

UNIQUE PHASE OF GUARD BUSY IN SHOCKLEY CASE

Could Death Sentence for Brighton Murder Be Inflicted?

LOOFBOUROW SAYS "YES" FURTHER ACTION PENDING

BELIEF THAT SENTENCE WILL BE LIFE IMPRISONMENT.

Assuming, as will undoubtedly be the case, that Judge George G. Armstrong will impose a sentence of life imprisonment on James McPherson Shockley when the latter appears for sentence at 10 o'clock tomorrow morning, and that District Attorney Fred C. Loofbourow adheres to his expressed determination to prosecute Shockley for the killing of Thomas Brighton, the death sentence for the killing of Amasa L. Gleason, a situation that is probably unique in Utah's legal annals will have developed.

It is not doubted that Judge Armstrong will follow the recommendation of the jury and sentence Shockley to life imprisonment, judges almost invariably respect a recommendation of this character, and Judge Armstrong's attitude, so far as it could be judged from his special thanks to the jury when he discharged them, did not indicate a disposition to set aside the jury's recommendation.

A well-known attorney expresses a belief that a sentence of death in the Brighton case would be of no avail for the reason that it could not be executed until Shockley served his first sentence, and by that time he will be dead.

Mr. Loofbourow's Position. The crimes are entirely separate and will be treated as separate crimes if we find it necessary to proceed in the case of the killing of Brighton. Mr. Loofbourow last night, if Shockley escapes the death penalty, I shall immediately prepare to prosecute him for the killing of Brighton. I think I shall probably drop the Brighton information on file and start the case anew, with a preliminary hearing and a new information.

Mr. Loofbourow does not question but that Shockley can be executed for the murder of Brighton if he is found guilty of that crime and fails to secure a recommendation to mercy.

The Ogdin communication is from Captain V. E. Knapp of the Pitkin Infantry. Under date of Sept. 23 it is stated in the writer's opinion the cost of erecting a building on the lot owned by David Eccles on Twenty-fourth street with the H. 200. Following are other figures: Furnishing, \$1,000; gymnasium apparatus, \$500; bowling alley, \$500.

Mr. Eccles, the Ogdin capitalist, offered a short time ago to erect a building on the lot owned by the federal building and rent it to the guard at a rate which would allow him a reasonable remuneration.

Colonel Geoghegan stated yesterday afternoon that the Ogdin company now numbers about forty men. This is soon to be supplemented by another company of like strength.

IS ORDINANCE VALID? GRAPES ARE NOW AT THEIR BEST. Question Raised Whether Water Tax Is Lien on Property or Simply a Claim.

An attack on the validity of the city ordinance relating to payment of water taxes in Salt Lake City is embodied in a petition for an alternative writ of mandamus directed against Frank L. Hines, superintendent of the city of Salt Lake City.

The petition alleges that the company occupies the second floor of the building at 44 and 45 South Main street and has paid its assessment of \$7.50 for the year from July 1, 1905, to July 28, 1905, but that the city refuses to turn on the water.

The facts in the case are stated to be that the former tenants of the building refused to pay their water tax and the corporation, which is the plaintiff, turned off the water.

WOUND PROVES FATAL. Young Man Injured While Hunting Succumbs to Self-Inflicted Shot.

Coalville, Sept. 27.—William O'Driscoll, the young man who was accidentally shot last Sunday, died yesterday.

The young man was 25 years old and well known throughout the county.

The accident happened as follows: O'Driscoll had been hunting in the vicinity of Goodland with a companion. He had not got as far as City Creek canyon, just above Kanmas, when he decided to rest for a few moments.

He got on the top of a wagon that was loaded with coal, but which, owing to something being broken about it, had been left in the road.

He rested the butt of his shotgun on the wagon, when for some unaccountable reason the gun slipped off its rest, and as it slipped past the trigger caught against it and the gun was discharged.

The result already known, Mr. O'Driscoll was experienced and skilled in the use of firearms, and it is supposed that he fired on being fired with the long walk, and he was killed.

C. L. Reed, the superintendent of the Ontario Silver Mining company, and W. L. Snyder, counsel for that corporation, are here investigating a number of claims that have been presented to the company for settlement.

The farming lands from water from the Weber river, Silver creek, into which is emptied all the tail-race water from the mines in the vicinity of the Weber at Washpitt. This water, charged with noxious substances, flows through the irrigating ditches, then on to the farms. The hay and other crops are damaged by the falling of the water, and the farmers are asking for compensation.

The Silver King, Daly-Judge and the Daily West have settled with the owners of the lands, and it is thought that the Waterbury will amicably adjust the claims.

The intermountain electric company is planning to establish an auxiliary steam power plant at Coalville. This company has a capital stock of \$15,000, all of which is subscribed.

The company has water power plants at Big Cottonwood and Little Cottonwood, but the reason for putting in a steam power plant here is for the purpose of transmitting electricity for lighting and industrial uses in the town of Summit county. The power plant is to be situated in Park City and will be connected to the city of Park City.

The plant to be built in Coalville will be a 1,000-horse power. Some of the cost of the entire proposition will be covered by the city, and its disposition provided for.

POLITICAL HOROSCOPE. Mercury Will Probably Place Two Tickets in the Field.

Mercury, Sept. 27.—Unless all signs fail there will be something doing politically in Mercury before long. The low suppression of the street show very clearly that the political campaign regarding the politics of Mercury, and are going to express their opinions with vigor when the election comes.

In the local politics, which Mercury there are no Democrats or Republicans, but the people ally themselves with local names and represent local issues. It seems at this time that the political campaign will be in the field—Workmen's ticket and Citizens-Non-Partisan ticket.

Conventions of the women at the Consolidated Mercury, and George Hulbert are urged by friends to make the race for the most recently mentioned. No candidate for the nomination of mayor on the Workmen's ticket has yet been mentioned.

Probably the most interesting fight of all will be for the nomination of judge on the Citizens ticket. Judge Dunlavy, the present incumbent in that office, will seek the place again, but is rumored that Abraham Crawford, the present town marshal, will try to carry off the nomination with him.

The time of calling the convention still remains a secret in the keeping of the Citizens ticket. The election will be held on the evening of the 27th of the month.

The special feature of the evening was a kangaroo court. Many victims were dragged before the court and made to answer to a variety of charges, but regardless of the character of the offenses, they were all fined one dollar.

The nature of the charges, and the audience was entertained with recitations and musical selections by Kemp's orchestra. Delicious refreshments were served.

RICHFIELD HAPPENINGS. Richfield, Sept. 27.—A marriage license was issued Saturday to John Hastings of Kimberly and Lois E. Baker of Joseph.

The bride has been married twice and divorced once within a year. She was wedded last October to J. C. Fordham of Salina and she obtained a divorce last June. Now she has decided to try wedded life again.

The little three-year-old son of D. A. Dimmick fell from a wagon Saturday and cut a gash in his face that it was necessary to stitch in two different places.

A. W. Strenson of Glenwood and Miss Stacey Puryear of Richfield departed for Monticello Tuesday to be married to-day in the Mantle temple.

A permanent injunction is asked for. Cleverly and Laker are said to be professional hunters. Judge Morse issued a temporary restraining order made returnable Saturday.
