

TWO CONTRASTING SALT LAKE PANORAMAS.

View from Black Mountain, in City Creek Canyon.

Panorama at Second South and Main Streets.

—Photos by George M. Gutch.

Two panoramas showing contrasting scenes in and near Salt Lake City were taken this week by George Mortimer Gutch, who is among the local amateur photographers.

The street scene was taken from the Kenyon corner, Monday morning. The street at the left is Second South street, and the one on the left Main street, the home of The Herald. The Herald building is on the right. On its side can be seen the familiar and ever truthful catch-phrase, "If it happens it's in The Herald."

The canyon scene was taken from the northeast side of Black Mountain in City Creek, about ten miles from Salt Lake. Mr. Gutch rode up the canyon in a light carriage, but to reach a point suitable for taking a picture of the canyon, clouds and mountain tops he was forced to climb several hundred feet. The contrast between the mountains in the foreground and rear is marked. The mills in front

are rocky and precipitous, while those in the rear are rolling and bare. Mr. Gutch has secured other excellent pictures of scenery in the canyons and gulches around Salt Lake. His Sundays are spent in the hills with a camera, which he uses with results a professional photographer might be delighted to secure.

TRAIN OF ELKS LEAVES TODAY

Expectation Is That it Will Carry Nearly 300 Persons to Denver.

GOING AFTER MANY PRIZES

CALIFORNIA AND NEVADA DELEGATIONS COMING TOMORROW.

When the seven-car Elks' special leaves the Rio Grande depot at 7:15 o'clock this evening for Denver, it is expected nearly 300 passengers will be on board. About two hundred reservations had been made Thursday evening but this number was swelled considerably yesterday. Should the rush for tickets continue today, extra cars will be added to the train.

A Pullman will be attached to the regular Park City train this morning and it will return to Salt Lake this afternoon, loaded with Elks from the mining camp. This delegation will bring with it the Park City military band of twenty pieces. The Salt Lake Elks will take the Juvenile band and Held's organization with them. The musicians, seventy-two in numbers, will occupy a tourist car.

G. R. Cleveland, grand representative of Salt Lake Lodge, has presented to the lodge an oil-painted banner which will head the parade in Denver. It is a picture of an elk with a mountain background.

Boosting for Utah.

Many of the "Best People on Earth" are taking their wives and families with them. Literature furnished by the Commercial club and M. & M. A. advertising Utah, will be distributed along the route. At Glenwood Springs, the three bands will unite in furnishing that town music while the Elks boost Utah. Similar stunts will be performed in Leadville, Manitou and Colorado Springs.

The Utah delegation will make an effort to capture all prizes offered. The Salt Lake, Park City and Ogden lodges will go after the prize for the best marching lodge, best uniformed, most original, largest representation and others during the convention, July 18 to 20. A bunch of Provo Elks will board the train in that city.

The trip will be made under the supervision of a committee composed of D. Pitt, chairman; G. R. Cleveland, W. A. Raybould and C. S. Pulver, B. P. O. E., and L. H. Harding, general agent of the Colorado-Midland in Salt Lake. The excursionists will arrive in Denver Monday morning. They will occupy their berths until 7 o'clock.

Another Special Sunday.

An Elks' special will pass through Ogden from the west Sunday carrying the California and Nevada delegations to Denver. The Elks have chartered one of the finest trains in the west. Pullman cars, electrically lighted, a dynamo baggage car, diner and observation car will be included in the make-up of the train. The Sacramento Elks, about sixty in number, will bring the train to Reno, where Reno, Tonopah and Goldfield Elks will swell the number of passengers to nearly two hundred. From Reno the journey will be made without stop.

"Aunt" Margie, as she was better known, was the daughter of Mr. and Mrs. John Hague, deceased, pioneers of this city, and one of our most respected families. PARK CITY NEWS NOTES.

Park City, July 13.—The school board is making a number of improvements which will make the facilities for handling the rapidly increasing school population a great deal better. The central building is being fitted with another room which is to be used for kindergarten purposes, and another room is to be added for general work. With this improvement the present school building should do for a year

or so. However, it is the policy of the board to get a new building as soon as practical, and the taxpayers and public are heartily in accord with the move.

The Union Pacific wrecking crew is in town today picking up the result of the collision between the Rio Grande Western and the Union Pacific trains from the Highline last Wednesday.

G. E. Howe and Pat Holland, the two men held to the district court by Justice Sperry some weeks ago, charged with grand larceny, will be arraigned in Coalville tomorrow. A FAMILY AFFAIR.

(Harper's Weekly.)

"Once upon a time there lived a good man of New York who was soliciting contributions for the erection of an orphan asylum," said the storyteller. "He had been to many rich people and received liberal contributions, which were entered in a book he had for that purpose. Among these many names there appeared 'Mrs. Russell Sage, \$25.' The good man went to Mr. Sage's office, and showing him the contribution entered in the book by Mrs. Sage, asked if he would not give a like sum. And what do you suppose he did?"

"Well, I suppose he at least doubted it," remarked a listener.

"Doubted it? Not Russell!" exclaimed the teller of the story. "Why, he simply took his pen and wrote 'Mr. and before his wife's name and handed the book back to the good man.'"
