SANFORD IVES DROPS DEAD

Prominent Real Estate Man Succumbs to Heart Trouble While Dictating Letters.

Sanford L. Ives, a prominent real estate man, dropped dead in his office at 2484 Washington avenue yesterday forenoon from an attack of heart failure. Mr. Ives was dictating letters at the time and passed away within a few moments.

About ten days ago Mr. Ives suffered an attack of heart trouble and was confined to his bed for about a week. A few days ago he had sufficiently recovered so as to return to his office. Yesterday morning he went to his place of business as usual and spent several hours dictating different matters that required attention. His brother N. H. Ives, was in the office at the time of the attack and quickly summoned M. L. Noyes from an adjoining office. Together they made the stricken man as comfortable as possible and summoned medical aid. Drs. Egan and Gordon and Dr. W. H. Ives, brother of the deceased, responded to the call, but Mr. Ives was then beyond medical aid, and died shortly before the noon hour.

The body was removed to the family residence, 433 Twenty-seventh street. Sanford L. Ives was born in Pennsylvania in 1838 and came to this state more than eighteen years ago. He was a veteran of the civil war, enlisted as a private in the One Hundred and Twelfth Illinois infantry and was soon after promoted to a sergeant. He engaged in the battle at Resaca, Ga., and had a large portion of his left hand shot away, on account of which he was shortly after discharged. He was a prominent member of the local Division of the Grand Army of the Republic, and had been one of the city's leading business men. He is survived by a wife, Justina, and the following nine children: Ellsworth, a resident of Alaska; M. S. of California; Gordon, N. S. of Roscoe; Justin, Brayton, Gladys and Marvel live at this city.

FREIGHT BLOCKADE BROKEN

Superintendent Manson Says Salt Lake Division at Last Is Clear.

Superintendent E. C. Manson returned yesterday from Sparks, Nev., where he has been for the past two weeks directing the work of the division, owing to the congested condition of the road. Mr. Manson reports that although the freight traffic is the heaviest in the history of the road, the division has virtually been cleared and that the railroad is in good shape both as to cars and as to motive power. In order to prevent another blockade three of the old burning engines recently transferred from the Sacramento division will be kept on the Salt Lake division permanently. These locomotives will be used only on the west end of the division. Mr. Manson expects to return to Sparks again on Saturday.

STRIKE REPORT DENIED.

Little Stock Taken in Story About Freight Office Men.

A report published yesterday to the effect that there was a possibility of a strike among the employees of the Oregon Railway and Navigation Company, vigorously denied by Agent W. H. Chevers yesterday afternoon. Mr. Chevers admitted, however, that there had been an application made for an increase in wages by his office force, but beyond that, he claimed to know nothing of any pending trouble. "You can say what you like," was his reply as to what he had to say on the matter. "I have received an application for an increase of wages from my men, but beyond this I know nothing and everything is going along about as usual. I have not decided one way or another as to whether or not the increase should be granted, and do not know when I will make my recommendations in the matter."

The talk about a strike seems to be premature. In the first place there is no organization among the men and again there is no event of a walk out. Again the men are not the kind that talk strike as soon as they are asked for an increase. In view of the fact that the railroad people have been quite generous of late in their offers of increase, it is the amount of work handled at the local station has materially increased on account of the heavy rush of freight. It is not unlikely that their demands will be granted. The employees want an eight-hour day and an increase in wages with pay for overtime.

S.S.S. PURELY VEGETABLE

Not only is a medicine valuable for its ability to cure disease, but the way in which it affects the system is a very important factor. When the system is infected with the germs of disease as in Rheumatism, Catarrh, Scrofula, Sores and Ulcers, Skin Diseases, Contagious Blood Poison, etc., every particle of its recuperative strength is needed to assist in eliminating the poisons and impurities which are causing the trouble. It should not be dosed and treated with strong mineral mixtures and concoctions that further add to the burden, by disagreeably affecting the bowels, producing indigestion, or eating out the delicate linings and membranes of the stomach. The absolute vegetable purity of S. S. S. has always been one of the strongest points in its favor, and is one of the principal reasons for its being now the most widely known and universally used blood medicine on the market. It is made entirely of healing, purifying roots, herbs and barks of the forests and fields. These are selected for their well known curative properties, and are known at the same time to possess the qualities to build up and strengthen every part of the system by their fine tonic effect. Not only is S. S. S. the king of blood purifiers, but it is the one medicine that may be taken with absolute safety by young or old. We guarantee it non-injurious and offer a reward \$1,000 for proof that it contains a particle of mineral in any form. S. S. S. is a safe and reliable treatment for Rheumatism, Catarrh, Scrofula, Sores and Ulcers, Skin Diseases, Contagious Blood Poison, and any and all diseases arising from a poisoned or impure state of the blood. It goes to the very bottom of these troubles, removes every trace of disease, enriches and builds up the blood and permanently cures where mineral medicines fail. If you are suffering with any form of blood disease write for our book on The Blood and ask for any medical advice you may desire; no charge for either. THE SWIFT SPECIFIC CO., ATLANTA, GA.
