

BOX CAR BANDITS LANDED IN JAIL

Two Laborers Robbed Their Fellows on a Train Near Granger After Shooting at One of Them—Desperadoes Caught at Evanston.

(Special to The Herald.) EVANSTON, Wyo., Oct. 27.—Yesterday seven laborers who have been working on the Union Pacific block system near Rawlins were paid off in Green River and started from the latter place in a box car for Ogden. Between Bryan and Granger one big, rough fellow, produced a revolver and, assisted by a smaller man, proceeded to hold up the other five. He terrorized the men by declaring that he was a notorious bad man for whom there was a reward offered in Kankakee, Ill., of \$1,000 where he was wanted on a charge of murder. He emphasized these remarks by firing a shot at Matthew Hanson, putting a bullet through his coat on the side of the shoulder. They then lined the men up and went through their pockets, taking \$10.50 from Dan Shields, \$1.20 from William Campbell and 50 cents from W. J. Case. The two robbers then jumped off the train. The victims came on into Evanston and reported the matter to the officers. A few minutes later the robbers were seen getting off second freight train which entered the yard here. Seeing that they were discovered, they immediately took to the hills, running westward. Deputy Sheriff Jones, City Marshal Garrett O'Neill and Night Marshal William Taylor started in pursuit, and the five victims also joined in the chase. They all being on foot and Taylor being the swiftest runner, he soon distanced the rest of the posse and came upon the robbers alone, about two miles west and, getting the drop on the big fellow, made him give up his arms. The robbers were placed in jail here over night, and this morning Sheriff Jones took them to Green River, and the offense was committed in Sweetwater county.

TRYING TO STOP SOME OF THE LEAKS

Congressional Committee Overhauling the Government Printing Office in an Economical Spasm—Suggestions of Mr. Ricketts.

WASHINGTON, Oct. 27.—Acting Public Printer Ricketts today made several suggestions for the saving of money to the government in its public printing to the joint committee on printing of the senate and house of representatives. A volume of 4,800 pages was exhibited by Mr. Ricketts, being one of twenty-four such volumes issued annually by the patent office, and containing pictures of patents issued. It was the belief of Mr. Ricketts that \$100,000 a year might be saved in the patent office printing alone by a condensation of the subject matter. He also ventured the information that the \$40,000 annual appropriation for franked envelopes for members of the senate and house was more than the actual requirement.

TO PAY \$10 FOR HOWLS

Mary A. Lynberg Loses Appeal of "Dog Ranch" Case in the District Court.

Mary A. Lynberg failed to appear in defense of her Mill Creek "dog ranch" in Judge Armstrong's court yesterday, and accordingly her appeal was dismissed and Justice Rider of Mill Creek will be notified to enforce the fine of \$10 he assessed against her when the case was tried in the district court. Mrs. Lynberg's neighbors alleged that the howling of the inhabitants of her "dog ranch" disturbed their slumbers to an extent sufficient to constitute a public nuisance, and Mrs. Lynberg was found guilty in the justice court.

Three Seek Separation.

Failure to provide is the ground alleged by three wives who filed divorce suits yesterday. The women are Louise Simpkins, who married Joseph Simpson on April 17, 1901, and wants her maiden name of Ernberger; May White, who married Herbert P. White in December, 1900, and wants her maiden name of Sadler; Ellen Johnson, who married Frank G. Johnson on Aug. 10, 1897, and wants her maiden name of Wahlstrom. Mrs. Simpkins also asks for the custody of her child, aged 5 years.

Court Notes.

The setting of jury cases will occur Monday in the federal court. William E. Taylor yesterday brought suit against Dr. Charles W. Stewart to recover \$5,250. W. W. Wilson yesterday filed suit against James Sabine, jr., administrator of the estate of Donatello Berassa, deceased, to quiet title to lots 1 to 4, block 104, at Sandy.

ORDER BREAKS RECORD

New York Central Lets Contract For \$25,000,000 Worth of Freight Cars.

New York, Oct. 27.—The New York Central railroad placed orders yesterday with several manufacturing companies for a total of 25,000 freight cars, calling for the expenditure of about \$25,000,000, says the Times. This order exceeds that placed last week by the Pennsylvania railroad for 21,000 cars, which until yesterday was the largest order for equipment ever placed by a railroad in this country. The orders placed yesterday are for delivery all through the year 1906. These orders, it is said, do not represent the total of the central's requirements. In all probability more cars will be provided for today.

CAR FOR INVALIDS.

Specially Designed Hospital Coach Built For Southern Pacific.

Chicago, Oct. 27.—An especially designed hospital car of the Southern Pacific railway, which was on exhibition at the Rock Island station yesterday, contains an operating room equipped with all modern appliances, as can be found in the most modern hospital. The car is equipped with a dietary kitchen to be used when the car is leased for the transportation of the invalid. Another novel feature is the arrangement of the berths. When not in use these berths are sunk into the floor leaving the entire floor space in the main section of the car free with movable chairs for seats. Each berth has a regular spring and mattress like an ordinary bed, and can be raised or lowered to any convenient angle from the floor to permit an attending nurse or doctor to get at the patient easily.

MISSING WOMAN FOUND FRIGHTFULLY MANGLED

New York, Oct. 27.—With \$15,000 worth of jewelry and large amounts of money in her possession, Mrs. Margaret Todd, a wealthy woman, left the Hoffman apartment house on West Twenty-sixth street, which she owned and where she lived, in noon today, saying that she was going to visit friends in East Orange, N. J. Later when it was learned that she had not reached her destination, the police were requested to look for her. The mystery of her disappearance was cleared up tonight when a dispatch was received from Philadelphia stating that a woman identified as Mrs. Todd had been found frightfully mangled beside the track of the Philadelphia and Reading railroad near Fairmount park, and had died in the hospital. How Mrs. Todd met with the accident or how she happened to be in Philadelphia is not known.

FIGURES SHOW MORRIS IS SAFE

Continued from Page 1. pointed to the figures of the year before as the basis of their assurance, just as the Republican faith-cure artists are now pointing to the figures of last fall. Democrats in 1897 had a better right to claim victory. Republicans were driven to cover because of the wretched administration of Mayor Hendricken, elected as Republican in 1895 by a plurality of 765. Democrats had the popular W. H. Dale for their standard-bearer. In spite of all this, and in spite of the fact that the Republican vote of the year before Dale was defeated, the vote was as follows: John Clark Non-partisan, 4,446; William H. Dale, Democrat, 4,201; A. P. Doremus, Republican, 2,224. To this day Republican politicians maintain that Doremus would have been elected in 1897 but for a scare that swept over the city on the day of election day and drove many of them to Dale in the hope of beating Clark.

When Roberts Beat Eldredge.

In the following year, 1898, B. H. Roberts defeated Alma Eldredge in Salt Lake City in a race for congress by a vote of 6,150 to 4,564. This plurality of 1,586 was in spite of the fact that the Democratic party against the election of Mr. Roberts. Democrats had a right to expect victory in the city election of the following year, 1899. They pointed to the vote of the year before and claimed the city by 3,000. Again they were doomed to disappointment. The figures of the previous year proved the fastidious Edna Thompson, Republican, was elected mayor over Arthur F. Barnes, Democrat, by a vote of 7,537 to 6,996, or a plurality of 541.

Again the Pendulum Swings.

In the following spring William H. King and J. T. Hammond made the race for congress. Judge King carried Salt Lake City over Mr. Hammond by a plurality of 710. The vote was 6,117 to 5,407. Again that fall Judge King carried the city. This time it was over George Sutherland in the rivalry for congress. This time Judge King's plurality was 669. The vote was 9,269 to 9,230. These two elections were in 1900.

BLACK TRIES A TRICK.

Would Have Deprived Republicans of Election Judges. Republicans in every district have F. S. Fernstrom to thank for not being elected judges of election. The Republican candidate for the Third ward was approached at the last meeting of the council with the proposition that if he and his Democratic colleagues in the city council would favor the appointment of "American" judges in each election district, the "Americans" in the council would vote for the selection of two Democrats in each district. The proposition was made by F. E. Bean, candidate for the "American" faction in the council, candidate on that ticket for the council for the long term in the Fifth ward, and one of the most rabid Fernstrom-aters in the entire city. The proposition was turned down by Councilman Fernstrom. It would have been a good thing for the Democrats as it would have given them control of the election machinery in every district in the city. But it was so manifestly unfair to the Republicans who are entitled to judges in a number of the districts that it was turned down without a serious consideration.

THIRD WARD IS IN LINE.

Splendid Social Rally at Home of Chairman Haslam. The best crowd and the greatest enthusiasm was on exhibition at the social rally of Democrats at the home of J. H. Haslam in the Third ward last evening. The house was crowded to the doors and Mayor Morris' name was received with every indication of approval. The music was especially good. The playing of the organ and the singing by Misses Holly and Pelt were loudly endorsed. Brief speeches were made by Joseph E. Caine, John S. Critchlow, F. S. Fernstrom, L. R. Marston, Mrs. E. J. D. Roundy and John Holly. Mr. Haslam, who is the chairman of the Democratic ward committee, is well pleased with the outlook in the Third. The meeting at his home was under the auspices of the Women's Democratic club, which organization is doing effective work in the campaign.

Political Notes.

A number of the more enthusiastic "Americans" held a public meeting last night in the hall on First street. There were brief addresses on various phases of the campaign by candidates on the city and councilman ticket and by leaders in the crusade. The Democrats were compelled to abandon their rally in the Fifth ward district scheduled for last night because of their inability to secure the Burlington hall in which to hold the meeting. Arrangements will be made for holding the rally in the city hall.

WANTS \$50,000 DAMAGES.

Kentucky Widow Brings Suit Against Mob Who Lynched Her Husband. Covington, Ky., Oct. 27.—Mrs. Mary Tracker, widow of William Tracker, who was lynched at Flemingsburg two years ago for killing the son of George Gordon, filed a \$50,000 suit in the federal court here yesterday. She sues Gordon and other citizens of Flemingsburg, who she charges conspired to murder her husband, and alleges that an arrangement existed between the mob and Jailer Morris to get the keys to the jail.

PREFERRED TO DIE.

Chicago Real Estate Man Escaped Arrest by Killing Himself. Chicago, Oct. 27.—Leaping headlong four stories to the street to evade arrest on warrants charging conspiracy and fraud, Adolph Perlbauer, who conducted a real estate and loan business, was slain by a bullet from the pavement yesterday. The tragedy took place within a square of the city hall and was witnessed by scores of persons. When the police appeared with the warrants, Perlbauer hurled himself through the plate glass window.

TWO STRINGS TO HER BOW.

How an Adroit Woman Works Against Hartenstein. Hired women are making a house-to-house canvass of the Fourth municipal ward against E. A. Hartenstein. It is not known whether these women are hired by the "American" or Republican committee or whether the exposure is borne jointly, but certain it is that the women are trying hard to earn their money. One of these women, who is now aggressive and that the others is working a double scheme. The first thing she does when she drops into a home in the ward is to find out whether the family is Mormon or Gentile. If the family is Mormon, she offers to canvass for votes making the plea that she does not know just how Hartenstein is going to vote, but that she does know that his sympathies are all with the "American" cause. If the family happens to be Gentile the canvasser informs them that Hartenstein has practically been baptized into the Mormon church, and that he hates the very sight of an "American."

UTAH BUILDING AT PORTLAND SOLD FOR \$275; MORE PRAISE IS GIVEN TO STATE COMMISSION

The Utah commissioners for the Lewis and Clark centennial exposition at Portland, Ore., yesterday sold the state building at the exposition for \$275. This is the best offer that could be got for the building. In a few days it will be a dream. The exhibits are all packed and are being shipped to Salt Lake City. The state institutions will be given the first opportunity to purchase the furniture, carpets and other selected articles accumulated at the building. The proceeds will be turned back into the treasury. The commissioners "who have labored so faithfully in behalf of their state and the exposition, are to be congratulated for their success in procuring such an interesting historical document for the state. A message from Manager Spencer Clawson at a date last night said: "States receives gold medal award for fruit, vegetables and nuts. Gold medal for Thomas Judd for fruits." This information is especially gratifying to the commissioners, who have labored so faithfully in behalf of their state and the exposition, and the commissioners are to be congratulated for their success in procuring such an interesting historical document for the state. "It is a pleasure to have an opportunity of expressing to you on behalf of the commission which I have the honor to represent our gratitude for the service rendered by your state and your magnificent exhibit at this exposition. The gold medal is one of the most beautiful souvenirs which has been given out at the exposition, and Utah is deserving of a great deal of credit for procuring such an interesting historical document for the state. ROUTINE WORK TOOK THE TIME

First Day's Session of the W. C. T. U. Convention. Mrs. Stevens was positive in her attitude against the re-establishment of the army canteen. She read letters from Secretary of War Taft and others, showing that army officers, as a rule, claim there is more drunkenness among enlisted men since the canteen has been abolished than before, but she insisted that no statistics have been compiled to support their position. "The attempt to restore the canteen is only a small part of the work of the liquor element of this country," said the president. "I confidently predict that congress will take no adverse action the coming winter."

Mormon Question Included. Mrs. Stevens touched on all the questions with which the temperance organization concerns itself, including Mormonism, the pure dispensation among medicines and the Gottenburg system of regulating the liquor traffic. Mrs. Stevens declared the W. C. T. U. to be unqualifiedly opposed to the Gottenburg system, which she considered would be a compromise with the liquor interests. Mrs. Stevens saw much to encourage the advocate of equal suffrage and believes the time to be near when all women, as well as men, may exercise the privilege of the ballot. Reports of the national officers and heads of the departments occurred at the afternoon session.

ADDRESS OF PRESIDENT

Los Angeles, Oct. 27.—The first day's session of the thirty-second annual convention of the National Women's Christian Temperance Union was devoted to routine matters. Devotional exercises, the appointment of the usual committees and the hearing of various reports by the executive officials of the organizations occupied almost the entire morning and afternoon exercises. The feature of the first session was the annual address of the president, Mrs. Lillian Stevens of Maine. Mrs. Stevens addressed the convention of the W. C. T. U. during the last year, commented upon the various legislative measures the organization is urging, both in state legislatures and in the national congress, and spoke very encouragingly of the future growth of the temperance movement. Encouraging Signs. In her annual address Mrs. Stevens reviewed the developments of the past year and saw much reason for encouragement. Upon the subject of reform bills introduced in the last congress and which were acted upon, she said: "At mention of this there is before you
