PLANS TO CROWN THE NEW POPE

Solemn Ceremony is to Take Place Next Sunday.

METHOD OF PROCEDURE BELLS OF 500 CHURCHES RING IN UNISON.

ROME, Aug. 6.—The attention of Rome is now centered upon the solemn coronation ceremony which is to occur on Sunday and for which great preparations are being made. The throne of St. Peter, which Plus X will occupy, will be surmounted by a canopy forty feet high. The function will consume five hours.

The pope has informed the vatican officials that he wishes to be received on the threshold of the basilica by Cardinal Rampolla, who, as archpriest of the church, will address the pope in greeting to him. At the conclusion of the ceremony, the pope will confer his blessing upon the people, but it has not been decided whether he will do so inside the church or from the balcony looking out upon the piazza, where many hoped he would bestow his benediction on the day of his election.

It is said that Plus is favorable to the latter plan, but that the officials of the vatican officials is against it, on the ground that it might be interpreted as a recognition of the present state of affairs in Italy. The holding of the coronation ceremony is a concession, as in the case of Leo II occurred in the Sixtine chapel. Although it is expected that 50,000 tickets will be issued for the event, the demand for them is already great.

In the consistories to be held Monday and Tuesday next, the pope will confer the red hat upon Cardinals Ajuti, Italiani, Katschuber and Herrero, and Espinosa, who were raised from the purple June 25, but who have not received these symbols of rank because of the illness and death of Leo. It is believed that the Spanish cardinal, Herrero, will not be able to be present at the coronation ceremonies.

SHEEP STRUCK DEAD BY HAIL

Serious Storms Sweep Over Parts of Colorado.

TRACKS ARE WASHED AWAY TRAIN SERVICE STOPPED ON RIO GRANDE AND SANTA FE.

DENVER, Colo., Aug. 6.—Details of the storm which prevailed along the eastern slope of the Rocky mountains in Colorado and southern Wyoming last night show it to have been much more severe than at first reported. In some sections the hail fall was unprecedented. In the neighborhood of Greeley and Eaton, in the northern part of Colorado, chunks of ice measuring in some instances ten inches in length, fell, and the damage wrought was immense. Sheep were struck dead in the corrals and cattle and horses were severely injured. Fences and barns were wrecked and crops utterly wiped out of existence.

Near Greeley a man named Johnson was severely bruised and rendered unconscious by the hail. The damage cannot be estimated in that section, but will reach thousands of dollars.

Near Lafayette, Colo., there were two storms, the second following the first fifteen minutes and with greater severity. The streets of the town were flooded, cellars partially filled with water and trees and shrubbery stripped of foliage. Many windows were broken. The crops in the country surrounding were destroyed. Hail lay on the ground in many places to a depth of two feet.

The damage in and around Lafayette is estimated at \$200,000.

In southern Colorado the rainfall was heavy, approaching the proportions of a cloudburst in several places. Railroad traffic was stopped on the Rio Grande for some time by washouts. The Santa Fe was also seriously affected.

DEATH WINS AGAINST TRAIN CONVICT IS CAUGHT

Henry Lowe Charters a Special to Reach Deathbed of His Daughter, But She Expires While He is Crossing the Continent.

LOS ANGELES, Cal., Aug. 6.—Mary Lowe, daughter of Chief Engineer Henry Lowe of the United States Steel corporation, who is speeding across the continent on a special train, died at a hotel here last night. Mr. Lowe started from New York on the Twentieth Century limited on the Lake Shore, Tuesday afternoon, and in the hope of reaching Los Angeles while his daughter was yet alive, chartered a special train from Chicago on the Santa Fe railroad at an expense of nearly \$4,000. When death came to the child Mr. Lowe was passing through Western Kansas.

Mr. Lowe has been advised of his daughter's death, but he will continue his record-breaking run for which all arrangements had been made before the news was communicated to him.

The schedule west of Albuquerque calls for as fast time as is consistent with safety, which probably means an average speed of fifty miles an hour.

Topeka, Kan., Aug. 6.—The Santa Fe special train, bearing Henry Lowe of New York on a record-breaking journey to the death-bed of his little girl at Los Angeles, passed La Junta at 9:10 this morning, considerably ahead of schedule time. When her death was known a little later, messages were hurried ahead of the special, but the railroad company's wires were down west of La Junta and it was impossible to get word through up to 11 o'clock.

LOST HIS LIFE FOR TEN CENTS

Price of Two Glasses of Beer Causes a Tragedy.

ASSAILANTS UNDER ARREST C. A. WESTMAN REFUSED TO PAY FOR LIQUOR AND IS KILLED.

TWO glasses of beer, worth 10 cents, were the cause of a tragedy yesterday afternoon. If C. A. Westman had paid for the beer he would not have been killed.

Westman is a stone mason 50 years of age. He was so badly beaten and kicked at the Return saloon on First South street, near State, yesterday afternoon that he died from his injuries about four hours later at Holy Cross hospital. Thomas Kane and George Kied are now under arrest charged with the crime.

According to several men who witnessed the affair, Westman was the victim of an attack by three men. Because he refused to pay for the two glasses of beer, he was forcibly ejected from the saloon by the bartender, James Fowler and then assaulted by Kied and Kane. Eyewitnesses say Kane struck Westman on the jaw with his fist, knocking him to the pavement. Westman struck on his head, sustaining a fractured skull, from which he died a few hours later. Kied had previously assaulted the man, and both may be charged with murder. Very little is known of Kane's history by the officers. Kied is a cook and claims to have worked for several years at the Knutsford hotel.

TOOK MONEY; LEFT BRIDE

Serious Charges Made Against W. R. Harvey.

OFFICERS LOOKING FOR HIM ACCUSED OF EMBEZZLING FROM PACIFIC MUTUAL CO.

THE officers of Brigham City and the local representation of the Pacific Mutual Life Insurance company would like to learn the present whereabouts of W. R. Harvey, an employee of the company in this city. He is alleged to have suddenly disappeared with a large amount of company funds, deserted a young bride and hid himself for parts unknown. A complaint has been filed against Harvey with the county attorney at Brigham City and if the young man can be found he will be brought back to face a charge of embezzlement. It is said. It is claimed that he is short to the extent of about \$800, which he has collected and failed to turn in to the manager.

Harvey came to this city about two years ago. Later he secured a position with the insurance company under the local manager, R. B. Cameron. He was a hustler and did a large amount of business. A few weeks ago he married a school teacher of this city and took a short bridal tour during which he is said to have been rather lavish with money. He returned to work and about two weeks ago took his wife with him and started on what was supposed to be a business trip.

Failed to Return.

A few weeks ago a letter came from the bride in Boise that her husband had deserted her. The letter simply stated that he had left, promising to write her in a few days. Time passed without any word being received from the husband. Mrs. Harvey became alarmed and notified the officers in this city and her relatives. Then an investigation was commenced.

According to the statement of Mr. Cameron he learned that the young man used the name of the company married on and after that had gone to Brigham City, where he took a wide swath. In this place it is claimed he had written a number of policies. It is further alleged that he collected premiums and had not turned them in. It is claimed that he realized about \$100 of \$800 in this manner, then left town. Nothing further was heard of him until the letter was received from his wife in Boise, stating that she had been left there by her husband and she was unable to learn where he had gone.

The first of this week Mr. Cameron went to Brigham City to investigate the actions of Harvey except one directed report that he found several men waiting for him with bills that Harvey had contracted and failed to settle and he also found a number of policy holders who had paid the premiums, but who had not been credited with the amount with the company. As a consequence Mr. Cameron filed a complaint before the county attorney of that place charging Harvey with embezzlement.

The warrant, however, has not yet been issued. It is being held back, pending an effort to locate the young man. The officers of Brigham have endeavored to get traces of him by communicating with the Boise authorities, but as yet have had no success. Mr. Cameron, believing that Harvey had gone to some town of the northwest, wrote several letters to him at various places. All of these except one directed to Seattle have been returned, and it is the opinion of Mr. Cameron that Harvey is or was in that place.

The officers here have been asked to assist in the location of the young man. His wife is in Boise, but a relative of hers is going there this week to bring her home. This is the first time that Harvey has ever been known to be guilty of such conduct and it is believed that he can be found. His relatives will settle the matter for him.

FORMS OF CORONATION

The coronation ceremonies will be performed at St. Peter's on Sunday according to a rite dating from the latter part of the fourteenth century. As the pope enters the church, the rite of the papal chapel holds up before him a red surmounted by a handful of wax. This is lighted; it flashes up for a moment, then goes out at once, as the chaplain chants:

"Pater Sancte, sic transit gloria mundi." (Holy father, thus passeth away the world's glory.)

This is done three times. The mass is then begun, but before the beginning of the mass, the blessing of the pontifical is announced by three cardinal bishops, each of whom recites a prayer over him. After the collect comes the recitation of the threefold supplications to God for the welfare of the new pope. The coronation itself takes place after the mass in the apse of the church. St. Peter's, overlooking the great piazza. The second cardinal deacon takes off the mitre which until now the pope has worn, and then the senior cardinal (Marchi) places the tiara on his head and the people cry out, "Kyrie Eleison."

The pope recites his pontifical over his coronation day, although, of course, as his pope from the date of his election.

Plus X has appointed his conclavist, Mr. Bressan, as his private chaplain, which means that he will also be the pontiff's chief private secretary.

TRAINS ARE TIED UP

Florence, Colo., Aug. 6.—As the result of the heavy rainstorm that prevailed in this section last night railroad operations on both the Rio Grande and the Santa Fe are crippled by washouts and soft roadbeds. A wall of water several feet deep came rushing down Hardscabble canyon this morning, carrying a log fully fifty feet of the 100 feet of bridge that spans the creek east of the city.

Previous to this, W. A. Watkins, porter on Denver & Rio Grande passenger line, was killed by a falling log into the yards in this city, falling ahead of it a distance of five miles through water from six inches to two feet deep. Owing to numerous washouts, the trains are running today between Pueblo and Canon City.

BURGLARS TAKE SAFE

Roll it From Building to Street and Crack it at Their Leisure.

Seattle, Wash., Aug. 6.—Cracksmen capped the climax at 5 o'clock this morning by carrying off bodily the safe from the bar of the Washington hotel, then blowing it in broad daylight within 100 feet of spectators. With rare impudence they lifted it out of the bar's ground floor window and rolled it down the steep hill, upon which the hotel is located into Stewart street.

Here they drilled the safe and planted against a telegraph pole in plain sight a number of street car men waiting for the explosion. When this same they ran to the safe to get the money. Employees of the Washington hotel had hastened to the spot and the safe-blowers fled without the \$300, which it had contained.

The police have not the slightest clew upon which to base a search for the daring robbers, though a policeman was among the spectators of the explosion and fight of the robbers.

FRAUD IS ALLEGED

Startling Charges Made in a \$2,000,000 Suit in the Denver Courts.

Denver, Aug. 6.—Papers filed today in the supreme court make the charge that there has been conspiracy of the legal representatives of the estate of Jane C. Brown and the heirs or devisees and the creditors to retain possession of the estate and thus defraud the New York Life Insurance company of its rights. The insurance company alleges that Henry C. Brown, as sole devisee of his wife, Jane C. Brown, conveyed the property claimed by it after the death of Mrs. Brown and after the probate of her will. The property involved is said to be worth over \$2,000,000.

NEGRO MUST EAT ALONE

Petty Officers in Navy Refuse to Associate With Colored Man.

New York, Aug. 6.—The color line has been drawn on board the United States naval ship Columbia at the Brooklyn navy yard. The chief petty officers have refused to mess with a negro who has just been sworn in as chief carpenter's mate. They have asserted their unwillingness to associate with him in any way, and they have appeared at the chief petty officers' mess on Wednesday night. The chief carpenter's mate is not a full-blooded negro. He has been in the navy many years, and has a good record. He was promoted to his present position, which was for merit, and he ranked as carpenter's mate of the first class. When Mr. Miller appeared at the chief petty officers' mess on Wednesday night he was met by a large number of the mess members, who refused to eat with him. He has been ordered to eat alone, and when he preceded him he has waited until they finished.

Captain Snow said Miller's rights would be protected, but he makes no distinction as to color.

BELLS RING AT 500 CHURCHES

During one full hour this morning there seemed to be nothing but vibrating sounds, so penetrating were the strokes of bells, which, in the churches which all ringing together, absorbed all other noises. The ringing was in honor of the election of Plus X—a welcome unique of its kind and order by Cardinal Respighi, vicar of Rome, who in a grand ceremony, and therefore, all the churches contemporaneously celebrated masses for the event, the intoning of the Oremus combining with the harmony.

The bells involuntarily served another purpose, as they rang in the great ceremony of the reception of the diplomatic body accredited to the holy see. Rome has lately been sufficed with vatican functions, but that of this kind is not so frequent.

The members of the sacred college gathered before the hour set for the ceremony and held a kind of informal session, the non-hab, short as it was, having brought about their knees. A procession was then formed. First came the Swiss guards, which give a peculiar mediæval splendor to all papal gatherings, then the palatine guards in their regular ranks by the whole pontifical cortege in its uniform and multi-colored costumes, the cardinals in all the gorgeousness of their scarlet robes and the bishops, scarcely less striking in their purple.

STAGE IS OVERTURNED

Perry Park, Colo., Aug. 6.—At this resort for tourists, about forty-five miles south of Denver, a heavy wind prevailed this afternoon during which the roof of the hotel was blown off and a pavilion completely destroyed. Five persons are reported injured, but their names cannot be learned.

During the height of the storm the stage, which was returning with several passengers, was blown over, and several of the company, Heyburn met. Among them was a Mrs. Gardner of Chicago, who was pinned to the side of the coach by the wind which lifted upon her when the coach went over.

DID MUCH DAMAGE

Cheyenne, Wyo., Aug. 6.—Evidences of damage wrought by the hail storm last evening, the worst ever known in this city, are on all sides today. Many windows are shattered and splinters from broken shingles strewn the streets. The ground is carpeted with foliage stripped from the trees. At the close of the storm, which lasted thirty minutes, two inches of hail covered the streets and lawns. Gardens are ruined.

BENT ON A LYING

Wheeling, W. Va., Aug. 6.—St. Clairsville, Ohio, a small city in Belmont county, was thrown in a panic this evening when it became known that an outrage had been perpetrated on Miss M. E. Stowe, one of the most prominent residents of the town, who was assaulted by a young negro lawyer.

The young woman had been out for a walk in the afternoon and remained later than she had anticipated. About 6 o'clock she started for her home, the route extending through a lonely tract of woods. When within 200 yards of her home she was seized by the negro and thrown to the ground.

She made a brave but unsuccessful struggle. When the woman regained consciousness her screams attracted the attention of passers-by. She was taken to her home, where she told of the outrage.

A posse was organized and set out in pursuit of the negro, who escaped to the woods. The mob is fully armed and bent on lynching the negro.

Miss Stowe is in a critical condition. Her assailant is a well known negro, C. E. Burns, who has been practicing law in that vicinity.

A report received late tonight states that the blood hounds have scented the trail and the chase is being pursued with renewed vigor.

CANTON BANK SHORT

Deficit of \$22,000—Teller Deibel Is Arrested.

Canton, O., Aug. 6.—A shortage in the funds of the City National bank, which, it is said, may reach \$22,000, has been discovered. The officials of the bank declare that it will not affect the concern, as it has a surplus and undivided profit of \$50,000. Albert W. Deibel, teller of the bank, has been removed from his position and a warrant has been issued for his arrest. Subsequently Deibel was arrested on the charge of embezzling \$1,000.

ARRESTED FOR MAKING SHIP WAIT

Boston, Aug. 6.—John Keenan, a steamship fireman, who, after signing articles to ship with the steamship Admiral Schley, a vessel carrying mail to Port Antonio, Jamaica, declined to make the trip and in so doing delayed the mail about three quarters of an hour on Wednesday, was held for grand jury by United States Commissioner Fiske today charged with retarding the United States mails.

Assistant Attorney John H. Casey summarized the case as follows:

"This man disregards the rights of the United States, disregards the law on the statute books as to the retarding of the United States mails, disregards the consequences of his action in retarding the mails in order to stand by his union."

Keenan refused to sail with the vessel because he did not like the accommodation provided for the men.

SENATOR HEYBURN SOON TO BE MARRIED

Spokane, Wash., Aug. 6.—A romance extending over a quarter of a century comes to a happy close this evening. Senator Heyburn, Idaho's bachelor United States senator, will marry Miss Gheathine Yeatman of Chester, Conn., Pa. Years ago, young Yeatman met Senator Heyburn, like himself a Pennsylvanian of Quaker ancestry, and they became friends. In 1884 the young lawyer came west and set up his office in Spokane. He became acquainted at the bar, acquired wealth, and last winter became United States senator; but he did not forget the Quaker girl. Now he has gone east, and it is announced they are to be married next Wednesday, probably at the home of the bride's mother. A wedding probably will be given at the home of the bride's mother and Alaska will follow.

OHIO MOB HAS BLOODHOUNDS ON THE TRAIL OF A NEGRO

Wheeling, W. Va., Aug. 6.—St. Clairsville, Ohio, a small city in Belmont county, was thrown in a panic this evening when it became known that an outrage had been perpetrated on Miss M. E. Stowe, one of the most prominent residents of the town, who was assaulted by a young negro lawyer.

MR. WARE DENIES

Pension Commissioner Says He Has Not Violated Civil Service Rules.

Topeka, Kan., Aug. 6.—United States Pension Commissioner Eugene F. Ware denied Topeka at noon today for a two three hour stop en route to the G. A. R. reunion at San Francisco.

In reply to a question as to the charges of Albert Martin being dismissed from the Topeka pension office as being a violation of the civil service rules, Mr. Ware said:

"I have not seen the newspaper accounts of the charges, but understand I am charged with promoting my coachman to the bureau. As I never had a coach on a coachman I think this must be a mistake. We have done more business in the pension office this past year than in any similar time for ten years.

As you will see I am not charged with misconduct of office in any manner, save a violation of the civil service rules. No shortage of funds is alleged. In reality it seems to be an attack upon the administration through the bureau by enemies of President Roosevelt. I court the most rigid investigation by the civil service commission."

The postal inspectors say Mrs. Shapley is one of the cleverest women forgers in the country.

HOW THE TRAGEDY OCCURRED

About 1 o'clock yesterday afternoon Westman called at the Return saloon in company with a cobbler whose name is unknown. Both men had been drinking, although neither was very drunk. The men stepped up to the bar, and according to the bartender, Fowler, Westman ordered drinks. Two glasses of beer were set upon the bar, and before drinking them Westman and his companion engaged in a dispute as to who should pay for the beverages. Westman insisted that he did not call for the beer and refused to pay, and his companion was equally insistent.

The bartender finally removed the glass of beer from under the bar, walking out from behind the counter, he seized Westman by the coat collar and pushed him out of the barroom into the front part of the saloon. As he left the bar, the man, who was serving the free lunch in the room, is said to have exclaimed: "I knew that old..."

HELD STRUCK WESTMAN

At the same time he left his lunch stand and ran into the front part of the saloon and hit Westman in the face with his fist. Then Kane came out and struck Westman, who was serving the free lunch in the room, is said to have exclaimed: "I knew that old..."

DON'T LIKE NEW AMERICAN COINS

Manila, Aug. 7, p. m.—The effort of the United States government to introduce its new currency into the Philippine islands has not met with the success that was anticipated. Although a large quantity of the American coins has been introduced, there exists considerable prejudice against their use, especially in the provinces.

The bankers of Manila, having become convinced of the necessity of action in the matter, held a conference today with Governor Taft and after a full discussion promised to render the government all the aid in their power to secure the acceptance of the American coin as the standard of value and the general use of the new coins.

PLACED UNDER ARREST

Detectives Raleigh and Chase, after an investigation, arrested George Kied, who admitted striking Westman, and declared that he did not knock him down. Kied was under the influence of liquor at the time.

H. B. Jeffries, a carpenter, who claims to have witnessed the affair, at once notified the police. Officer Will Armstrong went to the saloon and found Westman in the rear of the place, where he had been carried by some one. He at once arrested Kane, who Jeffries and a young man named Larson declared was the man who knocked Westman down. Kane denied that he struck the man, but the witnesses are positive that he did.

Benedict was summoned, and after dressing the man's wound sent him to Holy Cross hospital. Westman was still unconscious and seemed to be suffering from a fractured skull. He remained at the hospital for nearly four hours when he died without having regained consciousness.
