

BUSINESS GOOD IN ALL BRANCHES

Steady Prosperity Is Noticeable in Every Line in Salt Lake.

NEVADA TRADE GROWING

MERCHANTS GOING AFTER THIS FIELD WITH GOOD RESULTS.

General business conditions in and around Salt Lake were perhaps never better than at present. The week just ended has not been characterized by particular activity in any one line, but a general upturn of prosperity is apparent in nearly all lines. Banks report money in brisk demand at thirty, sixty and ninety days, with plenty of cash to take care of it. Rates on commercial paper remain uniform at seven to eight per cent, and there is every evidence of a continuance of the present era of prosperity.

Real Estate.

The realty market for the week has been quiet, such transfers as have taken place being for the most part small. A number of large deals are pending, however, many of which will be closed up during the coming six days. The demand for houses and flats is still far in excess of the supply, notwithstanding the numbers of dwellings which are being completed almost daily. Applications for houses on rental are being received at the rate of dozens for every available house, and the present cold snap appears to have accelerated rather than diminished the demand. There are, of course, a number of large houses offered for rent, but there is practically nothing available up to \$20 or \$25 per month.

Building Trades.

The demand for building material in all lines remained brisk and dealers report a heavy week's business. The brick market is now comparatively easy and contractors are making every effort to finish buildings now in course of construction with as little delay as possible on account of both the coming cold weather and the brisk demand now prevailing.

Wholesale.

The growing demand for home products of all kinds is seen to advantage in the heavy demand being levied on wholesalers in all lines. The case is cited of a well known local drug supply house which for years made little or no effort to obtain business outside of Salt Lake and one or two adjoining counties, and which during the past few months has increased its business to such an extent as to shortly render larger quarters an absolute necessity. This increased demand obtains not only in Utah but throughout Idaho and Nevada as well, particularly in the latter state. This outside activity has had the effect of bringing to the attention of the local business men as never before the advantages to be gained from going after business in the state to the west. That they are doing it, and successfully, is seen in the growing business nearly all are experiencing. Prices in both staple and fancy lines were practically unchanged during the past week.

Commission Houses.

Potatoes were perhaps the feature of the market for the week, the demand being considerably greater than the supply, the present quotations being \$1.20 per hundred or 80 cents per bushel. This is considerably higher than a week ago, with the general tendency still upward. The recent wet weather, together with the demands which are being made upon farmers by the cannery for nearly everything except potatoes, is regarded as largely responsible for present conditions. The peach crop is being marketed in Utah just ended having seen the shipment of over one hundred cars of Albertas out of Brigham City alone. Tomatoes are still scarce, the demand being in excess of the supply from 75 cents to \$1.00 per bushel, and the demand increasing steadily. During the early part of the week tomatoes were offered freely at from 60 to 75 cents. Butter and eggs experienced a slight advance, the latter now selling at \$7.50 to \$8 per case.

Fish and Poultry.

The lobster market is now on local dealers have already placed orders for large quantities, none of which, however, have yet reached the local market. Crabs will remain out of season for the next two or three weeks. There has been a general advance of about one cent a pound in poultry, and the price is still stiffening. The demand for quills in both the Utah product and eastern.

Retail.

The demand is brisk in dry goods and boots and shoes, owing largely to weather conditions. Shelves are now well filled with winter goods, and a large variety in styles is offered. The demand for quilts and bedding is on the increase, while boot and shoe dealers report a record week. The clothing market is also strong with a fair sprinkling of orders of waterproofs and overcoats.

Local Stocks.

Now that the dividend notices for the month are beginning to appear there is a brisk market for local stocks in general. Utah Sugar preferred is again quoted at par after several months of fluctuation between \$9.00 and \$9.75, and several large blocks changed hands during the week at \$10. Utah common has also advanced to \$2.25 with a sharp demand for the Idaho stock at current prices. The encouraging reports regarding the beet crop, however, are having the effect of making holders unwilling to sell, while rumors of settlement of the sugar war on the coast are also contributing to the stiffening of the price of these stocks. The Home Fire Insurance company has declared its regular dividend of 2 per cent with an extra 2 per cent payable October 1. At a recent meeting of the board of directors it was decided to enter the state of Arizona, the withdrawal from this field of a number of eastern companies having created an opportunity for the transaction of a fair amount of business.

Bank Clearings.

Salt Lake bank clearings for the week ending yesterday are as follows:

1906	
September 10	\$ 98,781.37
September 11	\$ 89,765.04
September 12	\$ 98,242.78

September 14	\$ 111,208.32
September 15	\$ 83,807.81
Totals	\$ 514,739.79

The above figures show an increase over the corresponding week of last year of \$1,324,278. This is a substantial gain and constitutes perhaps the best evidence that can be offered of the growth of the city's resources during the past twelve months.

TWO REALTY DEALS.

One Business and One Residence Piece Change Hands.

Young & Young yesterday sold to Dr. Fred Stauffer 5 1/2 feet front on Richards street, the consideration being \$8,625. The entire transaction will be closed up September 29, the doctor having paid down a substantial deposit to bind the bargain. The purchase was made solely for investment purposes. Dr. Stauffer's intention being to erect two or possibly three buildings suitable for business purposes. At present the ground is occupied by a large barn in use by a local transfer company, which will be torn down to make room for the proposed improvements.

Four houses with 5 1/2 feet by 330 feet of ground came into the possession of E. B. Lane by purchase from Louis A. Marks and wife for the sum of \$2,250. The houses are all rented, and it is Mr. Lane's intention to erect another double house facing the front as well as two smaller cottages at the rear. The property is on Fourth South between West Temple and First West streets and is regarded as desirably situated for residence purposes. The transfer was made through the office of E. B. Wick.

NEWS OF THE COURTS.

L. L. Bondurant and wife were yesterday permitted by Judge Armstrong to adopt Ellen Jones, aged 4 months.

Mrs. Jane Williams yesterday petitioned for letters of administration on the estate of Peter Adamson. The estate is valued at \$500.

Annie L. Evans petitioned yesterday for letters on the administration of Elizabeth A. Evans, deceased. The estate is valued at \$2,500.

W. M. McCrea was yesterday appointed by Judge Morse to act as referee in the testimony in the divorce case of Juliet C. Halliday vs. Stephen D. Halliday.

Annabel Longley was yesterday appointed administratrix of the estate of Nena Louisa Longley, deceased, and guardian of Nena Louisa Longley, minor child of the deceased.

Henry M. Dinwoody was yesterday given judgment against Burton Gardner et al. for \$5,650. The judgment is merely the renewal of a former judgment which was about to expire.

Florence Evans, widow of the late John A. Evans, formerly cashier for the Deseret News, was yesterday appointed guardian of her nine minor children. The object of the guardianship is that the children may share in their father's estate, a portion of which is claim for damages against the Utah Light & Railway company for causing his death.

ECZEMA AND FEVERISH-ITCHING INTENSE

ECZEMA is a tormenting, stubborn disease caused by an acid humor in the blood coming in contact with the skin and producing redness, inflammation and almost intolerable itching. An inactive state of the system and sluggish condition of the eliminative members leaves the waste and refuse matter of the body to collect and sour instead of passing them off through nature's channels of bodily waste. The blood in its efforts to purge the system of all foreign matter absorbs this acid and throws it off through the pores and glands of the skin. The acid humor seems to ooze out and set the skin on fire, the straw colored, sticky fluid drying and forming crusts, and the itching is intense. When these pustules are scratched off the skin is left raw and feverish and often a solid sore is formed and kept up by the constant escape of acids from the blood. Local applications of salves, powders, lotions etc., are desirable and should be used because they allay the itching and give the sufferer temporary comfort, but are in no sense curative, because they cannot reach the seat of the trouble, which is in the blood.

S. S. S. goes down into the blood, cleanses the circulation of all acids and humors, builds up the thin, sour blood and by removing every vestige of the cause cures Eczema permanently. The irritating eruptions disappear, the itching and burning cease, and the acid-fired skin, being fed by a fresh, cooling stream of blood, becomes soft and smooth again. S. S. S. is made of healing, purifying roots, herbs and barks that will not damage any part of the system. Root on skin diseases and any medical advice free.

WOMAN'S CLUBS.

State Federation Meeting.

No sooner is the club year opened than preparations are well under way for the annual meeting of the Utah Federation of Women's clubs. This year the meeting will be held for the first time in Park City, and the date is Oct. 22 and 23. Mrs. Sarah S. Platt Decker of Denver, the president of the General Federation of Women's clubs, is to be present and will be a guest of Mrs. William M. Ferry at that time. Subjects allied to home, school and civic interests will be presented by some of the brightest women in the state, and an open parliament in which all may take part will be made a feature of one of the meetings. An innovation will be an entertainment instead of the customary evening reception, and a few talks from Mrs. Decker are looked forward to by those who know her, as important features.

Daughters of the American Revolution.

The first meeting of the season of the Spirit of Liberty chapter of the Daughters of the American Revolution was held Thursday afternoon at the home of Mrs. George Y. Wallace. Mrs. A. J. Hosmer was the chairman of the day, and Mrs. Seth W. Morrison, the chapter regent, presided. Mrs. Thomas Weir gave a talk reminiscent of her trip up the Nile, and Miss Esther T. Allen, accompanied by Miss Judith Evans, played a number of fine violin selections.

The music section of the Ladies' Literary club will meet Wednesday, Sept. 26, at 10 o'clock, in the club house. The plan for the year includes a double course of study, taking half of the time on American composers and half on foreign. Eight American composers will be studied, four men and four women.

The Browning section of the Ladies' Literary club meets Sept. 29 with Mrs.

Dining Tables.

Our price on this fine Quarter Sawed Oak Dining Table is

\$13.00

Will seat twelve people (before and after eating) and give a \$1.00 per plate effect. COME and show us how much you want it, its quarter sawed, remember one of those beautiful grained tables that it's a sin to cover up. It's the kind that shows the peculiar grain, only by sawing the log into quarters before boards thin enough for the top can be gotten out to produce that beautiful effect—This is why such furniture is so expensive (and is called quarter sawed.)

Truth permits us to say, however, that the PRICE IS MORE THAN ONE QUARTER SAWED OFF—This is as expensive to us as it is beautiful to look upon and we want you to realize this when you

Put Our Price and the Table Together.

If this is appreciated we don't believe there is a person in the city who will have the heart to ask a cent reduction. A table like it cannot be bought any where in the city for less than \$20.

You are at perfect liberty to demand that all our furniture be sold this week at proportionately LOW PRICES, and don't forget the \$1.00 payment down. All goes, the quality, the price and the terms.

Everything Goes to Everybody who can PAY ONE-TENTH THE PRICE AND MAKE REASONABLY FAIR PROMISES FOR FUTURE PAYMENTS.

This means for this week only as the BIG CUT IN PRICE and the payment down is so small as to be absolutely painless (to the party of the second part) hence we cannot promise to go the pace for an indefinite time.

THIS DINING CHAIR

Is a fitting companion to the table, one beautifies the other. Notice the solidity of its heavy braced, full complement of spindles to make it hold the strongest forces from seat to back posts—The seat is of Pennsylvania Pine. Price for this sale
