## ENGAGED TO MARRIAGE

### Three Contesting Delegations Appear Before Colorado Democratic Convention.

### NO OPPOSITION TO ADAMS

### CONTESTS REFERRED TO CREDENTIALS COMMITTEE.

Denver, Sept. 11.—The Democratic state convention met in Coliseum hall today to nominate a full state ticket and two justices of the supreme court. When the convention opened there seemed to no doubt that Governor Alva Adams of Pueblo would be nominated for another term as governor, although County Judge Ben B. Lindsay has always been a warm supporter of Adams and was not in any sense contesting with him for the honor. Lindsay's friends were anxious that Adams should accept the endorsement of the convention for the position of United States senator to succeed Thomas M. Patterson, whose term expires next March, and pass upon the governorship to Lindsay. Senator Patterson, who fought against the local Democratic organization dominated by Mayor Robert W. Speer has won him warm support from outside counties, insisting that Adams take the gubernatorial nomination in vindication of his claim that he was elected governor two years ago and was robbed of the office.

### Three Contests.

Three contests have been filed, the most important being from Denver county. Senator Patterson heads a delegation which is contesting the seats of the delegation named by the regular organization on the ground that this faction does not represent the true Democracy of Denver as they are bound hand and foot to the local public utility corporations.

State Chairman Milton Smith called the convention to order at 10:45 and announced that State's Attorney George A. Sprague had been chosen temporary chairman. In a brief speech Chairman Taylor declared his intention to treat all factions fairly.

### Names Not on Roll.

The chairman announced that the roll call did not contain the names of three counties from which contests have been filed and asked if this met the approval of the convention. Clay B. Whitford, a member of the speaker's organization which occupied the seats assigned to Denver county while the Patterson delegation were lined up against the wall at one side, arose and demanded that the speaker be seated. He declared that they had the same credentials as did the chairman and insisted that they be recognized. For nearly an hour he stood on his feet while jeers and cries of "sit down" were hurled at him from all sections of the hall.

Delegate R. C. Bonney of Idaho Springs moved that the speakers representing each faction from Denver be allowed to plead their cause before the convention. This motion was tabled.

### Referred to Committee.

For another quarter of an hour Whitford made an effort to have read a written protest which he had prepared as chairman of the convention. A delegate from Clatsop county moved that all the protests and objections be referred to the committee on credentials to be referred to the committee on credentials on viva voce vote. In the midst of the speaker's protest, a delegate from the Patterson delegation moved that the convention adjourn until 7:30 tonight.

### Adjourned Until Today.

The convention reassembled at 8 o'clock tonight and almost immediately took a recess until 10 o'clock tomorrow morning. After the adjournment, the speaker's committee on credentials was unable to report on the three contests until that time. The chairman of the committee continued its work tonight.

### Patterson Delegation Wins.

For three hours the Denver contest was before the committee. Three propositions were made, one to seat the Patterson delegation, another to seat the Speer delegation, and still another to throw out both delegations and order new primaries in Denver to be supervised by representatives from each section. In this contest the Patterson delegation was victorious by a vote of 23 to 21. Five committees, credited to Patterson, being absent, the majority of the delegates were in recess and on reconvening began the consideration of the contests from El Paso and Lake counties.

## TRouble MAY BE SETTLED TO DAY

### Mines at Goldfield Closed Down Owing to Action of the Miners' Union.

### CITIZENS GETTING ANGRY

### BOYCOTT WILL NO LONGER BE TOLERATED.

(Special to The Herald.) Goldfield, Nev., Sept. 11.—The labor situation here has looked like threatening for a week, entirely owing to disputes between different labor organizations, and matters culminated yesterday and today in the mines being forced to close in order to allow the miners to attend special meetings of their organizations called to adjust the disputes between the trades unions affiliated with the American Federation and those organizations like the miners, which are affiliated with the Industrial Workers of the World.

### Citizens Oppose Boycotts.

Officials of the later organization have in the past instituted boycotts on a local newspaper and on certain merchants, and their conduct of these boycotts has aroused opposition on the part of many citizens and some of the other unions. The mine-owners and business men generally have feared that these troubles would give rise to greater ones, so pressure has been brought to bear on the miners, who have far the strongest organization, to force an adjustment of the disputes and also to require more peaceful methods than the boycott in future difficulties between employers and workmen of all classes.

### Business Suspended.

One trouble has led to another until the camp has practically suspended business, awaiting the outcome. Saturday night the streets were thronged with an immense crowd of miners who desired to meet in official session in order to take action in harmony with the business interests. There was no call made for a meeting, and a call was made for a meeting Sunday night. The Industrial Workers held the hall, and in any event, owing to the vast number of men entitled to attend the miners' meeting, the thing was impossible. Then a meeting was held in the great arena recently used for the prizefight. Over 2,000 miners attended and remained until darkness forced an adjournment, without positive and satisfactory action being taken.

### May Be Settled Today.

Today the mine-owners decided to close down until all questions were settled, and the streets have been crowded with an anxious crowd ever since. An official meeting has now been called for tomorrow morning at 10 o'clock in the afternoon and it is believed the trouble will end there.

### STARTED IN TONOPAH.

### Trouble Arose Over Boycott of a Daily Newspaper.

Goldfield, Nev., Sept. 11.—Every producing mine in the Goldfield district was closed last night, owing to a boycott of the local newspaper which was organized by the miners' union. The boycott was started by the owners of the newspaper, who refused to publish the miners' news. The miners' union, in turn, refused to work in the mines until the newspaper was published. The boycott was a result of a dispute over the publication of a list of names of miners who were alleged to be working in the mines.

### Backed by Federation.

This latter organization is under the auspices of the American Federation of Labor. It was organized to bring all unskilled laborers into a union to be centrally controlled. The union is now in the process of organizing the miners in the Goldfield district. The union is backed by the American Federation of Labor, which is a powerful organization in the United States.

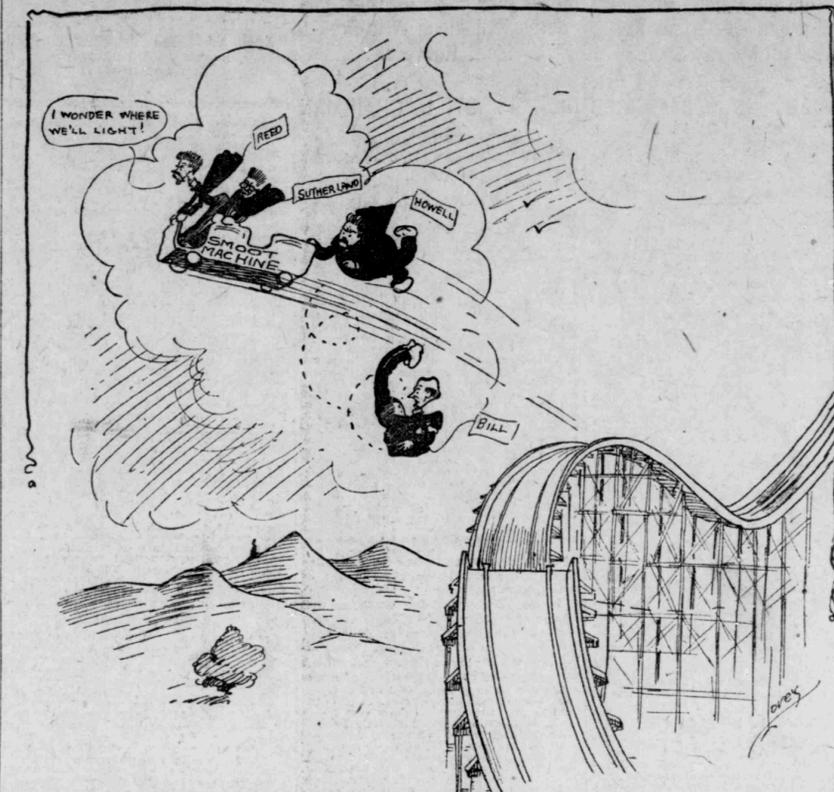

### Trouble Started at Tonopah.

A boycott was started against the Tonopah paper and was taken up against the Goldfield branch of the Industrial Workers of the World. The boycott was a result of a dispute over the publication of a list of names of miners who were alleged to be working in the mines.

### President Roosevelt Has Appointed Paymaster General for Army and Navy.

### Mission of the Cruiser Des Moines in Cuban Waters Officially Disclosed.

Washington, Sept. 11.—It was officially admitted today that the American cruiser Des Moines, which sailed yesterday hastily from Norfolk had gone southward to Key West, with the ultimate purpose of proceeding to Havana if developments within the next two days seem to warrant such action. At Key West the Des Moines will be about eight hours' run from Havana, and while waiting commander Halsey will be in close communication with the navy department prepared to carry out immediately any request from the department of the navy. There is no intention in this movement of the Des Moines toward partially toward one side or the other in the present conflict in Cuba. The ship will be at Havana to serve as an asylum in case of need, and be at the disposition of the American government.

### South Carolina Democrats Appear to Have Had Enough of State Dispensary.

Columbia, S. C., Sept. 11.—The second Democratic primary in which the candidates sifted from the first primary in this state made the final race, was held tonight. At midnight the vote showed that Martin F. Ansel, local optimist, defeated Richard Irvin Manning, dispensary candidate, for governor. Ansel received 38,178 votes, and Manning 27,904 votes.

### Handy if Needed.

In case the United States government finds it necessary to intervene in Cuban affairs under the provisions of the Platt amendments, forces which would have to be sent for the purpose would be found in a much better state of preparation than when hostilities began between the United States and Spain. The long military occupation of Cuba by the United States troops afforded an opportunity to army officers to become familiar with the island, and in instant communication with the authorities of the United States than the island of Cuba.

### Absorbing Attention.

In addition to the familiarity of the army officers with the geography and general conditions of Cuba, all of the supply departments are better equipped. The critical situation in Cuba is absorbing the attention of the administration to the exclusion of all other foreign topics, as indicated by the activity of the officials in the state, and war departments. The present at Oyster Bay is keeping in close touch with every development of the revolutionary movement in Cuba, and for several years has been in direct communication with the officials here, who included are even in receipt of detailed instructions from him as to the details of the administration of the island.

## EVERY ONE INTO THE LINE GAINED

### Western Pacific Will Be Completed Many Months Sooner Than Expected.

(Special to The Herald.) San Francisco, Sept. 11.—The Western Pacific will complete its line from Salt Lake to San Francisco between six months and a year sooner than was originally expected. This is due to two facts.

First, the securing of an entrance into Oakland, Cal., today and the great rapidly with which work has been progressing in the Sierras, was originally expected that the line would be in operation late in 1909. Now it is stated trains will be running before Dec. 31, 1908.

### Right of Way Acquired.

After months of patient effort, coupled with some active hostilities and no little gun play, agents for the Western Pacific acquired a right of way into the city of Oakland and are ready to connect the system with the company's terminal in Oakland creek runs for all as soon as the city with the Southern Pacific is out of the way. There remains only a strip through the townsite of Melrose, through which the line is to pass on Tenth street, and which the Southern Pacific will sell without condemnation proceedings. The price is pretty steep, but the lots are for sale.

### Want What Is Right.

Chief Engineer William Hood of the Southern Pacific said today that he is not aware of any arrangement for compromising the suit between the Western Pacific and his road.

"As for the rumor that we are not fighting any more," said he, "Chief Engineer Bogue wants what is right for his people, and I want what is right for mine. That ought not to require much fighting."

Neither the Western Pacific nor the Santa Fe officials regard the union depot proposition as of immediate importance to their lines. Both say that for a long time to come the bulk of their traffic will be carried through the ferry station. Both roads want better service at the ferry.

### DRAFT LANDS GAGE IN JAIL

### Claims to Be Business Man From Boise, but His Paper Is Turned Down.

Charles H. Gage, who says he is superintendent of surveys for the Pacific Development of Idaho, was arrested yesterday afternoon on the charge of obtaining money under false pretenses. Gage was identified at the National Bank of the Republic Monday morning by a Salt Lake business man, and he then presented to the cashier a draft drawn on the Pacific Development company for \$150. The draft was made out on the State Bank of Idaho at Boise. It was sent there for collection, but yesterday afternoon word was received that payment on the draft had been refused. The police were notified and Gage was arrested.

### ENTICED FROM HOME, NOW DEAD IN ALASKA

San Francisco, Sept. 11.—News has reached this city that Willie Sylvia, aged 16 years, who was enticed from his San Leandro home by a Chinese boss for the Alaskan fisheries, is dead. Six other boys who were Sylvia's companions on the trip north are also dead and their bodies lie in unmarked graves on Coffee creek, Alaska. Young Sylvia was rescued from his home April 15 and his father was told that he had been kidnaped and was about to be taken to the Alaska canneries in the ship Santa Clara. The police searched the Santa Clara without avail. It has been since learned that the boy had been hidden on the vessel by Chinese. On June 2 the canneries where the boys worked was fired and it is said that when efforts were made to arouse them it was found that they had been stupefied by opium smoke. The flames made such rapid progress that it was impossible to save them.

### GAGE'S STORY IS DENIED.

### Officials of Pacific Development Company Repudiate Him.

(Special to The Herald.) Boise, Ida., Sept. 11.—Secretary George T. Propper of the Pacific Development company states that Gage has never been connected with the company. He at one time made a trip with Stanley Larson, the president, the latter taking on business.

### MONEY COMES SLOWLY.

### TUNNEL IS SHORTENED.

### Western Pacific Cuts Bore in Gosnuit Range.

San Francisco, Sept. 11.—The Western Pacific railroad on its line now being built between Salt Lake and San Francisco, about a year ago, decided to have a \$4,000,000 tunnel through the Gosnuit range in Nevada, near Flower Pass. The tunnel was to have been 1,000 feet long. It has now decided to reduce the length of this tunnel to 630 feet. It is to cost \$2,000,000 and will be completed in ten months. By its construction six miles of track will be cut off and grades reduced to four-fifths of one per cent over the Gosnuit range.

## SEEKS ARREST OF JOSEPH F. SMITH

### Charles Mostyn Owen Demands Issuance of Warrant by Co. Attorney.

### PARLEY P. IS OUT OF TOWN

### ALLEGED BIRTH OF CHILD STARTS SLEUTH ON WARPATH.

Charles Mostyn Owen, detective for the anti-Smoother protests, applied yesterday for a warrant for the arrest of President Joseph F. Smith of the Mormon church for sustaining unlawful relations with one of his wives, Mrs. Mary T. Schwartz Smith. Mr. Owen made his application to Assistant County Attorney Job P. Lyon, who delays in issuing the warrant owing to the absence of County Attorney Parley P. Christensen, who was spending the day in Ogden, where he will return to Salt Lake this morning.

### What Owen Charges.

In support of his application for a warrant against Joseph F. Smith, Owen filed with Assistant County Attorney Lyon in which he avers "that he is informed and verily believes" that on or about the 1st day of September, 1896, Joseph F. Smith, sustained unlawful relations "with one Mary Schwartz Smith, wife of the late John Temple, in Salt Lake house, 56 East North Temple, in Salt Lake city, and county, state of Utah, being then and there a married man, whose lawful wife, Julia L. Smith, is now dead at that time was alive and undivorced, contrary to the peace and dignity of the state of Utah and to the statutes thereunto made and provided."

The complaint was sworn to yesterday before Justice of the Peace Dana T. Smith. In speaking of the affidavit last night Mr. Owen said: "Mary Schwartz, mentioned in the affidavit, is a plural wife of Mr. Smith. I am reliably informed that she gave birth to a child about June 1. My idea is to have the warrant served upon Mr. Smith when he returns here, and understand that he is now in Europe, but that he will return shortly."

### Names Smoot as Witness.

United States Senator Reed Smoot and other apostles of the church are named by Mr. Owen as witnesses in his witness against President Smith, as is Governor John C. Cutler. Appended to the affidavit is the following statement:

"The affiant cites as witnesses to the above charge Julia L. Smith, Sarah R. Smith, Edna A. Smith, Alice K. Smith, Mary T. The two expeditions will operate in concert.

### SHOT FROM AMBUSH.

Ardmore, I. T., Sept. 11.—At Chook yesterday James Martin, a stockman, was shot and killed as he was riding along the highway. It is alleged that trouble with stockmen was the cause of the tragedy.
