

ORGANIZES THE FAVOR OF BILL PLACING IN CONTROL OF THE CITY

Many Indorse Proposed Placing of the City in Control of Commission.

That there is a sweeping public sentiment in favor of Benner X. Smith's bill establishing a commission to govern Salt Lake is evident from the many opinions given the Herald and to which more are appended today.

Rev. Elmer I. Goshen—I am very much in favor of a commission in Salt Lake instead of the present salary commission.

Richard P. Morris, former mayor—I am heartily in favor of adopting the Galveston plan for Salt Lake.

T. H. Smith—I am in favor of the establishment of a commission to govern Salt Lake. It has been found to work successfully in other cities.

J. Evans—if we could get the right men to serve the city I would be in favor of the proposition.

P. Clark—I believe a commission in charge of the destinies of Salt Lake would result in a more economical administration and along general lines be a great improvement over the present arrangements.

James J. Gallagher—I am in favor of the election of a commission to take charge of the affairs of our city.

E. W. Kelly—I, three representative men of Salt Lake can be secured to take over the management of the city I am in favor of it.

R. K. Thomas—in my opinion the establishment of such a commission would be a good thing for the city.

W. J. Murphy—in my opinion the establishment of a commission in the interests of the people of Salt Lake would work well.

C. B. Jack—I fail to see how the establishment of a commission of three to do the work of the present board of city council could result in any particular saving.

W. H. May—So far as I have studied the subject I am of the opinion that the establishment of a commission to have charge of the affairs of the city is a step in the right direction.

Rev. J. Armstrong Apologizes to Y. M. C. A. for Intrusion.

Will you permit me to make an apology to the Y. M. C. A. for the great error I committed after coming to Salt Lake?

Secretary of the Y. M. C. A. makes the following statement in the matter: The association has not deemed it advisable to ask for further funds to be placed in the first-class public reading room.
