New Fangled System of Accounting Tangled at the Start.

AUDITOR'S LINES CROSSED

CRITICISM OF NEW METHOD IN HOURLY EVIDENCE.

Frank A. Swenson, city treasurer, Rudolph A. Haff, city auditor, and their chief deputies, Frank Godde and E. B. Stevens, fear they may have to make daily reports.

Another interesting fact in regard to the new "system" was brought to light yesterday.

Must Be Represented.

Complaints as to other forms invented by the high priced auditors have also been made.

It is now considered doubtful whether the new system can be put into working order before Feb. 1 at the earliest.

Before everything is completed the new "system" will cost approximately \$20,000, including \$14,000 for the auditors who have been working over a year.

MODERN MIRACLE WORKER

Schizomyces Declared to Be Most Potent Influence in Nature.

(New York Press.)

Mighty are the deeds of the schizomyces!

A Wisconsin chemist has produced a liquid which is 11,000 times as strong as the best beer.

With it is combined an article which on contact with water causes instantaneous fermentation, forming 3 1/2 per cent of alcohol.

This alleged "miracle" is the work of schizomyces, the most potent influence in nature, the origin of everything animate and inanimate, the cause and effect of all human progress.

A single firm in the United States has made millions by selling to bakeries and brewers which is sold by by-product of beer.

My baker sells me weakened loaf. My vintner sells me watered wine. My brewer sells me watered stock.

How can I make both ends to meet. When thus these rogues my wealth pur- Unless I practice like deceit.

THE ONLY WAY.

My butcher sells me doctored veal. My coal man sells me oiler's coal.

My grocer sells me mouldered bread. My baker tints the breakfast roll.

My vintner sells me weakened wine. My brewer sells me watered stock.

How can I make both ends to meet. When thus these rogues my wealth pur- Unless I practice like deceit.

And pay their claims with tainted coin?

Why Utah Should Be Democratic

To The Salt Lake Herald.

Gladstone said: "The federal constitution is the wisest instrument ever struck off by the human mind at a particular period of time."

pure and undiluted for twelve days. Schizomyces!

An American scientist has introduced a milk powder which contains all the solids of pure milk in a dry, soluble, sterilized, peptogenic condition.

It is now believed among the leading scientists of the world that a daily portion of buttermilk will give to each of us a century's lease of life.
