

# POPULARITY OF SALT LAKE ROUTE

Through Train From Chicago to Los Angeles Is Greatly Appreciated.

## TRAVEL COMING THIS WAY

### OPINION OF ONE WHO MADE THE TRIP.

(By Will J. Davis.) Chicago, Jan. 2.—The new passenger train service between Chicago and Los Angeles recently instituted by the Chicago & Northwestern, the Union Pacific and the San Pedro, Los Angeles & Salt Lake railroads, and known as the Los Angeles Limited, will achieve immediate popularity with pleasure and health-seeking travel from all parts of the east that are by reason of location sure to send passenger traffic by way of Chicago to California.

#### Nine Magnificent Trains.

The service includes nine special trains, built expressly and exclusively for this traffic. They consist of baggage, tourist, dining and Pullman sleeping cars only, there being no day coaches used in the service. These trains are equipped with every modern convenience for railway travel. They are electric lighted, steam heated, vestibuled, and so far as human ingenuity can provide, dust-proof. And this is no small item in contemplating California travel. The route, except over the new Salt Lake road, as it was originally built, is well known to passenger travel, and the splendid physical condition of the Northwest and Union Pacific railroads is too well known to call for comment.

#### The Wonder of It.

The wonder of the route lies in the fact that the new road recently completed by Senator Clark and his associates, and known as the Salt Lake route, extends from Salt Lake to San Pedro harbor, some twenty-seven miles below Los Angeles, and on the Pacific coast, compares favorably in physical condition with that of the other roads in the combine. When one has traveled over this road and sees for himself the difficulties that had to be overcome, he must of necessity wonder at the perfection of the road and the modern character of the stations along the route. A new and hitherto untraveled mountain country is spread before him by this enterprise.

#### Passes Great Many Camps.

The route passes several mining

camp that are sufficiently close to the road to enable the passenger to know of the wonderful enterprise of the pioneers who have delved into these remote mountains for a reward, and which in many instances along this route has been achieved. Notable of these camps is the Tintic, a well known mining spot to those who keep in touch with such enterprises. The Salt Lake Route runs for a considerable distance through the celebrated Death valley, than which there is no more dread barrier in all the western wilds. Stretches of sand apparently limitless greet the eye for a goodly portion of the third day of the route, and almost immediately the train plunges into the valley which leads to the streams that form the Los Angeles river.

#### Las Vegas, Nev.

After leaving Salt Lake, the first town of considerable importance is Las Vegas, in the southwestern part of Nevada. This is a town of that character known as mushroom growth, that has sprung up entirely since the building of this road. It is a shipping point for a number of rich mines in its vicinity, and of consequence a point of importance. Next comes San Bernardino. This young city is practically the first introduction of the passenger to the wealth of southern California. From this place to Los Angeles it is a continual succession of beautiful towns, the most notable of which is Riverside. Prosperous ranch homes, enormous orchards of the orange, the almond, English walnut and other indigenous fruits, together with vast grape fields and of tracts devoted to the berry family stretch away on either side.

#### Beautiful Salt Lake Valley.

Not the least interesting feature of the trip is the fact that this is the only through train that traverses the Great Salt Lake valley from its head to its foot, and certain it is that much of interest may be seen in that wonderful land reclaimed to such a great extent by Brigham Young and his followers. Parties desirous of studying the particular points of interest in Salt Lake City, such as the Mormon temple, the tabernacle and the Great Salt Lake itself, are accommodated with lay-over permits for such reasonable time as may be desired.

One notable feature of the entire trip should not go unrecognized, and that was the universal sunshine. Only one brief flurry of snow on the summit of the Rockies shut us off from the warm face of a glorious sun throughout the full journey.

### BRAZIL STRIKES BLOW AT AMERICAN TRADE

Washington, Jan. 2.—A serious blow has been struck at the American export trade by Brazil, according to advices received by cable from Petropolis, the diplomatic suburb of Rio. This is to the effect that an order has just been issued putting in force the new tariff which bears with great severity upon imports of American flour, grains and many other important commodities. The state department has been powerless to offer Brazil any inducement to desist from the increase of duties on American products.

# SENTENCE OF JIM HOWARD STANDS

Murderer of Goebel Gets No Relief From the U. S. Supreme Court.

## NO GROUND FOR COMPLAINT

### OPINION HANDED DOWN BY JUSTICE MCKENNA.

Washington, Jan. 2.—The supreme court today affirmed the decision of the Kentucky court of appeals in the case of James B. Howard versus the state of Kentucky. Howard was tried three times in the circuit court of Franklin county, Kentucky, on the charge of murdering Governor Goebel, and convicted each time. He is now under sentence to life imprisonment and he brought the case to this court to secure a review of the ruling of the Kentucky court of appeals affirming a decision of the circuit court against allowing him another trial. His principal allegation was that the proceedings of the trial court in the matter of selecting and discharging jurors was irregular.

#### Opinion by McKenna.

Justice McKenna delivered the opinion affirming the conviction of Howard for killing William Goebel. He reviewed the complaint of Howard's attorneys that the discharge of J. C. Alexander as a juror was in violation of the fourteenth amendment. Justice McKenna said:

"We cannot assume error in the decision of the court of appeals. We accept it as we are bound to do as a correct exposition of the law of the state, common, statutory and constitutional. Our inquiry can only be, did the state law as applied afford plaintiff in error due process as those works were used in the fourteenth amendment? We think it did. It is not necessary to enter into a lengthy discussion of what constitutes due process of law, that has been done in a number of cases and there is nothing in the present case which calls for a repetition and an extension of the discussion.

#### No Cause for Complaint.

"It may be admitted that the words 'due process of law' as used in the fourteenth amendment protect fundamental rights. What those are cannot ever be the cause of much dispute. In giving them protection, however, it was not designed, as was observed by the chief justice, in re Converse Supra, to interfere with the power of the state to protect the lives, liberty and property of its citizens; nor with the exercise of that power in the adjudication of the courts of the state in administering the process provided by the law of the

state. These words are opposite in the political cases. Of what does plaintiff in error complain? The discharge of a juror before he was sworn and the absence of the plaintiff in error from the examination of the juror by the presiding judge. But plaintiff in error consented through his counsel to the examination and there is not an intimation that the juror selected in Alexander's place was not as competent as he. Nor can he say that the discharge of Alexander took from the other jurors who had been chosen their competency to try the case or to give to plaintiff in error the right to a new panel."

## AFTER DIGESTION—WHAT?

It's not enough to digest your food, and reduce it to pulp or liquid inside you, but it must also be properly absorbed, carried to the proper organs, filtered, purified and carried by your blood to the various parts of your body which are worn out and stand in need of repair.

This is a system of complicated machinery, engineering, chemistry and physics, before which all of man's most wonderful achievements stand in the world began pale into insignificance.

And, when you come to think of it, next to the marvel of any complicated piece of mechanism itself, is the man who, when it has broken down, can repair it and make it go again.

Stuart's Dyspepsia Tablets. Really the most marvelous achievement in the vast field of man's many-sided endeavors.

A perfect medicine, which never fails to cure, or set in running order again, the complicated mechanism of man's internal digestive arrangements.

The secret of the great success of Stuart's Dyspepsia Tablets is simply that they have been prepared upon the firm foundation of the most thorough research into the real origin and cause of all disorders, due to the improper digestion and absorption of food.

Knowing the cause, further research led to the knowledge of how to relieve and cure.

Stuart's Dyspepsia Tablets are the only medicine founded upon certain scientific rules of treatment, which make success a certainty.

They penetrate into all the channels of your being, into the minutest arteries, the tiniest lymphatics, the faintest tracery of nerve tissue, and renew, build up, refresh and restore to health every disorder which improper food, poor digestion or incomplete absorption has caused in any portion of your anatomy.

No need to consult a physician. At the least sign of distress after eating take Stuart's Dyspepsia Tablets.

On the least pain or discomfort, in stomach, liver, back or bowels, take Stuart's Dyspepsia Tablets.

For any craving for improper food, continual hunger, continual thirst or loss of appetite in greater or lesser form, take Stuart's Dyspepsia Tablets.

By following these simple rules you will save yourself much pain, suffering and discomfort and will add greatly to your span of life.

Stuart's Dyspepsia Tablets will make you live long and happily. Book on Dyspepsia free. Address F. A. Stuart Co., Marshall, Mich.

# TRAFFIC MEN TO BE ENTERTAINED

Special Train Will Bring Them to Salt Lake a Week From Sunday.

## ON WAY TO LOS ANGELES

### SALT LAKE ROUTE WILL HAVE FINE NEW CITY OFFICES.

Salt Lake will entertain a large company of railroad men a week from next Sunday. The freight officials of the roads west of Chicago and St. Louis will be here that day on their way to Los Angeles to attend the annual meeting of the Western Classification committee, which meets in Los Angeles the following Tuesday.

The visitors will arrive on a special train. Notice of their coming was received only yesterday, and thus far the only arrangement made to entertain them is an organ recital at the tabernacle. Until it is known at what hour they will arrive and how long they will stay no further programme can be arranged.

The visitors will arrive over the Rio Grande, and their special train will be turned over here to the Salt Lake Route to be taken to Los Angeles. Many of them will have their wives with them, and Salt Lake traffic men will entertain them as fully as possible.

The object of the Los Angeles meeting is to rearrange freight classifications for the ensuing year. This meeting will be held two days in advance of the Transcontinental Passenger association, which is to meet in Los Angeles on Thursday, Jan. 18.

#### WILL BUILD THE ROAD.

S. F., I. & M. Road Lets Contract for Construction Work.

Boise, Ida., Jan. 2.—At a meeting here today of the stockholders of the San Francisco, Idaho & Montana Railroad company, William Peyton Mason of Minneapolis was elected president, C. H. Fleming was elected vice president and Messrs. Propper and Foran of Boise, secretary and treasurer.

An issue of \$5,000,000 of bonds was authorized and a contract was let to the Pacific Development company for the construction of 130 miles of railroad extending from the Snake river to Winnemucca, Nev. Work will begin as soon as the material can be secured.

It is stated that \$1,500,000 of bonds to pay for the company's San Francisco terminals are now under option. Steel

for a part of the line has been purchased. As projected the company's railroad will extend from Butte, Mont., through Boise to San Francisco.

#### WILL HAVE FINE OFFICE.

Salt Lake Route Will Use Mission Furniture Exclusively.

One of the finest ticket offices in the United States will be the office of the Salt Lake Route when it moves into the new Herald building on or about Feb. 15. The furniture for the office will be of mission style, and is being specially manufactured for the Salt Lake Route. The mission style will prevail in chairs, counters, settees, railing and grills.

The pictures which usually adorn a railroad office will also be framed in mission style. All of the pictures which hang on the walls of the present office are being sent to Los Angeles to be framed.

The only Salt Lake road office which at present is furnished in mission style is the office at Riverside, Cal., which is said by those who have seen it to be one of the most attractive railroad offices in the country.

#### Railroad Notes.

The Oregon Short Line is using its snowplow on its line between Ogden and Green River.

J. E. Ogleby, commercial agent for the Rock Island road, has returned from a trip to Denver.

D. P. Stubbs, district freight and passenger agent of the Oregon Short Line at Boise, Ida., is in the city.

J. H. Manderfield, traveling freight agent for the Salt Lake Route, returned yesterday from a trip to southern Idaho and Montana.

Harry Cushing, traveling passenger agent for the Rio Grande Western, who has been to the coast on a business trip, is expected back today.

Traveling Passenger Agent Dunn of the Oregon Short Line has returned from Denver. He accompanied the "Ben Hur" company to that city.

Paul F. Nolan, recently private secretary to S. V. Derrah, assistant general freight agent of the D. & R. G., left last night for Vancouver, B. C., where he has accepted a position with a British Columbia mining company.

Frank T. Vincent, local representative of the Erie Dispatch, has returned from a Christmas which he spent in Nebraska. On his return he found that a number of his brother railroad men had prepared a unique Christmas tree in his office.

#### ELECTION FRAUD CASES.

New York, Jan. 2.—A grand jury drawn to consider about 1,000 cases of alleged election frauds was sworn in the supreme court today. This jury was empaneled at the request of State's Attorney Mayer, who says he has about 1,000 election cases in which no arrests have yet been made and which he will present to the jury.

#### KILLED ON CROSSING.

New Orleans, Jan. 2.—Owen Jameson, well known as an expert sheet writer at race tracks, was killed by a construction train here today while he was trying to cross Canal street.

**LIFE IMPRISONMENT.**  
Minneapolis, Minn., Jan. 2.—Mrs. Stella Brennan, convicted of murdering her three stepchildren, was today sentenced to life imprisonment.

# BAD DEBTS COLLECTED

A Bright Red Streak of Honesty  
Exists in Everybody.

We find that more people paid their debts willingly during the year 1905 than ever before. People whom others might call dishonest came in numbers and paid cheerfully. One came yesterday and paid \$166.00. Some of the claims were outlawed. Some of the debtors had gone into bankruptcy. Some were very old.

If you need money, turn in your claims. Do not wait. People may not know that you "need the money."

If You Want Cash for Your Bad Debts, Notes and Judgments, We Can Get It.

No matter how large they are or in what town, city, state or territory.

If we did not know we could collect your debts, we certainly would not be paying out money to advertise.

This business is no side issue with us. We do not sell real estate, write insurance, nor loan money; but we collect Bad Debts regardless of Lodge, Politics or Religion.

We collected twice as many accounts, notes and judgments this last year as we did during 1904. We will collect more this coming year than ever before. Turn in your claims.

## OUR LAW DEPARTMENT IS THE BEST.

<b>\$367.00</b> We collected \$367.00 for Studebaker Bros. The note was sixteen years old. We chased this man continuously for ten years. There is more to come.	<b>\$138.10</b> We collected \$138.10 for John Duncan of Heber City from an actor. It had been owing for ten years. We followed the man from Utah to Oregon, and from Oregon to New York, but we finally caught him. He paid yesterday.	<b>\$340.00</b> We collected \$340.00 for the Pioneer Nursery company on a note. The debtor ate the note twelve years ago. It called for only \$120.00 then. He went into bankruptcy and did everything else he could think of to beat the claim, but he paid.	<b>\$47.25</b> We collected this amount for William Stoneman, a grocer of Salt Lake City. We caught the man in Canada. He was here ten years ago when Mr. Stoneman traced him.	<b>\$166.00</b> We collected \$166.00 for Mrs. J. R. Midgeley from a mining man who was honest, but a little slow. He paid it yesterday, although it had been owing for eight years.	<b>\$100.00</b> We collected \$100.00 for Oscar Grosheil, the ticket broker. This was twelve years old. It came in time for Christmas.	<b>\$37.76</b> We collected \$37.76 for the Union Meat & Grocery company from a mining man that paid only when he had to. This was a bad one.
<b>\$100.00</b> We collected \$100.00 for Sam McKay of Taylorsville. It came in time for the holidays. Sam will turn in some more bad debts.	<b>\$63.19</b> We collected \$63.19 for the Parker Lumber company from a colored man. This was not as bad as one might think, though we had to sue to get the money. It came when we got started.	<b>\$24.60</b> We collected \$24.60 for George E. Ford, a bank cashier in Pocatello, Ida. This was tedious, but we got the money.	<b>\$900.00</b> We collected \$900.00 for William S. Poulton of Oakley, Ida. This was collected without suit. It had been standing for a long time.	<b>\$450.00</b> We collected \$450.00 for J. D. Cravens of Payson on a judgment about eight years old. He did not think that we could get it.	<b>\$1,342.34</b> We settled a claim for the Opal Supply company of Opal, Wyo., for this amount, after a lot of trouble. It was money due for supplies furnished sheep outfits and was hard to get.	<b>\$300.00</b> We collected \$300.00 for Dr. E. N. Heard of San Francisco, Cal., who used to live here. This was from a man in Missouri, who had to "be shown." We "showed him."
