

GROWERS SECURE ANOTHER VICTORY

Modena Clip, Amounting to 600,000 Pounds of Wool, Will Be Stored.

Another important victory has been achieved by the Utah wool growers in lining up 600,000 pounds of wool of this year's clip at Modena, Iron county.

Secretary C. B. Stewart of the Utah Wool Growers, stated yesterday that cars are already being loaded at Modena with wool intended for the Philadelphia warehouses.

Following so closely upon the triumph of the wool growers at Vernal, where a similar amount of wool was secured for the united movement against bear influences in the wool market, the success at Modena has filled the leaders of the Utah sheepmen with elation.

The Modena wool is noted for its fine quality, and the buyers were particularly anxious to secure it. They have made many trips to Modena and have advanced as high as 8 cents a pound upon a few consignments in an effort to start the clip moving toward the commission houses.

But it is asserted that they did not offer 8 cents to all of the Modena growers. One of the sheepmen stated yesterday that probably because the Modena clip is a member of the Utah Wool Growers' association, the buyers did not approach him until after they had seen most of his neighbors.

They offered him 7 cents a pound advance, or a cent less than had been offered to others. He at once announced his intention of coming to Salt Lake and looking into the plan of the united storage movement.

He was promptly offered a second advance if he would consign his wool. This he would not accept.

E. J. Kearnes and J. Winthrop Coffin, representing the Utah wool growers, were at Modena on Monday. Many Salt Lake buyers were there on that day to make a final effort to secure the Modena clip. Reports received yesterday were that the buyers had met with defeat, and that all of the Modena wool, with the exception of a few clips, will be shipped for storage.

"We have been wired for invoices and shipping instructions," said Secretary Stewart yesterday. "There is every indication that the Modena wool growers, having made up their minds what to do, will lose no time in carrying out their determination to ship to the warehouses. This wool will go to Philadelphia."

SLAPPED WIFE'S FACE.

She Did Not Like it and Wants a Divorce.

Alice L. Sellers has petitioned the district court for a divorce from W. H. Sellers. She says that on different occasions he has slapped her face, causing great mental distress as well as physical pain. She also asserts that he has often called her vile names.

They were married May 4, 1904, and have one child, of which the mother asks the custody.

Secret Makes Thin Women Plump

Madame Moneaux, deceased beauty specialist, of New York, long possessed the greatest of all secrets pertaining to feminine charm. And what is that secret, so much desired by women—the secret that has made a vast fortune for the madam's heirs, and that brought her all the famous actresses and society leaders for patrons?

"What you don't know" is a simple, but sure method of developing the bust, arms and neck of women who through defect of nutrition and circulation, are humiliated by undeveloped arms, neck and bust. The treatment consists of applying a powerful but harmless nerve-stimulant to the cells of the skin, to be absorbed and utilized as nourishment to the flesh cells and tissues. Beautiful changes are wrought. Ugly, deformed women are developed into charming personages with well rounded arms and neck and full normal bust of exquisite curve and proportion so much admired in our great actresses and society leaders. Any leading druggist will supply the ingredients to mix at home, and as they are used for various prescriptions no one need be the wiser as to what they are to be used for, which is as it should be for modest womanhood. Get separately two ounces glycerine, one ounce rose water, and one ounce Tincture Cadomene, and five cents' worth of borax. Take home, mix the glycerine with Tincture Cadomene, shake and let stand two hours; then add a teaspoonful of borax and the rose water. Shake well and apply to the neck, arms and bust, rubbing and massaging until completely absorbed; then wash thoroughly with hot water and soap and dry thoroughly. Apply morning and night regularly for several weeks and the most beautiful development will begin to reward the efforts. It is believed by experts to be the most necessary and effective prescription ever conceived.

This is worth keeping if not for yourself, for some dear friend who needs it.

WIFE SPRINKLES FORMALDEHYDE IN BED TO DISTURB HUSBAND'S REST

Historic Xantippe, wife of one Socrates, was not in it with Bertha Eyer if the allegations in the divorce complaint filed yesterday by William H. Eyer are true.

Socrates, it will be remembered, suffered much and said little, but Eyer does not seem able to stand the strain and has availed himself of the modern privilege of seeking a divorce.

To begin with, on April 1 at 824 Cannon street, Eyer says his wife used insulting language towards him, calling him vulgar names, and then threatened to stab him with a carving knife.

On May 16 at 822 Cannon street she threatened to "knock his block off" and then to add injury to insult threw a chair and flatiron at him and compelled him to run from the house to avoid being killed.

On May 23 she is alleged to have scattered formaldehyde on his bed "to annoy and disturb the rest of the plaintiff." This modern form of torture did not seem to appeal to Eyer for he immediately brought suit for divorce after this occurrence.

In addition to all this Eyer says that his wife has been familiar with other men. On May 4, he asserts, she came home in an intoxicated condition and used insulting and profane language towards him in the presence of their children.

The first trouble between the Eyers seems to have begun on March 17 of this year, for all the allegations made against the wife charge acts committed after that date.

There are two children, Lena, aged 8 and Nava, aged 7 years, of which the father asks the custody, alleging that Mrs. Eyer is not a fit person to have control of the children.

The Eyers were married March 17, 1895, at Waynesboro, Franklin county, Pennsylvania.

THELMA'S SUMMONS GAME

Theodore Shonts Tells of the Death of His Son-in-Law, the French Duke.

New York, June 2.—On his return from Paris today Theodore Shonts, president of the Interborough Metropolitan company, declared that the reports that the death of his son-in-law, the Duc de Chaulnes, was due to indulgence in opiates were infamously libels. Mr. Shonts said that the duke's death was caused by heart disease, and that he was not addicted to the use of drugs.

The duke and his daughter were kneeling at their bedside in prayer, said Mr. Shonts, "when the stroke came upon him that carried him off before medical aid could be summoned. The memory of the duke has been grossly maligned, and outrageous reports were printed about the manner and cause of his death. The facts are these:

"On the afternoon of the day on which he died the duke and my daughter were out riding. They dined together, and then retired to their apartment early.

They were kneeling close together, and the duke held one arm about his wife's shoulders. Suddenly he lurched forward and then tumbled unconscious at my daughter's feet. He was a big man, and a stout girl, but she lifted him bodily upon the bed and screamed for aid. He was dead before anything could be done for him.

"Upon my arrival in Paris I found my wife in an alarming condition. Until two weeks ago I had no real reason had gone and would never return. It is just two weeks ago Sunday when the turn for the better came.

"My wife and one of my daughters will be in the duchess throughout the summer. The relatives of the duke have been more than kind to my daughter. They have lived with one another in trying to do for her. The duchess' life was more than a sister to her, so that she will be among sympathetic friends while she remains in France."

Gertrude Reeves, the colored woman charged with killing her new-born babe, will be tried on a first degree murder information on June 26.

INDIANS ARE ON RAMPAGE

Citizens of San Juan County Again Complain of Depredations by Utes.

The Ute Indians from Colorado are still causing trouble in San Juan county by their depredations and Governor Cutler yesterday received a petition from citizens of Monticello urging him to take the matter up with the Department of Indian Affairs at Washington again. The Utes leave their reservation in southern Colorado and under the leadership of John Benow and Munos Jim steal cattle from the settlers.

Recently Apostle Anthony Ivins of the Mormon church was sent to San Juan county by the governor to investigate conditions. He was accompanied by a representative of the Indian department and made a full report as to the situation.

The Utes, however, have begun to make trouble again and it may be necessary to send a detachment of federal troops into the district in order to drive the wandering bands back to their reservations.

WOULD PROVIDE FOR WIFE

Frank D. French Files Answer to Divorce Complaint of Wife and Denies Charges.

Frank D. French yesterday filed an answer to the divorce complaint of his wife, Mary D. French, in which he asserts that he has been willing to provide a home for her ever since he came to Salt Lake and will do so now if she will consent.

The case promises to be one of the most interesting of its kind which will be fought out in the district court this year, both because of the prominence of the finances of the city, as compared with the budget approved some time ago, was also held because of the prominence of the case, as the mayor is of the opinion that the reports which the auditor is now making are sufficient in detail.

Frank Quigley Cannon, son of Frank J. Cannon, is the winner of the \$450 automobile given away by Walker Brothers. The drawing was inaugurated in December and continued until May 29. Mr. Cannon was given the lucky ticket on Jan. 15 and presented it at the store yesterday.
