

BURGLAR SHOT AND MAY DIE

William Ross Sneaks Into Chain Gang in Effort to Escape.

BULLET LAYS HIM LOW

OFFICER J. D. BROWN FIRES THE PROBABLY FATAL SHOT.

William Ross, colored, captured Monday morning and held on five counts of burglary, cunningly worked his way into the chain gang and, while going up the canyon about 8:20 o'clock yesterday morning, jumped off the wagon in an attempt to escape. Before he had run half a block Police Officer John D. Brown shot him down. The bullet shattered his hip bone and entered his body. It is believed he will die.

Deceives the Officer.

"Say, you're a new one," Officer Brown said to Ross as he counted him among the gang.

"Yes, I got twenty days," was Ross' reply, as Officer Carey told him to climb up in the wagon and Ross was taken to the main corridor and got to the entrance of the jail without being noticed. There were thirty-one men counted by Officer Brown to be taken out to the rock pile. Ross, however, did not escape notice.

Brown Fires Four Shots.

The chase started in earnest and Brown called for Ross to stop, but the latter darted up through George D. Pypor's lot. Again Officer Brown called to him to halt and fired a shot over his head. Ross increased his speed and jumped a fence. Another shot from Officer Brown's gun kicked up the dirt close to Ross' heels.

Ross disappeared behind the residence of Colonel T. G. Weber. Officer Brown attempted to head him off, and when he caught sight of Ross again fired close to his feet. This did not stop him, and he threw his revolver down on his arm, took deliberate aim, and fired. The bullet hit its mark and Ross dropped to the ground. He was over seventy-five yards away when he was shot down.

Little Hope of Recovery.

Officer Brown ran back to the wagon and told Officer Carey he had shot Ross and then called to a telephone and called up police headquarters. The patrol wagon was dispatched to the scene and Ross was taken to the emergency hospital at the city jail. City Physician Charles F. Wilcox was summoned and, after examining the wound, had Ross taken to the L. D. S. hospital. It is probable that his hip will have to be amputated. The bullet has not been located so far and there is little hope for his recovery.

Ross was to have been arraigned yesterday morning before Judge C. E. Diehl on five counts of burglary. He jumped through a window to escape when discovered in Hulbert Bros' trunk factory, 233 South Main street, Sunday morning by Night Watchman A. F. White. Later he was arrested by the Oregon Short Line train by Sergeant R. L. Edgington and Police Officers James Taylor and Charles Sperry. He had in his possession about \$200 worth of property he had stolen from five different places.

ONLY \$22.50.

STERILIZES ITS CARS.

Erie Road Has Scheme to Kill Off Germs and Banish Odors.

New York, Dec. 19.—The Chicago Limited over the Erie railroad now leaves Jersey City every day a completely and thoroughly sterilized train. A device has been perfected by Chemist Landon of the mechanical department by which all the cars on this vestibuled train are thoroughly sterilized at Jersey City after each round trip between Jersey City and Chicago, a run of about 2,000 miles. The daily routine of sterilization began on Wednesday of this week.

The Pullman company has investigated the method and has given its consent that all bedding, clothing and hangings in their cars used on these trains shall be submitted to the sterilizing process.

The process devised by Mr. Landon consists of the mixing of two chemicals so that a sort of formaldehyde gas bath is given to each car, which is tightly closed for the purpose at the end of each round trip. After the gas has been permitted to do its work the cars are thoroughly aired, swept, washed and later on dusted, so that each car leaves the station guaranteed to be absolutely free from germs of la grippe, tuberculosis, fevers or other contagious diseases, that any passenger may have left behind him.

PRINCIPAL EATON ASKS MORE CARS

Urges Board of Education to Intervene for Better Service.

SUPT. CAMPBELL IN REPLY BELIEVES INSTRUCTOR IS AFFLICTED WITH "EDUCATITIS."

Principal George A. Eaton of the Salt Lake High school has decided views on the character of service supplied by the Utah Light & Railway company, and, in a letter to Superintendent D. H. Christensen yesterday, he suggests concerted action on the part of the board of education and the University authorities. Mr. Eaton's letter follows:

"Superintendent D. H. Christensen, City.—Dear Sir: If the best that the company is doing all it can to give us a decent service, I suppose I have no reason to complain. But it has seemed to me that where the work to be done in transporting pupils is the same week in and week out a company that pretends to be in the business might make adequate arrangements for handling its passengers. We have nearly doubled the number of pupils this year that we had last year who depend on the street cars, yet there are no more cars to accommodate them. The result is that the cars are overcrowded to such a degree as to become extremely uncomfortable and even insupportable. I wish to enter a vigorous protest against compelling our boys and girls to ride across the city every morning packed one against the other like so many cattle.

Cars Are Without Heat.

"The cars are often without heat, or insufficiently heated. I should believe that a great deal of the increased sickness this year is traceable to this cause.

"Complaints are common that cars when hurried go by without stopping, although they are by no means full. However, the company should not be blamed for all the unmanliness and incompetence of its employees. "It would be a great accommodation to our pupils if there were a transfer check for them so that they might use either of the lines in reaching school. If the words 'High School' were printed on the transfer check, if when punched it would enable us to use any line there would be less crowding and pupils could get to school on time.

"It is a matter of doubt in my mind whether we shall ever get better service. I have been agitating for some improvement for the past four years, but without result. It might be that if the board of education and the University authorities—for they have the same trouble at the University—should work together to this end pressure might be brought to bear on the railway company which would result in some good.

Campbell on "Educatitis."

"I think Mr. Eaton has what is known as 'educatitis,' said General Manager R. S. Campbell of the Utah Light & Railway company last night. "Educatitis" is an old disease, but the name is new. It means an abundance of learning without a good understanding of business affairs. I cannot understand why Mr. Eaton did not make his complaint to the company instead of to the newspapers. This is the first time the company has heard of this matter. Possibly the service is not all that could be desired, but the fact remains that we are giving more 'car miles' per capita and serving more people per hour than any system in the United States.

"I cannot understand why this matter was not brought to the notice of the company direct as it should have been. When I presented in a business way to us, of course, we shall give it immediate attention and do what we can to better conditions."

BURGLARS USE A HATCHET

They Chop Their Way Into a Saloon and Steal an Overcoat.

Edward E. Joseph and W. E. Gorman "bored" a hatchet early yesterday morning from C. T. Swan, proprietor of the Railroad Exchange hotel, 37 West South street, and then chopped their way through a door into the Railroad Exchange saloon. The burglars secured an overcoat and a pocket watch, cash register, but found no money. After they finished their job the hatchet was returned and the men escaped.

Mr. Swan heard them at work in the rear of the saloon, and half an hour later he saw them enter the saloon. Police Officer George Burton was notified, and after a still hunt for two hours, arrested the men as they admitted entering the room.

Later Carl Brown was arrested in Gorman's room at the West Hotel. It is believed that he was an accomplice in the crime, and he will be held for trial. Complaints charging them with burglary were filed yesterday afternoon, and their arraignment will take place today before Judge C. E. Diehl.
