## OPERATORS CAN PREVENT STRIKE

### Anthracite Mine Workers Make a Proposition From the Last Ditch.

### WILLING TO RESUME WORK DISPUTE LEFT TO FUTURE ADJUSTMENT.

Scranton, Pa., May 5.—President Baer has agreed to meet President Mitchell and the miners' scale committee at 2 o'clock Monday in New York. It is believed here that the miners will return to work Monday.

Scranton, Pa., May 5.—There will be no strike of the miners in the anthracite coal fields providing the operators will agree to give every man his old place and reinstatement those who have been dismissed because they obeyed the suspension order of John Mitchell. This was the agreement reached at today's session of the convention. President Mitchell requested that the delegates remain in Scranton until the scale committee reports the result of its meeting with the operators, which will probably be held in New York on Monday. If the operators agree to meet the miners' representatives, the decision not to strike was reached after Mr. Mitchell and Secretary-Treasurer Wilson had addressed the delegates recommending that the 1903 award be continued. A resolution to this effect was ordered and unanimously adopted, after which the convention took a recess.

### Men Must Be Reinstated.

## EXPLANATIONS SEEN IN ORDER

### Latest Bulletin From the White House Concerning the Railroad Rate Bill.

### EVERYTHING IS LOVELY PRESIDENT'S ATTITUDE WHEN HE GOT UP SATURDAY.

Washington, May 5.—In view of the publications today regarding the president's position on the question of railroad rate legislation and the amendments proposed, an authoritative statement was issued at the White House today defining the President's position.

### "Nothing but Good."

"Therefore, as incorporating the Allison amendment under no circumstances would do anything but good and, as there is an honest doubt on the part of some sincere adherents of the bill whether it is or is not already, by implication, contained in the bill, the president is nearly of the opinion that the Allison amendment should be put in, and this without regard to whether other amendments are or are not adopted.

### Final Vote Wednesday.

Assurances were today given to the president that practically the Republican strength would be cast for the Allison amendment to the railroad bill. Many senators called at the White House and not a few at the apartments of Senator Allison, and in this way messengers have been exchanged. Senator Allison hopes to be well enough to be in his seat Monday, but it is likely that the compromise will be effected until the ratification and court sessions of the bill are reached. Probably this will not be before Tuesday 80 votes were needed for the bill to pass. Comparatively few senators were at the capital today. Instead of having a conference as expected, the leaders seemed to think that the general welcome given to the statement that a compromise had been reached made such a gathering unnecessary. The few who did meet at the capitol discussed the bill without amendment as the Allison amendment, and expressed the opinion that his acceptance of the proposition eliminated all prospects of a contest.

### DEMOCRATS HAVE DOUBTS.

Many of the Democrats, especially those who advocated Senator Bailey's plan for a limited review, were inclined to look with some doubt upon the compromise proposition. They would have preferred to wait until the ratification and court sessions of the Allison amendment. Nevertheless, they concede that the Allison amendment will be adopted. The decision was made today that the Democrats should all vote against the amendment, but with an idea of defeating it, but implicitly to show their disapproval of its terms. The majority, it is believed, will vote against the passage of the bill on its final vote.

### Now, Miss, will you step up and get your dollar?

## UNION DEPOT WILL COST \$300,000

### Western Pacific Will Erect Shops Which Will Furnish Employment to Hundreds.

### FEAR SCARCITY OF LABOR JAMES C. JEFFERY ENTHUSIASTIC OVER CITY'S FUTURE.

"Salt Lake is destined to be one of the greatest cities in the west," said James C. Jeffery, son of President E. T. Jeffery of the Western Pacific yesterday. "I am simply enthusiastic over the future of Salt Lake. What will bring about this result? The building of the Western Pacific on a connection to the Rio Grande will work wonders with Salt Lake and the west generally. Salt Lake is to have yards and shops here which will be larger and more complete than anything on the Denver & Rio Grande system. In addition Salt Lake will have the finest union depot west of Omaha. The depot and station buildings planned by the Denver & Rio Grande and the Western Pacific will cost over \$300,000. Work will be crowded with all possible haste. The one thing feared is a possible shortage of labor. The Western Pacific can use as many men as will apply for work. Over 10,000 men can be used in the work through Nevada. 3,000 men will be needed in Salt Lake to build the shops, depot and yards here and an equal number of men can be used through Utah in building the line. Thousands of other men will be used in the work at the other end of the line. Another important thing in this connection is the fact that Salt Lake will be the eastern terminus of the Western Pacific in every sense of the word. With the exception of engines and passenger car furnishings all rolling stock will be made right here in Salt Lake.

### Bigger Shops on Church Farm.

"The Denver & Rio Grande shops in Salt Lake at the present time can turn out from sixty to seventy-five cars a month. This capacity will not support the new road, hence shops are to be built on that section of land known widely as the Church farm.
