

WRITES OF TRIP TO FAIRERLAND Geo. Mueller Relates Impressions After Long Absence. COMPARES TWO COUNTRIES SHOWS WHERE BOTH MIGHT IMPROVE.

John E. Meister has received the following letter from his business associate, George Mueller, who is now in Hamburg, Germany.

Dear Sir: You will, I doubt, be interested to receive a few lines from the fatherland and particularly about the general conditions as I find them today. It will be twenty years ago the 8th day of July next since I left this country for America as a lad of 17. Now, upon my return to the land, I find it very much, and again, some things that have disappointed my expectations.

After a fairly pleasant trip across the ocean I spent a few days in Bremen, a city of considerable commercial importance. I was much struck with the cleanliness of this little seaport; the streets are almost spotless and the buildings, though old, have been so well cared for that they are almost as good as new.

Perfect Order in the Streets. The greatest order prevails throughout the public buildings and the general municipality. Of course, the police are all trained soldiers and they enforce the law whenever necessary.

German Holiday. The Germans are great people to take long walks, usually to the woods. I see them going daily in drives, more especially so on Sundays for their outings, loaded down with umbrellas. They go to the timberland, eat, drink and have a good time generally.

"I thank Dr. Pierce for the kind advice he gave when I wrote to him."

"I am thankful to the friend who first recommended your medicine," writes Annie M. Brook, of Smithfield, Fayette Co., Pa. "I have a twelve year old child, who has had three bottles of 'Favorite Prescription' before baby came, and the time was only one hour and a half before she was born."

The benefits resulting from a consultation by letter with Dr. Pierce are testified to by thousands of grateful women who have been made new women by his medical advice and fatherly counsel given absolutely without cost or fee.

are to make people drink I have seen but very few intoxicated. Woods Full of Wild Game. The woods are full of all sorts of game and beautiful birds with their sweet songs.

Mrs. L. C. Glover, Vice-President Milwaukee, Wis., Business Woman's Association, is another one of the million women who have been restored to health by using Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM:—I was married for several years and no children blessed my home. The doctor said I had a complication of female troubles and I could not have any children unless I could be cured. He tried to cure me, but after experimenting for several months, my husband became disgusted, and one night when we noticed the testimonial of a woman who had been cured of similar troubles through the use of Lydia E. Pinkham's Vegetable Compound, he went out and bought a bottle for me. I used your medicine for three and one-half months, improving steadily in health, and in twenty-two months a child came. I cannot fully express the joy and thankfulness that is in my heart. Our home is a different place now, as we have something to live for, and all the credit is due to Lydia E. Pinkham's Vegetable Compound. Yours very sincerely, M. L. C. Glover, 614 Grove St., Milwaukee, Wis."
