Hard Drinker Cured. His Wife Secretly Gives Him a Remedy in His Coffee and Food and, Without His Suspecting the Reason, Is Cured. He Now Gives Thanks for His Wonderful Cure, After a Life of Misery and Family Wretchedness. COSTS NOTHING TO TRY.

Let no woman despair. The sure, quick, permanent cure for drunkenness has been found. It is Golden Remedy. It has no odor. It is golden in taste. Just a little is put in his food. He will never notice it. He will be cured before he realizes it. He will never know why he abandoned the taste for liquor.

Once More a Happy Home. His desire for drink disappears absolutely and he will even abhor the very sight and smell of whiskey. The vigor he has wasted away by drink will be restored to him, and his health and strength and cheerfulness will return to brighten his home. Golden Remedy has cured some of the most violent cases in a day's time. This fact is proven by many ladies who have tried it. Mrs. Mattie Balkins, Vanceburg, Ky., says: "My husband took two doses of your medicine about five months ago and has not taken a drink or had any desire for liquor since then. Our home is so different now." Save your loved one from premature death and the terrible consequences of the drink curse and save yourself from poverty and misery. It costs absolutely nothing to try. Simply fill out free coupon below and mail today.

WEATHER STILL CHARMING DRY BONES ALL THERE WAS LEFT

People of Salt Lake Have No Reason to Complain of Treatment Prescribed for Them by Dr. Hyatt. The good Dr. Hyatt ceases not to proceed to give the people of Salt Lake the kind of weather they like. Nothing in the weather line could be finer than the conditions that prevailed yesterday. The temperature was right, there was a faint sunshine that broke through a gentle haze, such as are to be had in Utah only. Dr. Hyatt's high figure yesterday was 54 and his low 36. He promises continued fair weather for today.

The weather man in other cities and communities treated, except in rare instances, scarcely any of the bureaus reporting showed temperatures below freezing point. Those that did go below that point included Hismarck, 39; Denver, 28; Duluth, 27; Leander, 27; Modena, 22; Moorhead, 20; North Platte, 26; Pocatello, 24; Winnemucca, 22; Winnipeg, 24. As usual Yuma claimed first place for hot, although New Orleans reported a high temperature of 80 and a number of places were in the 70s. Weather conditions reported by the local bureaus are: "The high barometric pressure over the north plateau has increased in intensity, causing fair weather over most of the country in conjunction with a high pressure area over the east half states. Low pressure was central over the upper lake region and south Pacific coast, attended by showers over portions of Arizona, west Texas, Illinois, Michigan, Pennsylvania, New Jersey, Nebraska and the Dakotas. Freezing temperature occurred over portions of the middle and upper Mississippi valley. The north Pacific high pressure will cause continued fair weather tonight and Sunday in this vicinity."

The meteorological report reads: Minimum temperature, 54 degrees; minimum temperature, 36 degrees; mean temperature, 45 degrees, which is 2 degrees above normal; accumulated excess of temperature since the first of the month, 22 degrees; accumulated excess of temperature since Jan. 1, 138 degrees. Relative humidity, 44. Total precipitation from 6 p. m. to 6 p. m. none; accumulated efficiency of precipitation since the first of precipitation since Jan. 1, 2.94 inches.

There is a lot in proportion, the property of a stranger, a lot 75 feet front—on high ground—in the midst of fine homes, with the curbs and tracks of Federal Heights next to it, which can be bought for \$800 less than the adjoining lots on both sides are held. There is not a more beautiful, more slightly residence site in all of Salt Lake. It is an ideal home, it is ideal; as an investment, there is nothing better. Clearing house certificates, cash—his checks, will buy it. Moth and rust will not corrupt it, and thieves cannot steal it away. See me, E. E. Colburn, 75 W. 24 So. Phones 453.

The Intelligent Thinker

makes fewer blunders than the man who plugs away "without thinking." The blunderer has to be corrected, supervised—much of his work done over by himself or some one else. This takes time, and, in business, time certainly is money. The money used on the man who does not "think intelligently" might be added to his salary—in part, at least—if he knew how to save it by always having a clear brain and putting money-making thoughts into his work. The character of food has a lot to do with a money-making brain.

Grape-Nuts

made from wheat and barley by an expert, contains the phosphate of potash placed by Nature under the outer coat of these cereals; it combines with albumen in the blood and is elaborated into new, active brain cells. The "Intelligent Thinker" needs this kind of food, and most of them know why "There's a Reason" for Grape-Nuts

Deputy Sheriff Tells of Finding of the Alleged Skeleton of Fred Tyler.

PROGRESS OF ADAMS TRIAL DARROW STILL UNDER THE WEATHER.

Spokane, Wash., Nov. 9.—A special to the Chronicle from Rathdrum, Ida., states: At the trial of Steve Adams this morning for the murder of Fred Tyler, A. M. Wing and A. C. Libby were called to the stand and identified the written testimony of Archie Richards as taken at the last trial at Wallace. C. H. Williams, a deputy sheriff, then took the stand. Williams said he was on a trip into the Marble Creek country for the purpose of looking up a skeleton reported to have been found there. He met Mr. Simpson on the trail that led to the place where the body was found.

Found the Skeleton. When he arrived at the place described he found the skeleton. The body was badly decomposed and was mostly dry bones. One arm had been dislocated. There was a little skin on the under jaw showing a beard. The hair on the back of the head was in a matted condition. The body was lying across some logs. Williams said he examined the body closely. It was dressed in yellow underwear and a pair of overalls. A gunny sack was lying near the body and contained a number of articles, which were identified by the witness in court. He believed the hair was clotted with blood. There was a hole in the skull, about the size of a 28-30 bullet. The skull was exhibited and identified.

Coroner on the Stand. Dr. D. E. Keyes, coroner of Shoshone county since 1902, was the only important witness called at the afternoon session. He went as far as St. Joe with Deputy Williams at the time that Tyler's body was brought out of the Marble Creek country. He told of the fracture in the skull and of the broken jawbone, which he said had been done by some act of violence. He said he was called to a bullet wound, but he did say that it resulted from just such a wound as a bullet would make.

Darrow's Health Poor. Judge Wood adjourned court at 2:30 this afternoon out of consideration for the health of Clarence Darrow, attorney for the defense. Most of the counsel on both sides and many of the witnesses went to Spokane for Sunday. Attorney Knight for the prosecution, said: "The question of resurfacing Main street with asphalt between South Temple and Fourth South streets will probably be taken up by the council engineering committee at its meeting next Tuesday evening. The recommendation that this be done was submitted to the council three months ago by the board of public works, but no action has ever been taken. It is the plan of the board of works and the city engineer to remove all the stone blocks along the side of the street and replace them with an asphalt surface. The street car company will also be asked to remove the blocks between its tracks and pave the space with asphalt, to conform to the remainder of the street. It is estimated that the work will cost, if done in this manner, approximately \$40,000, of which the city will have to bear the cost of resurfacing the present asphalt district, the abutting property owners the space now occupied by the stone blocks, and also for a concrete foundation under it, and the Utah Light & Railway company for the space between the tracks. The city's portion will be about \$22,000. According to plans made by the city engineer some months ago, it is proposed that the sidewalks on Main street

TO RESURFACE MAIN STREET Project Will Be Taken Up by Council Committee During Present Week.

be increased six feet in width, thus making the street eighty feet instead of ninety-two feet, as at present. This would do away with the congestion of travel on the sidewalks, and would leave ample room for the street traffic. The city attorney has already been asked whether the council has the power to order this done, and whether it will be possible for the city to pay for the resurfacing of the present asphalt district instead of assessing the abutting property owners. The city wishes to do this work, it being feared that the property owners would object strenuously to being asked to pay. The attorney has not as yet rendered his decision, but it is understood that he is prepared to agree with the board of works and the engineer.

FOUR HUNDRED IN VAULT Cashier of Lawton, Okla., Bank Is Missing—Accounts \$50,000 to the Bad.

Lawton, Okla., Nov. 9.—D. R. Rankin, cashier of the Merchants & Planters' bank of this place, who mysteriously disappeared last night with a shortage of cash in the bank of about \$50,000, is still missing. The theory of suicide at first advanced is now discredited and the police are working on the idea that he has left the country. No clue to his whereabouts has yet been found. The bank has been taken in charge by territorial examiner H. H. Smock. Many irregularities have been unearthed. Among the assets of the bank is an unsecured note of Cashier Rankin for \$100. J. Henry Lynch, a prominent union labor worker of Oklahoma and Indian Territory, owns the institution \$10,000. No securities to guarantee this loan can be found. There is a discrepancy of \$3,000 between the credit with the bank and what is on deposit with its Oklahoma City correspondent. The estimated liabilities of the institution are \$12,500, with assets estimated at \$5,500. But \$400 in cash was found in the vault by the bank examiner.

Lawton, Okla., Nov. 9.—T. H. Dun, formerly cashier of the Lawton National bank and today appointed special bank commissioner to take charge of the Merchants & Planters' bank. By Very Reason of the Fact That women have come to know Mehesy's as the leading fur store in the city, their eventual sale will prove a crowd-bringing feature. Come early.
