

DANGER OF WAR IN THE BALKANS

Situation Hopeless so Far as Turkey Is Concerned.

WOULD LOSE IN ANY EVENT

ARMIES FACING EACH OTHER ON THE FRONTIER.

Berlin, May 9.—The German government regards the Turkish-Bulgarian situation as being grave, but responsible officials say that if a collision can be staved off through the summer more sober counsels can get a hearing in the winter when military action is impossible.

Regarding the mutual recrimination of Turkey and Bulgaria in imputing belittles purposes the officials here say "Turkey certainly cannot wish for war because she is unable to bear the expense and knows beforehand that the powers would not permit territorial expansion as a result of victory. It is also believed that Bulgaria, while showing a deplorable weak attitude toward the revolutionary elements, does not desire war."

The powers have made representations to Sofia, emphasizing the impossibility of allowing Bulgaria to realize that fundamental aims of its policy, namely the acquisition of part of Macedonia.

The powers know that the partition of Macedonia in favor of Bulgaria would cause Greece, Serbia and other countries to raise claims for Turkish territory. Hence the powers are unwillingly determined not to permit any change in the status quo.

On the other hand, the reforms in Macedonia, which have unfortunately been suspended through the outbreaks of violence at Salonica, must be carried out, and Austria-Hungary and Russia, which are immediately concerned, will insist on their consults, that they are carried out.

It is understood that the powers in their representations at Sofia, reproaching the Bulgarian cabinet with showing weakness toward the revolutionists, pointed out the necessity for a more energetic attitude.

In addition to the communications made the powers at Sofia, the powers have made representations at Constantinople which have convinced Turkey of the hopelessness of deriving any territorial or pecuniary advantage from attacking Bulgaria.

Nevertheless, danger lies in the fact that Turkish and Bulgarian troops are facing each other on the frontier and in proximity to a railway more or less accidental collision possible, which could easily grow into uncontrollable dimensions. The situation, therefore, is having a depressing effect on the German bourses and is preventing any operations on a large scale.

Turks Were Victorious.

Constantinople, May 8.—Thirteen Christians were killed and thirteen wounded and three Mussulmans were killed during the recent outbreaks at Monastir.

In an encounter between imperial troops and a force of insurgents in the neighboring village of Zapari, May 6, eleven Bulgarians were killed and seventy-four were made prisoners.

A "Knight of Death."

Vienna, May 9.—A mosque at Kinniprit in which 200 Moslems had assembled was, according to a dispatch to Die Zeit from Sofia, Bulgaria, blown up with dynamite May 2. The persons were buried in the ruins. The perpetrator of the outrage, a man named Popov, committed suicide by shooting a paper fourth of his pocket.

VETERANS RECOGNIZED.

Strong of Cora, increase, \$12; John Davenport of Blackfoot, increase, \$12.

DEATH OF MRS. BALLARD.

Logan, May 3.—Mrs. Emily Ballard, wife of Patriarch Henry Ballard, died at her home in Cache Junction yesterday. She was in the fifty-sixth year of her age, and had been ill for nearly a year. She leaves a family of five children, all of whom are grown. Burial services will be held in the Newton meeting house at 1 p. m. on Sunday.

Shop Work and Manual Training.

The machine and carpenter shops of the University of Utah and the manual training rooms will be open to a limited number of young persons for ten weeks, beginning June 8.

Courses in carpentry and turning, benching, and machine work, use of tools, etc., will be given. Charges: Shop work, \$10, and \$1.75 to \$2.75 for materials; manual training, \$5, and \$1.25 for materials.

As the number that can be accommodated is limited, those wishing to take any of the courses are requested to make application immediately. The applications will be considered in the order of their receipt.

UNIVERSITY OF UTAH, Salt Lake City, Utah.

For Those Who Live on Farms.

Dr. Bergin, Pana, Ill., writes: "I have used Ballard's Snow Liniment, always recommended to my friends, as I am confident there is no better made. It is a dandy for burns." Those who live on farms are especially liable to many accidents, cuts, burns and bruises, which heal rapidly when Ballard's Snow Liniment is applied. It should always be kept in the house for cases of emergency. 50c and \$1.00 at Z. C. M. I. Drug Dept.

FREAK LAWS WERE ENACTED

Last Legislature "Did Things" to the State of Idaho.

BOISE MUNICIPAL CAMPAIGN

BASEBALL CLUB ORGANIZED FOR THE SEASON.

(Special to The Herald.) Boise, Ida., May 9.—By the death of David Falk, who passed away at his home in this city on May 4, Boise has lost a broad-minded, public-spirited citizen and one of her leading pioneer merchants who for nearly forty years has been closely identified with the growth and prosperity of the city. Mr. Falk was popular in all circles, but it was with the commercial interests that he was most closely connected and his loss will be keenly felt in the business life of Boise. He was also much interested in mining and for several years has devoted a great deal of time and capital to the development of mining properties, particularly in the Wood river country and Atlanta, where he was largely interested. He had unlimited faith in the resources of Idaho and his name is closely woven with the development of Boise and the southern part of the state.

Pure Food Law. Political affairs have been rather quiet of late, but now and then something comes to light which causes a fresh burst of indignation to be directed against the legislature. One of the blunders of that body loom more grandly as time passes and the results of its labors are revealed. This time it is the "pure food law" that is causing the contention and there is no telling just where it may yet lead. That fresh burst of indignation is caused by the law covering food for lamps and engines is quite comprehensive and prohibits the sale of oil and gasoline less than 150 proof. This law goes into effect at once and the Standard Oil company's Pearl oil and is already commencing to work considerable hardship, particularly among the mines, of which there are quite a number equipped with gasoline engines. Several of the districts in the Pearl and Neal districts have already been compelled to close down.

Their managers having been informed by local dealers that gasoline fuel could no longer be supplied. The gasoline used for illuminating purposes is 72 proof and that for power purposes is less than 72. As yet the housekeepers have not experienced any hardships resulting from the act, but as the heated days of summer advance and they are compelled to put aside their gasoline stoves and ranges to sweeter over those of coal and wood—there will be something doing and the Republican party will have to look out for its share of it. It would keep the friendship of the feminine voters of the state.

City Election Campaign. The dawn of the municipal campaign can already be seen, the first gun having been fired one night this week when the Republican city committee met to talk over matters and probably fix a time and place for holding the city convention. It seems early to start the campaign, but the law requires that twenty days' notice be given for holding primaries; and it is the belief of some of the committeemen that at least ten days should elapse between the holding of the primaries and the date of the convention, and that a campaign of twenty days should be allowed. If this plan carries it will leave only a few days for the campaign.

Up to this time the Democrats have not manifested much interest in the matter, but now that the Republicans have started the ball rolling there is strong talk of plaiding a strong Democratic ticket in the field, and in all probability an early meeting of the committee will be called and steps taken to consummate this result. There is also some talk of a labor ticket and a citizen's movement is already on foot, which may result in such a ticket being placed in the field.

New Ball Club Organized. The defeat of the Boise baseball team by the Caldwell nine on Sunday last has led to the formation of a new company under the name of the Boise Baseball club, which has taken over the ball team formerly owned by Caldwell & Christensen and is preparing to run it for the remainder of the season. It is the intention of the new company to effect a complete reorganization of the team. Its weak points will be strengthened by the addition of new players and the weaker ones let out.

The officers and directors of the new company, who comprise some of the city's leading citizens, state that it is not the intention of the company to make money out of the project but to give to the people of Boise a ball team of which they may be justly proud.

BOODLING STATEMENT. Former Lieutenant Governor Lee of Missouri Tells What He Knows.

St. Louis, May 9.—Former Lieutenant Governor Lee's statement detailing his knowledge of boodling in the state legislature, was presented to Circuit Court today. Several startling assertions are made in the paper, but throughout the greater part of it the former lieutenant governor adopts a moralizing tone, pointing out the causes and results of the condition that exists.

In a general way he charges several men with being complacent.

The statement contains about 2,000 words. It has not yet been given out in detail. Mr. Lee and Circuit Attorney Folk held a conference this afternoon.

PARK CITY AND RETURN \$1.5

Via R. G. W., May 10.

The First Regiment band of Utah will run a popular excursion to the famous camp and give a special concert. Train leaves Salt Lake at 10 a. m. Returns from Park City about 10 p. m. A splendid outing for everybody.

RETURN OF CANAL COMMISSION FROM THE ISTHMUS OF PANAMA

Washington, May 9.—The sub-committee of the isthmian canal commission, consisting of Rear Admiral Walker, General Haines and Professor Burr, which visited the Isthmus of Panama to inspect the work and property of the new Panama Canal company, has returned to Washington.

The mission of the committee was accomplished quicker than was anticipated. The commission found that while the canal company has employed on the work about 1,200 men, little in a definite or effective way is being accomplished. Just enough work is being done to keep the project alive. Members of the commission say the ratification of the canal treaty by the United States senate was received enthusiastically by the people on the isthmus. Property values have increased rapidly and real estate along the route of the canal continues to rise.

On arrival at the Isthmus the members of the commission let it be known that their mission was purely one of engineering, and that individually or collectively they had nothing to do with the political or diplomatic phases of the situation. Some valuable data was gathered and these will be reported to the full committee. Subsequently, upon the appointment of the commission which will supervise the construction of the waterway, the information will be presented to it. Members of the commission are of opinion that the treaty will eventually be ratified by the Colombian congress. Admiral Walker had a long talk with Secretary Hay today upon conditions on the isthmus in their special relation to the canal project.

Just received carloads of Bedroom Furniture, odd Dressers, Washstands, Sideboards, Chiffoniers, from the best and standard furniture manufacturers of the country. They needed the money, we bought at our own price for cash. To you we give the benefit of our well selected purchase, and "Your credit is good." The lot comprises just the kind of Furniture to suit your pocketbook—for the masses and the classes, we can supply you all.

This Week's Special—BEDROOM FURNITURE

Chiffoniers. Very large and commodious, with hay box combination, extra deep drawers, very best of cabinet work in construction, finish, highly polished golden oak, highly polished, swell front dresser, French plate mirror, swinging. Value \$85, price for this week **\$47.50**

Bedroom Suit. Handsome quartered oak three-piece Bedroom Suit, finely finished in golden oak, highly polished, swell front dresser, French plate mirror, swinging. Value \$85, price for this week **\$47.50**

Refrigerators. We have them in all styles and sizes, and of the sanitary kind, too. If you haven't one, now is the time for you to buy, before our stock gets too low, for we have already met with great success in these goods. Special for this week **\$7.35**

Dining Room Furniture. It will pay you just to visit our various stocks of these goods, in all the different finishes and styles. Our line of weathered oak and Antwerp finishes, are especially inviting, whether you intend purchasing or not.

Sideboards and Buffets. The most beautiful and varied assortment that is possible to display. In fact, we carry the largest line of these goods shown by any one house in the West. Our special for this week in this line is a sideboard, a masterpiece of the cabinet makers' art, measuring five feet wide, seven feet high, heavily hand carved, panels of extra quality, selected quartered sawed oak, finish of the very best, large French plate beveled mirror. Value \$125, our price this week **\$96.50**
