

WONG LOUIE IS TO BE DEPORTED

Smuggled Himself into the Country Through Canada.

EICHNOR ON WAR PATH

ROBERTS COUNTY ATTORNEY'S OFFICE IN COURT.

Wong Louie, alias Ts Ts Num, the Celestial who slipped into the United States without properly introducing himself to the immigration authorities, must return to China. This was the decision made yesterday by Commissioner Twomey, who held that Wong was not entitled to enjoy the privileges of this country according to the exclusion act.

The Chinaman was arrested some days ago at Eureka by Deputy United States Marshal Smyth. It appears the almond-eyed man from the Orient landed on the rocky coast of Canada, and in the darkness of night smuggled himself across the boundary into the United States. He was tipped off by some of his fellow countrymen who bore an ancient grudge against him. Wong Louie came to the United States some time, but was finally located at Eureka and brought to this city for trial. He did not have the necessary entrance papers and consequently will have to return to the land of "hop" and "heathens."

The Chinaman was given ten days in which to make his exit from this country. He will be taken to San Francisco by an officer and placed aboard the first outgoing vessel. The United States government pays all the expenses incident to his return to China.

CASES ARE POORLY PREPARED.

District Attorney Eichnor Roasts County Attorney's Office.

The manner in which the county attorney's office handles some of the cases in the criminal division of the city court and pass them up to District Attorney Dennis C. Eichnor to assume the responsibility was indirectly brought to the attention of Judge Charles W. Morse of the criminal division yesterday morning, when the former asked that the case of the state against E. Rudman, charged with attempted assault upon Mrs. Eliza Gothe be dismissed. The district attorney said there was not sufficient evidence to convict.

When the case was called in the district court yesterday morning, District Attorney Eichnor addressed the court as follows:

"If the court please, in this case I have examined the complaining witness in the presence of Sergeant Edginton, Deputy Sheriff Butler and Mr. Lamm (backpacker as interpreter), and I am convinced that the charge as stated cannot be proved. I therefore ask that the case be dismissed on the ground of insufficient evidence. I wish to explain to the woman states that when she made the complaint in the police court the complaint was not read to her and she did not know what she was signing. That is what she told in the presence of these men, and I think a little more care ought to be exercised in sending these cases up here than has been exercised in this case. I ask that the case be dismissed."

An investigation of the case disclosed the fact that the man should never have been arrested. The woman is a German girl cannot speak English. The alleged assault was not at all as stated according to facts learned. In the district attorney's office, the woman was really as guilty as the man.

When the facts were brought to the attention of District Attorney Eichnor, Tuesday, he made an investigation. When he learned the truth, he was angry with the county attorney's office for over having permitted the case to be brought in the city court, and then passing it up to him, to resume the responsibility. Commenting upon his remarks in the court room, the district attorney said:

"If you want to call it a roast upon the county attorney's office, you can. Some say it was not, and I say it was. I am tired of having cases passed up to me from the city court which either should never have been brought, or should have been dismissed by the office. If they think they can place the responsibility upon me, why, they are mistaken."

CAN INSPECT BANK'S BOOKS.

Henry O. Harkness Wins His Case Against an Ogden Institution.

The officers of the Commercial National Bank of Ogden must permit Henry O. Harkness, a stockholder, to inspect all the books, accounts and ledgers of that institution. The state supreme court, by an opinion handed down by Chief Justice Baskin, affirms the decision of the district court in granting him a writ mandamus compelling the officers of the bank to concede his request.

On Feb. 1, 1902, Harkness made a demand upon the directors of the bank for permission to inspect the books, which was denied him. The opinion of the court says that Harkness demanded the investigation "for the purpose of ascertaining the value of his stock in said bank, and for the purpose of ascertaining whether the business affairs of the said bank have been properly conducted according to law; that books have been made up and a favored few of the patrons of said bank of more than one-tenth of the capital stock of each of said patrons, which is contrary to law, and that he believes the said directors and officers of said bank have been guilty of other irregularities which can only be stated after an inspection of the books and accounts of the bank."

Chief Justice Baskin says the only question involved in the appeal of the bank officials is whether a stockholder of a national bank, created and controlled by acts of congress, possesses the same powers and rights of access to and inspection of the books as are possessed by the stockholders of other corporations. He holds that the right of inspection is a common law right, and unless restricted by statute or the corporation's charter—which is not so in this instance—it would be unlawful to deny Harkness, who is a stockholder, the right to make an inspection for proper purposes, such as he claims. He adds that the statutes of Utah do not restrict the common law rights, but are in harmony therewith, adding further: "The common law right of inspection by the stockholder is a personal privilege arising from his ownership of stock of the corporation and can be exercised in a fitting manner."

ROYAL WEDDING.

London, Feb. 10.—Prince Alexander of Teck and Princess Alice of Albany were married today at St. George's chapel, Windsor castle, where Queen Victoria was married on the same date in 1840. The archbishop of Canterbury, assisted by other clergy, officiated, and King Edward himself gave away the bride. The whole ceremony was very elaborate and beautiful.

ONE MORE THEATRE VICTIM.

Chicago, Feb. 10.—The 10-year-old daughter of William Clugston died today of injuries received in the Iroquois theatre, making the 37th victim of that disaster.

ANTI-MAYOR GANG IS STILL HUNGRY

Fail to Get Others to Play Their Game.

MAKE THEIR DEMANDS

INSIST AMONG OTHER THINGS ON CONDE'S DISCHARGE.

And still these Republican councilmen in the anti-mayor combine are unable to get hold of any of the pie. They have been unable to bulldoze or cajole Preece and Wood into giving up their present advantage and turning everything over to the insurgents. They have not succeeded in scaring or "jollying" Mayor Morris into playing their game. Yesterday they were an agitated and angered aggregation. Their modest demands, now that they are outflanked by the mayor and on the run, as follows:

That L. C. Kelsey be retained as city engineer.

That Dr. M. R. Stewart be retained at health commissioner.

That Frank Hines be retained as superintendent of waterworks.

That C. A. Erickson be retained as superintendent of streets and irrigation.

These are a few of the demands. By tomorrow the combine may be willing to grant the mayor the appointment of the pound keeper and the oil inspector, but it is doubtful if they will concede more, even though they be in full flight.

The anti-mayor crowd hope to get Mayor Morris at this late date to turn against Preece and Wood, who have shown a disposition to be fair, to the hand that has tried to smite him, give the anti-mayor combine everything they want, and leave Preece and Wood out in the cold.

This is the plan of Councilman A. J. Davis, Martin, Dean, Neuhausen, Hobday and Black, with Hewlett passively assenting. Every one of these men, either singly or in connection with one or two or three others, has made a proposition to vote against the rest of the Republicans in the council if granted certain favors.

CAPITAL STOCK INCREASED.

New York, Feb. 10.—The stockholders of the Greene Consolidated Copper company today voted to increase the capital stock from 720,000 shares, \$10 per share par value, to \$64,000 shares. The vote in favor of the increase was 478-184 shares. Holders of 8,100 shares voted against the increase. Holders of Greene company stock will be entitled to one share of the new stock at par for every five shares now held.

FELL DOWN A SHAFT.

San Francisco, Feb. 10.—W. J. Copeland, president of the San Francisco Typographical union, fell dead as the result of falling through an open elevator shaft late last night.

SURE.

The Robust Physique Can Stand More Coffee Than a Weak One.

A young Virginian says: "Having a naturally robust constitution, far above the average, and not having a nervous temperament, my system was able to resist the broads upon it by the use of coffee for some years, but finally the strain began to tell."

"For ten years I have been employed as telegraph operator and typewriter in the office of the San Francisco Telephone company. For the first two years, I had used coffee continually from the time I was 8 years old—nearly twenty years."

"The work of operating the telegraph key is a great strain upon the nerves and after the day's work was over I would feel nervous, irritable, run down and toward the last suffered greatly from insomnia and neuralgia. As I never indulged in intoxicating liquors, drugs or tobacco in any form, I came to the conclusion that coffee and tea were causing the gradual break-down of my nervous system, and having read an article in the Medical Magazine on the composition of coffee and its toxic effect upon the system, I was fully convinced that coffee was the cause of my trouble."

"Seeing Postum spoken of as not having any of the deteriorating effects of coffee, I decided to give up the stimulant and give Postum a trial. The result was agreeably surprising. After a few days my nerves became wonderfully strong. I can do all my work at the telegraph key and typewriter with far greater ease than ever before. My weight has increased thirty pounds, my general health keeping pace with it, and I am now a new man and a better one." Name given by Postum Co., Battle Creek, Mich.

There's a reason. Look in each package for the famous little book, "The Road to Wellville."

Major Richard P. Morris yesterday remitted the \$30 fine imposed by Judge Chris B. Diehl against Dr. Swanson. He was convicted in the police court several days ago of stealing an overcoat, pawned it and appropriating to his own use the proceeds of the sale. The judge imposed a fine of \$30, which meant as many days in jail.

On the representation that the following facts were true, the mayor yesterday remitted the fine: Swanson is a certain committed to the state mental hospital at Provo. He is 60 years of age and has a wife and two daughters. Dunning resided with them at 1 Hawken's court. The malady manifested itself about four years ago. Prior to that time Mr. Dunning was a clerk. Since then he has done nothing. He utters the words "murder" and "murder" by turns; has an inclination to look into windows and makes dire threats against imaginary persons.

District Court Notes.

Hereafter the clerk of the civil division of the city court will be found in a room just south of Judge H. S. Tanner's court room in the basement of the city and county building, instead of the city recorder's office. The transfer was made yesterday afternoon. The old story room was rededicated for that especial purpose.

William H. Bellon and wife of Murray have asked Judge William H. Hall to permit them to adopt Joseph Henry Anderson, aged 9 months, whose father, it is said, has deserted the child.

The jury which tried the case of C. E. Breech vs. M. F. Glebocki yesterday brought in a verdict in favor of the defendant, finding there was no cause of action. The suit was brought to recover \$4,650, alleged commission due on a mining deal.

ROYAL WEDDING.

London, Feb. 10.—Prince Alexander of Teck and Princess Alice of Albany were married today at St. George's chapel, Windsor castle, where Queen Victoria was married on the same date in 1840. The archbishop of Canterbury, assisted by other clergy, officiated, and King Edward himself gave away the bride. The whole ceremony was very elaborate and beautiful.

SORES AND ULCERS SHOW A BAD CONDITION OF THE BLOOD

When the blood is in bad condition a bruise, cut, crutch, or any slight injury to the flesh, is apt to become a ugly-looking sore or ulcer. Sometimes a boil, blister, or pimple is the beginning of a large eating ulcer or open discharging sore. Often the blood is naturally bad, and so that way from birth, and such people suffer with various kinds of sores from infancy through old age. The blood may become so weak and watery from the effects of malarial sickness, debility or some old chronic trouble, that the impurities break out in bad sores on the lower extremities or other part of the body. There is always some morbid, unhealthy matter in the blood that keeps the sore discharging, and must be gotten out before it will heal. Washes and salves, while cleansing, soothing and helpful, will not do it, because they do not reach the poisoned blood; but S. S. S. cleanses and purifies the diseased blood, and when this is accomplished the place heals. Where the health has been impaired it restores strength and vigor to the system, improves the appetite and digestion, and tones up the nerves. Purifying the blood is the surest way to get rid of an old sore or ulcer. Medical advice is free.

A common boil appeared on the calf of my right limb. I used the simple home remedies but the place refused to heal. The physician I consulted did me no good. My leg was a solid sore from calf to ankle, and I then began S. S. S. and I improved rapidly, but an attack of typhoid fever had set in on the original sore, causing a lockjaw, which again as soon as I was over the fever, and was completely and permanently cured.

New Castle, Pa. MRS. K. A. DUFFY, 214 Washington St.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

DOCTOR COOK CURES DISEASES OF MEN

Prostatic Troubles permanently cured, no matter how long standing, in from 3 to 20 days. Stricture cured in 15 days, without cutting, cauterizing, or detention from business. Wasting Weakness Time of cure, 10 to 60 days, by my original, very simple remedy used exclusively by me. Private Diseases Cured in 2 to 10 days, without the use of poisonous drugs. Consultation is free and invited, and in consulting me you may be sure that nothing that science can devise or skill perfect have been left undone to afford you a speedy, safe and permanent cure. WRITE me in full confidence, explaining your troubles as they appear to you, and receive by return mail my honest and candid opinion of your case.
