REPUBLICANS SPLIT

Bitter Wrangle Among Placemen Over Tott Campaign for Kuehler.

In the face of sure defeat the Republican leaders are trying to shift the responsibility for the state of affairs. The trouble seems to have started at a meeting held a short time ago when a couple of the members of the state committee were in Ogden. Mayor Glasman stated that everything was rosy and that a Republican victory was assured. Among those present was Colonel George M. Hanson, who was a Republican committee member until Glasman and his followers, including E. W. Wade and Judge J. D. Murphy, were dethroned in favor of Rudolph Kuehler, Judge J. A. Howell and David Mattson. It appears that Hanson took exception to the assurances given by Glasman and in no doubtful form told the committee that Kuehler was responsible for the nomination, so that he would have to be responsible for the defeat of the ticket this fall. Glasman in a statement published yesterday calls Hanson a traitor to the party, stating that he is not supporting the Republican ticket although he was one of those who helped to nominate it. Colonel Hanson, who is a member of the governor's staff and private secretary to Senator Sutherland, takes exception to the remarks of Ogden's executive and states that he is not against the Republican ticket as charged but boldly says that he is against William Glasman and his "tin horns" politics. Prominent Republicans claim that Glasman is responsible for Kuehler's nomination; that it is up to him to elect him, and now when he finds that he cannot do this and that Kuehler is doomed to defeat, he is jumping on the Republicans and trying to shift the responsibility, which they think he must shoulder. Hanson has been heretofore one of Glasman's political advisers and has been a prominent figure in local politics. From what could be learned last night the Republican committee realized that this stirring up of strife could do no good, and

an effort would be made to "call Glasman off." It has been stated a number of times by those who have to do with the local campaign for the Republicans that the scheme was to use Glasman during the campaign and then drop him after the election. This would be an easy matter in the face of the fact that Kuehler and the others in power would have the former American party paper at their command.

DISTRICT COURT MATTERS.

Swan Gets Twenty Days for Bill of Exceptions.

In the district court yesterday Judge Howell reserved his decision in the sheep case of E. O. Piles vs. T. H. Ballantyne. This case has been before the court for several days and after its disposal the regular calendar was taken up. Notice of appeal to the supreme court was filed in the matter of E. D. Stone vs. the Ogden Packing company, which was decided in favor of the plaintiff on May 23, 1935, when the court awarded damages in the sum of \$250 and \$21.25 costs. Notice for a new trial was filed in the matter of John McCullough vs. Mary A. McCullough and an appeal to the supreme court was taken in the matter of M. Jones vs. Lew Ritchey. The latter case was decided in favor of the defendant and involves the title to a water right. The bounty fraud case of the state vs. W. R. Swan, who was recently sentenced to five years in the state prison for participating in the alleged frauds, was again brought up through a motion for a new trial which was filed a few days ago. The court granted twenty days additional time for the attorney to prepare a bill of exceptions. It is now reported that there is a possibility of an affidavit being filed by a certain county official claiming that Swan is not without ample funds, upon the ground that he has been spending money freely. Previous to the trial Swan appeared before the court and stated that he was without funds, after his counsel withdrew from the case. The same counsel was then appointed by the court with one additional day. A complaint was filed by Julia Kennedy, administratrix of the estate of Francis Kennedy, against the Rio Grande Western railroad company. Kennedy was killed Sept. 9 by being struck by a passenger train while in the employ of the company as a section hand and while trying to remove a handcar from the main line to give the passenger train a clear track. The amount of damages asked for in the sum of \$2,500. Shortly after the case had been filed with the court a settlement was effected in which the company granted \$2,000 and the matter was settled out of court. The damage suit of Fred Stauffer vs.

Ogden City and L. C. Kelsey, an action to recover \$5,000 damages for injuries sustained by falling into a manhole at the corner of Twenty-first and Adams avenues was then taken up. The accident occurred on Sept. 4, 1934. The case was still on when court adjourned until today.

DEAF AND BLIND SCHOOL.

Trustees Meet and Hear Report of Institution.

At the regular meeting of the board of trustees of the school for the deaf and blind last evening, payrolls and expense accounts aggregating the sum of \$4,600 were allowed. Bids were opened for the furnishing of supplies for the year, and the matter was left with the superintendent to make a contract with the lowest bidder. Superintendent F. M. Briggs entered a brief report relative to the health, attendance and improvements in connection with the school. The improvements include a superintendent's cottage, a sewer system, a bakery and some additional equipment in the laundry. All of these are now in process of construction. The report stated that the school has never been in better condition than at present. There is an enrollment of 131 pupils—25 blind children and 106 deaf ones. Of the total number, 21 are from Idaho, 2 from Wyoming and 1 from Arizona.

FILL FOR NEW TRACKS.

Dirt From Sand Ridge Cut to Be Brought to Ogden.

A narrow gauge track is being laid across the railroad yards between Twenty-eighth and Thirtieth streets and when completed, will be used by the dump cars of the Utah Construction company from the new Sand Ridge cut-off, where operations have been in progress for some time. The dirt from the excavation through the Sand Ridge is to be used for filling up the local yards, where a large number of additional tracks will be laid to provide better facilities for the handling of both freight and passenger traffic.

Three Cases of Smallpox.

Ogden now has three cases of smallpox to fight with the prospect of a spread of the disease. The three cases were reported to the authorities yesterday and were in a color family at 214 Twenty-fourth street. These affected are a child 3 years of age, a girl of 18 and a man 21. The latter is employed in the dining car service of the Short Line and

has a fully developed case. For several days he has mingled with other persons and it is feared that this contact may be responsible for a serious spread of the disease.

Mattson Won't Serve.

Mayor Glasman's 20,000 population club received a set back yesterday when George H. Mattson declined the treasury portfolio. Mr. Mattson made his declination personally to the mayor and gave as his reason that the mayor's methods of handling affairs did not meet with his approval. Mr. Mattson said one year's dues to the club, which ends his connection with the same.

ENTERS WRONG HOUSE.

A hurry call was sent in from North Third West street last night for the police. "There is a man in my house," explained a woman's voice over the phone. Officers were sent to the scene and found a young fellow asleep in one of the rooms of a house on the street mentioned. He had become intoxicated, and as he lived in that neighborhood he entered the house, thinking it was his home. He was shown the way home by the officers.

Increases Its Capital.

After sixteen months of existence the Progress National bank at a directors' meeting held yesterday increased its capital from \$100,000 to \$175,000. In a statement issued by the institution the resources are given as \$207,500, of which \$100,000 is invested in government bonds. This bank is controlled solely by Ogden people.

Ogden Briefs.

A marriage license has been granted to Richard Cattle and Mrs. Carrie Wadsworth, both of Hooper. Mrs. George Allen left for the east yesterday, where she has been called by the serious illness of her mother. In the municipal court yesterday the jury disagreed on the assault and battery case of Mike McCarthy vs. O. O. Heffner. At the Ogden tabernacle yesterday Mrs. Owens, president of the Twentieth Century society, delivered a lecture to the boys and girls of Ogden on the theme "American Boys and Girls." W. D. Zeller was operated on at the Ogden general hospital for appendicitis. Mr. Zeller is an engraver in the employ of J. S. Lewis. The operation was reported to be entirely successful. The University of Utah football team stopped off at Ogden yesterday en route to Boulder, where they are scheduled for a game on Saturday next. A delayed connection caused a stop of several hours in Ogden, where the team visited the High

SUSPICION OF MURDER

Kenyon College Student May Have Been Killed During Initiation Into Greek Letter Fraternity.

Mount Vernon, O., Nov. 2.—Buried beneath a culvert 200 feet from the spot where Stuart Pierson, the Kenyon college student was ground to death by a train on Sunday, the authorities have found three lengths of blood-stained rope and a wad of absorbent cotton, also saturated with blood. County Prosecutor Stillwell expresses the firm belief that the boy was choked to death by the rope and that he was then carried across the tracks as a part of his initiation into a college fraternity. The authorities believe that the cotton was removed later and the boy left stupefied. On these grounds the prosecutor will carry the case to the grand jury. Prosecutor Stillwell today stated that seven persons are under surveillance in connection with the case and that they may be taken into custody before the conclusion of the inquest. "So far there has not been sufficient evidence brought out in the inquest to show that Stuart Pierson was tied to the railroad tracks in Gambier last Saturday night, but by tomorrow I expect evidence to show some startling facts." Ten witnesses were heard today, among them being the crew of the train which killed Young Pierson. The members of the crew said they noticed no one on the track or by the side of the track at the place where Pierson is believed to have been killed as the train dashed by Saturday night. Prosecutor Stillwell said that the inquest will continue several days and that the father of the dead boy and Detectives Crim and Kuffers of Cincinnati would be called to testify before the inquest is completed.

HUSBAND DEAD; WIFE SERIOUSLY WOUNDED

Forest, Ida., Nov. 2.—Isaac McFarland, the Forest hotelkeeper, lies dead and his wife is in a critical condition as a result of gunshot wounds inflicted by McFarland last night. McFarland had been drinking heavily for several days. He was called from the barroom of the hotel by his wife, and the two went into the back yard. Shortly afterward two reports of a pistol were heard, and Mrs. McFarland came scrambling toward the house with a bullet wound in the left breast. McFarland was found in the yard with a bullet through his heart.

NEW YORK CAMPAIGN

Candidates Whooping It Up at a Live-ly Rate—Columbia Students Cheer McClellan.

New York, Nov. 2.—With the election but a few days away, the three majorly candidates in Greater New York quickened their pace tonight. Mayor McClellan spoke at no less than eight meetings; William M. Ivens, the Republican candidate, spoke at a like number, and William Randolph Hearst, the Municipal Ownership candidate, was heard at six different gatherings. James W. Osborne, Democratic nominee for district attorney of New York county, spoke at nine meetings, while District Attorney William Travers Jerome, who is standing independently for re-election, confined himself to one address. At one of his meetings Mayor McClellan was greeted by several hundred students of Columbia university, who gave him an enthusiastic reception. Mr. Ivens, in one of his speeches, in which he attacked the Democratic administration and "boss rule," declared: "I will put an end to Mr. Murphy's profession as the police commissioner. I will inquire where are the misappropriated public funds. I will not ask where he got it, but I will find out and will do my best to make him drop it." At one of Mr. Hearst's rallies tonight the candidate, at the conclusion of his speech, was caught up on the shoulders of his hearers and conveyed to his waiting carriage, great cheers following him. District Attorney Jerome continued his attack upon the Democratic administration and dwelt especially upon the position occupied by Charles F. Murphy. Mr. Jerome said it was impossible to him to hire a hall in Mr. Murphy's district. Mr. Osborne, Mr. Jerome's Democratic opponent, asserted that Mr. Jerome as district attorney discriminated between the criminal poor and the criminal rich. "If I had not done this," the speaker declared, "James W. Osborne would not be running against him tonight."

REFUSED TO TESTIFY.

Spokane, Wash., Nov. 2.—Stubbornly refusing to testify against James Dalton, on trial for the murder of Police man H. A. Stotko, John Krupa, the 16-year-old companion of the prisoner, defied the superior court this morning by persistent silence. He had been expected to testify to statements made to him about a gun and other articles hidden by the prisoner, and it was thought might throw much light upon the murder of the officer. After persistent refusal to testify, the boy was sentenced by Judge Poindexter to six months in jail for contempt of court.
