

ROBINSON MAY BE A CANDIDATE

Republican Politicians Urging Former Mayor of Logan to Run for Governor.

HOWELL FORCES OPPOSE MAY GIVE HIM NOMINATION FOR SECRETARY OF STATE.

Prominent Republicans from all parts of the state are urging that E. W. Robinson, former mayor of Logan, become a candidate for governor. Mr. Robinson is in the city, a guest at the Cullen. He declines, however, to discuss politics. It is believed by his personal and political friends that in case he were given the opportunity for a fair fight for the place without the interference of the federal crowd he would be willing to be a candidate.

Ever alive to the need of pacifying all disturbing factors, the political dictators are already urging that Mr. Robinson accept the nomination for secretary of state. The Howell supporters in Cache county are doing their best to induce Mr. Robinson to become a candidate for this position rather than for governor.

Mr. Robinson, though he has always been an active Republican, has never identified himself with either side in any factional fight within the party. He has never been regarded as a tool of the dictators and at the same time he has never been an insurgent. There is no doubt but that if he should choose to be a candidate for governor he would receive the support of the insurgents, but it is hardly possible that the federal bunch would for the sake of harmony, would accept him.

The Position of Howell.

The strong opposition to Robinson for governor comes from the Howell crowd. They foresee that if Robinson has a chance to secure the gubernatorial nomination Howell would have a hard time getting the congressional nomination. Robinson is agreeable to both factions in the Cache county Republican fight, while the Republicans of that county are only lukewarm in their loyalty to Howell, so that if the delegation from Cache to the state convention is instructed for Robinson for governor it would probably be opposed to Howell for congress.

On the other hand if Robinson contents himself with being a candidate for secretary of state the Cache county delegation will probably be instructed for Robinson and Howell. The Republicans of that county believe that in addition to a candidate for congress they are entitled to one of the minor positions on the state ticket, but it would be too much to ask of the Republicans of the state that both the candidate for governor and the candidate for congress come from the same county.

Mr. Robinson is very well known throughout the state. He was born in Utah county and has been interested a great deal in agriculture and horticulture. For the past ten years he has been an instructor in the State School of Agriculture. He resigned from the faculty of the school last June to go into business. He was elected mayor of Logan in 1906 and served two terms, completing his second term the first of this year. While mayor of Logan Mr. Robinson organized the state league of municipalities of which he is president. His wide acquaintance throughout the state insures him support whether he chooses to run for governor or secretary of state. If he decides to become a candidate for the latter office his opponents will be Charles S. Tingey, the present secretary of state, and J. A. Edwards, the present state auditor.

PLAN COUNTY ORGANIZATIONS.

"Americans" to Put Tickets in Field in Tooele, Summit and Juab.

As a part of the "American" state campaign plans are being made to place county tickets in the field in several counties in the state, in which the party already has some strength. It has been practically decided by the committee to put up county tickets in Juab, Summit and Tooele counties, and possibly Weber county.

The county tickets in Tooele and Summit counties will be put up for the purpose of inducing voters to vote for the "American" judicial ticket for which a hard fight is to be made. In Juab county the "Americans" have hopes of electing the legislative ticket. They have no hopes in Weber county, but may put up a ticket in order to assist the state organization. State Chairman William Snyder said yesterday that the "Americans" would put up a full state ticket, and that the call for a state convention would be issued soon. Ben B. Hayward declares he is

BRAMEL IS NAMED.

"American" Judicial Committee Nominates Him for District Judge.

W. H. Bramel was nominated last night by the judicial committee of the "American" party as a candidate for district judge to take the place made vacant by the withdrawal of Judge Hies from the ticket named at the convention. Mr. Bramel was notified later of his nomination by Chairman J. E. McGinly. He accepted the nomination.

The judicial committee met in the office of Mr. McGinly in the Atlas block at 8 o'clock, made the nomination and was adjourned at 8:30. Every member of the committee, including the members from Tooele and Summit counties, was at the meeting. George T. Goodwin and George M. Sullivan, candidates for district judge from Tooele and Summit counties, were also at the meeting. Mr. Bramel was the only person considered by the committee for the place and his selection was unanimous.

WARSHIP SENT TO CARIBBEAN

Dutch Government May Order Chastisement of Castro's Country.

The Hague, July 30.—Orders have been issued that the battleship Jacob Van Heemskerck be made ready to sail for the Caribbean sea and it is expected that she will start without delay.

It is explained officially that this battleship is the only reinforcement that the government at present contemplates sending to the West Indies. There never had been any question of dispatching an imposing fleet as has been reported. It is said that the main object of sending the Jacob Van Heemskerck to the West Indies is to act as a second ship handy in case, for any reason, the cruiser Gelderland, which at present is in Venezuelan waters, should not be available at the moment wanted. The Gelderland is at the present the only Dutch war vessel in the West Indies.

The Jacob Van Heemskerck is one of the biggest battleships belonging to Holland.

Feeling is Bitter.

The Hague, July 20.—The bitterness of the feeling at Willemstad, Curacao, against Venezuela is evinced in a dispatch from the governor of Curacao received today, which announces that a vessel chartered by President Castro's brother and laden with sugar, which arrived at Willemstad yesterday, was obliged to leave that port without disposing of its cargo. The merchant whose trade has been injured by President Castro's orders regarding the transshipment of merchandise at Willemstad, refused absolutely to purchase the sugar in question.

All railroad men will be at Saltair Friday, July 31.

CHILD DIES BY POISONING

Secured Some Tablets in Mysterious Manner, Which She Ate, Death Following Shortly.

Brigham City, July 30.—The little daughter of William Perry died suddenly Tuesday afternoon after a few hours' illness. The child was hale and hearty in the forenoon and while Mr. Perry was in the city the child was taken with convulsions. Mrs. Davis telephoned for her husband, and before he arrived the child had expired. An investigation showed the cause of death was due to poisoning. The child had found and eaten a tablet having on it the words "constipation tablets." While John S. Brigham and son were driving in from Snowville the other day they met with an accident at Deweyville. Darkness came on, and while driving along the front wheels chugged into a deep ditch, throwing the boy forward on the hood. The team became frightened and began to run, and went some distance before Mr. Brigham could stop it. He found the boy looking for the boy he found the wagon had passed over the side of the boy's head, nearly severing his left ear. The child was badly bruised on his head and body. Mr. Brigham hurried to Brigham City with the boy, where medical aid was secured and the wounds dressed.

Many of our citizens are recruiting in the hills east of the city. Many of the business men have returned to their homes in the canyon and come down today to attend to business, returning in the evening.

EXPERT KODAK FINISHING.

Harry Shipler, Commercial Photographer, 151 South Main.

PURELY FOR SYMPATHY.

(Boston Herald.)

Mrs. Clarence Burns of New York, who is one of the leading members of the City Federation of Women's clubs, was talking at a luncheon about children.

"As the federation's Santa Claus," she said, "I often get as many as 1,200 children's letters a day. They were interesting? Yes, they are interesting even in their tears.

"Why, what is the matter?" said the mother.

"I failed yesterday," sobbed the little girl.

"But that was yesterday," said the mother. "Why do you cry about it today?"

"You wasn't home yesterday," explained the child.

GETTING CLOSE TO THE TRUTH

Cross-Examination of H. A. Gray in Minnesota Rate Hearing.

TWO CONCERNED IN THE MURDER

Identity of Woman Whose Half-Clothed Body Was Found Unknown.

St. Paul, Minn., July 30.—The cross-examination of H. A. Gray, controller of the Northern Pacific railroad, was continued today at the Minnesota rate hearing. Mr. Gray testified that in the organization of 1886, no actual valuation of the property or its equipment was made.

Errors in Accounting.

A statement of the cost of maintaining the old security up to the date of their maturity and the new security until a corresponding date was taken up was made. In this statement two errors in accounting were made by the state, which in the aggregate amounted to \$20,000,000. The attorneys for the state allowed for both errors and the paragraphs were stricken from the statement.

The allowances for these two errors has no bearing on the amount of profit received by the syndicate under the terms of the reorganization. Since the company admit that the syndicate received the common stock shares of the company, which the state claims at par value were worth \$18,750,000.

They maintain, however, that the syndicate paid \$15 per share for the stock and sold at \$5 per share after holding it for some time, making a profit of only \$1 per share or about \$2,500,000, and that the syndicate also received 20,000 shares of preferred stock which was then worth \$50, making the total profits of the syndicate about \$2,500,000.

The New York Pacific case was adjourned until Aug. 17.

SALE NOT COMPLETED.

Provident Savings Life Assurance Company to Change Owners.

New York, July 30.—The recent report that a sale of the Provident Savings Life Assurance society's stock had been consummated was characterized tonight by the law firm of Sullivan & Cromwell as premature. In its statement, the firm said:

Active negotiations have taken place with numerous financial interests who desire to purchase. No sale yet has been negotiated, although it is likely that the transaction will be completed within the next two weeks.

"In making the sale all the parties involved realize the desirability of dealing with the purchasers of such standing that their control of the society will be entirely acceptable to the policyholders as well as the insurance departments. Nothing material is being done without prior consultation with the superintendent of insurance of this state.

"The friction which formerly existed upon the board has been entirely eliminated. The sale which it takes place will confer upon the purchasers a large majority of the board of directors and will fully concentrate complete control.

Eva E. Snow, china decorating, moved to 58 Hooper block.

TOO MANY ADVERBS.

(Washington Herald.)

"I love you," exclaimed Lady Gwendolen, Maltraverses twittingly.

"You love me?" echoed Lord Chuzzlewick, romantically.

"I love you," said she, asseveratingly.

"At this point we threw aside the book disgustfully."

TWO CONCERNED IN THE MURDER

Identity of Woman Whose Half-Clothed Body Was Found Unknown.

SECOND AUTOPSY MADE

NEW YORK POLICE TRYING TO UNRAVEL MYSTERY.

New York, July 30.—That at least two men were concerned in the murder of the unidentified woman whose half-charred and acid-seared body was found in the Green Point avenue dumping ground in Williamsburg, Brooklyn, early yesterday morning, was established today by the police. Philip O'Brien, a laborer of Green Point, saw a covered wagon driven to the dump at dawn yesterday. Two men got out and lifted from the wagon what the witnesses supposed to be only an old mattress. He saw the men pile a heap of brush on the mattress, pour oil over it, and then set fire to the bundle. Believing the mattress was being destroyed because it was disease-infected, the man avoided the spot. There is little doubt that the mattress was the one in which the body of the murdered woman was concealed.

Description of Men.

This led to the discovery that the covered wagon was seen by several other persons, and the police now have a minute description of the two men. They were foreigners. The wagon was seen by a Mrs. Murray, who lives in the neighborhood; it was seen going to the Green Point ferry by another witness, and the gatekeeper at the ferry remembers checking such a wagon with two men in it when the ferry boat Alaska made an early morning trip to East Twenty-third, Manhattan.

The police also have a description of the man who was seen by a physician, Dr. Wuerst, made a second autopsy on the corpse. His first autopsy revealed a deep cut across the woman's throat. The second autopsy shows that this cut was made by a person who is expert in surgery. The incision, says the coroner's physician, is such as is made in desperate cases of diphtheria, where it is necessary to pierce the windpipe to prevent strangulation.

Skull Was Fractured.

Whether this wound caused death or not Dr. Wuerst is not prepared to say. Dr. Wuerst will make a careful analysis of the stomach to discover whether a drug was taken, and the police believe that poison may also have been used to hasten the death.

Failure to establish the identity of the victim is the greatest obstacle the police have to overcome. A general alarm has been sent for Mrs. Manie Muskovitch and her husband Stanley, who have disappeared. Detectives learned that the couple are in the city, but they are unable to locate them.

State Prison Scandal.

Atlanta, Ga., July 30.—George F. Hurt, testifying before the legislative committee investigating the conduct of the state prison board, today told the committee of an incident in which one convict armed with a pick was set upon another convict, similarly armed, in an effort to capture and subdue him. During the encounter this convict drove his pick into the insurgent up to the hilt, the point of the pick penetrating the man's lung. He afterward died from pneumonia.

SPORT

ENGLISH BEATEN IN BOAT RACE

Crew That Was Afraid to Meet Harvard Lose Out to the Belgians.

Henley, July 30.—The Cambridge eight, on which the United Kingdom depended to win the championship in the eight-oared contest, was defeated in the international regatta here this afternoon in the fourth heat by the Belgian crew. The crew holds the Henley grand challenge cup, which it won two years ago, and which it was not allowed to defend in this year's regatta.

The light blues were the same crew, stroked by the defeated Oxford in the spring. Subsequently they pleaded the Olympic regatta as a reason for declining to meet the Harvard crew this year.

The Belgians won by a length and a half over a course a mile and a half long. Their time was 8 minutes and 22 seconds. They led nearly all the way.

Although the Belgians may have to fight out the final, which the British hopes for a victory are almost completely vanished.

The Leander crew beat the Canadian Argonauts after a fine and hard race by a length in the third heat of the championship eight. McCulloch, United Kingdom, defeated Levitzky, Hungary, in his heat of the single sculls by six lengths.

ANNALS OF SPORT

1881—Robert Unglaub, professional baseball player, in the big league.

1882—"Buddy" Ryan, pugilist, born in Chicago.

1886—At Philadelphia: Jack McAuliffe won Charles McCarthy in one round.

1890—George Lee Schuyler, the only surviving member of the syndicate who built the famous rail America, died in New London, Conn.

1891—Rusie, pitching for the New York club, shut out the Brooklyn team without a safe hit.

1901—At San Francisco: Frankie Neil lost 16 Eddie Haskell in four rounds.

1902—At Chelsea, Mass.: Joe Thomas knocked out Tommy Sullivan in ninth round.

1903—At San Francisco: Jimmy Britt given the decision over Battling Nelson in twenty rounds.

JEVNE STILL IN LEAD.

Thursday's three-cushion match between Jevne and Moulds was exciting from start to finish at the Jevne billiard hall. Mr. Moulds got a lead at the start and Jevne had to go some to catch him. Moulds needed 31 to catch up but only got to the 20 mark. The full score was: Jevne, 69; Moulds, 48. Tonight's game is the wind up and Moulds has to make 26 to Jevne's 20 to win. These two players will play a three nights' balk line match next week.

QUALIFYING ROUNDS.

The qualifying rounds for the directors' cup at the Country club will be played on Saturday, eighteen holes.

Mr. Leon Rice, tenor, Saltair today. Concert 7 to 8.

WARM WELCOME FOR ATHLETES

Members of the Irish-American Club Take Dublin by Storm.

Dublin, July 29.—The members of the Irish-American Athletic club, who are visiting Ireland, received a tremendous popular welcome here tonight. The greeting accorded them was all the more remarkable because it was entirely spontaneous, the mere announcement of the hour of their arrival bringing many thousands of persons to the station to meet them.

The streets along the road to the hotel were completely blocked and the enthusiastic display recalled the triumphant entries into the city of Parnell, when he was at the height of his popularity.

On arriving at their hotel the athletes were greeted by Joseph Devlin, member of parliament, who in a speech said that wherever they went in Ireland a similar welcome awaited them.

Lawson Robertson, the sprinter, said in response that although he and his teammates expected an Irish welcome, what they had met with quite took away their breath. "No team of athletes, he declared, ever had been so honored. The Americans could not have done without the Irish lads in the games at Shepherd's Bush, he said, and now the Irish capital had given them their first taste of a welcome home.

The crowds did not disperse until midnight, when they were informed that the reception at the hotel had ended.

James J. Hayes, member of parliament, today on the way to Nenagh, Tipperary, his grandfather's home. Preparations have been made all through north Tipperary to greet the winner of the Marathon race.

The Gaelic Athletic association has declared Saturday's athletic meet in which the Americans are to compete illegal, but its action is generally condemned. The opinion is universal that the dispute of the Gaelic association with the Amateur association should not be allowed to mar the harmony of a national welcome to the American champions. The president of the Gaelic association says he has received a cablegram from Mr. Conway, president of the Irish-American Athletic club, in which the latter has promised to draw the team from the Dublin meeting.

WEEK WOMEN

NEED A TONIC AS THEY APPROACH THE AGE OF FORTY.

Much suffering is caused by being unprepared to meet the extra strain to be borne at that time.

As a woman approaches the age of forty or thereabouts, she should pay particular attention to her health. The hard work, which she may have been accustomed to do and the worry and excitement of her daily life should be lessened or avoided as much as possible. As her health after she passes this time will depend in a large measure upon it, every woman owes it to herself to build up her health during these years. It is absolutely necessary that the blood be made pure and rich, thereby enabling all the organs of the body to perform their work regularly. For this purpose Dr. Williams' Pink Pills have long been recognized as the standard medicine, because of their great blood-building and tonic properties.

Mrs. Minnie A. Kehling, a professional nurse, of 1005 1-2 North Illinois street, Indianapolis, Ind., says:

"An operation for appendicitis left me in a weakened condition and I approached the age of forty in a poor state of health. I was sick for two years, being very restless and had sick headaches all the time. I did not have much of an appetite and lived mostly on fruits and light foods, but even these caused so much gas on my stomach that I was continually belching it. Oftentimes there seemed to be a weight on my stomach.

"I was doctoring with local physicians but did not get better so decided to give them up and try Dr. Williams' Pink Pills which I had read about in the paper. I noticed after taking a few boxes of the pills that I was beginning to get a little color. I took several boxes more and was cured. I have been in good health ever since and able to do my work."

Dr. Williams' Pink Pills are adapted for diseases due to impure blood and shattered nerves. They are invaluable in anæmia, rheumatism, after-effects of the grip and fevers and sick headaches, dizziness, nervousness, neuralgia, and even partial paralysis and locomotor ataxia.

A valuable booklet entitled "Plain Talks to Women" will be sent free, in a sealed envelope, upon request, to any woman interested.

Dr. Williams' Pink Pills are sold by all druggists, or will be sent, postpaid, on receipt of price, 50 cents per box, six boxes \$2.50, by the Dr. Williams' Medicine Company, Schenectady, N. Y.
