

### SAY GUARDIANS ARE INTERESTED

Eastern Heirs Seek to Have W. Mont and E. S. Ferry Removed by Court.

### SOME HAVE DOUBLE CLAIM

CASE ARGUED BEFORE JUDGE RITCHIE ON A DEMURRER.

Arguments on the demurrer of the guardians of the estate and person of E. P. Ferry to the petition in intervention filed by Michigan relatives of Mr. Ferry were heard by Judge Armstrong yesterday, and the matter was taken under advisement.

The intervenors, who are nephews, nieces and other relatives of Mr. Ferry, ask to have W. Mont Ferry and E. S. Ferry of Salt Lake removed as guardians, and set up that they are interested in the estate as heirs of E. P. Ferry's parents, through whom they claim, Mr. Ferry secured a large part of his estate.

Some of the intervenors have a double claim, alleging that they are the heirs of E. P. Ferry, a brother of E. P. Ferry, was a partner of E. P. Ferry in his Utah affairs, and entitled to a half interest in the E. P. Ferry estate. The estate is alleged to be worth more than \$1,000,000 and to yield an annual income of \$100,000, according to the pleadings in the case.

W. H. Dickson of Dickson, Ellis, Ellis & Schuller, argued the case for the guardians, while E. B. Critchlow of Henderson, Pierce, Critchlow & Barrette, argued for the intervenors. The arguments consumed the greater part of the day.

### Want Judgment Renewed.

Henry L. Burrill yesterday filed in the district court a suit to renew a judgment for \$264.80, rendered in his favor against H. S. Kellogg and P. S. Keogh in Douglas county, Nebraska, Sept. 16, 1893. The judgment, with interest and costs, is alleged now to amount to \$1,340.55.

### COAL SUPPLY IS BETTER

Retail Dealers, However, Are Still Far Behind in Their Efforts to Fill Orders.

A better supply of coal than usual lately arrived in Salt Lake yesterday. Forty-nine cars, altogether, consigned to local dealers came in. Of this amount twenty-six cars came over the Rio Grande Western from the Utah fields and twenty-three over the Oregon Short Line from Wyoming.

### MORE SNOW IS PREDICTED

Atmospheric Conditions Indicate the Near Approach of a Heavy Storm.

Dr. Hyatt of the local weather bureau predicts more snow during the next few days. Atmospheric conditions indicated the near approach of a heavy storm last night. Heavy storms are moving toward Utah from the Pacific coast. Yesterday and last night were warmer.

### LITTLE MAN WITH BIG TALK

Threatens to Pull Deputy Sheriff's Nose and Then Takes to His Heels.

"I want to see Mr. Sharp," said a small man who called at the sheriff's office yesterday afternoon. Deputy Sheriff Joseph Sharp advanced to the counter at once and declared himself.

"You're Mr. Sharp?" inquired the man.

"Yes." "Well, I want you to tell me what you have been doing this afternoon." "First, tell me how much of your business it is what I did."

"I understand you've been snooping around near my house this afternoon and I want to know what you have been doing there."

"Excuse me while I tell you it's none of your business." "Well, I'm going to make it my business." "Oh, you are! Well, how are you going about it?"

"I'm going to come around there and pull your nose!" That was enough for Mr. Sharp. Breathing fire, he cleared the counter at a bound and started for the little man with the large talk. The visitor did not wait for developments, but fled incontinently through the door and down the corridor with the deputy in hot pursuit.

The stranger reached the open air two laps in advance of Sharp, who abandoned the chase at the outer portals of the building.

"Now, who in thunder was that man, do you suppose?" Sharp inquired when he returned breathless from his run.

"You can search us," said Sheriff C. Frank Emery and Chief Deputy J. Farley White. "Appears to be some friend of yours."

"I never saw him before in my life," said Sharp. Mr. Sharp says he was serving legal papers in the quarter of the city where the little man said he lived, but had not been to the little man's home and knew nothing whatever about him.

### CUCUMBERS IN THE MARKET

Rhubarb, Too, Makes Its Appearance—Winter Pears From Utah on Sale.

Cucumbers and rhubarb were the new offerings displayed in the retail markets yesterday. Both sold for 20 cents per pound. Winter Nellis, winter pears grown in Utah, have made their appearance and are selling rapidly at three pounds for 25 cents.

Calery, local stock, is offered at 5 and 10 cents per bunch but, as the stock is of inferior quality, the demand is small. Lettuce has taken a slight drop. Instead of selling at 30 cents straight it is going at two for 15 cents. The heads are firmer and greener than are shown for some time. Cabbage remains at 5 cents per pound.

The fish markets display larger supplies than they have since Christmas. Whitefish and Mackinaw trout arrived yesterday. Both are proving good sellers at 20 cents per pound. Eggs have dropped to 20 cents per dozen, with large supplies on hand. Utah eggs are off the markets entirely. The eastern eggs are fairly fresh. The merchants say there are few complaints made by those who have nerved themselves to give the eastern hen fruit a trial.

The fruit markets show large supplies of oranges, apples and bananas. Prices remain the same on all fruits except the latter. Merchants are experiencing great difficulty in keeping the bananas in good shape on account of the cold weather. Frost turns the fruit black, making it a drag on the market. Bananas are selling at 25 cents per dozen. The wholesale markets are beginning to assume a briskness not seen for several weeks. A car of Utah potatoes has been received. A car of New Jersey sweet potatoes arrived yesterday.

### PLAN CONCERT FOR VISITORS

"See America First" Committee Is Hard at Work on Splendid Programme.

### BIG BANQUET ON THE CARD

PROMINENT MEN COMING FROM MANY STATES.

Two of the main events for the entertainment of the delegates who will attend the "See America First" conference in this city Jan. 25, were agreed upon at a meeting of the special committee of the Commercial club yesterday. The first of these events will be a concert in the tabernacle. This will be given on the evening of Jan. 25. An effort will be made to outdo everything attempted heretofore in the way of a home talent concert. There will be a chorus of 1,000 voices, and in addition to this there will be special numbers by the best artists in Utah.

Event number two will be a banquet at the Commercial club on the evening of Jan. 26. At this banquet toasts will be responded to by a number of the biggest men in the entire west. It was not definitely decided by the banquet committee that the banquet would be held at the Commercial club. The desire is to secure a place that will accommodate a larger number. Up to this time no better place than the Commercial club has been located.

Men in Charge of the Work. The special "See America First" committee is composed of Robert Wells, Richard P. Morris, John C. Cutler, W. P. O'Meara, Fisher Harris, Simon Bamberg and John J. Judson. The special committee to have charge of the tabernacle concert is composed of H. H. Whitney, chairman; Joseph E. Caine, E. O. Howard, George D. Pyper and J. J. McClellan. The special banquet committee is composed of W. F. Hallgren, chairman; S. H. Love, Louis Cohn, Frank Knox and Charles S. Burton.

Headquarters were opened in the Commercial club building yesterday by the committee in charge of the "See America First" propaganda. Communications are now arriving every day telling of prominent men who will attend the conference. Governor John H. McCreary of Nebraska sent notice that he had appointed Ross Hammond of Fremont and Adam Breede of Hastings to represent the state of Nebraska. W. P. R. Mills will represent the chamber of commerce of Denver.

It was thought the special committee would be in a position to announce today its complete programme for the conference, giving the names of the speakers and the subjects to be discussed. It is thought that Governor Cummins of Iowa or Governor Folk of Missouri will preside over the conference.

### TELLS STORY OF SLUGGING

John Ryan Declares He Was Held Up by Thug on Main Street.

John Ryan, a smelterman employed in Murray, told the police yesterday that he had been held up by a thug Wednesday night.

Ryan claims he was met by the thug while walking along Second South between East Temple and West Temple streets. The fellow struck Ryan with a sandbag over the right eye. Ryan says he grappled with the hold-up man, who finally broke and ran away. No money was taken from Ryan. Ryan exhibited a bad cut over his right eye, which he claimed was inflicted by the hold-up.

### SEDDON SPENDS \$104,733

Report on Cost of Running the Street Department for 1905 Is Made.

Former Street Supervisor S. M. T. Seddon's report for 1905, which will be filed in a few days, will show that the total expenditures for the department during the year were \$104,733. From this amount \$12,725 is to be deducted for work done for other city departments, so that the net cost of the street and sanitation departments was \$92,008. Pavement sweeping and cleaning cost \$21,263.97, street cleaning and repairs cost \$15,144.25, and implements and supplies cost \$21,637.71. Poll tax receipts in cash were \$2,419.35, and in labor, \$1,112.

### GOOD BILLET FOR UTAH BOY

Senator Smoot Wants to Appoint a Cadet to the Annapolis Naval Academy.

Young men of Utah do not appreciate fully the opportunities offered to secure cadetships at West Point and Annapolis, according to State Superintendent of Schools A. C. Nelson. In the eastern states appointments to either of the academies are considered equivalent to \$20,000 to \$40,000, he says, while in Utah the places almost go begging.

Mr. Nelson is endeavoring to impress the desirability of appointment to one of the academies on the young men of the state. Officers of the army and navy not only hold good positions for life, but are guaranteed admission to the highest social circles and public respect everywhere by the fact that they wear the uniforms of officers of the government. In addition to these advantages, admission to the military or the naval academy insures a young man a splendid scientific and classical education practically without cost to himself. The government provides for his bodily needs and gives him a money allowance during the four years he puts in as a student in either of the academies are not compelled to remain in the army or navy for life unless they desire to do so.

A letter from Senator Reed Smoot, announcing that he would have an appointment to Annapolis at his disposal in a few months, led Mr. Nelson to discuss the attitude of the young men of Utah in regard to these appointments. Senator Smoot requests Mr. Nelson to assume charge of the examinations and Mr. Nelson has invited Colonel Willard Young and Dr. J. T. Kingsbury, president of the University of Utah, to assist in the mental examinations, which will be held in Mr. Nelson's office in the city and county building Feb. 9 and Feb. 10. Dr. E. H. Gowans will conduct the physical examination of applicants Feb. 8.

Mr. Nelson is preparing a letter, copies of which will be sent to the heads of all the leading educational institutions of the state, in an effort to get a large and representative body of young men to take the examinations.

### CHURCH HOLDS ITS MEETING

First Congregational Elects Officers and Hears Reports for the Year.

The annual meeting of the First Congregational church was held last evening at the church at 8 o'clock. The meeting was preceded by the church dinner, which is a means of bringing out a good attendance. The business meeting was presided over by the pastor, Rev. Elmer I. Goodson, and among the other business transacted the appointing of a committee to draft resolutions to be presented next Sunday on the death of the organist, Professor Thomas Radcliffe. The committee consists of E. M. Hogan, E. O. Howard and Mrs. L. C. Miller.

The officers elected for the church are: Horace Smith, clerk in place of C. D. Severy, who resigned some time ago on account of removal from the city; Russell L. Tracy, trustee of the Mount Olivet cemetery board, elected to succeed himself, and E. O. Howard, re-elected treasurer. The trustees of the church are C. E. Allen, Edwin Merrill, Oscar L. Cox and J. B. Evans, while C. E. Allen, F. A. Simby and A. N. Walters were elected deacons. F. A. Timby was elected Sunday school superintendent in place of J. F. Harding, who was given a vote of thanks for his work with the Sunday school during the past year. The various reports given showed a large increase in membership and a satisfactory growth of the church work, eighty-nine new members having been added to the church in the past year.

### WOMEN WHO SUFFER

Dr. Williams' Pink Pills the One Remedy Particularly Suited For Feminine Ills.

To women who suffer Dr. Williams' Pink Pills are worth their weight in gold. At special periods a woman needs medicine to regulate her blood supply or her life will be a round of pain and suffering. Dr. Williams' Pink Pills are absolutely the finest medicine that ever a woman took. They actually make new blood. They are good for men too—but they are good in a special way for women.

"It was three years ago last spring that my health failed me," says Mrs. Arthur Conklin, of No. 3 Coldwater street, Battle Creek, Mich. "I suffered from leucorrhoea and other troubles that I cannot say that they helped me at all. My liver was sluggish and I was troubled some with constipation. One day a physician who has now retired from practice met my husband on the street and inquired about my health. He advised my husband to get some of Dr. Williams' Pink Pills for me, said they were a good medicine, better for my trouble than he could put up. I tried them, improved steadily and soon was entirely cured. As soon as the leucorrhoea was cured the headaches and other pains stopped. I am entirely well now but intend to continue to use Dr. Williams' Pink Pills as a spring tonic."

The genuine Dr. Williams' Pink Pills are sold by all druggists and by the Dr. Williams Medicine Company, Schenectady, N. Y.

### DELAY SCHEITLER CASE

Criminal Trial Depends Upon Report of the Trustee in Bankruptcy.

B. H. Schettler's trial on the criminal charges against him in the district court will not be held until the final report of G. E. Blakely, trustee of the estate in a bankruptcy proceedings, has been prepared. District Attorney F. C. Loofbourou explained the delay in proceeding with the Schettler cases by saying:

Mr. Blakely's report is vital to the criminal case, because Mr. Schettler's guilt or innocence will be determined by that report. The specific charges against him are 'receiving deposits as an individual banker, knowing he was insolvent.' If Mr. Blakely's report shows that Mr. Schettler was insolvent on the date named in the informations, we are confident that we shall be able to secure a conviction. On the other hand, if the report shows Mr. Schettler was solvent on these dates, he is not guilty of the charges against him. Thus the cases depend wholly upon the results of the investigation of his financial condition.

There are two informations against Schettler. Both charge the same offense, but the circumstances alleged are different. Martha C. Larson is the complainant in one case, and is alleging that he received \$14.25 from her, Oct. 3, 1904, knowing he was insolvent. The other complaint is sworn to by Mrs. Caroline Thompson and alleges that he received \$10 from her, June 13, 1904, when he was insolvent. Both complainants were present at the trial, which was held on Jan. 19, 1905. Schettler waived preliminary examinations April 10, 1905, and June 29, 1905. He is at liberty under bond.
