

RAISE STANDARD OF UNIVERSITY PREPARATORY COURSE

Faculty Outlines a Plan to Eliminate High School Course Next Year.

FOR ELEMENTARY SCHOOL STUDENTS MAY PRACTICE IN TEACHING HIGHER GRADES.

The move of the university faculty to eliminate all high school and preparatory work at the university is well under way.

This committee was appointed some months ago, and since that time a thorough survey of the high school facilities of the state has been made.

Some fifteen high schools have been started within the last year. Many of them offer only one or two years of school, but they will answer the demands at present.

Secondary Training School. The report includes a provision for establishing a secondary training school, similar to the elementary one now connected with the university.

It is also proposed to add one year to the training school next year, and one each succeeding year until a regular high school course is offered.

It is provided that all students who are granted scholarships in the counties and those who pass from the elementary training school shall be given a preference.

Professor Stewart's Views. Prof. W. M. Stewart, chairman of the committee appointed for this purpose, said:

"By adding a four-year high school course to the training school as an educational laboratory for the college normals, and by dropping the high school work from the university, we will not only strengthen the university proper, but we will make the normal school one of the best in the United States and the only one of its kind between the University of Chicago and the Pacific coast."

For Separate Building. "It is planned that by the time that the four years of the secondary school is established that a separate building will have been erected for the school.

Our Reputation OF 53 YEARS is back of every bottle of Hostetter's Stomach Bitters and stands as a strong guarantee of its wonderful merit.

HOSTETTER'S will do you a world of good. Thousands have already been cured of such ailments as Poor Appetite, Indigestion, Flatulency, Costiveness, Dyspepsia, Colds, Grippe, Female Ills and General Debility.

WILKINS' REMOVAL TO THE SPITE OF A REVENGEFUL CITY CONTRACTOR.

Subject Is Brought Up at Meeting of Salt Lake Real Estate Association.

THIS WILL BE AGITATED AT SPECIAL MEET NEXT MONTH.

That there is a pressing need of more stores in Salt Lake City of every description was declared at the meeting of the Salt Lake Real Estate association yesterday afternoon.

Mr. Wilkins' letter to Chairman Leonard withdrawing his resignation is as follows: "About Feb. 1, in a conversation with you in relation to a newspaper article headed, 'Wilkins will hold on to his job,' I had the honor of tendering you my resignation on such job as assigned to you."

Second—I desired to relieve you of any possible embarrassment which might arise from the fact that I did not support the present administration during the last campaign.

"In said interview you assured me, however, as a man who never says a thing unless he means it, that I was not to pay any attention to the article in question, that I was not in the slightest degree any embarrassment; on the contrary, before assuming your position, you had made sufficient inquiries on the subject and had decided not to make any change in the position of clerk of the board of public works, and that you would retain me in that position, which conclusion I then stated to you and the said resignation then offered was not accepted.

Mayor Wanted His Scalp. "I was therefore greatly surprised to hear you state on the 14th of February, in less than two weeks, that there is considerable criticism in regard to my retaining you in this position from the members of the board, for which latter I do not care, but the mayor expressed himself at length yesterday, and I cannot stand against the influence of the mayor."

"Believing that this opposition to me and pressure for my resignation came from political sources, and not bona fide from political opponents, I assured you at once that my attitude as to causing you embarrassment for such reasons was unchanged, and I therefore tendered you my resignation, the same to take effect April 1st."

"I think I have sufficiently outlined our various conversations on this subject to make it apparent that it was from possible embarrassment, RESIGNATION FROM ANY PARTY APPLICATION DURING THE CAMPAIGN. I was anxious to relieve you, and for this reason I unhesitatingly tendered my resignation, as stated. I have since learned, however, that unwisely, as I believe, to have continued, the party affiliations allegation is ostensible merely, and is but a sham and a pretense to cover up and conceal the actual reason, which results from the open and unadvised payment of a contractor, disparaged in repeated instances in obtaining extras unwarranted by his contracts, and not justified by any consideration of the interests of the taxpayers of this city for which I disclaim any personal responsibility."

Contractor Made Threats. "This state of affairs was unknown to me at the time when you requested I forward to you my resignation. I had up to that time considered all this as a matter of payment to a contractor, and I now learn that the change in the political situation has been effected by him to further his own revenge, and it certainly seems to me that his efforts should meet with the approval of the officials connected in any way with this administration, as well as from all fair minded citizens. However, it may be, the facts, to my mind, change the entire situation and make a different condition from that on which I supposed my resignation was desired. I therefore, as I said to you in conversation this morning, hereby withdraw the said resignation, and I would not attempt to contemplate acquiescing in the wishes of a disappointed and revengeful contractor by resigning in accordance with his openly expressed desires."

Roast for Contractor. "I shall regret very much if the withdrawal of my resignation should cause you any temporary inconvenience, but at the same time I cannot allow the said resignation to stand, or to be acted upon, as I say, however, that some time in the future when this man's pursuit of me has entirely ceased, but at present I cannot believe that the honest endeavor of a public official to safeguard the interests of the taxpayer in the withholding of unwarranted extras, as well as attempting to enforce an honest completion of work by the contractor, is a sufficient reason for anything but rebuke to the contractor who represents the same as an enemy, said contractor being known by all city officials as one who has been at the pains to evade the spirit and letter of his said contract, and having no further interests in the welfare of this city than any other non-resident."

Will Probably Scalp Him. In city official circles it is believed that Chairman Leonard will name as successor to Mr. Wilkins at the next meeting of the city council, and that the "Standard" majority in the council will confirm the man thus named. Mr. Leonard refuses to disclose who Mr. Wilkins' successor will be, but it is thought to remove the present incumbent there is no doubt.

MANY COMING TO FAIR. Several eastern booking firms have written Secretary H. S. Ensign in reference to booking attractions for the inter-state fair of 1907.

NEED OF MORE STORES IN SALT LAKE CITY FAVOR MERCHANTS, PROFESSIONAL MEN AND EDUCATORS JOIN IN EXPRESSING APPROVAL OF IT.

Interest in the adoption of the metric system of weights and measures as against the system now used in the United States is growing in Salt Lake.

ONLY ONE BUSINESS MAN WHO HAS DOUBTS ABOUT PLAN.

Superintendent Nelson Favors It. "The metric system will mean a time saving of at least one-tenth to all students if adopted in the United States," said A. C. Nelson, state superintendent of schools, in a letter to the board of education yesterday.

It is understood that one is a proposition put forward by A. C. Sadler for improved street lighting system. The plans, which are yet in embryo, contemplate stringing sixty-candle power lamps on each side of the street, trolley wire poles to be used wherever possible.

D. J. SHARP COAL CO. Telephones 719, 73 Main street. New stock of Crested Butte anthracite, all sizes.

BUILT TO INDIAN SPRINGS Las Vegas & Tonopah Road Will Have Been Extended That Far by Feb. 25.

The Las Vegas & Tonopah railroad will have been built from Las Vegas to Indian Springs, a distance of forty-four miles, by Feb. 25, and by March 1 it will be in operation that far. Indian Springs is seventy miles from Bullfrog, and the road will be into the latter place by May 1.

City Chemist's Views. "For scientific purposes—yes; for commercial purposes—no," is the manner in which Herman Harms, city chemist, epitomized his opinion.

Local railroad headquarters will close today in observance of Washington's birthday. Holiday hours will be observed in ticket offices.

Special Employees Computing Price to Be Paid the Railroads. San Francisco, Feb. 20.—Four hundred special employees today began the task of weighing the mail matter in California, Idaho, Washington, Oregon, Utah and the territories of Alaska and Hawaii for the purpose of fixing the compensation to be paid to the mail and steamship companies for the service.

WEIGHING THE MAILS.

Railroad Notes.

Local railroad headquarters will close today in observance of Washington's birthday. Holiday hours will be observed in ticket offices.

UTAH LITHOGRAPHING CO. HAVE MOVED TO 45 and 47 Richards street (Cunnington building).

CULMER PAINTS AM. FORK. A water color showing American Fork canyon, in the spring after a rain, has just been finished by H. L. Culmer.

Sixty Years' Experience of an Old Nurse. Mrs. Winslow's Soothing Syrup is the prescription of one of the best female physicians and nurses in the United States, and has been used for sixty years with never-failing success by millions of mothers for their children.

MARKETS TO CLOSE AT NOON

Merchants Will Observe Holiday Today—Price of Meat to Be Advanced.

California Rates—Today. Colonist rate of \$25.00 to San Francisco, Los Angeles and intermediate points via the Salt Lake Route.

Engineers in Session. Are Considering Government Reclamation Work in This Section. George L. Swendsen, I. H. Quinton and N. C. Sanders, engineers in charge of the construction work of the reclamation department in this district, are in session here today.

THE VALUE OF CHARCOAL. Few People Know How Useful It Is in Preserving Health and Beauty.

Nearly everybody knows that charcoal is the safest and most efficient disinfectant and purifier in nature, but few realize its value when taken into the human system for the same cleansing purpose.

Wilkens, secretary of the William M. Rish company yesterday. "It would simplify matters for jobbers to be able to measure all product by one standard. Only today a man came in and told me he had just received a report from one of his stores in the state, in which the item of 5,000 pounds of potatoes appeared. He wanted to reduce the pounds of potatoes to bushels. Of course we had to sit down and figure out just how many bushels there were in 5,000 pounds of potatoes. There is a different number of pounds in a bushel of every kind of vegetable. We must have a long table telling what these different quantities are or else we are considered behind the times. With the metric system this would not be necessary, for all vegetables would be measured by one unit."
