

LAST EDITION. WEATHER FOR SALT LAKE Fair and colder. A TIP! If you want to do business, advertise in the Herald. It gets results.

ESTABLISHED JUNE 6, 1870. SALT LAKE CITY, UTAH, TUESDAY, DECEMBER 27, 1904. PRICE, FIVE CENTS.

SLIGHT HITCH IN THE MATTER

Extradition Papers For Dr. Chadwick Were Not Granted.

FATAL DEFECT IN THE PROOF

NECESSARY AFFIDAVIT HAS BEEN FORWARDED.

ALBANY, N. Y., Dec. 26.—Sheriff Barry of Cleveland, O., was refused an extradition warrant for Dr. Leroy S. Chadwick at the executive chamber here this morning. The ground of refusal was that his papers failed to prove that Dr. Chadwick was in the state of Ohio March 5, 1903, when the forgery of the signature of Andrew Carnegie in which he is accused of having been concerned with his wife, Mrs. Cassie L. Chadwick, is alleged to have been committed.

Sheriff Barry decided not to try to correct his paper, but to go out to New York and arrest Dr. Chadwick and arrange for his requisition afterward.

Sent Word Ahead.

Before leaving for New York Sunday the Cleveland sheriff telegraphed to the executive chamber here asking that his papers be prepared so that there might be no delay upon his arrival early today. When the telegram was received Governor Odell was at his home in Newburgh and the message was given to his pardon clerk, Judge Joyce immediately telephoned the governor and received authority from him to deliver the extradition warrant in case the applicant's papers were properly drawn up. Sheriff Barry called at the executive chamber this morning and presented to Judge Joyce the requisition papers prepared by the attorney of Ohio, asking an extradition warrant to enable him to take his prisoner out of New York state.

Proof Was Defective.

When the sheriff learned that his proof was defective he concluded to telegraph to Albany the necessary affidavits prepared and sent to him in New York. He said that this was a purely formal matter and that affidavits could be promptly obtained showing that Dr. Chadwick was in Ohio on or about March 5, 1903.

The Ohio Sheriff Left Immediately Afterward for New York, where he will wait for Dr. Chadwick's steamer which is expected Wednesday. He will consult with New York City authorities regarding the best course of procedure.

Before leaving Sheriff Barry said that while he was disappointed at not obtaining the requisition warrant at this time, the failure would not delay him to any appreciable extent.

AFFIDAVIT DRAWN UP.

Additional Proof Forwarded to Sheriff Barry. Cleveland, O., Dec. 26.—County Prosecutor Keeler to whom the necessary affidavits prepared and sent to him in New York had been refused an extradition warrant for Dr. Chadwick, said:

"The papers which Sheriff Barry carried to Albany were in regular form and I cannot understand why the warrant requested has been refused. It is probably a mere technicality, however, owing to the fact that the affidavit drawn up by Governor Herrick explicitly states that Dr. Chadwick is a fugitive from justice in the county of Cuyahoga, Ohio, on March 5, 1903, and that the indictment is sufficient in itself for placing Dr. Chadwick on trial upon the charges named."

Needs of the People.

"Surveying the wide domain of the people's utmost needs, we regard as urgent in the interest of the legal strengthening of civic and public life. First—The adoption of effective measures for enforcing the law in its full force as the most important pillar of the throne of the autocratic empire, in order that its inviolate fulfillment for all alike shall be regarded as the first duty by all the authorities and in all places subject to us; that its non-fulfillment shall inevitably bring with it legal responsibility for every arbitrary act, and that persons who have suffered wrong by such acts shall be enabled to secure legal redress."

Independence of Courts.

"Third—That in order to secure equality of persons of all classes before the law, steps should be taken to bring about the necessary unification of judicial procedure throughout the empire and to assure independence of the courts."

Heavy Traffic Reported.

Topeka, Kan., Dec. 26.—The Rock Island passenger department reports a heavy California traffic on the Golden State limited, a fast train placed in service yesterday. Passenger business to California will be unusually active this winter. This has caused the Rock Island to put on another fast train, in addition to the Golden State limited.

REFORM UKAZE HAS BEEN ISSUED

Document Deals With the Demands of the Zemstvos.

ASSEMBLY NOT MENTIONED

COUNCIL OF MINISTERS TO MAKE REPORT.

St. Petersburg, Dec. 26.—Emperor Nicholas' long-expected reform ukaze was issued tonight. The document deals, under eight heads, with practically all the subjects brought to the emperor's attention by the memorial of the congress of zemstvos presidents held here last month and, while not specifically pledging the government to carry out the various reforms in their entirety, as demanded by the memorial, promises that each shall be referred to the council of ministers, with orders to report promptly on the fullest measure of relief which can be accorded on the various subjects mentioned. One question not touched by the ukaze is that of the constitutional assembly. Neither is the Jewish religion, specifically mentioned, though freedom for all creeds and sects, whether Christian or otherwise, is among the subjects which will be dealt with.

S. PETERSBURG, Dec. 26.—An imperial ukaze issued tonight makes decidedly liberal promises under a number of heads. It promises an equal and full enforcement of existing laws and regulations, the fullest possible measure of self-government and the enforcement of the laws now existing in their behalf; promulgates a scheme of a magistrates' insurance, extending the liberty of the press and promises a full legal trial of all persons accused.

The imperial decree, which is entitled "A scheme for the improvement of the administration of the state," is addressed to the senate, and is as follows: "In accordance with the revered will of our crowned predecessor, and thinking that the welfare of the realm entrusted to us by God, we regard it as our duty and the government's duty in conjunction with unflinching maintenance of the immutability of the fundamental laws of the empire, to have untrusting care for the country's needs, distinguishing all that is really in the interests of the Russian people, and neglecting not seldom mistaken and influenced by transitory circumstances. When the need of this or that change is proved ripe, then we consider it necessary to meet it, even though the transformation to which this leads involves the introduction of essential innovations in legislation. We do not doubt that the realization of such an undertaking will meet with the sympathy of the well-disposed section of our subjects, who see the true prosperity of the Fatherland in the support of equal liberty for all, and the uninterrupted satisfaction of the daily needs of the people."

Text of the Decree.

"Placing in the forefront of our care, thought for the best ordering of the life of the most numerous of our estates, the rural population, we may remark that this matter is already under examination. Simultaneously with a detailed investigation of the initial proposals of the magistrates' insurance, which are being carried out locally, conferences are now being held by commissioners specially selected from among the most experienced and able administrators of local affairs, with a view to the investigation of the general needs of the agricultural population, and the experience of local committees. We command those of labor to bring the laws regarding peasants into unity with the general principles of the law, and to facilitate the task of attaining permanent security of this estate which, by decree of the czar liberator, is recognized as consisting of free citizens possessing full rights."

Needs of the People.

"Surveying the wide domain of the people's utmost needs, we regard as urgent in the interest of the legal strengthening of civic and public life. First—The adoption of effective measures for enforcing the law in its full force as the most important pillar of the throne of the autocratic empire, in order that its inviolate fulfillment for all alike shall be regarded as the first duty by all the authorities and in all places subject to us; that its non-fulfillment shall inevitably bring with it legal responsibility for every arbitrary act, and that persons who have suffered wrong by such acts shall be enabled to secure legal redress."

Independence of Courts.

"Third—That in order to secure equality of persons of all classes before the law, steps should be taken to bring about the necessary unification of judicial procedure throughout the empire and to assure independence of the courts."

Heavy Traffic Reported.

Topeka, Kan., Dec. 26.—The Rock Island passenger department reports a heavy California traffic on the Golden State limited, a fast train placed in service yesterday. Passenger business to California will be unusually active this winter. This has caused the Rock Island to put on another fast train, in addition to the Golden State limited.

Johnny—"Well, It Was Worth It, Anyhow!"

PRINCESS DIES IN UTAH EXILE

Louine of Samoa Expires After Short But Eventful Life.

ABDUCTED, BUT RESCUED

LEAVES NATIVE LAND BECAUSE OF HER CONVERSION.

PRINCESS LOURINE, a member of the royal family of Samoa, who died at Lehi Saturday and whose funeral was held in that city yesterday, left the island of Samoa in 1892, after an eventful although short life, being but 16 years of age. She succumbed to a acute attack of pneumonia after a brief illness. When but 12 years of age Princess Lourine listened to the preaching of Mormon missionaries to Samoa and became converted. When her change of religious practice became known to the other members of the royal household they were greatly incensed and sought to prevent her from associating with the elders and the other Samoan converts. But she contrived to elude their vigilance and met with them on several occasions. Abducted by Family's Order. As they were about to sail for San Francisco, she was kidnapped by order of her family and kept in strict seclusion for several days. But, aided by some of the natives, the missionaries succeeded in finding the place where she was hidden and contrived to rescue her. She was put on shipboard and a couple of weeks later landed in San Francisco. Before being abducted she had been instrumental in causing many Samoans to become converted to Mormonism, and upon reaching the United States she continued her work among those of her own people who made the voyage with her and who preceded and followed her, strengthening their faith in the doctrines of Joseph Smith, both by preaching and practice. Comes to Utah. She came direct from San Francisco to Salt Lake, and after spending a few days here went to Lehi, where she resided constantly until her death. Her funeral was conducted by Elder George A. Goats and Elder Edwin Smart, who delivered addresses in which they recounted the main incidents in her career since her conversion to the Mormon faith. They emphasized the fact that she had forfeited the high position to which she was entitled by reason of her birth and had become an outcast and a stranger to all her titled relatives. The funeral was attended by hundreds of Mormons, some of the leaders of the church going to Lehi from Salt Lake for that purpose. Many of those present were Samoans.

THE DEATH RECORD.

John W. Wallace. Worcester, Mass., Dec. 26.—John W. Wallace, a life-long friend of Admiral Dewey and his shipmate in the civil war, is dead at his home here. He was 74 years old.

Rev. John Mackenzie Bacon. London, Dec. 26.—Rev. John Mackenzie Bacon, lecturer, scientist and aeronaut, is dead at Colmat, Newbury, of palsy, aged 58 years.

Major General W. H. Powell. Belleville, Ill., Dec. 26.—Major General William Henry Powell, a distinguished soldier of the Union army during the Civil war, and formerly prominent in the iron industry, died at his home here today, aged 79 years.

Mrs. Nellie Dent Sharp. Washington, Dec. 26.—Mrs. Nellie Dent Sharp, widow of Major Alexander Sharp, U. S. A., and sister of the late Mrs. U. S. Grant, died in this city today. The body will be buried at the Presidio, San Francisco, where the remains of Major Sharp, who died three years ago, are interred.

Spoke With Enthusiasm. Ekaterinob, Dec. 26.—The governor, opening the zemstvo, spoke enthusiastically of the forthcoming decentralization of Russia.

NEWS FROM SAMAR WAS ONLY TOO TRUE

Governor Wright Confirms the Story of the Slaughter of the Constabulary at Dolores—Heavy Reinforcements Have Been Sent.

WASHINGTON, Dec. 26.—Secretary Taft today received a cablegram message from Governor Wright at Manila in response to his inquiry in regard to the recent uprising of the Palajanos, Dolores, Samar. Governor Wright's message is as follows: "Manila, Dec. 26, 1904.—Secretary of War, Washington, D. C.—With reference to your telegram of 21st inst., I regret to say that General Corbin's report of attack on and loss of detachments of scouts at Oras and Dolores is correct. The Palajanos have of late left the east and north sides of Samar and become active on the east coast, which is practically without harbor and very difficult of access during the prevalence of the existing monsoon. Orders were given some time since to strengthen all detachments on the east coast, but unfortunately this was delayed by a wreck and loss of a coast guard boat carrying 100 or more of the constabulary. The men were saved but the delay in sending another coast guard boat to the rescue resulted in leaving these small detachments at Oras and Dolores isolated and the consequent loss. All east coast stations have been heavily reinforced and we are still sending men by my direction. General Allen, chief of constabulary, left here (Manila) two weeks since to take personal charge of affairs in Samar. I am still further reinforcing him with constabulary and am consulting with General Corbin who, if necessary, will aid us with troops."

RUSSIAN CONSUL HAS NOT GIVEN UP SAILOR WHO KILLED CHINAMAN

Shanghai, Dec. 26.—The Russian consul has made no reply to the demand of the taotal for the surrender to him of the sailor belonging to the Russian cruiser Nikolai, who on Dec. 15 murdered a Chinaman as the result of a dispute over payment for the hire of a jurikaba. The consul has refused to give up the sailor, who was sent by the consul, and where it was understood he would be tried by court-martial. The taotal has applied to the foreign board at Peking for further instructions. The Ningo community is becoming restive. The murdered Chinaman was a native of Ningo, an important treaty port 100 miles south of Shanghai, and the Ningo community at Shanghai is 20,000 strong. As told in a dispatch from Shanghai, Dec. 19, the lower classes of the community were urging an attack on all Russians in Shanghai, but they were being restrained by the Ningo guild, which was counsel of prudence pending the action of the taotal.

DODGE BREAKS DOWN UNDER STRAIN

District Attorney Jerome's Prisoner Under the Care of Two Physicians—Names of the Seven Business Men Not Yet Divulged.

NEW YORK, Dec. 26.—Charles F. Dodge, who returned from Texas last week in charge of United States Marshal Hanson to answer to a charge of perjury, suffered a collapse in his room at the Broadway Central hotel today and a physician was speedily summoned. Later a second physician was called in consultation. During the remainder of the day one of the medical men was in constant attendance. Assistant District Attorney Garvan called on Dodge and was later asked his condition. He replied: "Mr. Dodge is a very sick man under the care of a physician. He is suffering from malaria and general undermind of the system." County Detective Jesse, one of the district attorney's office force guarded Dodge and said that Dodge was in a highly nervous state as a result of the reaction after the excitement of his arrest, followed by the comparative quiet of the past two days. Mr. Garvan called on the former hotel man for the purpose of securing his signature to a transcript of the stenographer's notes of his statement to District Attorney Jerome. Mr. Garvan declined to discuss the case in any of its phases. Messrs. Jerome and Carvan spent most of the day in their offices working on the Dodge case. Mr. Jerome refused to be interviewed, and said he could not say when he would present the case to the grand jury. James W. Osborne, counsel for Dodge, said there were new developments today.

SALT LAKE GIRL MAY HAVE BEEN VICTIM IN COLORADO TRAGEDY

The girl murdered on Cutler mountain in Colorado may have lived in Salt Lake. Last summer a young woman left her home in one of the smaller towns to the south of the city and came to Salt Lake to work as a domestic. After spending a few weeks in the city she packed a few belongings and bought a ticket for Ogden, and left without making her ultimate destination known. From there she went to Colorado Springs, and shortly after her arrival there all trace of her was lost. Her description tallies closely with that published of the girl found on the mountain. She had, what might be termed Titian red hair, the same as on the head of the unknown dead girl, and in form was the same. The gold filling in the teeth she did not possess, however, when she left Salt Lake, but those interested think that she had plenty of time to have had that work done after she left here. The name of the girl is withheld until this time for obvious reasons. Meanwhile the police have forwarded a pic-

MYSTERY MAY BE NEAR SOLUTION

Female Drummer the Mount Cutler Murder Victim.

NAME MRS. BESSIE BOUTON

MAN IN THE CASE IS ALSO KNOWN.

COLORADO SPRINGS, Dec. 26.—"The hair is the same color as that which I dressed for the representative of Dr. J. Parker Pray, who sold me a small bill of goods early in October last," said Mrs. H. R. Crooks, a hair dresser of this city, to a city detective today. The answer was in reply to a question by the officer who presented a lock of the hair taken from the body of the Mount Cutler murder victim, and has almost convinced the officers that they are able to solve the identity of the victim.

Did Not Know Her Name.

While the hair dresser does not know the name of the female drummer whose hair she dressed it is believed that she is none other than Mrs. Bessie Bouton, daughter of Charles R. Kemper, 406 Avery avenue, Syracuse, N. Y., and a sister of Mrs. Charles H. Neilson of Santa Barbara, Cal., who is reported as missing since early in October. A visit from some members of the family to this city is anxiously awaited by Chief Reynolds. The descriptions certainly tally very closely, except in minor details are the same.

Occurred in October.

It is learned that early in October a woman believed to be Mrs. Bessie Bouton called upon a number of druggists and hair dressers of this city as the representative of Dr. J. Parker Pray, manufacturing chemist, 13 East Twenty-third street, New York City. She sold a small bill of goods to Mrs. Crooks and had her hair dressed while she was at the store. For this reason Mrs. Crooks expressed the opinion that she would recognize the color and texture of the hair if she saw it again. When the detective showed her a lock of hair taken from the body she expressed the opinion that it was the same.

Goods Never Came.

While selling the bill of goods it was arranged that they should be shipped within a case to the Robinson Drug company, but Mrs. Bouton has never called upon the latter firm for its order, nor has Mrs. Crooks received the goods she ordered. The detective has been unable to find anyone in the city who has seen Mrs. Bouton since that time, although she was expected to call on several druggists, and did call upon others. When in the hair-dressing store Mrs. Bouton did not remove her gloves and the hair dresser did not see her hands, and could not tell if she wore jewelry of any kind.

No word has been received by Chief Reynolds from Syracuse, but today he received a telegram from Chief of Police James Ross of Santa Barbara, Cal., as follows:

Man With Her.

Mrs. Nelson of this city thinks the murdered woman to be her sister who left here in August with Milton Franklin. Lives at Syracuse, N. Y. Wire description. The request was complied with and a complete description was at once sent west.

An examination of every hotel register in the city and inquiry at the leading rooming houses patronized by tourists failed to shed any light on the matter. The name of Mrs. Bessie Bouton does not appear, and it is now believed that she stayed here under another name. An examination is being made in an effort to locate Milton Franklin.

Traveled With a Drummer.

Santa Barbara, Cal., Dec. 26.—Mrs. Charles Nelson of this city believes that the dead woman found near Colorado Springs, Colo., was her sister, Mrs. Bessie Bouton. The main point upon which the conclusion is based is the peculiar nature of the dental work shown on the teeth of the dead woman. Other circumstances support this conclusion. She says Mrs. Bouton left Santa Barbara last August for Los Angeles, going thence to Denver. It is said she traveled in company with a traveling salesman, who is said to have given her several thousand dollars worth of diamonds.

CLUE FROM BUTTE.

Butcher Believes the Murdered Woman His Wife. Butte, Mont., Dec. 26.—W. J. Bodno of Butte, a wealthy butcher, believes that the remains of a woman found dead on Cutler mountain, near Colorado Springs, Colo., two weeks ago, were those of his wife, who eloped from here six weeks ago. About the time she left a former employe of the husband, who had been discharged, also disappeared. The relations of this man and Mrs. Bodno were alleged to have been improper, and Bodno is now suing for divorce.

Upon leaving the woman drew \$1300 from the bank and took it with her. She also took two small children. Bodno has made every effort to trace the latter, but without success. He and the missing woman had been to Colorado Springs and had often talked of the beauty of Cutler mountain. This, and similarity of the dental work on the jaw of the corpse found to that done for his wife a few days before she fled, leads Bodno to believe his wife has been murdered. Bodno will go to Colorado Springs tonight.

May Be Her Daughter.

Syracuse, N. Y., Dec. 26.—Mrs. C. R. Kemter of this city believes that the girl found murdered on Cutler mountain, near Colorado Springs, is her daughter, Mrs. Bessie Bouton. She last heard of her daughter in October, when she was informed that she would leave Colorado Springs and go to Wilkes-Barre, Pa., and reach Syracuse on Christmas. The description of the murdered woman fits Mrs. Bouton; the family declare that if the dead woman was Mrs. Bouton they know the man involved.

LED TO DEATH.

New York, Dec. 26.—Nosebleed has caused the death of Edward Murray, 17 years old, a clerk living in Brooklyn. He returned from work Christmas evening in his usual health, but awoke in the morning with a severe headache. A few hours later blood began running from his nose. Doctors could not stop the flow and Murray soon died.

NEW GREEK PREMIER.

Athens, Dec. 26.—Theodore Delanthis, former premier, has been entrusted with the task of organizing a new cabinet. The chamber of deputies will be dissolved.

FAVORABLE TO UTAH LAKE PLAN

Government Engineers So Reported by F. S. Richards.

FINAL ACTION LIKELY SOON

EVERYTHING SAID TO BE FAVORABLE TO PROJECT.

F RANKLIN S. RICHARDS, on his return from Washington, D. C., brings the assurance that the Utah lake proposition is to be worked out by the national government; that the scheme is feasible in the opinion of the irrigation experts, and that Salt Lake City and the valley are to be enormously benefitted as the result of the work to be done. Speaking on this subject Mr. Richards said: "So far as the government is concerned things are looking well for our irrigation project. Professor F. H. Newell has not abated any of his interest in the matter. Finding that he would be unable to call at Salt Lake City on his way east, I managed to make the trip from Ogden with him. This afforded us an excellent opportunity to discuss the different phases of the subject and enabled us to go into details, the consideration of which would have been impossible at Washington, because of other engagements, for he is a very busy man. "Would greatly reduce loss."

"The question of the permanency and efficiency of Utah lake was discussed at considerable length. Mr. Newell said that, by deepening the lake and contracting its surface, the annual loss by evaporation would be reduced about one-half, and the inflow from subterranean sources increased. The significance of this statement will be apparent when it is remembered that the present annual loss by evaporation is about four times as great as the entire quantity that has heretofore been used from the lake each year. The availability of the lake's water, therefore, be increased about threefold by reducing the evaporation one-half. This is certainly very encouraging, and should tend to allay the fears of those who claim that the lake is drying up. "Another important feature of the reclamation work in Utah is the location of a reservoir site on the Weber river, capable of storing over 200,000,000 feet of water, to be used in irrigating arid lands in Salt Lake valley. I had the pleasure of discussing this matter with Mr. Newell and his consulting engineers, and found them quite enthusiastic over it. "Fraises Local Work Done."

"Mr. Newell was very complimentary and encouraging in his reference to the work done through the arid land reclamation fund. He said that we were going forward on the right lines, and should continue the good work until the water users are fully organized and ready to deal with the government. When this is done and the necessary contracts entered into, construction work will be commenced and pushed to completion as fast as possible so that the water which is now lying idle in the treasury will be utilized and put to work for the accomplishment of that which was designed by the national irrigation law. "Mr. Richards said that he would express his opinion of the state of opinion in the east on the subject as he found it. He reached home Saturday night in time to spend Christmas with his family. "STEAMER ASHORE."

It Was Not Necessary to Take Off the Crew.

New York, Dec. 26.—The British freight steamer Drummer, which went ashore at New York yesterday for Havre, Dunkirk and Swansea, went ashore on a shoal off the point of Fire Island bar at 7 o'clock last night, and had not been floated this forenoon. The crew of Fire Island aid Oak Island life saving stations went to the assistance of the steamer as soon as the vessel was discovered, about daylight today. When the life savers reached the steamer, shortly after noon, they found the drum that she was lying well outside of the breakers and as only a moderate sea was running she was lying easily without pounding. The Drummer arrived in New York from Baltimore. The crew of the steamer had a general cargo for Havre and Swansea. She is commanded by Captain N. H. Ayer and carried a crew of about thirty men.

ASSASSIN ESCAPED.

Young Man Fatally Stabbed While Defending a Woman. New York, Dec. 26.—While resenting an insult to a young woman with whom he was walking in Glendale, a suburb of Brooklyn, Frederick Fredricks has been stabbed and probably fatally wounded by an unknown man, who escaped.

With the young woman, Fredricks had spent the evening with friends and the couple were on the way home when a man accosted them. Fredricks, with out provocation, he burst into offensive language and Fredricks attacked him. In a moment the stranger drew a knife and Fredricks fell mortally wounded.

SALE OF COAL LANDS.

Greensburg, Pa., Dec. 26.—The purchase by the H. C. Frick-Coke company of 1,000 acres of Connelleville coal land has just been confirmed. The Frick company is a subsidiary company of the United States Steel corporation, and the property bought is said to be the last piece of coal land held by private individuals in this Connettsville region. The property lies near Uniontown, Pa., and the price paid is said to be \$1,000,000.

RECEIVER ASKED.

Sioux Falls, S. D., Dec. 26.—A suit has been instituted in the United States court in this city by the Royal Trust company of Omaha, Neb., against Ambler, trustees, seeking the appointment of a receiver for the Citizens' Telephone company of Sioux Falls. It is alleged that the company has defaulted on its last two interest payments. A hearing was set for Jan. 2.
