

NEWS FROM THE SALT LAKE DISTRICT

MUST PAY FOR HIS FUN ARE DOING GOOD WORK
Boy Amused Himself by Snowballing Pedestrians on Sunday Last.

Park City, April 3.—Lawrence Paul, in company with other boys amused himself by throwing snowballs on Sunday last, and as a result the boys are to be arrested. Paul was the only boy who was known and, accordingly, Sam Mitchell, the man who was a target for the snow-throwing pastime, swore to a complaint charging the boy with battery. He was arrested yesterday, and will be tried in a day or two for the offense. Of late the boys in several parts of town have become nuisances and have made themselves liable to arrest for battery by throwing snowballs. The practice is a violation of the ordinances of the town and the officers have been instructed to arrest any one caught so throwing.

The new double train service which is to be installed tomorrow over the Union Pacific between Park City and Ogden is one which has been wanted here for a long time. As it now is there is no possibility of going to Salt Lake and returning the same day, the new service is arranged so that a person can go to Salt Lake and return in the same day, without having to spend any time in transacting any business which they might have in the city. The new service is to be given a trial and the indication is that it will be wanted by the public. There is some talk of installing such a service between here and Salt Lake over the Rio Grande. The storm which is reported to have been so heavy over the state, and for a wonder did not strike Park City. Sunday there was a slight snowfall, hardly enough to get ground, and it was blown away by a little cold wind. There has been nothing from a weather standpoint which has not been altogether agreeable here.

Last evening Acting District Deputy J. W. Geiger, of the state, R. M. Elks, installed the officers for the ensuing year. The new officers are: S. T. Haddon, president; H. W. Culbertson, E. L. K. H. W. Doughton, E. L. K. G. E. Cushing, E. L. K. J. M. Don, secretary; J. E. Saxton, treasurer; J. Wilson, trustee; T. A. Orr, tyler. Immediately following the installation Exalted Ruler Haddon announced the names of the following officers: Esquire, James Byrne; inside guard, William D. Wright; organist, C. T. Prick; chaplain, D. Q. Grabbil. The installation was followed by one of those real old-fashioned good times which are noted for.

BONDS HAVE BEEN TAKEN

Rollins & Sons the Only Bidders for Provo's Waterworks Bond Issue.

Provo, April 4.—The city council this evening accepted the bid of E. H. Rollins & Sons for \$25,000 of 10-20 year waterworks bonds, to be issued June 1, 1906. W. A. Scott, representing Rollins & Sons, the only bidder, offered to pay \$3,500, with accrued interest to date of delivery, to furnish blank bonds and to prepare all preliminary resolutions. May 15 was the date set for holding the election to vote for or against bonds.

Mayor Frisbie reported that he had conferred with Mayor Reynolds of Richfield in making plans for the headwaters of the Provo river. Mayor Reynolds informed him that the forest reserve department would be here in a few days to make an investigation.

THEY MUST BE STANDARD

Cache County Fruit Tree Inspector Destroys Many Unhealthy Trees Shipped In.

Logan, April 2.—At the meeting of the county commissioners today, County Fruit Tree Inspector Nels R. Brody submitted a report of his work for the month of March, which reveals the efforts being put forth to prevent diseased nursery stock being imported into this county. A great many people in Cache are planting commercial apple orchards, and the young trees are being brought in from outside nurseries.

REDMEN ARE IN WRECK; ONLY SIX INJURED

Richmond, Ind., April 4.—As a result of the caving in of a heavy fill, on the Chicago, Cincinnati & Louisville railroad, a special train bearing 300 Richmond members of the order of Redmen, en route home from the district meeting at Rushville, was wrecked early today.

Six passengers were injured, none fatally. The accident occurred at the main street crossing on a fifty-foot viaduct. The baggage car and first coach left the track and turned over. They rolled down a twenty-foot embankment. Forty men were in the coach. Two of the coaches on the train clung to the rails.

PROVING THE FLAMMABLE NATURE OF FLUORIC ACIDS IN THE BLOOD

All skin diseases are due to the same cause—an excess of acid in the blood caused by faulty assimilation of food and poor bowel action; this fiery acid matter is forced to the surface through the pores and glands. Pustules are formed, discharging a sticky fluid which dries and makes a crust, causing intense itching. When the crusts or scabs are scratched off the skin is left raw and bleeding.

Sometimes skin diseases are in the dry form, and bran-like scales come on the flesh, or the skin becomes hard and dry, often cracking, and the painful itching causes acute suffering. It does not matter how the trouble is manifested, the cause is the same—an excess of acid in the blood. Salves, powders, cooling washes, etc., while they relieve the itching and give the sufferer temporary comfort, cannot cure the trouble because they do not reach the acid laden blood. The best treatment for all skin diseases is S. S. S., a remedy that is purely vegetable and one which acts directly on the blood with a cleansing, healing effect.

S. S. S. neutralizes the acids, and purifies the blood so that the skin instead of being blistered and burned by the fiery fluids, is nourished by a supply of cooling, healthy blood. Special book on Skin Diseases and any medical advice desired will be furnished without charge.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

Manti Commercial Club Makes Move For Road Improvement.

Manti, April 3.—At a meeting of the Commercial club last evening, called especially for the purpose of discussing the advisability of opening up a wagon road between this city and Emery county towns, it was decided to go to work immediately on this project. Edwin M. Works was appointed to have charge of the work, and he will commence at once on the work of building this road through the Manti canyon. It is believed that the business men of both Sanpete and Emery counties will liberally contribute to this move as it will prove a great value to all. The coal resources of Emery county towns, it will undoubtedly be more extensively operated, and it will not be necessary another year to experience a coal famine. At the meeting last evening donations toward the establishment of this project were liberally given, and it is thought that all the means necessary will be forthcoming without any need of effort. Large quantities of coal is deposited in the divide, and this quality is said to be as good as any found in this and surrounding towns. The fear of the citizens traveling to and from these counties will also be thing of the past, as it is, it has not been absolutely safe for persons traveling over this country at any time of the year, and some have in the past met with serious as well as annoying experiences.

PROVO NEWS NOTES.

Provo, April 4.—City Marshal Henry has returned from Washington, where he went as witness in the Shook case. Mr. Henry had a very enjoyable trip, and while he was away he visited relatives in the city. He was not seen for about twenty-five days.

Charles Alfred was severely kicked by a horse on Monday morning. He is believed to be out of danger. He and his father, S. J. Alfred, were riding on the street when the lime kiln one of the horses took sick and fell. After he was unhitched and assisted by the driver, he fell, striking him over the heart.

The Joint Teachers' Institute will be held in Eureka on April 21, and not on the 14th, as previously announced. Examination of the public school eighth grade pupils will be held on the 14th. The school board, May 11, for the south end of the county, and at American Fork, May 12, for the north end of the county.

The Provo Commercial club has decided to give the railroad a guarantee in order to obtain extension tracks on the road on April 13, the day of the horse fair between Eureka and Salt Lake. The fare will be \$1 from Eureka and \$1.25 from Salt Lake. The visitors will be entertained by the club on the evenings of the 12th and 13th.

Joseph T. Farrer, George E. Howe and John Saxey have been appointed a committee to investigate the Provo Commercial club to investigate matters connected with the establishment of a bass hatchery at some place near Utah Lake.

Preparations are being made to avoid as far as possible damages from high water which is expected about the middle of next week. The Commercial club has appointed the following committee to make plans for the water users of the county and co-operate with the city council and the county commissioners in making steps to control the water. The committee is E. J. Ward, George S. Taylor and J. F. Van Wageningen.

Vice President Roylance of the Provo Commercial club has been authorized by the club to present a petition to the city council against sheep being permitted to graze on the watershed of the city. The Spanish Fork and Springville Commercial clubs have taken similar action in their respective cities. The objection has gained strength by reason of the fact that the sheep on the "Intah forest reserve on lands formerly used by cattlemen.

A large audience was present at the M. I. A. oratorical contest last evening in the third ward meeting hall. Nels Kelly, of the Fourth ward had selected for his subject, "The Mormons in Missouri and Every-day Life," and each of them made good speeches. The first prize, the cup, was awarded to Mr. Anderson. The judges were Dr. J. A. Whitte, Dr. J. H. Mangum and Miss Ann Cook. Fine vocal selections were rendered by the Garden City quartette.

R. R. Irvine is confined to his room from an attack of rheumatism. He is slowly improving.

A marriage license has been issued to G. B. Sanborn, aged 41, and Ida M. Pendry, aged 40, both of Lovellville, Colo.

Reed F. Johnson of the Second ward has been called on a mission to Sweden, and will leave some time next week.

C. C. Boyer has gone to Twin Falls, Ida., to take up a ranch.

A son has been born to Mr. and Mrs. Stroger Walker, and a daughter to Mr. and Mrs. J. E. Hickman. All well.

A marriage license has been issued to J. A. Johnson of American Fork, aged 28, and Lois Nelson of Palmyre, aged 26.

The B. Y. U. students of the missionary department have made great improvements on the university grounds by planting lawns, grass, and shrubs, and removing rubbish. The spirit of cleaning up the surroundings of dwellings in this city is more active than in past years.

Dr. Byron W. King has leased the residence for one year, and will move in a few days.

Professor L. Swensen has returned from Emery county, where he lectured before the Teachers' institute on "General History."

A football game between the B. Y. U. faculty and the college class may be the attraction at the gymnasium in a few days.

Dell D. Boyer of the B. Y. U. debating team is on a mission to Seattle, Wash.

The B. Y. U. kindergarten department this winter has been very successful. The kindergarten teachers will entertain the State Kindergarten association at the school building on April 21, to celebrate the birth of Froebel.

CACHE DISTRICT COURT COMMISSIONERS' SESSION

Order Grounds Surrounding County Court House to Be Improved. Belief in New York That Coal Strike May Be Averted by Concessions.

DEPENDS ON OPERATORS

Men Ask Only to Be Met Half Way.

New York, April 4.—It was the general belief tonight of those who are closely watching the situation about the anthracite miners' headquarters in this city that the miners have definitely decided to modify their demands and will present them to the operators probably tomorrow. Some of the members of the committee privately admitted before coming to New York for the present negotiations that the original demands were greater than the miners really expected to get, and that the leaders could afford to trim them down and still get the mine workers enough to be satisfied.

It is believed that if the operators will meet the men half way on some of the demands they have made, such as the reconstruction of the conciliation board an eight-hour day and an increase in pay for some classes of labor, the miners would seriously consider the proposition of renewing the conciliation board's award for more than one year. The miners have asserted that they would not bind themselves for an agreement for three years.

Miners Decline to Talk.

When the report that the miners would modify their demands and other rumors that they would suggest that the differences between themselves and the operators be arbitrated by a convention of anthracite miners were called to the attention of the members of the committee they refused to discuss the matter. President Mitchell, who when approached would shake his head and say: "There is nothing I can say at this time."

Preparations for another meeting tomorrow evening at the sub-committee representing the anthracite miners and operators kept the Shamokin committee of miners busy today. Two local sessions were held, but beyond the following statement by President Mitchell no information was given out:

"The committee appointed by the Shamokin convention met at the Ashland House today and had under consideration the communication from the governor of Pennsylvania and the offer of the anthracite coal operators to renew and continue for three years the terms of the anthracite coal strike commission. It was decided that a further meeting of the general committee be held tomorrow at 9 a. m."

Situation Satisfactory to Mitchell.

All the district leaders received reports from the anthracite fields during the day and evening, and notwithstanding reports that more coal was being mined today and had under consideration the communication from the governor of Pennsylvania and the offer of the anthracite coal operators to renew and continue for three years the terms of the anthracite coal strike commission. He is hourly in receipt of telegrams from his lieutenants and from coal operators in the west. When asked tonight how matters stood in the soft coal fields, he said:

"Entirely satisfactory to me. Everything is turning out as I expected, and I believe the situation in the west will soon be cleared up."

When President Mitchell was informed that President Roosevelt had declined to interfere with the soft coal troubles he showed great interest and inquired of the text of the president's communication had been made public. He refused to comment on the president's action, but he plainly showed he was much gratified at the stand the president has taken.

Among Mr. Mitchell's visitors today was J. L. Marston of the Texas & Pacific Coal company. He had a short conference with Mr. Mitchell over the matter of signing the 1903 scale—but if a conclusion was reached by them it was not disclosed.

HOPEFUL OF SETTLEMENT.

Philadelphia Sentiment Indicates Agreement May Be Reached.

Philadelphia, April 4.—In anticipation that a satisfactory arrangement will be made by the operators and miners' representatives when they again meet in conference in New York, hope prevails throughout the anthracite region. Unlike the years 1900 and 1902, when both strikes were preceded by pronounced agitation, the mine workers appear to believe that when the conferees finish their deliberations they will have adopted a plan which, if it does not comply with all the demands of the mine workers, will at least grant concessions resulting in a resumption of mining operations. The feeling is that in part to the reported conciliatory attitude of both parties to the conference and also to the reassuring statements made by the returned delegates to the Indianapolis convention. While hopeful of peace, however, the miners are preparing for war, as is evidenced by the fact that picketing has become general throughout the region.

At the same time the miners were stopped by these pickets today and compelled to prove that they were exempted in President Mitchell's order suspending work. At Katesville, near Wilkesbarre, a number of pumpmen employed at the Fernwood colliery of the Pennsylvania Coal company were attacked by foreigners, which resulted in a call for the state police. No arrests were made.

In the upper region the companies are exerting every effort to operate their washeries. Some progress has been made in the vicinity of Scranton, where a number of washeries were worked. At Moconqua, a crowd of Italian mine laborers prevented the operation of the washery of the West End Coal company.

The Philadelphia & Reading Coal & Iron company today received at its office in this city a report regarding disturbances in the Schuyl-

FAREWELL TO DEBATERS

Team Representing U. of U. at Denver University Receives Rousing Send-Off.

A rousing farewell to Dale H. Farke, Karl Hopkins and James E. Moss, the three students from the U. of U. who are to represent the institution in debate with a team from the University of Denver at that city tomorrow night, was given yesterday afternoon at the Rio Grande depot by a crowd of 200 students. Speeches by some of the students and final instructions were given, accompanied by the singing of college songs. The debaters promised that they would return bearing with them the fruits of victory.

The last debate of the present college year will be held during the first part of May in this city. The debate will be with a team from the University of Idaho, composed of Guy V. Holman and Charles Gooding. Utah will be represented by George Hedges and Harold Stevens. The subject to be discussed is: "Resolved, That a Commission Should be Appointed to Hold a Reasonable Rate all Goods Sold by a Corporation or Any Parties Having Control of Any One Line.
