JAILED FOR CONTEMPT

C. A. Carlson Squanders Savings Instead of Paying His Wife Alimony.

Judge Hall of the Third Judicial district yesterday ordered that C. A. Carlson be committed to the county jail for contempt of court in failing to obey an order to pay his divorced wife alimony.

Some months ago Judge Morse granted Mrs. Carlson a divorce from her husband, who was ordered to pay her alimony. Carlson had \$1,750 in the Motor Savings bank, which he was ordered not to touch until the matter had been settled.

When brought before Judge Hall yesterday, Carlson said that he was intoxicated at the time and spent all the money when on a spree in drinking and gambling. He alleged that he owns about \$200 worth of real estate which he would turn over to make up partially for the \$1,750 he had squandered.

Judge Hall continued the case until Monday morning at 10 o'clock. Meanwhile Carlson's statements will be investigated.

EXONERATION GIVEN BOWMAN

State Board of Education Acts on Charges Against Him.

NO DISCRIMINATION SHOWN BUT HE UNLAWFULLY ISSUED TEACHERS' CERTIFICATES.

The state board of education yesterday morning finished its investigations of the charges made against County Superintendent Bowman.

The board went over all the examination papers and found them marked correctly. It was decided, however, to hold another examination in the near future at Price for all the teachers in Carbon county.

The following are the findings of the board in regard to the charges against Superintendent Bowman: First, that there had been no unjust discrimination by the county superintendent in the issuance of temporary certificates.

Second, that the superintendent was not guilty of improperly nor did he enjoy any undue advantage in the examination which he himself wrote for the county teachers' certificates.

Third, that the superintendent had not unjustly discriminated in the issuance of temporary certificates to persons who have failed in an examination for regular certificates or who have had an opportunity to take such examination.

Fourth, that while the county superintendent had not acted in good faith in the issuance of temporary certificates, he was thereby best subserving the interest of the school in an emergency. It is, however, the opinion of the board that the issuance of temporary certificates to persons who have failed in an examination for regular certificates is not in accordance with the spirit of the law governing the issuance of such certificates, and that therefore the temporary certificates so issued in Carbon county are null and void.

Superintendent Bowman was exonerated from the charge that he took the teachers' examination when the questions were sent to him before the examination. Mr. Bowman testified before the board that he wanted to take the examination so that he could accept a position outside of Carbon county. In order to avoid criticism, he stated that he had H. C. Lee receive the questions and give the examination.

Saved His Life.

J. W. Davenport, Wingo, Ky., writes, June 14, 1904: "I want to tell you I have lived Ballard's Snow Liniment saved my life. I was under the treatment of two doctors, and they told me one of my lungs was entirely gone, and the other badly affected. I also had another lung with me. I don't think that I could have lived over two months longer. It was due to the Snow Liniment. The first application gave me great relief; two fifty-cent bottles cured me sound and well. It is a wonderful medicine and I recommend it to suffering humanity." 50c, \$1.00. Sold by Z. C. M. I. drug department.
