laird, 53.00 acres in the southwest quarter of the northwest quarter of block 88, plat A, 2d. \$6,000. J. E. FOUNDED A HOSPITAL.

Rome, Nov. 23.—King Victor Emmanuel has signified the birth of the Prince of Magdara, who was born Nov. 19, by giving \$20,000 to the founding hospital and \$20,000 to the free hospitals.

Best Liniment on Earth.

I. M. McHenry, Greenville, Tex., writes, Nov. 2, 1902: "I had rheumatism last winter, was down in bed six weeks; tried everything, but got no relief, till a friend gave me a part of a bottle of Ballard's Snow Liniment. I used it, and got two more bottles. It cured me, and I haven't felt any rheumatism since. I can recommend Ballard's Snow Liniment to be the best liniment on earth for rheumatism." For rheumatic, sciatic or neuralgic pains, rub in Ballard's Snow Liniment, you will get better long, but will be gratified with a speedy and effective cure. 25c, 50c and \$1.00 at Z. C. M. I. Drug Dept.

Not in Butler's Gallery.

We wish our patrons to know that the Watson assault did not occur in the State street gallery, formerly owned by Matsuda, but in a gallery on Main street, where he is employed. Matsuda sold his interest in the State street gallery several months ago.

TWO GANGS OF BENONIANS ON OFFICIAL COUNT

Canvassing Board Declares Him Elected Senator.

HOWELL'S PLURALITY 5,504

STRIKERS ENTER A PROTEST

ENOUGH work has been done on the Salt Lake & Suburban road to settle disagreements regarding the intentions of the company. A force of men, under the direction of Engineer Guy Stearns yesterday began the grading for the road. It is the intention to keep two gangs of men at work. One will work north and the other south from Fifth East street, between Fifteenth and sixteenth South streets. They are being distributed at convenient points along the route and two weeks will see the work pretty well in toward the heart of the city.

The road will go through considerable city territory now reached by no other line. The Murray and Calder's park cars go within several blocks of the starting point. The tributary lines will branch out at regular intervals from the main line into localities that heretofore have been some distance from car lines. Some of these localities are pretty well built up and the cars will stimulate other building, which has been delayed owing to the lack of transportation facilities. It is expected to get the main line completed before the winter weather interferes with the work.

STRIKERS ENTER PROTEST.

Work from the Union Pacific Agitates the Boiler Makers. No more Union Pacific locomotives will be sent to the Southern Pacific shops while the strike lasts. An effort has been made to have the Oregon Short Line and the Santa Fe shops take care of some of the work, but owing to the objections entered by the strikers, it is probable that this will not be done. The question was brought up at the recent conference held at the coast city office, where the three roads. A complaint was made directly to President E. H. Harriman that the Union Pacific repairs were being made by the Southern Pacific. President Harriman assured John McNeill, president of the Brotherhood of Locomotive Engineers, that no more Union Pacific locomotives would be sent to the coast company's shops. He intimated that he was not aware that such work would be done, and that the instructions were also sent to the superintendents of the road to take no more work from the Union Pacific while the strike is on. A threat was made that the boiler makers on the Southern Pacific would be called out if the practice was continued.

The Union Pacific has had more repair work than it could handle with a green force, and it has depended on other roads. The Short Line officials claim they are unable to handle any of the work, owing to the cessation of work of their own. The Union Pacific has had more repair work than it could handle with a green force, and it has depended on other roads. The Short Line officials claim they are unable to handle any of the work, owing to the cessation of work of their own.

A BLOOD RED LIGHT.

Waves a Blazing Warning to Trains Approaching From Behind. Railroads generally are adopting the fuses danger signal. The torch is still a part of the equipment. The number of rear end collisions has gone beyond the experimental stage. The torch is a simple device, resembling a Roman candle and similar in appearance. At one end is a charge of red fire and at the other end is a leaded glass lens. The torch is loaded end is so much heavier than the stick that when it drops from the train, it holds the stick in an upright position. The torch is lit from the rear of the moving train. The light always strikes right side up, owing to the fact that the torch is lit from the rear of the moving train. There it stands, like a blazing finger, waving a blood-red warning to any train approaching from behind. The use of this particular value on roads where the telegraph stations are a long distance apart, but where the stations are close together, it is believed that the engineers have seen the new signal show a wonderful decrease of accidents. The light is several times brighter than the ordinary lamp and can be more readily seen in foul weather.

The Rock Island and the Burlington both use the light for the protection of their passenger trains, and the light is used on the Rio Grande system, but other western roads have not used it, depending upon the telegraph and the use of the fuses to signal approaching trains which may be pressing too closely.

Scalpers Counterfeit Tickets.

A new fraud is being worked on the Rio Grande by eastern scalpers. Circulating in the county are counterfeit tickets, showing photographs of a new counterfeiter. The first known by the company that such a ticket was out was a copy of \$10.00 worth of the tickets. Although the counterfeit is a poor affair, it would readily be accepted by conductors of any train but those on the Rio Grande system.

That Short Line Charter Again.

Helena, Mont., Nov. 24.—A certificate was filed with the secretary of state today bearing the signature of E. H. Harriman, president of the Oregon Short Line railway, and Alexander Sibley, secretary, which made some amendments to the charter of that corporation. The amendments permit the company to engage in the business of acquiring and operating steam and other lines, and to acquire, by lease, purchase, merger or consolidation, branch or cut-off lines.

Railroad Notes.

Hoyt Sherman, local agent for the Colorado Southern, left for an eastern trip yesterday. Trainmaster James H. O'Neil of the Montana Central railroad has been appointed to the position of general manager of the Great Northern. The Northwestern is running a tourist train on the coast connection with the Rio Grande. Trains going both directions leave the Rio Grande station on Mondays and Saturdays.

BREAD RIOTS IN RUSSIA.

St. Petersburg, Nov. 24.—Broad riots are reported from the Ural districts, where thousands of persons are idle because of the closing of the iron works. The strikers are being granted amnesty, some unconditionally, and some after being subjected to police supervision. The secret police have been increased by one-third, the number of men heretofore employed in that department.

THANKSGIVING SERVICE.

The German Evangelical Lutheran congregation will hold a service on Thanksgiving day at 10:30 a. m. at the Swedish church, between Second, Second and Fourth East streets. Rev. J. Graebner will preach the sermon.

Beautiful Clear Skies.

Herbier exerts a direct influence on the bowels, liver and kidneys, purifying and strengthening these organs, and maintaining them in a normal condition of health; thus removing a common cause of yellow, mothy, greasy skin and more or less of pimples, blotches and blackheads. 50c at Z. C. M. I. Drug Dept.

MACABEE'S EXCURSION.

To Provo Thursday. Via Oregon Short Line, by special train at 2:30 p. m. and special returning. Round trip only \$1.25.

BENONIANS ON OFFICIAL COUNT

Canvassing Board Declares Him Elected Senator.

HOWELL'S PLURALITY 5,504

STRIKERS ENTER A PROTEST

ACCORDING to the official returns, Harden Bennion has been elected to the state senate from the Eleventh district, receiving a plurality of forty-six votes over B. R. McDonald, the Republican candidate. The vote stood 2,230 for Bennion to 2,244 for McDonald. Bennion was, therefore, officially declared elected, and Secretary of State Hammond, as secretary of the canvassing board, made out his certificate.

The official returns show that Joseph Howell, Republican candidate for congress, received a plurality of 4,781 over Major Richard W. Young. The state canvassing board, composed of the state auditor, state treasurer and attorney general, met yesterday in the office of the secretary of state and canvassed the returns from the various counties. The board paid attention to the vote on congressman, supreme judge and on state senator where the districts comprised more than one county. This applied to only the Eleventh and Twelfth districts.

Vote on Congressman.

The total vote on congressman was 84,542, approximately 90 per cent of the vote of 1900. Howell received 43,710 votes and King 38,196, while the Socialist candidate, Matthew Wilson, received 2,636. The Socialist vote was naturally highest in Salt Lake county, where 1,221 votes were cast for Wilson. Weber comes second with 411, Summit third with 272 and Utah fourth with 203. At the tail of the column are Kane, Morgan, Rich and San Juan, with one Socialist vote each.

The vote on congressman and supreme judge by counties is as follows:

Table with 4 columns: County, Representative, For Judge, and Total. Rows include Beaver, Box Elder, Carbon, Davis, Emery, Garfield, Kane, Juab, Millard, Morgan, Piute, Rich, Salt Lake, San Juan, Sevier, Summit, Tooele, Utah, Uintah, Wasatch, Washington, Wayne, and Weber.

In Senatorial Districts.

In canvassing the vote of the Twelfth senatorial district it was found that McDonald carried Carbon, Grant and San Juan counties, while Bennion carried Emery and Uintah counties. The vote in detail is as follows: Harden Bennion, 241; B. R. McDonald, 209. In the Eleventh district, A. B. Lewis, the Republican candidate, carried Carbon, Davis, Emery, Kane, Morgan, Piute, Rich and San Juan counties. The vote in detail is as follows: A. B. Lewis, 471; Harden Bennion, 209.

THIS \$100 IS GONE.

Park City Miner Left It For Safe Keeping With Bartender. A complaint will be sworn out against the bartender of an Italian saloon on West South Temple street charging him with the theft or default of \$100, which a miner named William Bradley, from Park City, says he left with the bartender, and which he never returned. Bradley and a partner, Jack Condon, came into town last Saturday with all pockets filled with money. Logically enough, they got "soused." Condon says he took \$100 away from his drunken partner and had the bartender put it in the safe, telling him not to return it to Bradley except in his (Condon's) presence. Bradley was arrested for drunkenness and the station an extra \$100, which his partner had overlooked, was found in his shirt.

Mrs. E. B. Bradshaw, of Guthrie, Okla., cured of a severe case by Lydia E. Pinkham's Vegetable Compound.

A great many women suffer with a form of indigestion or dyspepsia which does not seem to yield to ordinary medical treatment. While the symptoms seem to be similar to those of ordinary indigestion, yet the medicines universally prescribed do not seem to restore the patient's normal condition. Mrs. Pinkham claims that there is a kind of dyspepsia that is caused by derangement of the female organism, and which while it causes disturbance similar to ordinary indigestion, cannot be relieved without a medicine which not only acts as a stomach tonic, but has peculiar uterine effects. Thousands of testimonial letters prove beyond question that nothing will relieve this distressing condition so surely as Lydia E. Pinkham's Vegetable Compound. It always works in harmony with the female system. Mrs. Pinkham advises sick women free. Address Lynn, Mass.

FEWER ENLISHER MEN.

Ogden, Nov. 24.—An order received today at the department of Missouri reducing the number of enlisted men has especially effect in cutting down the number of colored soldiers in this department, about 450 being employed, 375 of this number being attached to the Twenty-fifth infantry at Forts Niobrara and Reno, and seventy-three from the Tenth cavalry at Forts Sill and Robinson.

BEATEN BY BURGLAR GORE TRAGEDY

Marauder Seriously Injures Mrs. Riley in Her Home on East Sixth South Street.

Suspected Russian Showed How the Deed Was Done.

NEW INVESTIGATION STARTED

CONSUL GENERAL GOWDY ACTING UNDER INSTRUCTIONS.

PARIS, Nov. 21.—The Gore tragedy was presented in a dramatic aspect today, when the French officials took De Rydzewski to the scene of the occurrence and compelled him to re-enact every detail of the affair, this being done under the practice of the French law which requires the reconstruction of the tragedy in the presence of officials under exactly the same conditions as it was originally enacted.

THREATENS TO KILL

John Bauer Orders Conrad Dietz to Leave the City Within Three Days.

A warrant was issued by the county attorney yesterday charging a German, John Bauer, with threatening assault. There is more to the charge than appears on the face of it. It is the result of a threat made by Bauer to kill the county attorney, Conrad Dietz, within three days if the latter did not leave the city.

HER CHARACTER GOOD.

Thomas Sinclair Gore Pays Tribute to His ex-Wife. San Francisco, Nov. 24.—Thomas Sinclair Gore, the former husband of Mrs. Gore, who recently met with a tragic death in Paris, made a statement for publication today in which he paid a high tribute to the moral character of his ex-wife. He explained that their divorce was brought about by their fondness for music, Mrs. Gore absenting herself from home for months at a time with the purpose of seeking death in Paris.

A BROTHER OF MRS. GORE.

Relative in Washington Requests a Searching Investigation.

Washington, Nov. 24.—The state department has received a telegram from a Mr. Stoydill, who says he is the brother of the unfortunate Mrs. Gore, who was killed in Paris. He requests the department to cause a thorough investigation to be made into the conditions surrounding the woman's death and also to see that her remains are properly interred. Mr. Stoydill's telegram is dated at Republic, Wash. The department has accordingly advised United States Consul General Gowdy in Paris that if the woman was murdered her murderer shall be punished. He also will execute the request as to the interment.

PRISONER RELEASED.

French Police Believe the Killing Was an Accident.

Paris, Nov. 25.—The Figaro publishes this morning an interview with Maitre Cruppi, who as counsel for the prisoner, was present at yesterday's examination. He gives some additional details regarding the reconstruction of the scene of the tragedy. Dr. Socquet enacted the part of Mrs. Gore, sitting on the bed in the position indicated by the prisoner. It was taking his case from the table that De Rydzewski knocked off the revolver, the heavy butt of which struck the floor. The medical expert and the armorer, Gastime Renette, both testified that the investigation did not justify them in contradicting De Rydzewski's version of the affair. The examining magistrate then, addressing the prisoner, said: "It is well; you are free."

THEATRICAL PERFORMANCE.

Russian Suspect Repeats the Details of the Tragedy.

Paris, Nov. 24.—Acting on instructions from the United States state department to thoroughly investigate the shooting on Wednesday of Mrs. Edna Gore, Consul General Gowdy today requested four representative American physicians living in Paris to form a commission, conduct an independent investigation into the circumstances and probabilities of how she met her death. The commission is composed of Dr. A. J. Magin, who is in charge of the medical service in Paris; Dr. Edmund L. Gros, formerly of San Francisco; Dr. Turner and Dr. Whitman. Mr. Gowdy has sent written requests to each of the doctors, in which he asks them to spare no efforts to make the investigation searching. The commission has already conferred regarding its plans, but has not yet been settled when the autopsy will take place. The French officials still hold the body and numerous formalities have to be gone through before it will be in possession of the undertaker designated by Mr. Gowdy.

As the bullet was found buried in the hair of the victim, it is impossible to verify the direction taken by the missile otherwise than by the wound. As a result of today's examination the examining magistrate has decided to set De Rydzewski at liberty, provisionally. Before the party left the house M. Bertillon, the criminologist, who also investigated the case on behalf of the police, arrived and took several photographs of the room, affixing in exactly the same position it occupied at the moment of the tragedy. It is reported that as he did this De Rydzewski evinced considerable emotion. He afterward left in a cab, escorted by two policemen, who conducted him to the prison, where the necessary formalities attending discharge from custody were completed.

W. F. Lohnes, a prominent business man of Springfield, O., writes the following strong endorsement of the great kidney remedy, Swamp-Root, to the editor of the Springfield (O.) Republic: "Having heard that you could procure a sample bottle of Swamp-Root, free by mail, I wrote to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle, and it was promptly sent. I was so pleased about trying the sample bottle that I sent to the drug store and procured a supply. I have used Swamp-Root regularly for some time, and consider it unsurpassed as a remedy for torpid liver, loss of appetite and general derangement of the digestive functions. I think my trouble was due to too close confinement in my business.
