

GOVERNOR WELLS TO INVESTIGATE

Thursday He and Sanitary Board Will Probe Marine Charges.

DOES NOT THINK STORY TRUE IF IT IS, GUILTY OFFICIALS WILL BE PUNISHED.

Governor Heber M. Wells said yesterday that he would personally conduct an investigation of affairs at the state mental hospital at Provo relative to the alleged cruel treatment of Michael Marine, the Italian, who claims to have been beaten and otherwise mistreated by attendants at the institution.

When the statements made by Marine were brought to the attention of Governor Wells, he immediately notified the board that a session would be held at the earliest possible date. Discussing the matter the governor said:

Will Make Thorough Investigation.

I put no credence in the story at all. However, affairs must be probed to the bottom, and the truth will be learned. I do not believe that any such treatment has been given an inmate of the asylum. There has never been anything of this kind in the past. The institution is a humanitarian one, and is conducted upon humane principles.

Attorney A. B. Irvine, who has charge of the case for the young man, claims to have been so brutally treated, was out of the city yesterday and no further steps were taken by that side. It is stated that nothing decisive will be done until after the investigation made by the governor and the board next week.

VISIT OF OFFICIALS

Vice President Bancroft Will Meet a Party on the Coast.

Vice President W. H. Bancroft of the Oregon Short Line will leave tonight for the coast to meet Senator W. A. Clark and other officials of the San Pedro road, who are expected in the city during the coming week.

Referring to the matter of the illness of E. H. Harriman, who was also expected to visit the city at this time, Mr. Bancroft expressed his interest in the reports of his illness, and said that when he left him on the coast Mr. Harriman appeared to be in good health and spirits and was much interested in the trip abroad which he intends to make on about the 24th of this month.

TRAINLOAD OF TOURISTS.

Delegates to the Presbyterian Assembly Visit City.

One of the largest bodies of tourists that has stopped over in this city arrived in Salt Lake yesterday. The first trainload of visitors arrived shortly after 3 o'clock, when two sections of No. 1 came in over the Rio Grande. No. 5 also arrived in two sections. Seven more trains are expected to arrive tonight with tourists who will stop over in the city until today. The visitors are delegates to the Presbyterian general assembly, which is to be held in San Francisco.

BUSINESS HODS ABOUT AVERAGE

Merchants Generally Report Trade Satisfactory.

REAL ESTATE IN SMALL DEALS

NUMEROUS TRANSACTIONS DO NOT MAKE A HEAVY TOTAL.

Business generally in Salt Lake has been average during the past week. Merchants, real estate men and dealers in commercial stocks and bonds report "no particular change" in the situation.

Some idea of the business of the last three weeks may be gained from the following figures: Week ending May 14: Real estate transfers, \$ 78,817.00; Building permits, 21,450.00; Bank clearings for corresponding week last year, 2,972,548.00.

Week ending May 7: Real estate transfers, \$ 113,223.00; Building permits, 158,850.00; Bank clearings for corresponding week last year, 3,365,392.75.

Week ending May 2: Real estate transfers, \$ 97,713.00; Building permits, 17,620.00; Bank clearings for corresponding week last year, 2,972,548.00.

The clearings show a decrease from last year principally because of the difference of the policy of the banks. The week ending Friday the decrease was 29 per cent, while the increase in New York was 21.7 per cent.

The Salt Lake clearings yesterday were \$393,663, as compared with \$371,563 for the corresponding day last year.

ANY SMALL REALTY DEALS.

Architects Are Busy Preparing Plans For New Buildings.

Real estate has been in fair demand during the week, but no more than average business has been done. A large number of small deals were closed, but the transfers do not total as high as they did the previous week.

Considerable building is in prospect, and all the architects are busy. The Houston Real Estate Investment company is having plans drawn by Ware & Tregazza for a store and flat building at Third West and Second South streets, to cost about \$3,000.

The Tracy laundry is preparing to build a \$3,000 addition to its plant on Sixth East street, between Fourth and Fifth South. Bids will be received in a few days on the new building which is to occupy the site of the old Atlas block on Second South street.

COMMERCIAL STOCKS QUIET.

Idaho Sugar Is Weak Because of Heavy Selling.

Commercial stocks have been rather inactive during the week, with the changes being unimportant. National bank stock is strong, \$102 being bid. Idaho Sugar has been weak, a number of the subscribers selling as low as \$11.50 because of the prospect of a call for heavy payments on the subscriptions.

RIPEY DIES IN ST. LOUIS

Well Known Attorney Succumbs to an Operation.

HE WILL BE BURIED THERE

STOOD HIGH IN LEGAL CIRCLES IN SALT LAKE.

George Minot Ripley, the well known attorney of this city, died yesterday morning in a St. Louis hospital as the result of a serious operation. Several dispatches to friends and business associates had stated that the operation took place at 9:40 o'clock. As St. Louis was the home of the young man, he will be buried there. As far as known no arrangements have yet been made for the funeral.

Although Mr. Ripley had been a resident of Salt Lake less than two years, he had a very large acquaintance and a wide circle of warm friends. In a business way he stood at the head of his profession. In club and society circles he was a general favorite.

The deceased came to this city from Denver, Colo., where he came, so it is stated, he had no intention of making Salt Lake his home. It was a sight-seeing and pleasure trip that attracted him to this far west. He formed such a favorable impression of the city and, after looking around, became so thoroughly convinced that it had a great future before it, that he decided to make Salt Lake his home.

Engaged in Law Practice.

For a time he had his law office with Pierce, Critchlow & Barrette. Later he moved into a suite in the Progress building, where he practiced law alone. The first of the year went into partnership with Assistant County Attorney Dana T. Smith; the firm's name being Smith & Ripley. He was a member of that firm at the time of his death.

About a month ago the young man found it was necessary to undergo an operation. Fearful as to its termination, he decided to have it performed in his native city, where he would be with his father and mother. Advice received after the operation had been performed did not tend to encourage his recovery; they seemed to carry out the apprehension of Mr. Ripley that perhaps he might never recover.

Son of Prominent St. Louis Man.

Mr. Ripley was the son of Lyman B. Ripley, a prominent business man of St. Louis. He was born in St. Louis, Jan. 2, 1876. After going through the public schools he entered the preparatory school of Smith's academy, graduating in 1894 with the A. B. degree. In his junior year he won the M. C. Tenecky prize for oratory. In 1898 he graduated from Yale, where he received the LL. B. degree.

While in that institution he became a member of the Zeta Psi Fraternity society. Before coming west Mr. Ripley was an instructor in English literature in the Smith academy.

The only local organization with which Mr. Ripley was identified was the University club. He was a constant attendant upon the club, and took an active part in the proposed erection of the new club building which is going up on East South Temple street just east of the Alta club. In legal circles he was well known upon an exceptionally bright man.

DANGEROUS OPERATION

Woman 64 Years of Age Recovers After Having Portion of Stomach Removed.

A woman 64 years of age has successfully undergone an operation which but few people of much younger years have recovered from. She is now well and able to be at her home again. The operation was performed by one of the surgeons of St. Mark's hospital. It consisted of the removal of a portion of the stomach and colon, of large intestine.

For some time the woman had been suffering from a cancerous condition of the stomach where it empties into the colon. Her condition finally became such that an operation was necessary to save her life. Although but few people have ever undergone this operation and recovered, the aged woman said she could stand it, and told the surgeon to proceed.

During the operation the end of the stomach connecting with the colon was cut off, and the diseased portion of the colon cut away. The end of the stomach was neatly sewed up. Then a new aperture was made and the colon sewed to the stomach. After spending several weeks in the hospital the patient was able to return to her home. She is now apparently enjoying the best of health.

GRAND JURY MEETS MAY 20

Judge C. W. Morse Instructs Sheriff to Serve the Subpoenas.

The special grand jury will convene on Wednesday, May 20, and will enter yesterday by Judge C. W. Morse directing the sheriff to subpoena the fifteen men constituting the grand jury venire to report to him on that date. The names were drawn by County Clerk John James some days ago. Although a date had been set for the convening of the grand jury, as to their qualifications, no orders had been issued by Judge Morse to the sheriff directing him to serve the papers.

District Court Notes.

Ida M. Savage has brought suit for divorce from J. F. Savage on the grounds of failure to provide. The couple were married in this city on Jan. 23, 1901.

A verdict of "no cause for action" was yesterday morning returned by the jury which tried the \$1,000 attorney's case of J. J. Daly vs. J. J. Daly. The jury was out but a few minutes. L. J. Brown was foreman of the jury.

CERTIFICATES ARE ISSUED.

Board of Education Makes Awards to Number of Teachers.

At the special meeting yesterday of the state board of education, held in the office of State Superintendent of Public Instruction A. C. Nelson in the joint building, the following certificates and diplomas were issued: High school diploma, D. D. Speira, Draper; Nancy Leatherwood, Salt Lake; Grammer grade diplomas, Mrs. E. F. R. Allen, Juliette; Little, Elizabeth; Fitzgerald, L. O. Clark, Salt Lake. Certificate good for five years, Laura Foster and Evelyn Reilly, Salt Lake; W. H. Apperley, Logan.

The uniform examination of teachers throughout the state for certificates will be held on June 4, 5 and 6.

WILLIAMS IS PAROLED

Provo Man Had Spent Nineteen Years in the Penitentiary For a Murder.

Thomas Williams will not spend the remainder of his natural life behind the grim walls of the state penitentiary, for the board of pardons yesterday granted his application for a parole. By conducting himself properly during the past year, the culprit, awaiting the conduct of a paroled prisoner, Williams will be a comparatively free man for the remainder of his life. For nineteen years he has done his service in the penal institution. He was sent up for life for murder from Provo. He was sentenced by Judge Emerson on Oct. 18, 1884.

William Munsey was pardoned before he had been sentenced. He was convicted of burglary at Heber City on March 17, but Judge Booth suspended sentence awaiting favorable action by the board.

Barney Crist was also pardoned. He was sentenced to the penitentiary for burglary on Dec. 5, 1902. E. Chilton Draper, from Sanpete county, was pardoned. He was given four years by Judge Johnson for burglary. He was convicted of a similar crime and given eight years by Judge Stewart on Oct. 23, 1901, must await the further pleasure of the board as regards his application, as the board continued it until the next meeting, a month later.

DECREASE IN DISEASE.

Not a Case of Diphtheria Reported During Last Week.

For the week ending May 16 there were eighteen births reported to the health officer, of which thirteen were being males and seven females. This shows a decrease of thirteen as compared with the previous week, and a drop of one in comparison with the corresponding period of last year. The deaths reported for the same period are four less than the preceding week and three less than for the same week of last year, when eighteen cases were reported in the period corresponding to the week covered by this report.

From seven cases reported last week, diphtheria dropped to the zero point, no new cases having been reported. One case died and one was released from quarantine, leaving six cases quarantined at the close of this report.

Five new cases of smallpox were reported during the week, one case having come in from Eureka in the eruptive stage; three cases of enteric fever were released during the week, leaving twenty-three cases in quarantine, as against thirty-one for the previous week.

UNIVERSITY OF MICHIGAN.

Five Utah Men Will Graduate From This Seat of Learning.

Ann Arbor, Mich., May 11.—The University of Michigan will graduate five Utah men from the law department this year. They are John H. Bailey of Salt Lake, Charles E. Berry of Springdale, Donald H. Howard of Salt Lake, Don V. Howard of Lehi and Frank McGraw of Provo. Mr. Bailey will locate in Salt Lake. Mr. Haigh is thinking of going to California, but has not definitely decided whether he will go to that state or locate in Utah. If he remains in Utah he will probably locate in Salt Lake. Mr. Howard is also thinking of locating in Salt Lake. Mr. Berry will open an office in Provo while Mr. McGraw is undecided where he will begin practice.

Of these five men only two have put in three years at the school. Mr. Bailey and Mr. Howard. Mr. Haigh spent his first year at Cornell. Mr. Berry and Mr. McGraw complete the three-year course in two years.

There are about twenty Utahs in the university this year, the favored departments being the literary, engineering and law departments, with the last in the lead with twelve members. It seems that the law department has long been favored by Utah men, while the medical and dental departments have been strictly tabooed.
