BIG LEAGUES OPEN SEASON

McCloskey Gives Pittsburg a Thirteen-Inning Game and Hard Fight.

St. Louis, April 12.—Pittsburg inaugurated the local National league championship season today by winning an exciting thirteen-inning contest by a score of 2 to 1. Both Taylor, for St. Louis, and Willis, for Pittsburg, were pitching in midseason form and not a run was scored until the last inning. Pittsburg's runs came after Clymer and Wagner had singled. Nealon sacrificed and Sheehan laid down a bunt, which Beckley threw wild to Grady, and two runs were scored. Attendance, 3,600.

Score: R. H. E.

CORBETT TAKES OFF POUNDAGE

Chubby Champion Receives an Offer to Go East and Box Ambey McGarry.

Young Corbett wishes it understood that the question of weight is not bothering him in the coming contest with Dick Hyland. Corbett has many friends who have great confidence in his ability in the game of biff, when he is in condition. In the past many times his defeats have been due to his lack of training, but this time the chubby champion says he will not disappoint any one on this score.

Corbett said he could step on the scales and go under 140 pounds. This means he has taken off a good many ounces since his arrival in the city and it would look as if Corbett would for once in his life at least have little trouble in making weight.

Corbett lays it to the climate. He says he never trained before where it was as easy for him to take off the extra pounds. In Fisco it was hard work. In Salt Lake it is play, says William.

Corbett is still sticking to the road work and will not next Monday, when inside work begins. By that time the former champion figures he will be down to weight and getting tough via the roughing it route.

As soon as the Hyland match is off his hands, Corbett can get busy again if he so desires. Yesterday he received a telegram from O'Rourke offering him a match with Ambey McGarry, a youngster of New York who has been doing much great work in the east.

Corbett wired back McGarry was on as soon as he was through with Hyland. This bout is scheduled to take place at the Tuxedo club just outside of Philadelphia.

Fighting Dick and Alex Greengains are still sawing wood and saying nothing, leaving this part of the programme to Sammy McClinton. If any one thinks McGarry is not up to a convincing argument to the effect that Corbett has not a look in, just ask the man. Hyland is well located at "Svedeville on the Irrigation ditch" as Billy Bolles would say, and has not seen the streets of Salt Lake this week.

WIZARD STILL SHOWS HIS FORM

Jacob Schaefer Looks Good for First or Second in Billiard Tournament.

New York, April 12.—Jacob Schaefer of Chicago gave a fine exhibition of billiards tonight, defeating Albert G. Cutler of Boston by a score of 500 to 396 in the seventh game of world's championship 13.2 tournament in the Madison Square Garden concert hall. He ran out the game in sixteen innings with the high average of 8-10, his most fruitful inning being the fourteenth, in which he made a run of 124. Cutler's average was 24-15; high run, 100.

Cutler played well, but he was pitted against the man who in the opinion of many experts will be first or second at the finish of this international contest. In the matinee game today George Sloan won from Ora Morangar. It was a long-drawn-out contest in which the younger player had a commanding lead until Sloan made a wonderful finish with runs of 153, 108 and an unfinished 25.

TENNIS DELEGATES MEET

Secretary Griffin Calls Annual Meeting of Inter-Mountain Association for Tonight.

With winter still lingering in the lap of spring the lawn tennis players of the city have felt loath to fix up courts, and the season, consequently, opens this year, unusually belated. Sunshine or, however, the annual meeting of the Inter-Mountain Lawn Tennis association cannot, according to its articles, be longer delayed, and Secretary Thomas W. Griffin has issued the call to the delegates to meet at his home, 338 East First South street, on tonight.

All the principal clubs in the city are affiliated with the association, and it is hoped that the Y. M. C. A. and the University will have their arrangements completed in time to join, so that their members may have official recognition throughout the United States and be able to play in the tournaments.

The meeting will consider the broad interests of tennis throughout the region of its charter and doubtless arrangements will be made for the inter-mountain tour of the United States.

The courts or clubs who are to send delegates are: Country club, Fort Douglas club, Miller club, Glenwood Springs, East Side club, Third South club, B Street club.

H. V. ALTREE MAKES RECORD

H. V. Altree, the local swimmer, established a long distance record for Utah last evening at the Sanitarium. He covered two miles—176 times across the pool—in the fast time of one hour, 31 minutes and 31 seconds. The winners were William Powell and Verna Hansen.

This is the first attempt at long distance swimming ever made in the state in public with official timers present, so stands as the record until beaten. A crowd of about 500 saw the performance. Altree used the breast stroke or sailor fashion, as it is sometimes called.

A 100-yard race between Gly Beck and "Curley" Morley resulted in Beck winning. Beck also defeated A. D. Nadel in a fifty-yard race.

MADDOCK WANTS DISTANCE MEN

Try Out Will Be Held This Afternoon—Many Candidates Enter.

An inter-class relay race will be pulled off at the university this afternoon to get long distance men for the track. This year the only weak spot in the varsity track team is in the long distance men, and since a good many are required for the many long distance events to be run in the different track meets to be held this spring, Coach Maddock deemed this the most feasible method of obtaining them. Three relay races will be run.

The prep had a track meet yesterday afternoon at which they decided what men were to represent them in the races. For the prep, in the half mile relay, W. P. Ferguson, W. L. Riser, W. C. Walters and Sam Karrick will run. The mile men will be Melvin Swapp, C. F. Russel, A. E. Konold and N. M. Judd. The two-mile men will be H. W. Scott, Corbett, Seward, Nelson and Leonard Bailey.

The sophomores will be represented by Vernon Harbst, Charles Wolf, C. Ledger and H. Jensen in the half-mile. In the mile they will be represented by Russell, Max Schick, Fred Wilcox and Lynn Clayton.

The juniors will be looked after by Dale Pruett, "Fuzzy" Moore, Fred Peterson and Fred Bannion in the half-mile. George Brown, George Bailey, H. Felt, Z. Gardner and Milton Liebman will be the men in the one-mile race. They also have not decided on what men to intrust the two-mile run to. The seniors have made no selections.

IVER RIDES THE GOAT.

Champion Bike Rider Joins Local Antler Herd.

Iver Lawson may be the world's champion when it comes to riding a bicycle, but there are other things to ride besides a bicycle and here is where Iver falls down. On Wednesday night he essayed the task of riding a goat and found it an entirely different task from chasing the elusive dollar around the saucer track.

The champion joined the local lodge of Elk, and it was while going through the performance that Lawson met a member of his class. Lawson says it is great business, this belonging to the antler herd, and that he had overlooked a good thing for many years.

GREATER FALL OF ASHES AND CINDERS THAN AT ANY TIME SINCE THE ERUPTION BEGAN.

CONDITONS IN NAPLES WORSE

Greater Fall of Ashes and Cinders Than at Any Time Since the Eruption Began.

VESUVIUS IS COOLING DOWN

KING SHARPLY REBUKES A PRIEST.

Naples, April 12.—While the news from Mount Vesuvius today is reassuring, the conditions here are such in Naples as to make it difficult to realize that the eruptions are actually better. The wind is blowing from the volcano in the direction of Naples, carrying the ashes in this direction. Toward evening the fall of ashes and cinders here was worse than at any time since the eruption began.

The scenic effects vary from hour to hour. Now in the north the sky is chocolate colored, lowering and heavy, under which men and women with their hair and clothing covered with ashes move about like gray ghosts. Fort San Martino, as it towers above the town, is only just seen, while Castel Delovio is boldly marked in light, seemingly like silver against the brown sky.

Impressive Scenes.
To the south beyond the smoke zone lies a sunny, sunny picture and its peak, while far away glimmers the sea a deep blue, on which the islands seem to float in the air. The setting of the sun is the strange picture, one of the French men of war which arrived in the bay of Naples today is so placed in the light in the glow and half obscured by the belt of falling ashes. From the observatory Mt. Vesuvius, where Director and observatory one must walk for miles over hardened but hot lava covered with sand until it comes to a point where nothing can be seen but vast gray reaches, some times flat and sometimes gathered into hills, upon which take on semblances of human faces.

No Signs of Life.
Above, the heavens are gray like the earth beneath and seem just as hard and immovable. In all this lonely waste there is not a sign of life or vegetation, and no sound is heard except the low muttering of the volcano. One seems almost impelled to scream aloud to break the horrible stillness of a land seemingly forgotten both by God and man.

Every day that passes gives new evidence of the magnitude of the catastrophe. Today's visit of King Victor Emmanuel to Ottajano revealed new tragedies. At a certain point his majesty was obliged to abandon his motor car and proceed on horseback amid a constant danger, his horse floundering into holes four feet of ashes, stumbling into holes, and falling into the fall of large cinders and a target for falling basaltic masses.

King Rebukes a Priest.
In the presence of the king 129 more bodies were extricated from the ruins, and while ashes and red sand were falling as though determined not to rest until their victims. The dead at Ottajano are said to number 50.

The king was deathly pale. To a priest who came to him he said: "How did you escape?" "I hid myself in safety," replied the priest. "What do you mean?" asked the king. "I hid myself in safety," was the priest's answer. "I had left for Nola." The king flushed with anger. "What?" he cried. "You, a minister of God, were not here to share the danger of your people and administer the last sacrament? You did very wrong."

A. V. Acheson Arrested for Embezzlement—Says Company Owes Him Much Money.

A. V. Acheson of 427 K street, who was arrested on a warrant charging embezzlement, issued from Judge Diehl's court, Wednesday night, stated that his arrest and the coming prosecution are mere matters of spite work. He has been released on bail and will be tried soon. The date of the trial has not been set. The warrant was issued at the instigation of Ray C. Naylor.

"I acted as president of the Acheson-Smith Surgical Instrument company for a number of months prior to my resigning that position last May," said Mr. Acheson last night. "For my services I was to receive \$18 per week. I received no salary for a period of nine months. When I left about a year ago I took with me the dies for making surgical instruments, owned by the company. I held them because of the debt owing me by the company. Now the other members of the company tell a great cock and bull story about my having embezzled the funds of the company."

Wednesday night Ray C. Naylor, who was a stockholder in the company, accompanied by A. W. Smith, secretary and treasurer of the concern, and a deputy sheriff came to my house, and told me I was under arrest. No warrant or complaint was ever read to me. Rather than have any trouble with the men I went to the county jail. I was in jail all night. I asked to have communication of my predicament sent to some of my friends, but this was denied me. I shall of course be acquitted when the trial comes on for there is no evidence that I embezzled one cent.

The Acheson-Smith Surgical company had offices in the Eagle block. It became financially embarrassed some time ago and is now practically out of existence.

M Weak, Nervous, Restless at Night, and Weak, Aching Back. **E** Face Pimples and Dark Circles under Eyes, Rashful, Melancholia, Youthful Pity, Weak Trembles, Varicocele, Excessive Drinking, Loss in Urine, Exhaustion, Overwork and Worry.

Face Pimples and Dark Circles under Eyes, Rashful, Melancholia, Youthful Pity, Weak Trembles, Varicocele, Excessive Drinking, Loss in Urine, Exhaustion, Overwork and Worry.

An endless number of men have one or more of the above symptoms and drag from day to day in despair of a prosperous, happy future, and will they may, if they neglect their health is sure to be wrecked by a complete loss of physical, mental and sexual power.

My method completely and permanently revives manhood after cure—all remedies and quackcure specialists fail to even benefit.

My scientific, systematic course of treatment for weak, nervous, brokendown youths and men, who have, through folly, dissipation and excesses, unfitted themselves for work and the enjoyment of life is a system that has been tested many times over and proven entirely satisfactory in every case. It is totally different from the many sickening pills and tablets, and the stimulating, stomach-ruining drugs given by would-be specialists. My specific treatment for all the symptoms indicating Falling Manhood is harmless though so effective as to remove them immediately. It is conditional, therefore, by purifying and enriching the blood, strengthening the nervous system, nourishing the tissues, the patient becomes strong and healthy with all signs of trouble forever gone. The treatment is to the human system what the sap is to the tree—it buds energy, ambition and confidence that leap into a prime, healthy, vigorous feeling of new life.

I treat and cure all such pelvic diseases as PILES, FISTULA, RUPTURE, VARICOCELE, HYDROCELE, BLOOD POISON, SKIN DISEASES, SORES, ULCERS, NERVOUS DECLINE, and diseases of the KIDNEYS, BLADDER AND PROSTATE. Method of treating these diseases has proven so successful that I guarantee a permanent cure in every case accepted, and contract by a written instrument to produce permanent and satisfactory results or refund money.

IMPORTANT— I will cure you for less money than you can be treated for by any other specialist in Salt Lake. You may have to come to me sooner or later in order to be properly cured; why not before you have lost your money in doctoring with cheap, unskilled specialists?

CURE OR NO CHARGE—ABSOLUTELY NO CHARGE UNLESS SATISFACTION IS GIVEN. Every patient is given a written guarantee to refund every dollar paid for services if they do not receive a complete, life-long cure and entire satisfaction, and I have made a deposit of \$500.00 in the bank to secure any contract that is not fulfilled.

CONSULTATION FREE, CONFIDENTIAL AND INVITED. A personal, thorough and searching examination is required, though if inconvenient, I will write me a full description of your trouble. Office hours, 9 a. m. to 8 p. m., except Sundays, from 9 to 12-3. Address or call

MORE SMOKE THAN FIRE
Coalville, April 12.—Brakeman William Wheaton of this place came near burning his home to the ground yesterday.

Mr. Wheaton stretched himself upon the sofa to enjoy his after-dinner cigar and interest himself in the daily paper, when suddenly the sofa became a mass of flames. Mr. Wheaton jumped from the sofa to the street and gave all the signals known to railroad men, while the sofa burned on. His peculiar actions astonished the neighbors and passers-by, and when they learned the cause of his excitement, they hastened to assist him in saving what remained of the sofa. It is thought that the live end of the cigar came in contact with the velvet covering of the sofa.

Great preparations are being made here for a play which is to be given next week for the S. S. A. students. The students are being trained by Mr. and Mrs. Frank Evans.
