

### BAIL DEMANDED FOR PRISONERS

Federation of Miners Condemns Postponement of Trials in Idaho.

### GREETING TO MEXICANS

RESOLUTION CONCERNING THE CANANEA TROUBLE.

Denver, June 2.—The convention of the Western Federation of Miners today adopted resolutions bearing on the imprisonment of their head officers in Idaho and also the trouble yesterday at Cananea, Mex. The former read as follows:

"Whereas, The trial of Messrs. Moyer, Haywood and Pettibone has been postponed until next December; and

"Whereas, The prosecution of the state of Idaho had the trial postponed to find out whether they can legally hold the prisoners after having kidnaped them; and

Believe Them Innocent.

"Whereas, This body of delegates to the fourteenth annual convention have every confidence in the innocence of our officers; therefore, be it

Resolved, That we, in convention assembled, condemn this high-handed and damnable conspiracy on the part of Governors Gooding and McDonald and the Mine-Owners' association, and demand that either the prisoners have a trial immediately, or be released on bonds. Be it further

Resolved, That a copy of these resolutions be wired to President Roosevelt and Senator Patterson, at Washington, D. C."

The Strike in Mexico.

The resolutions of the Cananea trouble follows:

"Whereas, The telegraphic dispatches herald the fact that the Mexicans in the mines of Cananea, Mex., ask for an increase in wages, and through these attempts for better conditions violence is now rampant in Mexico; and

"Whereas, The Western Federation of Miners recognize the class struggle throughout the world, and know no race or creed in the battle for industrial freedom; therefore, be it

Resolved, That while we deplore the loss of life and property the Western Federation of Miners, in convention assembled, send greetings to the Mexicans, trusting that their efforts for a higher standard of living will be crowned with success."

Telegrams were received from former President Boyce expressing regret at being unable to attend the convention and from the headquarters of the Industrial Union of Marine and Shipyard Workmen at Cincinnati extending sympathy to Moyer, Haywood and Pettibone and pledging their organization to remain with them to the last.

The convention continued to discuss amendments to the constitution and by-laws. The question of extending the chain of papers and magazines published by the organization was passed up to the executive committee with instructions to act as their judgment dictated.

### FIRST UTAH STRAWBERRIES

California Vegetables Will Be Cheaper During the Coming Week if Shipments Continue.

Utah strawberries came in yesterday in small lots. They did not reach the wholesalers at all but were promptly bought up by the retailers and sold at 50 cents a cup. Yesterday's arrivals were from Bountiful and Mill Creek on the high lands not affected by the recent rains and cold weather. Some Missouri berries arriving found a ready market at the wholesale price of 25 cents a crate and sold at retail at 25 cents a cup. The recent big storms and consequent washouts in Oregon have cut off supplies of berries from that district and none are expected for some days.

Black cherries are almost out and white cherries are coming in. These latter sell at \$1.75 to \$2 per case.

California vegetables are coming now in good quantities and the lowering of prices all round will be announced on Monday. Texas cucumbers remain the only line on the market. Florida tomatoes will be in next week to take the place of the varieties now on sale.

There is little Eastern poultry to be had at present but the Utah variety is not quite so scarce. Uta springs are coming in freely and are selling at from \$4 to \$6 per dozen wholesale.

### GORDON ACADEMY.

Class Day Exercises Are Held in Hammond Hall.

The class day exercises of Gordon academy were held last evening in Hammond Hall before a large audience. Seven members are in the class which will receive certificates tomorrow evening, and these took the characters in the clever little playlet written by themselves "Sine Nomine". The play was a take-off on the faculty and on the institution and was filled with local allusions. It was preceded by a vocal solo by Carol Evans of the class and a class poem written by Arline Tibbets. The other members of the class are Hazel Sappington, Jennie Buckland, Ivie Snyder, Dorothy Thompson, and Edna Farnsworth.

The baccalaureate sermon will be delivered before the class this evening at 8 o'clock by Rev. Elmer J. T. Goshen.

### WOODMEN OF THE WORLD.

Joint Memorial Services will be held in the City Cemetery, Sunday afternoon, June 3rd. All Woodmen are requested to be at I. O. O. F. Hall at 1:30 p. m. sharp on said day to take part in the grand parade. Every Woodman is expected to take part. By order of the joint committees, camps 55 and 388.

L. M. YANNER, Secretary.

### HALF RATES

To Northern Utah and Idaho.

Via the O. S. L. June 9th. See agents for full particulars regarding limits, etc.

City Ticket Office, 201 Main street.

### REPORT ON THE STATEHOOD BILL

Minority Members Protest Against Making Concessions to House.

### DESERTED BY BEVERIDGE

SCHEME WILL BE FOUGHT IN THE SENATE.

Washington, June 2.—Conferees on the statehood bill at 3 o'clock today signed a report covering all points in dispute, but exception was taken by the Democrats to the agreement in relation to Arizona and New Mexico. The vote was unanimous in regard to the provisions relating to the admission of Oklahoma and Indian Territory. The exceptions taken by Senator Patterson and Representative Mow, the managers on the part of the minority, indicate that the agreement may yet encounter shoals in the senate, where a poll shows that without Democratic votes the report cannot be adopted.

Led by Foraker.

The opposition to the admission of New Mexico and Arizona as one state has been led from the first by Senator Foraker. By the aid of a few Republicans and practically the entire Democratic strength he has succeeded in preventing an agreement on any measure that would not give to the people of either territory the right, at a special election, to reject joint statehood.

By the agreement signed today the people of these territories can vote separately on the question of statehood at the regular election on November 6, at which time territorial officers and affiliates of the proposed new state are elected and a vote upon the constitution heretofore adopted, is also to be had.

Doomed to Defeat.

When the conference report was presented to the senate today, Senator Foraker declared that it was not acceptable to him and he would do his utmost to defeat it. Senator Bailey declared that the agreement would not be accepted by the Democrats. The indication was, therefore, that the report will precipitate another sharp contest in the senate.

It was stated today that a poll of the senate shows 42 Republican votes and one Democratic vote for the conference report, which means that the report would have to be obtained before the report can be adopted. Senator Foraker believes that the list of Republicans said to favor the agreement is not as large as stated by friends of the original joint statehood proposition.

### BUSY DAY IN THE SENATE

Important Reports Received From Conference, but There Was No Discussion.

Washington, June 2.—The senate today received the conference report on the railroad rate and statehood bills and heard the announcement of the result of the deliberations of the committee on privileges and elections on the case of Senator Smoot. In the case of Senator Smoot, Senator Burrows, who made the statement as chairman of the committee, asked that it be fixed for the consideration of the subject, but objection was made because the official report is not ready for consideration and on that account the further consideration of the subject was postponed. There was no discussion of either the statehood or the rate question.

The consideration of the joint resolution prescribing a policy in the purchase of Panama canal supplies consumed the major part of the session, and it closed by the adoption of the resolution by practical a party vote. The Democrats sought in many forms, but in vain, to secure the adoption of an amendment that would commit congress against the protective system. The amendment adopted was one suggested by Senator Pettus, providing that bids shall be from the lowest responsible bidder.

After passing a large number of private pension bills the senate adjourned until Monday.

### COSGRIFF AS CANDIDATE.

Wyoming Banker Has His Eye on Gubernatorial Chair.

(Special to The Herald.)

Rawlins, Wyo., June 2.—The Journal announced today that James E. Cosgriff of the firm of Cosgriff Bros., Wyoming and Salt Lake, sheepman and banker, will in a few days announce his candidacy for the gubernatorial nomination on the Republican ticket. It is asserted that Mr. Cosgriff will have the support of Carbon, Albany and Laramie counties to start with.

### UNIVERSITY OF UTAH

SUMMER SCHOOL.
