(Special to The Herald.) Las Vegas, Aug. 26.—Up to the present Las Vegas town has had no organized town government. It has been under the administrative regulations of the peace officers of the county. Directly speaking Deputy Sheriff A. L. Murphy and Judge Ralf have been lords of all they surveyed so far as regulating affairs are concerned.

RUSSIA LACKS SINEWS OF WAR

French Bankers Will Not Advance Any More Money.

LOAD HEAVY ENOUGH NOW KAISER STRONGLY ON THE SIDE OF PEACE.

Paris, Aug. 26.—Premier Rouvier had a long talk at the foreign office today with M. Jusserand, ambassador to the United States. Its nature has not been yet disclosed. It is probable that it related to American affairs, and to the general status of the negotiations at Portsmouth. However, the government is not giving any outward signs of activity in connection with the peace conference owing to the sensitiveness of French relations with Russia.

GERMANY FAVORS PEACE.

Emphatic Statement Given Out by Chancellor Von Buelow.

Berlin, Aug. 26.—The chancellor, Prince Von Buelow, telegraphed to the Associated Press from Nordenfjord today a statement in response to an inquiry as to Germany's attitude toward peace between Russia and Japan. The telegram reads as follows: "Since the beginning of President Roosevelt's action, the German emperor, as well as his government, has never ceased to advocate the cause of peace between Russia and Japan. The emperor is interested as well as himself, Germany is putting an end to the risks and uncertainties inseparable from every great war. The emperor and the German people cheerfully accept President Roosevelt's efforts which are successful."

The Associated Press today received the following communication from the foreign office: "The foreign office empowers the Associated Press to declare that all reports of the opposition of the emperor to the mediation of President Roosevelt are absurd. The emperor regards the endeavors of the president with admiration and takes the greatest interest in those beginning the labor for peace, in whose beginning the emperor personally assisted."

EIGHT-HOUR STRUGGLE BEGINS IN CHICAGO

Chicago, Aug. 26.—Chicago today became the center of a struggle of employing printers throughout the country against the International Typographical union to defeat the latter's attempt to secure the eight-hour day. Open shop notices were posted in four of the largest printing establishments. The spirit of the independent declaration will be carried out by the employment of non-union printers. Other members of the typographic establishments will be a signal for a general walk-out in every plant controlled by the Master Printers' organization.

NEGROES JUSTIFY THE BURNING OF WILLIAMS

Chicago, Aug. 26.—A dispatch to the Record-Herald from Dallas, Tex., says: The burning at the stake of Tim Williams, a negro, for attacking a white woman, was commended at the state convention of negro Baptists here yesterday. Rev. M. A. Jackson of Dallas declared that if any action were taken by the convention in reference to the lynching a resolution should be passed commending the whites. Other pastors asserted the negroes aided the whites in the capture of Williams. Every lawyer helping negro was said to be in favor of lynch law in cases of the kind. The convention refused to pass resolutions denouncing the burning.

TO BEGIN WORK ON STRAWBERRY

Reclamation Service Announces Early Construction of Project.

CALLS FOR LONG TUNNEL WATER TO BE CONVEYED FROM STRAWBERRY.

(Special to The Herald.) Washington, D. C., Aug. 26.—The reclamation service today made the following announcement: "Prospects are bright for the early construction of the Strawberry Valley irrigation project in northeastern Utah. This project involves the construction of a storage reservoir on Strawberry creek, a tributary of Duchesne river, and of a tunnel 20,000 feet long to convey the stored water to Spanish Fork. The water will be used in Spanish Fork valley on about 50,000 acres of land."

Existing canal systems, built, owned and operated by farmers, will be utilized as a basis for a complete distributing scheme, and such enlargement and improvements as are deemed necessary will be made. A water users' association has been formed, to which settlers have signified their willingness to turn over their water rights and ditches under proper financial arrangements, without remuneration from the reclamation fund.

Engineering parties have been busily engaged during the season making detailed surveys and examinations upon which to base reliable estimates, and a board of consulting engineers held a meeting on Aug. 14, at Salt Lake City, to consider the feasibility of the project. It is probable that construction will be recommended as soon as settlers through the water users' association pledge their lands to return the cost of the undertaking.

CONFERENCE IS NOT DISSOLVED

Continued From Page 1. One treaty not one voice has been heard in Russia that even suggested the conclusion of peace on the basis of indemnity. The payment of an indemnity would inflict a financial burden upon the entire Russian people, increase discontent and consequently threaten the vital interests of the empire. This undoubtedly was the powerful reason that impelled the emperor to make his decision with regard to payment of an indemnity. Another reason advanced was that a financial contribution would give Russia the wherewithal to menage Russia with arms and fleets. Russia does not believe that a lasting peace could be secured unless Russia permitted Japan assuming this attitude.

If it is a fact that President Roosevelt's efforts to persuade Russia to effect a compromise have failed, and Russia's attitude leaves practically no room to doubt that this is a determined man, it is a financial indemnity as she is today.

FLAT REFUSAL.

President Roosevelt Hears From the Russian Czar. Oyster Bay, Aug. 26.—Russia has refused finally to accede to President Roosevelt's plan looking to an agreement of peace.

Emperor Nicholas has communicated to St. Petersburg, his response to Mr. Roosevelt's latest suggestions. That response was received by the president today. It is known, however, that Russia declines to pay to Japan an indemnity in an amount or in any form.

Through M. Witte, Russia has indicated a willingness to reimburse Japan for the care of Russian prisoners, and perhaps to make some concessions regarding Sakhalin island, but he insists that not a dollar of indemnity will be paid.

Terms of Payment Reduced to a Point Within Reach of All--Store Open Evenings During Sale, 109-11-13 Main St.

If you have been looking for a piano bargain; if you have been wanting one of the high grade kind, but have put off buying on account of price or terms, or other reasons, we are going to give you the opportunity during the next ten days to supply your home and family with a piano at a price, and on terms, that you will never have again.

For some time we have supplied country agents with goods, on commission. They did not buy them outright as do our cash and responsible dealers. We have not only found this an expensive way of dealing with out of town people, but have succeeded in tying up a large amount of capital.

Our business at home having grown to such proportions that it requires constant attention, we have decided to discontinue this branch of our business, and, in the future, deal direct with the people from our home office.

We have had enough of the country agency business. Every deal of this kind is being closed up and the goods shipped in.

Having determined to discontinue this branch of our business, we decided to turn this whole stock into cash or notes, close it all out and wipe the whole deal off the books, no matter the loss.

To do this in a few days time we realize that the prices must be cut so deep, and the terms made so easy, that the buyers of this section will quickly take advantage of the unusual offerings.

And this we propose to do. We are going to put piano and organ prices down so low during this sale that even should you not need an instrument for the next two years, you will see the great importance of buying now.

Beginning Monday morning August 28th, we will offer this fine stock of pianos and organs at the most remarkable discounts ever made in this country.

STOCK COMPRISES BEST MAKES. Never before have we been able to please an exacting public in good makes than right now, for here you will find such pianos as the Steinway, Knabe, Kimball, Vose, Estey, Steck, Mason & Hamlin, Chickering, Heller, Smith & Barnes, Krell-French, Whitney, Lagonda, Winter and many others, practically all of them new, a few slightly used or shop worn, and priced accordingly.

Not an instrument in the stock that is not guaranteed by its maker, to which we add our personal guarantee.

ONE PRICE, PLAIN FIGURES. Every instrument will be marked in plain figures, and the large sale tag will plainly indicate the great saving on each.

PIANOS TO MEET YOUR PRICE. It scarcely matters how little you feel like investing in an instrument now, we believe, if you act quickly, you will find what you want here, and at a price and on terms that will meet your hearty approval.

The store will be open evenings during this sale, 109-11-13 Main street.
