REGISTER SURE DUTY OF TODAY

Campaign Committees Will Have a Busy Day.

LAST CHANCE THIS MONTH

WHAT IS GOING ON AMONG POLITICIANS.

Political managers anxiously scanned the skies yesterday afternoon and evening in the hope of detecting omens of good weather for registration today. Dr. Hyatt, who mixes the weather for this section, avers that today will be fair and warmer, an assurance that brought relief to those upon whom falls the duty of inducing the voter to make possible his casting of a freeman's ballot.

The work of getting voters registered will be taken up in earnest by all parties today. The Democratic county committee will make systematic efforts to get the Democrats registered during the remaining three days of registration.

No carriages will be employed by the registrars today, but an abundance of vehicles will be in service during the closing registration days. Chairman Eldridge of the Republican county committee, last night declared his committee would not center its energies on the Fifty-second district today, as had been expected.

At American party headquarters no announcement as to methods was given until the registration closed at 8 o'clock this morning. Today is the last day for registration and the registration will be open from 8 o'clock this morning until 9 o'clock this evening.

Political Notes. Judge Powers speaks at Levan this afternoon at 2 o'clock and at Nepht this evening at 8 o'clock. Hincley, Mr. Cobb at Huntsville, Judge King at Kanosh, Messrs. Harmon and Ray in Garfield county and Mr. Smith at Garland.

George Smith of Park City, Democratic candidate for senator from the third district, was a caller at headquarters yesterday. Mr. Smith has just completed a tour of Wasatch county, and expects to visit through the county during the week.

Wesley K. Walton arrived in the city yesterday from Rich county. "I've just been among the icelagers," he announced to a couple of friends at Republican state headquarters. "Why I didn't know you had been traveling with Cutler," said one of the men, with a surprised air.

COUNCIL BLACKS CONSPIRACY

Wood Speaks in Favor of the Mediums.

LICENSE IS NOT LOWERED

OTHER BUSINESS TRANSACTED BY THE CITY FATHERS.

The councilmen last evening entered into a discussion upon the genuineness of spiritualism, Councilmen Wood and Hobday upholding the "truth," and James Harrison and other opposing it. The license committee reported that it had had in its possession for some time a petition from the Arnold-Dickson brothers that the license on fortune-tellers and their ilk be reduced from \$200 to \$100 a year, and could not agree on the matter.

Councilman Hobday said the petitioners were ministers, having credentials, and ought not to pay any license. The brothers were willing to pay \$100. They had informed him to keep "fake" fortune-tellers away from the city. For a year, he said, the Arnold-Dickson brothers were the only persons who had been paying any license fee at all, although there are several fortune-tellers doing business in the city.

Councilman Black and Hartenstein spoke in opposition to illuminated signs being erected on the sidewalk in front of the city ordinance. The remarks were called forth by the granting to the Crystal cafe permission to hang a sign across the sidewalk in front of the city ordinance. The ground that they were dangerous and unsightly, Councilman Black said they ought to be fastened by hinges so they could be drawn up at night.

Henry C. Harrison offered to sell the city eighty acres of land in City Creek canyon, eight miles from Eagle Gate, as a watershed. The ground is known as the Forks. The price asked is \$75 an acre.

The Veterans Ask Money. The Veteran Firemen asked an appropriation of \$100 to aid in defraying the expenses incurred by the association when it entertained the California veteran firemen while they were guests in Salt Lake. The request was referred to the finance committee.

Deputy Auditor Matter Goes Over. The recommendation of the committee on municipal laws abolishing the office of deputy city auditor was laid over for a week. An ordinance was presented abolishing the office. The recommendation was referred to Councilmen Fernstrom, Hobday, A. J. Davis and Preece.

REPUBLICANS, REGISTER TODAY. If you are not registered you can't vote for Roosevelt. An entirely new registration this year. If in doubt as to where to register, ring up Republican headquarters. Bell phone 82, Lind, phone 2781.

CANDIDATE GOODING SPOKE AT BLACKFOOT. Blackfoot, Ida., Oct. 17.—Frank R. Gooding, Republican candidate for governor, spoke to a good-sized audience this evening. His remarks were well received by the Mormon press when he alluded to the Democratic plank on polygamy and church disincorporation, denying there was either practice or intention of such a thing.

MARRIAGE LICENSES. John L. Willis, Snowflake, Ariz. \$25. Sarah E. Cook, Salt Lake, \$25. Ebenezer A. Child, Salt Lake, \$25. Elmore Johnson, Ephraim, \$25. Geo. H. Johnson, Salt Lake, \$25. Alice L. Coombs, Eureka, Minn., \$25. Fred M. Patten, Salt Lake, \$25. May E. Cook, Newberry, \$25. Anton Hochwar, Salt Lake, \$25. Francisca Pador, Murray, \$25.

FISHER HARRIS NEARLY DROWNED

BY WATER INSIDE HIS FISHING SUIT

Fisher S. Harris, manager of the Commercial club, was telling yesterday a soggy tale of personal adventure in which he came near separating himself from his life.

Just then I splashed a little water near me, and these I grasped. They were three feet deep. When I got to the weight of the water that had gotten inside of my oilcloth wading suit and I could not stand erect, I got down on my hands and knees and crawled to the shore. When I got there I was almost exhausted, but I contrived to brace up, and after reclining for the greater part of the hour, during which the sun dried out my clothes, I resumed my fishing. But the bass wouldn't bite.

GASOLINE EXPLOSION IN ALBION MINE

INJURES SUPERINTENDENT AND FOREMAN

An explosion of gasoline temporarily disabled two men yesterday morning at the Albion mine, at Alta. During the forenoon Superintendent Amos Hatfield and Foreman George Williams went on a tour of inspection of the property, hoping to open up an old shaft in the upper workings which had been abandoned for about four years.

STRAWBERRIES COME WITH SNOW

fruit ranch at Sandy, raises the largest part of the winter strawberries seen in restaurants. The berries are of course "sun" grown. They are as large as ordinary California berries, although not equaling in size as a rule the Utah fruit. In flavor they are delicious. The color is hardly such a rich red as seen in the earlier varieties.

Mr. Krack took first prize at the state fair this year for the thirty best pears, and second prizes, respectively, for the three following displays. Finest quality of pears, more than three varieties; largest variety and best quality, and finest display and quality of plums for the year.

Strawberries are coming into Salt Lake these cold, snowy days to tempt the palates of those who thought that all good berries went long ago with the second crop. There are not more winter berries, or third crop berries, in evidence at retail stores and at restaurants in the city than at the earlier varieties.

Either there is a delusion that the price of the winter berries is above the average means or that the fruit is not as sweet and firm as the earlier varieties. At any rate a search through the larger retail stores yesterday afternoon failed to find any of the third crop, while only a few restaurants had them on the menu. The berries wholesale at about 25c per cup. This would mean about 50c per quart.

William Krack, proprietor of Zion's fruit ranch, at Sandy, raises the largest part of the winter strawberries seen in restaurants. The berries are of course "sun" grown. They are as large as ordinary California berries, although not equaling in size as a rule the Utah fruit. In flavor they are delicious. The color is hardly such a rich red as seen in the earlier varieties.

MISS CLAUSSEN SAVED FROM A SURGICAL OPERATION. "DEAR MRS. PINKHAM:—It seems to me that all the endorsements that I have read of the value of Lydia E. Pinkham's Compound do not express one-half of the virtue the great medicine really possesses. I know that it saved my life and I want to give the credit where it belongs. I suffered with ovarian trouble for five years, had three operations and spent hundreds of dollars on doctors and medicines but this did not cure me at all."
