Ogden, Saturday, Jan. 27.

YOUNG MAN TAKES HIS LIFE

Joseph H. Tribe, Sick and Despondent, Drinks Carbolic Acid.

Joseph H. Tribe, 30 years of age, son of George H. Tribe of Ogden, committed suicide by taking carbolic acid while delirious at his home, 215 Thirtieth street, early last evening. Tribe formerly conducted a retail liquor business at Rexburg, Ida. He disposed of his interest there last November and came to Ogden. He had since been in the employ of his father, but had been rather despondent. Last week he made a business trip through Idaho, where he contracted a cold. He returned about a week ago, when he was stricken with pneumonia. Last evening he got up from his bed and obtained the bottle of poison. His cries of agony a short time afterward attracted the members of the household, and Dr. H. J. Powers was summoned, but he could do nothing to save the man's life.

OLD MAN'S FEET FROZEN.

Andrew Miller of Rock Springs, Wyo., Victim of Misfortune.

Andrew Miller, a native of Holland, 71 years of age, appealed at the home of Daniel Bateman at Riverdale on Thursday evening for a place to sleep. Mrs. Bateman gifted the old man and prepared a place within the house for him to sleep. Although Miller's request was only to sleep in the hay loft, in the morning it was noticed that something was wrong with the old man and an investigation proved that he had both feet badly frozen. Bateman drove Miller to Ogden, where he was taken to the sheriff's office and given medical assistance. It is feared that his feet may have to be amputated. Miller is an eccentric character and was returning from California to Rock Springs, Wyo. Having no money he was getting along as best he could. Sleeping out of doors during the cold was the cause of his sorry plight.

WILL MAKE INVESTIGATION

Books of City to Be Audited and Complete Examination Made.

At this time it looks as if the request of ex-Mayor William Glasman for an investigation of the city's affairs during the time that he was mayor would be complied with and that there will be a thorough auditing of the city's books. On Wednesday evening there was a meeting between the mayor and the law committee, together with the city attorney, and the request of the ex-mayor was thoroughly discussed. After the meeting those who were present refused to give out anything, but it is understood that on Monday evening, when the mayor submits his appointment, he will have something to say on the matter of investigating the city's affairs, and probably submit a list of those who will form the auditing committee, which was practically decided upon at Wednesday evening's meeting.

NEW HIGH SCHOOL PUPILS.

Mid-Year Class Numbering Seventy-Two Is Admitted.

Seventy-two pupils entered the Ogden High schools yesterday afternoon as a result of a mid-year examination they having passed through the Eleventh grade of the various city schools. At the High school a programme was rendered for the new pupils and a response was made by James Herrick of the Madison school. In addition to several recitations, speeches by the members of the board, the presentation of diplomas by the president of the board, a musical programme under the direction of Squire Coop was also rendered.

Ferris Will Fight Extradition.

Oswald Ferris, who was arrested in Omaha recently after his escape from the Utah state industrial school, will fight extradition to Utah. It is likely that Ferris, who was charged with incorrigibility by some of his relatives in Omaha, will be tried for that offense. The sheriff has already secured requisition papers for Ferris' return and an attempt may be made to bring him back anyway.

Horricks Given Ten Years.

Leroy Horricks, who several days ago pleaded guilty to two charges of attempted rape, was sentenced yesterday to ten years in the state prison by Judge J. A. Howell. Horricks had nothing to say when given permission to speak on why sentence should not be passed upon him on the first charge and the court pronounced a sentence of eight years.

The prisoner was again asked if there was any reason why sentence should not be passed upon him upon the second charge. Horricks then took occasion to say that this was the first time that he had ever been arrested or had ever committed any crime and stated that he would never again break the law. Judge Howell then imposed a sentence of two years upon the second charge, making the total of ten years.

Municipal Court.

In the municipal court yesterday H. A. Peterson alias H. A. Parker, who was arrested several days ago on a charge of forgery, waived preliminary examination and was bound over to the district court under \$500 bonds.

Frank Howard, who was charged with the theft of an overcoat, was arraigned on a charge of burglary in the second degree. He was held under \$500 bonds for a preliminary hearing.

Many Suits for Poll Tax.

Frank C. Naisbitt, poll tax collector, filed 120 suits yesterday to recover delinquent poll tax for 1905. It is estimated that a large number of additional suits will be filed soon.

Stolen Horse Recovered.

Sheriff J. W. Bailey has recovered the horse stolen several months ago from the Studebaker Wagon company at Hooper, from the person who purchased the horse in Salt Lake. The young man who stole the horse confessed to the authorities, which aided the officers in recovering the animal. It is not yet known whether or not the boy will be prosecuted.

Ogden Briefs.

A marriage license has been issued to William McClary and Miss Edna V. Campbell, 21, both of Ogden.

Rev. Samuel Blair of the First Presbyterian church has engaged the services of Rev. H. Fieser for a series of three illustrated lectures. The first lecture will be free and will be given at 7:30 o'clock tomorrow evening upon the theme, "The Life and Suffering of Christ."

MERCUR STILL ISOLATED

Road Has Not Been Able to Remove Snow Blockade—Shortness of Fuel Feared.

Mercur, Jan. 25.—During the recent storm the Consolidated Mercur company was forced to lay off one shift of each day owing to the bad condition of the tracks leading from the tanks. This so retarded the work of emptying the tanks that the usual force employed in this department could not keep the waste out of the way, resulting in the congestion of the ore bins. With the weather cleared up today the company will be able to do work full force by tomorrow, unless the blockade of the Salt Lake & Mercur railroad should continue until the supply of coal bins is exhausted.

The mill foreman reports that some of the coal bins are already empty. To avoid any difficulty from this source a large force of men were sent out from the mill today to open up the spur of the railroad leading from the summit to the coal bins.

DEADLY DE LAMAR DUST

John E. Johnson of Richfield an Added Victim to the Long List.

Richfield, Jan. 25.—The death of John E. Johnson of this city occurred Tuesday night at about 10:30 o'clock, thus making the third death among the grown people within the past month. Mr. Johnson came home last September from De Lamar, where he had been working, stricken by the deadly dust of the mill there, which has carried hundreds of people to their graves. About two weeks ago he became bedfast and from that time until death came to his relief his sufferings were terrible. The deceased had lived in this part of the state about fifteen years, coming here from Denmark. He was born in that country fifty-one years ago, and was married there twenty-four years ago. About seven years ago he went to De Lamar and worked in the mill practically all of the time up until last fall. He was an industrious and hard working man. The funeral will be held Friday morning.

J. A. Crossland met with quite a severe accident at the Sevier mine at Gold Mountain, Sunday night, which has laid him up for a few weeks with one broken rib and two others fractured. He had just started to descend from the first landing to the floor of the mill, when his light went out. He attempted to make the trip in the dark, and he missed the mill platform, falling to the floor, striking on his back. He was brought to Richfield Tuesday and is resting quite comfortably.

The Young Women's Christian association held a meeting yesterday afternoon in the permanent quarters granted for their use by the Manufacturers & Merchants' association, 26-211 South West Temple street. The meeting was a fairly representative one, and steps were taken to begin active work in the matter of establishing a branch of the association here.

An active canvass of the business part of the city will be taken up, and the women in charge of the movement hope to open rooms for the young women of the city before the spring is ended. The committee in charge of the details are Miss Eva Flemming, Mrs. R. S. Walker and Mrs. W. A. Wright.

MARRIED IN FARMINGTON.

(Special to The Herald.)
Farmington, Jan. 25.—Miss Hannah Maud Robinson, daughter of Mr. and Mrs. Joseph E. Robinson of Farmington, and Thomas Thorne, were married this evening at Farmington by Bishop Daniel Muir. The ceremony was witnessed by the bride's relatives. Mr. and Mrs. Robinson will accompany the young couple on their honeymoon tour to California. After returning from their trip Mr. and Mrs. Thorne will take up their residence in Ogden.

OLD FOLKS' CELEBRATION

Entertained by the Committee at American Fork With a Well-Selected Programme.

American Fork, Jan. 25.—The Old Folks' celebration here yesterday was a decided success. At 10 o'clock in the morning vehicles of all descriptions, from bobbeds to carriages, were out gathering up the old folks and the widows and hauling them to the Apollo hall, and from the time of their arrival at the hall until they were dismissed, at 5 p. m., everything was done by the committee to make them enjoy themselves. At noon a sumptuous banquet was served, to which all did ample justice. After the banquet was over and the dishes cleared away, a very interesting and amusing programme was given, consisting of songs, music, speeches, etc. George Margetts and E. C. Clawson, of Salt Lake, were present, and amused the audience with their comic singing and their unique costumes. Charles R. Savage of Salt Lake was also present and gave a very interesting speech.

D. J. SHARP COAL CO.

Telephones 719, 72 Main street. New stock of Crested Butte anthracite; all sizes.

STOCK OF FISH ARRIVES

Local Markets Are Now Able to Supply All Regular Demands Made.

After struggling along with incomplete supplies for over a month, the local fish markets were able to fill all orders yesterday. A generous consignment brought not only good supplies of staple fish, but varieties not seen for several weeks. Trout—tempting brook trout—were offered at 12 cents each. Although small, the trout sold rapidly at this price. The first sturgeon displayed for some time was offered at 1 1/2 cents per pound, and it bids fair to rival salmon in selling. Striped bass are more plentiful, causing this dainty fish to drop from 25 cents to 22 1/2 cents per pound. Other new varieties displayed are: Shad, 15 cents per pound; fresh cod, 15 cents per pound, and halibut at the same price.

The presence of hens, ducks and turkeys in the poultry markets created a briskness during the day. Hens at 20 cents and spring chickens at 22 1/2 and 25 cents per pound jumped into favor. Large white ducks at 20 cents per pound added weight to more than one shopping basket. Turkeys sold rapidly at 20 cents per pound. All poultry consignments were local.

The vegetable markets are displaying good supplies of Utah and California products. Cucumbers at 20 cents each are among the newest offerings. Sauer kraut, the first shown for weeks, is displayed at four pounds for 25 cents. Meat markets continue wise in quotations. A car of oranges arrived yesterday. Two cars of bananas have been received among the retail dealers during the week. Shipments of California vegetables are arriving regularly.

WILL WORK FOR Y. W. C. A.

Committee Decides to Take Up Active Canvass at Once.

The Young Women's Christian association held a meeting yesterday afternoon in the permanent quarters granted for their use by the Manufacturers & Merchants' association, 26-211 South West Temple street. The meeting was a fairly representative one, and steps were taken to begin active work in the matter of establishing a branch of the association here.
