

DELAY IN START OF FAST TRAIN

Los Angeles Limited Held Back Till Dec. 15 by Lack of Equipment.

WILL MAKE GREAT SPEED

TIME OVER SALT LAKE ROUTE TO BE TWENTY-FOUR HOURS.

The Los Angeles Limited, which the Salt Lake Route expected to put into service between Chicago and Los Angeles via Salt Lake about Dec. 1, will not make its initial run before Dec. 15.

The Fullman company, in whose shops the equipment is being made, will be unable to complete the work upon the cars as soon as was at first expected.

The Los Angeles Limited will run through service between the two points named. The westbound train will be known as No. 7. This will leave Chicago at 6 p. m., arriving in Salt Lake at 11:45 a. m. on the second day.

A stop of ten minutes will be made in this city and then the trip to the coast will be resumed. The arrival at Los Angeles will be at 12:45 p. m. on the third day out from Chicago.

The eastbound train will be called No. 8. The official schedule for this now given is as follows: Leaving Los Angeles at 2:45 p. m., No. 8 will arrive in Salt Lake at 5:45 p. m. A stop of ten minutes will be made, as in the case of No. 7. Chicago will be reached at 11:55 a. m. on the third day out from Los Angeles.

The train will be the finest operating between the east and the west. It will consist of fourteen standard sleepers, dining car, club and observation car, and a baggage car.

Mr. Reeves spent several days in the Tonopah mining district. "The camp has taken on an air of permanence," he said in speaking of Tonopah.

He also visited the Owens River valley in California. It is from these streams in this valley that the city of Los Angeles is to secure a water supply.

IN THE COURTS.

The case of Thomas Homer ex rel. against the city and the Utah Light & Railway company, continued in Judge Morse's court again yesterday. It is now set for Dec. 2.

Judge Morse yesterday rendered a decision for the plaintiff in the case of James F. Green against E. W. Wilson. The suit was brought to recover a total amount of \$4,785.97 on two promissory notes, dated Nov. 1, 1901. The case was tried last week. Mr. Wilson alleged fraudulent representations on the part of Green.

The Lime King Mining company yesterday filed suit against the Union Lime & Stone company, asking to be placed in possession of the Granddams Stocking group of limestone claims in Hot Springs mining district, Salt Lake county, and for an injunction restraining the defendant company from removing rock from the claims.

William Reese, administrator for the estate of James Anderson, filed suit yesterday against the Union Pacific Coal company for \$50,000 for the death of James Anderson. It is alleged in the complaint that while Anderson was in the employ of the defendants he fell down the main slope and was killed. It further states that the accident occurred through the negligence of the defendants in operating the mine.

FORTESQUE GETS OUT.

Washington, Nov. 18.—Acting Secretary Oliver today accepted the resignation of Lieutenant Granville R. Fortesque, Eighteenth cavalry. Lieutenant Fortesque was the officer mentioned in the Taggart divorce case at Wooster, Ohio. No reason is given for the resignation.

PARDON GIVEN TO "ROY" KAIGHN

State Board Allows Full Freedom Following Parole.

OTHER ACTION IS TAKEN

ALFRED G. JACKSON NEED NOT PAY FINE.

Merrill M. Kaighn, otherwise known as "Roy" Kaighn, was given a pardon by the state board of pardons yesterday after he had been out on parole for two years. Kaighn received a sentence of five years for voluntary manslaughter for shooting William Haynes, a traveling man, in the room of the Knutsford hotel, Nov. 26, 1901.

The affair caused much excitement at the time and Kaighn was charged with murder in the first degree. At the trial evidence was introduced to show that the young man had been addicted to the excessive use of cigarettes, cocaine, etc., and it was contended that he was not wholly responsible for his actions. He alleged also that he was acting in defense of a woman's honor. Kaighn made a good prisoner and was released on parole about two years ago.

Pardons were granted to Alfred G. Jackson, charged with unlawfully retaining military property, and fined \$20, and to Louis Lamprolotti, charged with appropriating lost property. A parole was granted to Joseph Davis, convicted of burglary. Applications for pardon by Albert Whitaker, convicted of assault with intent to kill, Edward R. Weed, convicted of involuntary manslaughter, James Scott, convicted of robbery, and John Plummer, convicted of a statutory crime, were denied.

Gustav R. Day, convicted of embezzlement, was denied a parole. The applications of Gustav R. Day and Frank Wilson were continued. Joseph P. Swelver, serving three years for forgery, received a commutation of six months.

HIGH SCHOOL IN CHURCH

Manti Institution Starts Out With Ecclesiastical Housing for the Present.

In reversal of a custom that caused much comment about a year ago, State Superintendent A. C. Nelson discovered a church building being used for school purposes at Manti, Friday. The Manti High school, recently organized, holds its sessions in the annex to the Manti tabernacle. Mr. Nelson says the president of the state there directed his attention to the circumstance, evidently having in mind Mr. Nelson's testimony before the Smead investigating committee relative to the use of school buildings for church purposes, and said he hoped Mr. Nelson would not demand an investigation. Mr. Nelson replied that so long as the church recognized the pre-eminence of the state there would be no objection to using church property for school purposes.

The new high school at Manti starts out with a membership of sixty-five. It is located in the annex to the tabernacle. Bonds for the construction of a high school building have been voted. Mr. Nelson found the school of Manti and Ephraim in excellent condition.

CRUISER LENA AT PORT OF HONDURAS

Honolulu, Nov. 18.—The Russian cruiser Lena has arrived here in want of 3,000 tons of coal. She has been near the Aleutian Islands since leaving San Francisco on Nov. 1.

There is considerable speculation as to the cause of her coming here on her way to the far east, as she could have arrived at her destination by this time. Her officers deny the report that there has been trouble on board. It is generally believed that she called here for orders, or to learn the conditions in Russia, especially at Vladivostok, where her officers have made many inquiries regarding that port. It is expected that she will leave in ten days probably for Vladivostok.

COURT CUTS DOWN AMOUNT OF VERDICT

Seattle, Nov. 18.—Rosa E. Grover, who was awarded a verdict for breach of promise of \$10,000 against Mayor Zook, of Ballard, must take \$5,000, or he will have a new trial in the superior court. She must accept that verdict by Nov. 25, or the case must be re-tried.

Judge Albertson made this ruling this morning. He decided that the jury had been too liberal. If she accepts the reduced verdict Zook will carry the case to the supreme court in an effort to wipe it out. In this case the defense was that a man had a right to refuse to marry a woman who had consummated. The jury found, however, that Zook knew of it when he made the promise to marry.

BELMONT COMPANY LOSES ITS APPEAL

(Special to The Herald.) Washington, Nov. 18.—The secretary of the interior today dismissed the appeal of the Belmont Mining company from the decision of the land office rendered in June 1904, wherein the company's entry was cancelled. The Belmont Broadway Fraction land mining claim, survey 487, Salt Lake land district, was cancelled because the company has failed to submit satisfactory proof that the required assessment work had been performed.

THOUSAND BRITISH SAILORS MISSING

New York, Nov. 18.—One thousand and fifty-six British sailors were missing today from the squadron of Prince Louis of Battenberg, which has been anchored in New York harbor for a little more than a week. The sailors are reported as deserters on the books of the six ships composing the fleet, and the officers hope that most of them have merely overstayed their shore leave.

GLADDEN'S LATEST.

Washington, Nov. 18.—The soliciting of contributions from all members of the church to avoid the taking of "tainted" money was advocated by Rev. Washington Gladden of Columbus, Ohio, moderator of the national council of the Congregational church, in an address before the Congregational club in the First Congregational church last night.

LAWSON BOUND OVER.

Boston, Nov. 18.—Thomas W. Lawson today was held for the December session of the superior court on a charge of criminal libel preferred by Clarence W. Barron, of this city. Bail of \$3,000 was furnished.

CUTTING LOOSE FROM RADICALS

Russian Liberals Flocking to the Support of Witte.

ANOTHER CRISIS PASSED

MUSCOVITES COMING TO THEIR SENSES.

St. Petersburg, Nov. 18, 3:35 a. m.—The workmen's committee decided to call off the industrial strike Monday at noon, claiming that a great victory had been achieved and that the lives of 1,500 Kronstadt miners had been saved.

St. Petersburg, Nov. 18.—The sudden awakening of the conservative and liberal elements to the imperative necessity for resisting to the utmost the attempt of the radicals and socialists who are conducting the present strike to obtain the upper hand has galvanized the leaders into action and has started a healthy movement in favor of entirely cutting loose from the radical wing.

Dmitri Shipoff and Guskoff and other leaders of various groups, including constitutional democrats, have gone to Moscow to urge the workmen's committee to unite the forces which desire to prevent anarchy in the political strike and to join in support of the government in its effort to restore tranquility and introduce the new regime. The government is able to take a firmer stand because of this reaction in public opinion.

Witte Wisely Waited.

Count Witte believes that such a reaction must come, but he wisely waited until public sentiment showed a disposition to support the government before initiating energetic measures. By his direction the prefect of police, General Dedyullin, issued the proclamation yesterday instructing the troops not to yield to the threats of the agitators and walking delegates, who ordered them to close their shops and promising the trades police and military protection.

Employees Restrained.

A government note was simultaneously issued prohibiting government employees from participating in organizations actively opposing the government. It points out that the restriction of political activity on the part of the government employees is not a curbing of their liberties, but is imperative to the maintenance of discipline; calls attention to the fact that in free countries like the United States restrictions on political activity on the part of officials is prohibited and recalls the fact that less than a fortnight ago the French chamber of deputies supported Premier Rouvier's decision not to permit the political organization of state servants.

A Moscow Scheme.

The note is directed particularly against the attempt to organize in Moscow the Society of Post and Telegraph Employees, the avowed object of which is to compel the convocation of a constituent assembly and whose members pledge themselves to donate 50 per cent of their salaries to the strike fund. The stopping of the posts and telegraphs, it is pointed out, would endanger the life of the state, and every employee joining the organization referred to will be instantly dismissed.

Defeat for Socialists.

The break in the ranks of the strikers in Poland and the refusal of many organizations in the interior, especially those of the railroad men at Moscow, to strike on account of Poland, and the fierce dissensions which have broken out among the workmen's leaders at St. Petersburg, seems to doom the strike movement to failure and temporarily at least to limit a defeat on the social democratic.

The government has taken the occasion to officially deny that the measure placing that province as well as Galicia by Germany or that any arrangement exists with Germany upon the subject.

The proclamation of the prefect of police had the desired effect in preventing the agitators from trying to execute the threats which they made last night to compel the closing of the shops, and also to prevent the abandonment of the demonstrations planned to take place in front of the prisons.

PRAYING FOR PEACE.

Deputation of Clergy Visit the Disfranchised Emperor. St. Petersburg, Nov. 18.—The emperor yesterday received at Tsarko-Selo a deputation of clergy for the holy synod and joined with them in prayers for the restoration of peace and tranquillity of Russia, the appeasement of mutual relations and the establishment of confidence between all the citizens of the empire. The ceremony was impressive. The archbishop, bishops and priests in the gorgeous robes and vestments of the Russian church, headed by the metropolitan, went in procession to the reception hall of the Alexander palace, where they were met by the emperor and the empress. The metropolitan Antonius, in his address, thanked his majesty in behalf of the clergy for the imperial reform manifesto, the great historical importance of which they recognized, and they prayed the Lord to give the country peace and to help all the faithful subjects of his majesty calmly and widely to accept the benefits granted them and to turn their hearts from the spirit of violence and riot which was destructive of all liberty.

Not Ready to Revolt.

St. Petersburg, Nov. 18.—Twenty-five officers of the guard regiments are reported to have met a committee of social democrats at an aristocratic residence on the English quay last night, and to have informed the committee of the progress being made by the revolutionary sentiment among the troops. While many officers and men are still in sympathy with the proletariat the officers told the committee that some of the regiments were yet ready to openly desert the government in a body in the event of a conflict.

PAYING POOR DEPOSITORS.

President of the Defunct Bank Proves His Integrity. Pittsburgh, Nov. 18.—A personal friend of Frederick Gwynner, sr., president of the defunct Enterprise National Bank of Allegheny, who desires his name withheld, said today: "Since the Enterprise bank failed President Gwynner has voluntarily paid out of his own fortune \$7,000 to depositors who cannot afford to lose their money. Mr. Gwynner is still paying money to needy depositors, and the amount is steadily increasing. Since the bank failed he has worried greatly about the money lost by depositors and is almost ashamed to leave his home, although he is in no way responsible for the bank's condition."

MERIWETHER'S CASE.

Three Charges Brought Against Young Midshipman. Washington, Nov. 18.—Secretary Bonaparte today made public the charges and specifications against Minor Meriwether, jr., the midshipman who engaged in the fatal prize fight with Midshipman Branch. As indicated in Annapolis dispatches there were three charges; namely, manslaughter, violation of the third clause of article 8, naval regulations, and conduct to the prejudice of order and discipline.

Much Exaggeration.

St. Petersburg, Nov. 18.—Dispatches received here from Penza give only a confused account of the agrarian disorders in that province where a false rumor is said to have appeared. The reports from Penza mention the existence of a false rumor, but give only scanty details of the number of his followers, which evidently was largely overestimated. An order has been issued placing that province as well as Galicia by Germany or that any arrangement exists with Germany upon the subject.

FAREWELL AUDIENCE.

Rome, Nov. 18.—The pope today received in private farewell audience Bishop T. J. Conroy of Los Angeles, Cal.
