# THE SALT LAKE HERALD

Established June 6, 1870. SALT LAKE CITY, UTAH, FRIDAY, APRIL 27, 1906. 12 PAGES. Price Five Cents.

Not a thing is published in the columns of The Herald which is not substantiated by the facts.

## REGISTERED AS SAFE AT UTAH HEADQUARTERS

### Quite a Number of People Wish Their Friends to Know They Escaped With Lives.

## Big Jump in the Relief Fund When Congressional Appropriation and Other Sums Came to Hand.

(Special to The Herald.) Oakland, Cal., April 26.—The following have registered at Utah headquarters as safe: Grey, George E., Jr., Golden Gate park, San Francisco. Merritt, Katherine, 224 Potrero avenue, San Francisco. Critchler, Charles. Critchler, Florence M., 1226 Filbert. McCoy, W. S. Barnes, L. M. Barneswell, L. M., 1453 Broadway. Taggart, John, wife and baby. Froding, S. S., room 245 Bacon block. Guertin, Lena, Glenwood hotel. Smith, Jesse W., Hawthorne farm, San Jose. Donovan, Daniel, and wife. Donovan, Kittie, 1820 McAllister street, San Francisco. Mayer, A. J., 1018 Broadway. Buckley, George, 1719 O'Farrell street, San Francisco.

burned districts of the city at a point about Twenty-fifth and Capp streets and running through the sections south of Market and along Dolores and Valencia streets, crossing Market at the ferry to lay tracks to allow of the quick removal of debris of the ruined buildings. For this purpose the belt railroad will be used and the debris will be emptied into the Ilesias creek basin. The authorities think that this will be the quickest way of clearing the city. The permit granted the railroads is a sort of a blanket franchise giving the roads the right to lay temporary tracks wherever necessary to get at the debris. The railroads have volunteered to clean up the city. There will be no charge for this work.

### EMMONS RELIEF FUND.

List of Some of the Largest Contributions Sent to San Francisco. San Francisco, April 26.—The relief fund took a big jump upward today as a result of the checking up of the second appropriation of congress and the contributions from the citizens of Massachusetts. The additional appropriation by congress was \$1,500,000 and the sum sent by Massachusetts was \$500,000. The local receipts on Wednesday from out-of-town sources amounted to \$2,112,701, and the local subscriptions to \$1,250, making a total of \$2,113,951. This brings out-of-town total to \$4,228,457, the local total to \$191,950, and the grand total to \$4,420,407.

### HEAVY TRAVEL EASTWARD.

At the offices of the Southern Pacific it was said this morning that the outward bound travel was considerably heavier than yesterday. East street near the entrance to the ferry slips was crowded from side to side with scores of wagons of every description loaded with furniture and household goods. The ferry boats were unable to accommodate on their lower decks one-half of the vehicles that awaited transportation. It was asserted that many of the vehicles had been leased by people living in the camps who, having saved a portion of their effects, were taking advantage of the opportunity afforded to leave. At the same time the boats brought many passengers to this side of the bay and a considerable number of these will remain.

### LATEST LIST OF DEAD.

Early Report Promised on Names of the Injured. Washington, April 26.—The following dispatch from General Greely, dated San Francisco yesterday, was received at the war department today: The following are names of dead not previously reported: Catherine Broag. John Berg (or Day). Harry Chesbro. Emma Kittner. Herman Myers. Myrke (Japanese). Marie Hariss. James Pulp. J. Rankin. Ciero Rifes. Lewis Robinson (negro). William Vall. George Walker. Young Won. This does not include the grand total. Investigations proceeding regarding those injured. Hope to furnish quite complete report on 26th.

### SOME LARGE CONTRIBUTIONS.

Among the largest and most interesting contributions received today were \$32,518 from the benefit performance given by the New York Hippodrome; \$14,000 from the Long Beach relief committee; \$10,000 each from the Detroit board of commerce and the city of Indianapolis; \$5,000 from the city of Trenton, N. J.; \$4,000 from the board of trustees of the little town of Yreka, Siskiyou county; \$3,000 from the Allis-Chalmers company; the city of Winona, \$2,500; the city of St. Paul, \$2,500; citizens of El Paso, \$2,000; the city of Waterloo, Ia., \$2,000. W. B. Bourn, the well-known San Francisco capitalist, sends from Nice, France, a subscription of \$2,000.

### MADAME GADSKI'S GIFT.

Another interesting contribution is that of Mme. Johanna Gadske, the famous grand opera singer, who has for many years been such a favorite with San Francisco audiences. Mme. Gadske telegraphs an order for \$300. The contribution of the citizens of Philadelphia to the sufferers by earthquake and fire will be \$250,000, according to a telegram received by Mayor Schmitz from John Weaver, the mayor of Philadelphia. Mr. Weaver in his telegram says: "I am canvassing the city for architects and architectural draftsmen. Believe very scarce but will let you know tomorrow. Have telegraphed \$25,000 to Tacoma for supplies and have notified the governor of California he can draw for \$225,000 for the relief of the sufferers by the earthquake throughout California."

### HELP FROM CANADA.

Further evidence of the desire of the people of Canada to do what they can to help the Californian sufferers is shown by telegrams received from Sydney, Nova Scotia and St. John, N. B., stating that relief funds are being raised through the English and German papers. St. Louis has also organized a common subscription fund. Permits were granted today to the Southern Pacific, Santa Fe and the Ocean Shore railroads to enter the

## SOME OF THE OGDEN RELIEF WORKERS

Ladies' Relief Committee at Work.

## OAKLAND BANKS DOING BUSINESS

Oakland, April 26.—The Oakland banks opened for the second time today and from all appearances the occasion might have been the ordinary banking hours of the various institutions. At several of the banks only a small group of persons were in sight to transact, while at one or two places not more than two or three patrons occupied the attention of the tellers. Yesterday there was a great deal more money deposited than withdrawn, which the officials take as a further indication that business has continued with slight interruption and that business men and others have only been awaiting an opportunity to deposit their money. As long as the present ratio of deposits and withdrawals continues the banks will not avail themselves of their further resources at the mint.

## GRAND SCHEME FOR NEW CITY

San Francisco, April 26.—A grand scheme has been devised for the building of the new San Francisco—a city of magnificent buildings, terraces, boulevards, green parks and playgrounds and gardens. City Engineer Thomas P. Woodward, who is working his plans into shape, faces a stupendous task. Personal holdings will not be confiscated, but everything taken by the municipality will be regularly paid for. One prominent feature of Mr. Woodward's comprehensive scheme is the widening of Van Ness avenue into a magnificent boulevard. To this end he proposes the acquisition by the city through condemnation proceedings of all that choice residence property of full length of Van Ness avenue.

## LATEST FIGURES FROM SANTA ROSA

Santa Rosa, Cal., April 26.—The latest figures show fifty-one dead, sixty-three injured and seven missing. The entire business section of the town was destroyed and many residences went down. Twenty fires started, but the water supply was unimpacted and within three hours the flames were under control, despite the fact that the engine house was ruined. Cut off by the disaster from communication with the rest of the world, Santa Rosa knew nothing of the destruction of San Francisco until the arrival from there of a trainload of nearly 1,000 refugees, begging for help that could not be given them. But near-by towns came to the rescue and after a period of starvation and suffering aid was received.

## WRECKED BY EARTHQUAKE

Fourteen Men Lost Their Lives in Saw Mill at Loma Preta, California. Santa Cruz, Cal., April 26.—On the day of the earthquake fourteen men were killed at Loma Preta, ten miles from here, by the crushing of a sawmill by a landslide. There were fifteen men in the mill and only one escaped. He brought the news of the disaster to this city. The court house in Santa Cruz is in such condition that it will probably have to be razed with dynamite. It is in a very dangerous condition, and the county officials refuse to enter it.

## NO MORE NARROW STREETS

If the city engineer has his way and is given the support of the public there will be no narrow and clogging streets in the sections of the city laid bare by the fire. Streets in the heart of the business district which have been proven entirely inadequate for the rush and confusion of a big metropolis will be widened by slicing from the private holdings on either side, again through process of the courts. Market street will be left as it is; so will Third and other streets that were repaired by the city authorities shortly before the earthquake, but in the commission and wholesale sections the streets will be radically altered, both in width and course.

## NEWS LEAKED OUT.

St. Petersburg, April 26.—A great scandal has been caused by the premature publication of the draft of the new "fundamental laws," or constitution of Russia. The emperor has ordered an investigation to determine how the news leaked out.

## PLenty of Capital Assured.

Before another month is past Market street will be lined with temporary structures. The Claus Spreckels building, the De Young building, the Shreve building, the St. Francis hotel, the Merchants' Exchange, and many more of the first class structures, can be put into shape at comparatively little expense. With these as a nucleus, there is no reason why the retail and wholesale districts of the city should not be re-established in their former locations before a year is past. Plenty of outside capital is assured and many property owners living abroad have cabled their agents here to begin at once the reconstruction of the buildings destroyed.

## RUMOR WAS UNFOUNDED.

Aldershot, England, April 26.—The report that orders had been received here for the mobilization of the First division of General French's army corps, in view of the serious developments in South Africa or elsewhere, is unfounded. No troops have been ordered to prepare for foreign service now or in the near future.

## FAVORABLE REPORT.

Washington, April 26.—The senate committee voted a favorable report today on Benjamin F. Barnes for postmaster at Washington, D. C. A motion to investigate protests against Mr. Barnes was circulated by the Democrats voting for it and the Republicans against it.

## JAPAN SYMPATHIZES.

Tokio, April 26.—The mikado has donated \$200,000 for the relief of the San Francisco fire sufferers. The leading business men of Tokio and Osaka have also given a like sum. It is expected that the hospital ship Kusuhō, formerly the Russian ship Orel, will sail for San Francisco within a few days.

## RECEIVER IN CHARGE.

Boston, April 26.—The Shaw Machine company, with probable liabilities of \$250,000, went into the hands of a receiver today.

## TEXAS TOWN A MASS OF RUINS

Bellevue, Tex., April 26.—A tornado swept through this place tonight, destroying everything in its path and as a result practically the entire town is a mass of ruins, only three buildings now standing. At least fourteen persons are dead and a number injured. The tornado was followed by fire which consumed the wreckage. The town of Bellevue consisted of over 200 houses.

## REPORTS NOT RECEIVED

Death and Destruction in Other Towns. Dallas, Tex., April 26.—Bellevue, a village in Clay county, and Stoneburg, a village in Montague county, both eighty-five miles northwest of here, were struck by a tornado this evening. The number of dead being estimated to be thirty in Bellevue and twenty in Stoneburg. Dispatches from several places south of Bellevue are to the effect that Hamilton, the county seat, was also devastated by the tornado and several lives lost. Two relief trains have gone from Henrietta to Bellevue, carrying doctors and nurses.

## SMOOT CASE HAS ABOUT PETERED

Matter May Not Reach a Vote in the Senate During the Apostle's Term. (Special to The Herald.) Washington, April 26.—Chairman Burrows will try to get a meeting of his committee tomorrow to consider the Smoot case, but it is doubtful whether enough interest can be aroused in it to get a quorum together. If not, Mr. Burrows will try to get a meeting Monday next, stating that he is anxious to get the matter out of the committee and in the hands of the senate, in the opinion of some members of the privileges and elections committee the Smoot case will not be decided at this session, but will go over until the next session. A prominent member of the committee said today that he did not believe a majority of the committee could be induced to sign a report calling for the exclusion of Smoot from the senate, which action would require only a majority vote to pass. Smoot's exclusion would stand as a precedent, and no report would be made until the next session, which action would require only a majority vote to pass. Smoot's exclusion would stand as a precedent, and no report would be made until the next session, which action would require only a majority vote to pass.

## LITTLE INTEREST TAKEN

BURROWS TRYING TO GET COMMITTEE MEETING. (Special to The Herald.) Washington, April 26.—Chairman Burrows will try to get a meeting of his committee tomorrow to consider the Smoot case, but it is doubtful whether enough interest can be aroused in it to get a quorum together. If not, Mr. Burrows will try to get a meeting Monday next, stating that he is anxious to get the matter out of the committee and in the hands of the senate, in the opinion of some members of the privileges and elections committee the Smoot case will not be decided at this session, but will go over until the next session. A prominent member of the committee said today that he did not believe a majority of the committee could be induced to sign a report calling for the exclusion of Smoot from the senate, which action would require only a majority vote to pass. Smoot's exclusion would stand as a precedent, and no report would be made until the next session, which action would require only a majority vote to pass.

## ALLEGED BRIBERY OFFER

Two Idaho Grand Jurors Said to Have Been Promised Money to Divulge Secrets. (Special to The Herald.) Boise, Ida., April 26.—At least two members of the grand jury which convened in Canyon county which found true bills of indictment against Charles F. Moyer, William D. Haywood and George A. Pettibone, on the charge of the assassination of former Governor Steunenberg, have recently been approached and offered a compensation for information concerning evidence given in the grand jury room. These two jurors are H. M. Day, who lives on a farm between Nampa and Caldwell, and J. R. Vassar, a neighbor of Day's, by the name of Orlando Hudson, that if he would divulge certain secrets of the grand jury room he would be paid at least \$100. Vassar was approached by a man by the name of Jeff Davis on a similar errand. Davis stipulated no particular sum that would be paid for the information wanted, but intimated that it would be well paid for.

## MONARCHIST CONGRESS.

Moscow, April 26.—The congress of monarchists which has been in session closed its deliberations today with the adoption of a series of extremely reactionary resolutions, declaring that the Pacific coast, the order relating to emergency materials, it is said, will apply not only to direct contracts from San Francisco, but also to contracts placed by builders who may receive orders to begin the work of rebuilding. It is already stated that it will apply to bridge material and to any rails necessary in the reconstruction of the street railway lines.

## CONFLICT BETWEEN TURKS AND GREEKS

Salonica, April 26.—A band of sixty Greeks, several of whom dressed in the uniform of officers of the Greek army, were attacked by Turkish troops near Karaferta, on the road leading from Salonica to Monastir, yesterday evening. The fight lasted until today, when the Greeks retreated, leaving thirteen men killed on the field. Three Turks were killed, and five wounded.

## UNREST IN EGYPT.

British Garrison Being Strengthened as a Result. London, April 26.—Foreign Secretary Grey, replying to a question in the house of commons today, said that the British garrison in Egypt was being strengthened at the suggestion of Lord Cromer, the British agent there, who considers the step to be desirable in view of the unrest created by the action of the Turkish government in connection with the Sabah boundary incident. Lord Cromer's suggestion was on Egypt and the Sudan was issued in a blue book today.

## BERNHARDT AIDS IN RAISING OF MONEY.

Chicago, April 26.—President Roosevelt gave by telegraph shortly after noon today, a signal that started the all-star entertainment given under the Bernhardt tent on the lake front here, for the benefit of the San Francisco sufferers. The tent was thrown open early for a concert by a volunteer orchestra of 500.

## DISTRIBUTION OF RATIONS.

San Francisco, April 26.—It was roughly estimated yesterday that rations for 349,440 had been distributed during the day. The estimate was based on an average of the distribution at several centers of food supply. At the Grant school provisions were given out to 672 people an hour for ten hours, and from those figures and others compiled from other stations the general total was deducted.

## DEBATE IN THE HOUSE.

Washington, April 26.—The agricultural appropriation bill furnished the theme for discussion in the house today and the debate was not concluded.

Who is this Young Lady? A Dollar for the Original. Paul D. Luff, Wasatch school, got a dollar for yesterday's picture.

Who is this Young Lady? A Dollar for the Original. Paul D. Luff, Wasatch school, got a dollar for yesterday's picture.

Who is this Young Lady? A Dollar for the Original. Paul D. Luff, Wasatch school, got a dollar for yesterday's picture.
