

CUT IN FREIGHT RATES IS FEARED

Accusation of Trimming Made Against One Line.

TRAFFIC MEN ARE UNEASY

DISCRIMINATION AGAINST OGDEN IS ADMITTED.

A break in eastbound freight rates is threatened, just when the general supposition was that the situation was tight. There is commotion among the traffic heads to stop the break instantly, before there is a chance for it to become serious, and it is thought the chances are that the early discovery will result in a cure for the threatened trouble.

ADMIT DISCRIMINATION

Oregon Railroads Answer a Protest From Ogden.

Washington, D. C., Aug. 11.—The interstate commerce commission has received replies from the Northern Pacific, Oregon Railway & Navigation company, Oregon Short Line and Union Pacific railroads to charges recently filed by H. L. Griffin, owner of Ogden, alleging discrimination in rates on smoked fish shipped from Seattle to Ogden. The companies all admit that their rates to Ogden are \$1 per hundred pounds, whereas their rate to Ogden is \$1.50, but in effect they dismiss the matter, asking what the commission is going to do about it.

MYSTERY IN PROPOSED ROAD

Northern Pacific May Be After Harman Territory.

Considerable mystery exists as to the identity of the backers of the proposed railroad between Ogden, Utah, and Lewiston, Idaho, along the Snake river. Senator W. V. Allen of Nebraska, Judge M. M. Goodwin of Idaho, and others are mentioned as organizers of the road, but the supposition in some quarters is that the road is being built by some strong syndicate.

Rumor as to Moffat.

Denver, Col., Aug. 11.—The Post today says that agreements have been made between David H. Moffat and George J. Gould for change of control of the Moffat and Rio Grande railroads; use of each others' trackage, and use of the Rio Grande terminals in Salt Lake by the Moffat road.

Railroad Notes.

Colonel J. W. F. Diss, chief of way agent of the Salt Lake route, is in the city on business connected with his department.

R. G. Sargent, for years trainmaster of the Rio Grande, is in the city renewing acquaintance with old friends. He is now commercial agent of the Missouri Pacific at Memphis.

There was a slight falling off in G. A. R. excursion business yesterday, only two special trains coming in. The number of tourists returning to Ogden, however, in the neighborhood of 100. Several of the regular trains came in two sections. There was a heavy business tomorrow, high water mark being reached Friday.

STARTED FOR THE FIRE.

Horse Formerly Belonging to Department Heard Gong Strike.

A defective fire caused a small fire in a store owned by J. H. Fuller, 237 West Second South street, about 9:30 yesterday morning. Fire No. 2 answered the call and extinguished the blaze with the chemical.

As Assistant Chief Woods was going west on First South near Richards street on the way to the fire with his gong striking at a lively clip, a horse owned by A. C. Chalmers broke from his fastenings and followed after the chief's buggy. The horse formerly belonged to the department, and when he heard the gong yesterday as the chief's horse dashed by, the old spirit was rekindled and he joined in the run.

Mr. Chalmers has but one leg and his crutches were in the buggy when the horse ran away leaving him in a rather perplexing situation. The horse was stopped near First West street, and the buggy and crutches returned, none the worse for the run.

The department was called out again about 5:40 last evening to the rear of William Wood's butcher shop on West First South street. A smoke house had caught fire from an overheated furnace but the blaze was put out before any damage was done.

Herbina

Restores the blood more fluid and thus helps the blood to flow; it affords prompt relief from biliousness, indigestion, sick and nervous headaches, and the over-indulgence in food and drink. Herbina acts quickly, a dose after meals will bring the patient into a good condition in a few days.

R. L. Caldwell, M. D., and T. R. R. L. Cheatham, Ind. Ter., writes, April 18, 1932: "I was sick for over two years with enlargement of the liver and spleen. The doctors did me no good, and I had given up all hope of being cured, when my druggist advised me to use Herbina. It has made me sound and well." 50c. Sold by Z. C. M. I. Drug Dept.

Ask your grocer for Vienna Model bread. "It's the best."

COUNTY SCHOOL FUND

Commissioners Apportion Revenues Raised by the State Board.

Acting as a board of equalization the board of county commissioners has apportioned among the school districts of the county the \$1,377,432 raised by the assessment by the state board of equalization of the property of railroads, telephone companies, telegraph companies, telephone companies and car companies. The apportionment was made by the passing of the following resolution:

"Resolved, by the board of county commissioners of Salt Lake county that an order is hereby made, and is directed to be entered in the minute book of the county commissioners in pursuance of the provisions of section 2,562, revised statutes, stating and declaring the apportionment of the state board of equalization within Salt Lake county, the property of railroads, telephone companies, telegraph companies, telephone companies and car companies, and the net proceeds of the property of railroads, telephone companies and car companies, as shown by the order filed with the county auditor in each city, town and school district in this county as shown by the order filed with the county auditor, is hereby stated and declared to be as follows:

Table with columns for City/Town/District and Amount. Includes entries for Ogden, Murray, Forest Dale, etc.

ASSESSMENTS BY COUNTIES

Totals on All Properties Received by Board of Equalization.

Table listing assessments for various counties including Beaver, Box Elder, Carbon, etc.

SCHOOL CENSUS OF OGDEN

Shows an Increase of Four Pupils as Compared With Last Year.

There are only four more school children in Ogden this year than there were on Aug. 1, 1932, according to the official school census returns of that city, which were received yesterday by State Superintendent of Public Instruction A. C. Nelson. The present school census is 5,825, compared with 5,821 a year ago.

The few census returns which he has received from various counties throughout the state show either a very slight increase or a marked decrease. Three counties in one being more than double the increase in the other two. Prior to yesterday's returns had been sent in from Sanpete and Rich counties, both of which showed a decrease in the school population this year as compared with last year.

The counties heard from yesterday are as follows, with comparative figures for the scholastic year 1931-1932:

Table with columns for County, 1931-1932, and 1932-1933. Includes San Juan, Kane, Wasatch.

Portland and Return.

via Oregon Short Line, Aug. 2 to 15, inclusive. Final limit, Oct. 15. City ticket office, 201 Main street.

OUTING EXCURSION,

August 15. To Idaho points via Oregon Short Line. Usual very low rates.

FARMERS KILL 54 TONS OF HOPPERS

Sanpete County Being Rid of Them at 1 Cent Per Pound.

ARE VERY THICK DOWN THERE

STATE IS NOT LIABLE FOR THE SALARIES OF RECEIVERS.

More than fifty-four tons of grasshoppers have been killed this summer by the farmers of Sanpete county. In weight it would require two ordinary freight cars to transport them. In bulk, it is said, they could not be placed in four box cars.

A requisition upon State Auditor Charles S. Tingey for the state's portion of the bounty on the pests brought up the question whether the state was liable for the salaries paid to the receiving agents for hoppers. Attorney General Breiden, in the following opinion, holds that the state is only liable for 2-3 of a cent per pound, and that the receiver must be paid by the county.

"You are advised in reply to your favor of the 10th inst. that section 2, chapter 11, session laws of 1932, relating to bounty for the destruction of grasshoppers, fixes the maximum to be paid as such bounty to be 2-3 of a cent per pound for such insects. Section 7 requires the state to pay, under certain conditions, two-thirds of the amount paid out as bounty for the destruction of such insects. It is to be understood that not more than 1 cent per pound can in any event be paid under this act, and the state can not be held liable for more than two-thirds of such amount. Any additional expense attending the destruction of these insects, such as the services of receiving agents, which the county commissioners are authorized to appoint, must be paid out of the county finances if paid at all, and the state can not be held liable in so named liability.

Two Counties Give Bounties.

The attorney general stated yesterday that the law, which was passed by the last legislature, does not provide a salary for the receiving agent. Inasmuch as the state is restricted to 2-3 of a cent per pound for grasshoppers, the expense of the receiving agent must be borne by the county.

State Auditor Tingey yesterday received a requisition from County Clerk P. W. Ellison of Sanpete county for \$853.15, \$767.73 for grasshoppers killed, and \$85.42 salary for receiving agents. The latter sum was divided as follows: N. J. Jacobsen, \$30; and C. R. Alford, \$55.42 for work done during June, July and August, 1932, services rendered during July. Under the decision of attorney general the two men must look to Sanpete county for the money.

The requisition received yesterday was for 76,773 pounds of hoppers killed since the first requisition was received some weeks ago, and it was for the county's share of the bounty on 31,824 pounds of hoppers.

The last legislature passed a law giving a bounty of 1 cent per pound on grasshoppers, the state to bear 2-3 of a cent in the county in which they were killed the remainder. It was made optional with the counties whether they took advantage of the act or not. Sanpete was the first to do so because the hoppers are so thick in that section of the state, Juab is the only other county which affords a bounty to jumpers, its law going into effect the first of this month.

KEEP YOUR STOMACH WELL

SAYS HE DID NOT THINK.

Walter Edgar Admits He Tried to Wreck Saltair Train.

Walter Edgar, the 15-year-old lad who was arrested Monday night on a charge of attempting to wreck the Saltair train, confessed yesterday that he was the boy who drove the iron into the frog of the track.

The lad cried all night in his cell but the officers attempted to get a confession from him several times early in the evening, he refused to admit that he knew anything about the attempt to ditch the train. Yesterday morning Sheriff Emery secured an admission from the lad.

Young Edgar said that he drove the spikes into the frog just to be driving them in. He claimed that he did not think what it might do to the train and the people on it. The boy declared that he did not do it to get even with a conductor for throwing him off the car. He declared that he did not intend to wreck the train at all.

A complaint charging the lad with placing an obstruction on a railroad track was filed in the city court yesterday. He will probably be arraigned on the charge today.

EXCURSION NORTH,

Saturday, Aug. 15. Via Oregon Short Line. The usual very low rates and liberal limits will prevail. See agents for full particulars.

ANOTHER PHASE NASH CASE

Representative Wants to File Additional Charges Against Wife.

Representative Albert H. Nash yesterday gave notice to his wife, who is suing him for a divorce, that on September 4 he will ask the court for leave to file an amendment and additional cause for action to his counter claim. They will read as follows:

"That on or about the 23rd day of July, A. D. 1932, the plaintiff, without cause, wilfully deserted and abandoned defendant, and left his bed and board, and thereafter so continued to desert and abandon him continuously for more than one year next succeeding the 23rd day of July, 1932."

Administrator Asked For.

Eliza J. Hyland has filed a petition in the probate division of the district court, asking that John McDonald be appointed administrator of the estate of Richard Hyland, deceased, who died May 11, 1933. He left considerable property, including \$150 cash, a \$1,000 life insurance policy, several unpatented mining claims, and a claim against the Commercial Mining company and the Frankfort Marine Accident Insurance company for the death of the deceased, who was killed in the mining company's mine.

District Court Notes.

An attachment suit has been filed in the district court by the Cudahy Packing company to recover \$707.47 alleged to be due from C. H. Kelsey & Co. of Mountain Home, Idaho, for merchandise sold the latter.

Jennie E. Hoagland has brought suit for divorce from Oscar G. Hoagland, on the ground of non-support. They were married in this city on July 29, 1932. She asks for the custody of their child, which is 2 years old.

Description is the ground upon which Emma Cox seeks a divorce from Ernest Cox. The wife wants the custody of their child and alimony. They intermarried on May 10, 1932.

The California Mining company yesterday brought suit against the Traveler's Insurance company of Hartford, Conn., to recover \$6,382.40, with legal interest from April 2, 1933. The action is an outgrowth of a suit brought by J. G. Bagnell against the mining company for \$6,000 against the accident policy for injuries received while working in plaintiff's mill.

DELEGATES ARE APPOINTED.

The Trans-Mississippi congress invited Governor H. M. Wells to appoint ten delegates to its fourteenth session to be held at Seattle, Aug. 15 to 21, in compliance with that request. Acting Governor James T. Hammond yesterday named the following persons to represent the state at that convention: George Romney, W. W. Riley, W. N. Williams, H. Dinwoodey, G. H. Taylor of Salt Lake City, United States Senator Reed Smoot, and J. C. Provo, mining engineer and Kayaville, Alfred Sowerfoot of Ogden, and S. L. Chipman of American Fork.

Curse Scintia.

Rev. W. L. Riley, D.D., Cuba, New York, writes: "After fifteen days of excruciating pain from sciatic rheumatism, under various treatments, I was induced to try Ballard's Snow Liniment; the first application giving me my first relief and the second entire relief. I can give it unqualified recommendation." 25c, 50c, \$1.00. Sold by Z. C. M. I. Drug Dept.
