Price Money Refused Them.

After citing the fact that the individual defendants are the board of governors of the institute, the plaintiffs allege the holding of the exhibit on March 1, 1903, that they were the only competitors for the prize, their specimens of handiwork being accepted and the money made available to them.

Want Institute Enjoined.

The complaint then states that on Nov. 21, at the Commercial club, it is the intention of the institute to exhibit the exhibit, that if the governing board is permitted to hold its second exhibit the action will be enjoined.

KING LIBERATED; LYNCH SENTENCED

Interference From Washington in Other Cases.

Omaha, Neb., Nov. 18.—A representative of the Associated Press asked United States Attorney Summers what his reasons were for not presenting the Hastings postoffice transaction before the grand jury for investigation, and he replied by referring to the following letter in reply to Attorney General Knox's communication:

"Omaha, June 28, 1903.—The Attorney General, Washington, D. C.—Sir: I have the honor to acknowledge receipt of your communication of the 25th instant.

It is a matter of deep regret to me that any action on my part should fail to meet your approval.

"May I ask if you will kindly read the enclosure, requests made by me and directions given by you relative to the investigation before the grand jury of the conduct of the agent of the Omaha and Winnebago agency in Nebraska.

Looking upon this case as a precedent to deal with, I believe it reflects your wishes in similar cases. I felt you would prefer that the investigation be made under directions of the postoffice deputy line double tract of Missouri river in connection with the postmaster, and the terms of a ten years lease being a subject of inquiry. This case was not adopted by me to avoid any unpleasant understanding. On the contrary, it was for the purpose of being the better prepared to do my whole duty. Your obedient servant, W. S. SUMMERS.

"District Attorney.

It was explained that the paragraph of this letter referring to Indians had been omitted in the copy sent to Mr. Summers' office of certain alleged violations of the law by men who were attempting to fraudulently secure possession of Indian lands. The district attorney asked for instructions and the department of justice, in reply, stated that the matter would be investigated by the department of the interior.

"Double Track

The Chicago & Northwestern is the only line double track of Missouri river to Chicago, and maintains the fastest service between Omaha and the city at the head of the lake.
