

WILL BE OPENED AT NOON TODAY

Work on Western Republican Headquarters in Chicago Kept Up During Night.

MR. HITCHCOCK'S ARRIVAL

NEW SECRETARY TALKS OF CARRYING NEBRASKA.

Chicago, Aug. 14.—The western headquarters of the Republican national committee will be furnished completely and made ready for the formal opening at noon tomorrow, although considerable work remains to be done during the night and early morning.

Conference to Be Held.

The general conference between Mr. Hitchcock and heads of the various branches of the campaign work will be held in the new rooms. At this meeting the chairman will talk with George R. Sheldon of New York, treasurer; Fred C. Upham, Illinois, assistant treasurer; Senator W. E. Borah, Idaho; Victor Rosewater, Nebraska; Charles S. Dutton, Delaware, director of the speakers' bureau; and William Hayward, Nebraska, the secretary of the national committee.

Arrival of Senator Borah.

Most of Mr. Hitchcock's time today was occupied with a conference with Messrs. Lowden and Rosewater, Senator Borah and Judge Nagle did not arrive until tonight. Secretary Hayward, who will be in charge of the Chicago headquarters during the absence of the chairman, spent a great deal of time with Mr. Hitchcock and they arranged a division of responsibility so far as could be done during the early stage of the organization.

Sherman Notification.

Chairman Hitchcock will be in Chicago until Sunday night, or Monday, and then will go to Utica, N. Y., to be present at the meeting of the national committee. Mr. Sherman is notified of his nomination for the vice presidency. The conference of New England Republicans, which has been called to meet in Boston, Aug. 30, will claim his attention. He will spend a few days at the New York headquarters before returning to Chicago to look after the west again.

UTAH WILL BE AT FAIR

Exhibit at Alaska-Yukon-Pacific Exposition Will Be Representative of State's Resources.

The Alaska-Yukon-Pacific exposition to be held in Seattle during the summer of 1909 met yesterday morning at the governor's office. It was determined that an exhibit representative to the dignity of the state of Utah would be sent to the exposition, but members of the commission determined to secure further particulars as to the space to be placed at the disposal of the state and the general arrangements of the exposition before taking any definite steps to gather an exhibit from Utah. As soon as this information has been obtained, another meeting of the board will be held, and committees appointed to gather the requisite exhibit.

BERT FULLER RELEASED.

Bert Fuller, who was arrested several days ago on the charge of speeding a car up South Temple street at the rate of sixty miles an hour, pleaded guilty to the charge yesterday and was discharged by Judge Diehl without penalty. The judge's decision was based on the fact that the city authorities gave permission to speed along that street for a period of ten days.

SWELL "Money-Back" Shoe Styles FOR FALL Just Received. ALL LOW SHOES REDUCED One-Half One-Third One-Fifth Off Davis Shoe Co. 238 MAIN STREET.

Ogden News Office—410 Twenty-fifth Street. Ogden, Saturday, Aug. 15.

FORCED HUSBAND TO ROOST

William Amidan, Aged 70, Complains That Wife, Also Along in Years, Is Cruel.

William Amidan swore out a complaint yesterday against his wife, whom he charges with disturbing the peace. Amidan claims that his wife prevented him from entering the house by locking the doors against him and he was forced to perch in a tree for the night. Apparently trouble has been brewing between the couple for some time. Amidan is 70 years of age and his wife is also well advanced in years. Of late they have sought to keep each other out of the house by gaining possession while the other was absent and rearranging the fastenings of doors and windows. Amidan complained this his wife demanded that he retire at a "reasonable hour" a few evenings ago in order that the rest of the house might be given up to the entertainment of a number of her friends. He said he would not endure it and insisted that a man of his board of education last night, members refused to give out anything for publication except that they would meet again at 8 o'clock this morning.

CLOYD CASE IS CONSIDERED

Board of Education Holds Long Session and Decides to Stand Pat.

After a three hours' executive session, during which the case against former High School Principal David E. Cloyd was the only matter discussed by the board, the board held a long session last night, members refused to give out anything for publication except that they would meet again at 8 o'clock this morning. Mr. Cloyd was discussed with the board during its deliberations and was given an opportunity to present his side of the case. Dr. E. S. Joyce, who Mr. Cloyd charged is not legally a member of the board, remained in an adjoining room and was requested to leave the room. Just why the board should take such pains to surround its actions in the Cloyd case is a puzzle to everyone except its members. About two weeks ago when Prof. Cloyd was removed the action of the board was held secret for almost a week, and then leaked out from other sources. Professor Cloyd has presented his side of the argument to the public through the press. His accusers have not seen fit to do so as yet. It is understood the result of last night's meeting will be that Professor Cloyd's dismissal will be allowed to stand and if the action is declared illegal it will be made legal at a subsequent meeting. It is understood that Dr. Joyce, who has changed his residence to another ward from that from which he was elected, will resign his seat on the board for the present.

TELLS OF BIG CONTRACT.

W. H. Wattis Explains Work on the Southern Pacific.

General Manager W. H. Wattis of the Utah Company returned from San Francisco yesterday, where he was successful in bidding for the contract for constructing the new Southern Pacific line between Clippert and Colfax, Cal. Immediately upon his arrival instructions were given to commence shipping the necessary outfits to the scene of operations. Approximately the distance of the new line is eight and one-half miles, being all heavy rock work and including ten tunnels. One of these tunnels will be 2,200 feet long and another 614 feet long. The new route will be 4 degrees. Although this is considered the most important contract given out since the Western Pacific was let three or four years ago, it is accepted as merely preliminary to larger improvements planned along the same line. It is expected that the next step will be the boring of the \$1,000,000 tunnel between Truckee and Blue canyon. This tunnel will be between five and seven miles in length, and when completed will bring the grade over the mountain to 1,500 feet. Mr. Wattis says the route of the new line is one of the prettiest he has ever seen and that the engineers stopped for nothing. This is shown by the ten tunnels. The work on the Western Pacific line, according to Mr. Wattis, is in progress at both ends of the line.

THREE FOR ONE OFFICE.

Lively Fight of Republicans for Clerkship Nomination. There is a three-cornered fight for the Republican nomination for county attorney. David Jensen is said to be the choice of the machine and his nomination will likely follow unless the Gentile effort makes itself felt. In that event it is likely that the ring will make an effort to swing the tide in favor of J. B. McCord. According to this Attorney George H. Davis will have to be reckoned with. He has not been a resident here long, but has a large following.

MAKE PLEAS IN COURT.

Men Charged With Offenses Face Judge Howell. Carl Shurz, charged with stealing copper from the Southern Pacific, pleaded guilty to the charge in the district court yesterday and will receive sentence Tuesday morning. Charged with selling tobacco to minors, E. A. Munsey was arraigned in the district court yesterday morning and entered a plea of not guilty. This is an appeal case from the city court. A. N. Terry, charged with mayhem for hitting off the button of a man in a saloon brawl, pleaded not guilty to the charge. Wintle, charged with a statutory offense, pleaded not guilty. His trial will come up next week. Jacob Bookman, charged with assaulting his nephew with a deadly weapon, was arraigned and entered a plea of not guilty. He was held for trial under \$500 bail, which he furnished.

Dies at Industrial School.

At the state industrial school yesterday Leon Foster, a 15-year-old boy whose home is in Salt Lake, died from an attack of scarlet fever after a thirty-six-hour illness. Four other children at the school are convalescing and a number of others are under suspicion. Accordingly the officials of the school have decided to close the school to visitors until all signs of the disease have disappeared.

HEWLETT'S Teas Grocers recommend it, as we guarantee every package to give perfect satisfaction. The body of young Foster will be shipped to Salt Lake today.

Adjudicating Water Rights.

Judge J. A. Howell is adjudicating the rights of 1,300 claimants to water rights of the Weber river system in Weber county in accordance with the law passed by the legislature in 1901. This system includes in addition to Weber county, Davis, Summit and Morgan counties, and in each of these counties it is expected the number of claimants will be as large as the number in Weber county.

Ogden Briefs.

ASKS TO BE GUARDIAN.—In the district court yesterday J. S. Carver petitioned for his appointment as guardian in the matter of the estate and guardianship of Parley, Earl and May Carver, minors.

MR. CANNON ARRIVES.—B. E. Cannon, recently appointed instructor for the manual training departments of the Ogden schools, has arrived in town. He is a graduate of the Armour Institute of Chicago and took a post-graduate course at the Columbia university.

MR. STUBBS IS YELLOWSTONE.—Traffic Director J. C. Stubbs of the Harriman lines, who accompanied E. H. Harriman west, has returned and gone to Yellowstone park, where he will spend some time pleasure seeking before returning to Chicago.

THIRTY-DAY SENTENCE.—Ed LaMar, charged with the theft of a bicycle, pleaded guilty in police court yesterday and received a thirty-day sentence. The case against C. C. Bibb, charged with the theft of a diamond ring and a locket valued at \$5 from Mrs. Lottie Malloy, was postponed until Wednesday.

TWO WOMEN ARRESTED.—Jennie Durand and Jennie Borchie, French women of Electric alley, were held yesterday afternoon for disturbing the peace. The women engaged in a quarrel over a man and the Durand woman is charged with assaulting the Borchie woman with glass, inflicting a laceration two inches long on the right cheek.

TO ADVERTISE.—Superintendent E. C. Manson of the union department has advised the Chamber of Commerce that there will be no objection on the part of the Harriman people to the placing an exhibit of the growing products of Weber county in the waiting room, providing such exhibit does not contain proper glass cases and cared for, also that there would be no objection to placing literature there setting forth the resources of the city and adjacent country. It is expected that the offer will be taken advantage of at once.

FREE-FOR-ALL FIGHT ON CAR

Passengers, Conductor and Motorman Engage in an Exciting Combat. During a fracas which took place on a Salt Palace car at Fourth South and Main streets last night at 11:30 o'clock, a carload of passengers, a conductor, a motorman and a race horse owner, were engaged in a free-for-all fight. The row was started by two men who were riding on the car. One of the men, who was riding on the car, was struck with a switch by the motorman, Rufus Smith, for help and he was injured. He sustained a severe scalp wound and was taken to the Latter-day Saints hospital.

The row was started by two men who were riding on the car. One of the men, who was riding on the car, was struck with a switch by the motorman, Rufus Smith, for help and he was injured. He sustained a severe scalp wound and was taken to the Latter-day Saints hospital.

Conductor Hintze claims that one of his assailants drew a knife and attempted to use the weapon, but was knocked down by Motorman Smith. Hintze notified the police, who arrived too late. No arrests were made.

While leaving the car in the company of two young ladies, Nat Goldy, whose residence is at East 4th and 5th streets, says that the motorman attacked him with the controller, striking him on the head, causing a severe scalp wound. He states that he will swear out a warrant for the motorman's arrest today.

BRAKEMAN BADLY INJURED.

In Climbing Up Side of Car Is Caught and Crushed Between Cars and Timbers. Brigham, Aug. 14.—Emil Johnson, a brakeman on the high line of the Boston Consolidated Mining company, was badly crushed between the hips about 5 o'clock last evening. While his car was backing up near the chute of the Belmont tunnel No. 1 to load, when Johnson started to climb up the side of one of the cars, his movements were not quick enough, however, and he was caught in a narrow place between the cars and timbers, crushing the left side of his body. He was immediately taken home and a physician summoned. His lower limbs were found to be paralyzed, but that condition is passing away. While his injuries were serious it is believed that he will fully recover. Johnson is 21 years old, and is the son of Charles Johnson of Carr's Fork.

PANGUITCH HAPPENINGS.

Panguitch, Aug. 12.—There has been a severe storm raging in this vicinity for two days, which has done untold damage. Down in Circleville canyon, at a place known as Pine creek, two Panguitch men were hauling freight for our stores with two pair of horses on one wagon, were fastened in a wash. The flood swept down upon them from off the mountain and drowned three of the horses and scattered freight all along the Sevier river for some distance. The boys barely escaped with their lives. Mrs. Susie Golf of Orton precinct was struck by a flash of lightning and very badly burned. She was unconscious for forty-eight hours. In a new valley is spilling, and if the weather does not settle right away there will not be much of a hay crop this year. The lightning was very bad and that which is starting is rusting and falling so that it is almost impossible to cut it.

The people who went to Parowan, to attend the Sunday school convention have returned and report having had the same heavy storms in that place that have been raging here. Principal George W. Decker of the Branch Normal, and Professor Tollestrup are in Panguitch holding meetings pertaining to the Cedar school. They have with them a band composed of the younger students of the school, and they give some splendid music. Trustees Shewalter and Myers have gone to Salt Lake City to look up a new steam tractor that is to be installed in the public school house. Panguitch before school starts this fall.

AUERBACH'S SATURDAY ECONOMY SALES A DAY PROLIFIC OF BARGAINS THAT WILL GIVE THE WORD A WHOLLY NEW MEANING AND SIGNIFICANCE. DO NOT FAIL TO HEED THIS CALL TO THE THRIFTY. E. R. THOMAS BREAKS LEG

Former New York Banker Runs His Automobile Into Carriage With Disastrous Results. Long Branch, N. J., Aug. 14.—E. R. Thomas, former banker and race horse owner, was seriously injured here tonight, when his automobile struck and wrecked a carriage containing several New Yorkers. The occupants of the carriage were thrown violently to the ground. Mr. Thomas and his chauffeur were hurled twenty feet to one side of the roadway. Mr. Thomas' left leg was broken at the knee.

Finest bathing in the world at Saltair OLD FOLKS AT LAGOON. Davis County Hospitality Extended to About One Thousand of the Aged. (Special to The Herald.) Kayville, Aug. 14.—The old folks of Davis county to the number of about 800, together with guests from Salt Lake and local wards, swelling the total to 1,000 people, were entertained today at the lagoon by the old folks' committee of Davis state, assisted by the various ward committees. Senator Simon Bamberg generously granted the free use of Lagoon for the occasion, and furnished free transportation for the old folks, the committees and musical organizations that were in attendance.

sketch by Nephi Palmer, a recitation by Miss Leone Rogers and several other interesting numbers. After the program the guests were again seated at the tables and luncheon was served them. In addition to those mentioned from Salt Lake, a number of the old folks' committee were Bishop Iversen, George Margetts and wife and J. E. Ben. The entire affair was carried out without a hitch, and nothing occurred to mar the complete pleasure of all who attended.

The funeral services over the remains of Frank H. Edmonds, who was killed yesterday by the falling of the hay derrick, will be held tomorrow at 2 o'clock at the Farmington meeting house. The interment will be at Farmington.

STATE INSANITY BOARD.

Met in Regular Monthly Session at Provo—Other News Happenings. Provo, Aug. 14.—The state board of insanity met yesterday in regular session. The following expenses for July were reported: Salaries, \$2,217.75; maintenance, \$2,108.85; new bath building, \$17.55; improvements and repairs, \$185.84; remodeling cottage No. 4, \$50. Treasurer Farrer reported \$2,483.34 on hand in the several funds.

The following table shows the movement of patients for July: Men, Women, Total. In attendance June 30... 165 179 344 Patients admitted... 7 19 24 Under care and treatment... 172 189 361 Discharged... 3 3 6 Died... 3 3 6 Remaining July 31... 165 185 350

Wyman Berg, the sixteen-year-old son of Oscar B. Young, received a severe cut on the left arm today by the explosion of a bottle at the Denhalter bottling works. Dr. Eric was called and it was found necessary to take several stitches to reduce the wound.

Wyman Berg has returned from a trip to Wyoming, where he went with the national guard. Mr. Berg had a very enjoyable outing with the boys.

The Taft Republican club met last night and adopted a constitution and by-laws. Ernest D. Busby, the eighteen-month-old son of Mr. and Mrs. George Busby, died yesterday from cholera infantum. The funeral will be held tomorrow (Saturday) at 2 p. m. at the residence, 40 North Fifth West street.

Irving L. Pratt is in from Tucker for the vacation. He reports great activity there in getting out lithographic stone, which is superior to the stone obtained in Bavaria, where the world's supply has heretofore come from. The wax mines at Midway will also soon start up and give employment to a number of men. Several bears have been killed lately in the vicinity of Tucker.

The Bank of Spanish Fork has commenced suit against Robert Henderson et al. to collect \$525 with interest on a promissory note secured by mortgage on Utah county real estate. A marriage license has been issued to Lee R. Taylor of Salem, and Ada V. Doull of Payson.

EPHRAIM NEWS NOTES.

Ephraim, Aug. 12.—The funeral services over the remains of Frank Stewart, who was run over by the train Tuesday night, will be held at the Milburn meeting house this afternoon. Martha Cheney, a pioneer resident of Fairview, passed away at her home last night after an illness of several years. Mrs. Cheney leaves a family of grown children. The funeral arrangements have not yet been made. Andrew Rasmussen, formerly of Ephraim, but now living at Redmond, came very near losing a little girl a year and a half old. The child was playing near the house and in some way fell into the ditch. She was rescued by her mother, but for some time her recovery was thought doubtful. Mrs. Nephi Reese of Wailes, who has
